

His True Colors Novel Chapter 2235 - 2238

Chapter 2235

“Bad reaction? You cheated him like this, okay?” Bahuang Tianshu shook his head and smiled bitterly.

“Oh, one thought to become a Buddha, one thought to become a demon, either heaven or hell, what can be done?” The old sweeping man was in a heavy mood, shaking his head and sighing.

The Eight Desolation Book of Heaven also sighed bitterly: “The magic dragon trapped in Longshan is far from an ordinary dragon. It is one of the ancestors of the dragon clan. Its strength and weight are far beyond the comparison of other dragons. The true god was also Use your own body as a price, use the Octopus array to barely suppress it, but you need three thousand...”

“I also know that it is difficult to deal with, so I chose this place to train the soul for three thousand souls. Use this process vision to make the world are not mistaken sleepy Longshan have become so attracted ten million public. at the same time, they teach the common people and never to the land if the core, hoping to help her in battle. ” “

two of the body , There is Xuanyuan Pangu, plus the sky fire moon wheel, I have done everything I can do, and the rest depends on his good fortune.” The sweeping old man condensed his eyebrows.

Exchanging skills with Lu Ruoxin, in addition to the previous arrangements, the most important thing is that Lu Ruoxin can help George Han against the Devil Dragon.

“If you take the Devil Dragon, you can not only strengthen George Han’s bloodline, but also release the sleepy fairy valley. If this kid is lucky and can get that thing, then he can really meet my expectations.”

“Yes .” Ah, Four Shadows plus that thing, in the future, the future will be limitless, and it will not waste you to exchange your unique knowledge with Miss Lu Jia. However, this kid is now at a loss, he must think that Lu Ruoxin is what you like Yes, even, changed the way to suppress him and go to complete Lu Ruoxin.” Bahuang Tianshu laughed bitterly.

However, this is not to blame George Han, even he might have misunderstood the meaning of the sweeping old man.

“How smart is this lady of the Lu family, otherwise, how could she be willing to teach George Han Beiming the Four Soul Formation, and it is even more unlikely that she would go with George Han to deal with the Devil Dragon.” The sweeping old man said helplessly.

The Bahuang Tianshu patted the sweeping old man on the shoulder: "Three thousand this kid will one day understand your painstaking efforts. Although he showed a murderous look just now, it is related to Amelia Su after all."

Hearing the words of the Bahuang Tianshu, he swept the floor. The old man suddenly couldn't help but laughed: "When did you start to help him with good things? But don't worry, I know how much he loves his wife, besides, men, it's normal to have blood."

"Let's go too. Rest, I believe that the change of the Dragon Mountain is not just as simple as the gathering of the world's people." The

Bahuang Tianshu suddenly became cold, and frowned: "You mean..."

"Yes, I am worried about the summit of the Blue Mountain and The true god of the immortal sea will be dispatched." After speaking, the sweeping old man frowned and frowned: "Once these two old guys take action, the situation will become very complicated, and you and me..."

"For so many years, I have forgotten how much we are. I haven't exercised my muscles well in the year, and now it's time." Bahuang Tianshu smiled.

"I agree." Hearing the words of the Bahuang Tianshu, the condensed brows of the old man sweeping the floor finally loosened slightly at this time, and the whole person smiled: "That's what I said."

At this time, outside the Dragon Valley, the Dragon Mountain. .

Ten thousand miles of scorched earth, with black smoke, even if it is bright and windy, there is still a very high temperature here, from a distance, the place where the Buddha is protected is under the double shadow, looming.

In the center of the scorched earth, a large mountain that was completely gathered by black scorched rocks soared up into the sky, thrusting into the sky like a sharp blade. The sky at the top is rendered black and red, linking the scorched earth on the ground, and it is not an exaggeration to say that it is a purgatory on earth.

"Pa wipe..." In the

distance, a team wearing Yaozige clothes stepped cautiously on the scorched earth. As soon as they touched their feet, they smelled the smell of shoes, and many people came out. The brows were frowned, and it was obvious that the burning sensation on the soles of their feet made them very uncomfortable.

Although the shoes on the feet of these people have already been thickened.

Behind the crowd, three jade sedan chairs followed closely. When dozens of footmen carrying the sedan chair entered the scorched earth, their faces were incredibly hideous.

The Buddha's foot was like stepping on the fire, and the burnt teeth grinned. Pain is not surveyed.

"What are you doing in a daze? I tell you, if you can't enter the sleepy fairy valley before dark, you just wait to die." The first sedan chair yelled at the porter at this time.

This person is Ye Gucheng.

Someone just wanted to speak, but with a flutter, the head fell to the ground.

At this moment, even if a group of footmen were uncomfortable, they did not dare to make a noise and could only bite the bullet and walk forward.

Putting down the curtain, Ye Gucheng closed his eyes slightly, the air here was very unpleasant, which made him quite uncomfortable.

"Have we entered the Dragon Mountain?" In the innermost part of the sedan chair, a woman sat there slowly, icy and jade, and her clothes were as immortal as fantasy, and the beauty was incomprehensible.

This person is Ao Tian's righteous daughter, Ye Gucheng's new wife Gu You.

"Here, you can go to Sleepy Immortal Valley before dark." Ye Gucheng opened his eyes and couldn't help but glanced at Gu You more. Midea made him even forget to retract his eyes.

Gu You opened his eyes slightly, a pair of beautiful eyes that drew people's heart: "What about things?"

Chapter 2236

"Follow up, behind." Ye Gucheng couldn't help but swallowed his saliva. Beautiful, it is so beautiful, not inferior to Amelia Su.

It's a pity that he was just newly married, but he was about to go out. This really made him extremely upset, and his heart was even more itchy. Seeing Meijiao's wife right in front of her, but she can't eat or touch it, how uncomfortable it is.

"Bang!"

A hosta suddenly inserted on the supporting table in front of Ye Gucheng, and the huge inertia even made the hosta's body tremble constantly.

Ye Gucheng was taken aback, staring at Gu You in a daze.

"Put away your evil thoughts, Ye Gucheng, although you and I are both children of Ao Tian, don't forget, we are all unrelated foreigners." Gu You drank coldly.

“Yes, yes, you have said it eight hundred times.” Ye Gucheng rolled his eyes boringly.

“It’s good if you know. We want to have a lot of world, and the real children of the Duao family have to give more. The birthday of the adoptive father is coming, and I hope to use God’s yoke as a gift, and then I will be your true meaning. My wife, do you understand?” Gu You said coldly.

Ye Gucheng nodded silently, and refused to let her bridal chamber on the night of the wedding.

He also hinted at Ao Tian, but it was useless. Ao Tian said that Gu You had been spoiled by him since childhood, but the actual question is, is it really as simple as being spoiled?

“Although you and I are not as true as husband and wife, but in the end there is the name of husband and wife, those things are given to me by the foster father, you must make good use of them.” It seems that Ye Gucheng’s mood is not good, and Gu You’s tone has eased a lot. “There is still some time, so you can familiarize yourself with how to use those things. I’ll make a cup of tea for you.”

After that, Gu You got up and made tea for Ye Gucheng in front of his desk.

Ye Gucheng had no choice but to look down at the books on the table seriously.

After a while, Gu You put the tea on Ye Gucheng’s supporting table, and the fragrance on her body entered Ye Gucheng’s nose far more than the fragrance of tea: “This time the dragon mountain is trapped, the heroes of the world gather, because of the existence of the chains of the gods, it can be said that , This time the battle of slaying the dragon, the four directions are moving.”

“Miss, don’t you worry about that? Your husband, I can say that I am also one of the people in the world. Who heard my name, Ye Gucheng, didn’t tremble? Know me. Now, do they dare to move? It’s just a gang of mobs.” Ye Gucheng said proudly.

He is now in the limelight, and Flint City has also accepted a lot of masters, and naturally has the spirit of capital.

“They are mobs? What about my two brothers? Where’s the Lu Family Master?” Gu You said angrily.

Hearing these people, Ye Gucheng’s arrogance disappeared, and he was stunned for a moment: “They are coming too?”

“Not only them, I heard that many unborn masters also intend to be shackled by God, you think you think so Is it simple?” Gu You said silently.

Ye Gucheng had long been dazzled by pride and flattery. He felt that he was a popular fried chicken, and no one dared to fight him. Naturally, he didn't know enough about the trip to Dragon Mountain.

Hearing these words by Gu You, Ye Gucheng suddenly realized at this time: "It seems that this time, it is very tricky."

"It's more tricky! Although I am a righteous daughter, my foster father is only a daughter like me. Ye Gucheng Gu You said that I am also a princess of the immortal sea. The husband you want must be a dragon and a phoenix among people. You can do it for yourself." Seeing Ye Gucheng's reckless and sloppy trip to Dragon Mountain, Gu You became anxious and got up and returned to his seat. I don't want to talk nonsense with Ye Gucheng either.

Ye Gucheng was taken aback, seeing Gu You's anger, and hurriedly said: "Don't worry, lady, even if there are so many opponents, I will definitely have a little green in the tens of thousands of flowers. Then I will stand out and successfully get the shackles of the gods. Book, I will do it now. Look."

After speaking, Ye Gucheng didn't dare to be hasty, and hurriedly looked at what Gu You had given him.

At night, the troops were finally trapped in the fairy valley and set up camp.

At this time, George Han, trapped deep in the center of the fairy valley, could hardly sleep. The old sweeper suddenly became so enthusiastic about Lu Ruoxin that he couldn't understand it, but he couldn't control it.

He missed Amelia Su, and also missed Han Nian.

Especially in the middle of the night, my thoughts doubled.

There are also Ginseng Baby, Qin Shuang, and Qiushui...

Are they all okay? !

The Fu Ye family betrayed themselves. When they wanted to come, Fu Mang and others were not doing well. Are they okay? !

Hey, there are twelve swords, Mo Yang and others...

what about you? !

With a long sigh, George Han tossed over and over again, always having difficulty sleeping.

When the morning sun rose from the east to illuminate the entire continent, George Han's sharp eyes pierced the darkness just like the light.

“Wife, Nian’er, wait for me, wait for me to kill the dragon, even at the end of the world, I will find you.” He gritted his teeth and stood up from the bed, George Han never even took off his clothes.

What he waited for was Tianming.

He couldn’t wait to finish his last thing, and then went to look for them.

Thinking of this, he coughed slightly and tried to tell Lu Ruoxin to leave.

But after waiting for a while, there was no movement inside, and George Han frowned. Could it be that he was sleeping too hard? He didn’t want to wait any longer, so he rushed in and shouted, “It’s time to go.”

Chapter 2237

But as soon as the voice came out, George Han was stunned, and then closed his eyes.

In the dimly lit room, Lu Ruoxin was wearing an unusually thin gauze, leaning against the bed with a pale face, the ups and downs of the peaks on his chest were faintly fascinating, coupled with those slender legs, the perfect body, really made people look When I look at it, my imagination is full of imagination.

But George Han didn’t even look at it more. After closing his eyes, he turned around and left the room.

“Han...” Lu Ruoxin opened her lips slightly, angered as Lanshi, and only yelled one word, but she didn’t know if it was because she was too weak or embarrassed, and she closed her mouth slightly.

George Han retreated to the door and waited outside for a full ten minutes, but there was still no movement inside.

Reminiscing about her expression when she saw Lu Ruoxin just now, George Han couldn’t help but frown: “What’s going on with these 38, right?”

Go see it or not?

There is only hatred with this woman, nothing to do. George Han hopes she will die soon, but if she dies, what will they do?

Thinking of this, George Han hesitated for a moment and cleared his throat: “Are you dead? Are you still leaving?”

There was still no movement inside!

George Han sighed, turned around and entered the room again, lowered his head, came to her bed, then grabbed a piece of clothing from the side and put it on her body, and then looked back at her.

Upon closer inspection, George Han discovered that her face was cold and sweaty, her lips were white, and her brows frowned: "What's wrong with you...?"

Lu Ruoxin frowned uncomfortably, her expression was obviously very painful, and she couldn't even speak. come out.

Without thinking about it, George Han sat on the side of her bed slightly, and then suddenly moved his hand, and a burst of energy hit Lu Ruoxin's jade-like arm.

"You got an internal injury? And you're still anxious!" George Han suddenly asked strangely.

In the next second, George Han understood. It was obvious that Lu Ruoxin was seriously injured in the fight with him yesterday, but he just kept holding on.

At night, he must have practiced forcibly regardless of his injuries, and eventually his blood was damaged and his injuries were serious.

"You're really not afraid of going crazy and killing you, crazy woman." With a low curse, George Han stopped talking nonsense, and directly supported Lu Ruoxin to sit up, and then sat behind her with luck. Pat directly on her back to heal her internal injuries.

With the energy support of George Han, Lu Ruoxin's frowning brows finally eased slightly. At this time, she replied feebly: "I said, I will definitely win the three thousand chapters. What I said by Lu Ruoxin, absolutely Don't break your promise."

"You don't even have a life. There is a shit for cheats. With life, you have the capital to learn anything."

"Don't you want to die for Amelia Su and Han Nian? With your talents, My wife is gone, and I can find someone who is not inferior to her with my eyes closed. As for my daughter, won't there be another one after she dies?" Lu Ruoxin shot back.

"You don't know anything about feelings, and you don't know that if you love someone, you will give everything for her." George Han said firmly.

"Then you don't know what I am carrying on my shoulders, for it, I am willing to pay any price, including life!" Lu Ruoxin coldly snorted.

"Lazy to talk nonsense with you!" George Han didn't want to argue with her. He moved his hand to increase his energy and continue to heal her.

Although she was seriously injured, George Han found out that her energy was extremely large and pure when he healed her. George Han almost only needed to repair

the disordered and damaged meridians, and she could basically rely on herself. Of energy to repair.

Being so strong, George Han can't help but exclaim, abnormal!

Seeing that she was basically okay, George Han withdrew his energy and took back his palm: "I'm waiting for you outside."

After that, George Han went out.

After waiting for about half an hour, the Oriental Sun was slightly hung, and Lu Ruoxin put on his clothes and walked out slowly.

Glancing at George Han, Lu Ruoxin was extremely cold.

"Do you look at your savior with this look? The meridians are disordered, and your energy is rampant in it. If I come in one hour later, I am afraid you will not come out vertically, but horizontally now." George Han Thousands of unhappy roads.

I had known that I shouldn't have saved these three or eight, let her die, and saved her with such a great effort, without even a word of thanks. Although George Han was also for the Dao Twelve and others, it was a fact to save her life anyway.

"You took a peek at me for the second time, how do you calculate this?" Lu Ruoxin shouted coldly, but when she said this, her face blushed slightly.

"I'm peeking at you? Pooh, I haven't asked you to wash my eyes for the cost." George Han vomited.

"You! Do you want to be shameless?" Lu Ruoxin was so angry that she was so angry, what kind of horrible logic, how many people with her appearance are not qualified to even look at her look, let alone... Seeing so much by herself.

This damn George Han still has to ask himself the cost of washing his eyes?

"If I didn't want to save you, would I go in? Besides, I won't go in, can I save you?"

"Okay, I won't talk about it this time, what about the last time?" Lu Ruoxin's chest rises and falls. , Pressed angrily and asked.

If there is excuse for the love, he didn't have to explain it last time, right? !

"I didn't blame you last time. If you didn't want to kill me, I couldn't help but laugh at you. I didn't have to laugh at you. I didn't need to be like that." George Han was plausible, without any guilty conscience. What George Han said is also true, and what he said from beginning to end is true. He is really not interested in the so-called peeking of Lu Ruoxin.

“You...” Lu Ruo was about to vomit blood, peeking so refreshingly and shamelessly, I’m afraid there is only this George Han in front of him.

Rolling his eyes, taking a breath, Lu Ruoxin adjusted his mentality: “I will settle this account with you slowly. I, Lu Ruoxin, never owe any favors. You saved me and I know what you want. .”

“Then you...” George Han thought about it, not knowing how to speak.

If she wants to pay it back, George Han naturally hopes that he can put twelve or three knives, but George Han also knows that if three people are required at a time, it is equivalent to asking Lu Ruoxin to return all the trump cards to herself, she is sure disagree.

Therefore, George Han was struggling whether he wanted one person or two people, but he was not clear about Lu Ruoxin’s bottom line, so he had been hesitating.

If you drive too much, I’m afraid of falling apart, and if I drive less, I’m afraid of losing money.

Lu Ruoxin glanced at George Han indifferently, still having the anger in his eyes. After hesitating for a while, “Do you think I let me let go? Okay, I can promise you, but you can answer my questions first. “

Chapter 2238

George Han was obviously taken aback, and he never thought that Lu Ruoxin would be so happy about releasing people. After all, this is her trump card in threatening and controlling herself, how could she let people out so easily? ?

However, I don’t know if she put a few!

“You ask.”

“Well, the first question, will you eliminate your threat?”

“Of course.” George Han replied without thinking.

If the threat is not eliminated as soon as possible, why keep it?

“Okay, the last question, if Amelia Su and I are both your wives, who do you choose?” Lu Ruoxin asked.

When George Han heard this question, he was very contemptuous.

“Don’t rush to answer, it’s best to think clearly. Because this may be related to whether I will let people you want me to let go.” Lu Ruoxin said coldly.

Hearing this, George Han got stuck in his throat abruptly, why? Is this a threat to yourself? !

“Are you threatening me?”

“No, I definitely didn’t threaten you. No matter who you choose, I will release people. It’s just that maybe the result is not the person you want me to release.” Lu Ruoxin’s mouth showed a slight evil laugh.

George Han frowned more tightly. What did she mean by this? Will release people, maybe not the one you want? In fact, no matter whether it was Twelve Swords or Mo Yang’s couple, George Han wanted to release it, and neither wanted to save it.

If she tied the three of them to the problem, it would have to be her fate.

Although, George Han knew that if she chose Lu Ruoxin’s answer, she might put two or three, and if she chose Amelia Su, there might be only one...

But if she wanted to betray Amelia Su, George Han couldn’t do it.

Even if what he said could not be taken seriously, George Han was unwilling to betray her at any time.

“I said the answer last time. In any case, I will not leave Amelia Su. I don’t want to answer you a third time with such a question, even if you put the knife on my neck.” George Han almost He answered directly without any hesitation.

Lu Ruoxin’s brows trembled slightly. Although she had expected the result and the answer, George Han’s resoluteness still made her a little dissatisfied. There was a slight cold air in her eyes, and said, “Okay, my question. After asking, I can let them go. When you help me take the chains of the gods, you take them away.”

“They?” George Han was stunned. What did she mean by this?

“Yes, your three friends!” Lu Ruoxin clearly saw George Han’s doubts and laughed softly.

“Are you sure?” George Han really couldn’t believe it: “I can release my three friends

if I help you get the chains of the gods?” “When did Lu Ruoxin speak?” Lu Ruoxin shouted in dissatisfaction. Then looked at George Han: “However, this is after getting the chains of the gods. If you don’t get it for me...”

“What do you want?”

“I promise you to let people go and never break their words. But, , If you can’t get it, it’s not three, but one or two, but for the remaining people, they will never see you, let alone live in this world.” Lu Ruoxin’s eyes were sinister. Said.

Hearing this, George Han's eyes locked tightly, and he knew it was not that simple. However, this is much smoother than what I had expected, gritted his teeth, George Han said: "Don't worry, even if I fight this life, I will definitely help you get the yoke of the gods."

"Hope . "Lu Ruoxin said.

"Then let's set off." George Han turned and walked away.

Lu Ruoxin's body moved, and his face became cold: "You plan to go like this?"

"Then what do you want me to do? Masked?" George Han paused, wondering.

"How you go has nothing to do with me, but how do I go, shouldn't you think of a way?"

Damn, after hearing this, George Han was depressed and was about to die. He went around in a circle, didn't he just want to serve her? !

"What are you going to do?"

"Carry me!"

"No!" George Han refused directly.

"George Han, my dignified princess of the Lu family, a daughter who doesn't despise you, but you despise me?" Lu Ruo was madly dying.

George Han snorted coldly: "I'm sorry, I only carry my wife and children, brothers and friends. If not, I can also carry other people and corpses. Are you right?"

Lu Ruoxin tried to adjust his breathing, in his heart. I kept reminding myself, don't be familiar with this guy, or try to talk fast, because I can't tell her at all.

It's not that he is stupid, but that this guy is too shameless, and just speaks all the truth to his own mouth.

"Hold me." Lu Ruoxin rolled his eyes and was speechless to the extreme.

After George Han pondered for a moment, he nodded: "This is okay." After speaking, George Han gently put out his right hand, and Lu Ruoxin finally felt better and put his jade arm on his. On hand.

At this time, outside the trapped fairy valley, there was already a sea of people...
