

His True Colors Novel Chapter 2247 - 2250

Chapter 2247

There was a sound from Yaoshen Pavilion, and Immortal Seas followed. Although the second fool of the Ao family didn't know what had happened, he was utterly unreasonable and stupid. Stupidly with the spirit of doing nothing, they still rushed in a daze.

What if it was bought by Mr. Wang if it was cheap? !

The two major coalition forces rushed together, and even if Lu Ruoxuan on the top of the Blue Mountains sat firmly on the Diaoyutai, his heart would inevitably be panicked.

Although the devil dragon was fierce, Lu Ruoxuan was sure that the devil dragon had been wasted by them before. He was also worried that the medicine god pavilion and the immortal sea area would get any cheaper, and after weighing it repeatedly, the leading soldiers followed.

When the three major families moved, the scattered camps on both sides followed.

This is the best interpretation of what it means to move the whole body.

The troops ahead, Lu Ruoxin followed George Han. She understood that if George Han rushed first, the others would follow along. The reason is simple and can be summed up in one word.

Li is over there!

Human nature is inherently greedy. It's just a matter of having more greed and less greed. If you have less greed, you can hold back, and if you have more greed, you are anger. With anger, you will naturally expose the dark side of your heart.

The yoke of the gods behind the magic dragon has attracted many people. Whether it is possible or not, they will take the lead, and even because of anger, many people are unwilling to watch others get it even if they can't get it.

"After arriving at the Dragon Mountain, follow my instructions and I will keep you safe. Otherwise, it is death or alive, and you are responsible for it." When George Han's voice fell, his feet suddenly accelerated and took the lead directly to the Dragon Mountain.

The Dragon Mountain at dawn has already condensed a thick layer of thick scorched earth and black rocks. Under the shining of the first sun, it appears deserted and lonely, and even more weird.

George Han was flying in front of Kyulong Mountain, followed by Lu Ruoxin.

The two nodded at each other, spreading left and right.

“Skyfire Moon Wheel!”

Roar! ! !

“The common people live forever!”

Hush! ! !

Prosperous and purple, green and white!

On the left, George Han has a silver-haired golden body, and on the right, Lu Ruoxin is like a fairy!

“Broken!” The

sky fire moon wheel turned into a fire dragon electric beast, and the common people hugged each other in white and green forever, like a giant ball, crashing into the Dragon Mountain.

boom! ! ! !

A violent explosion followed.

Hum! ! !

The sky is shaking!

All those who rushed to the direction of Kunlong Mountain saw four-color mushroom clouds suddenly exploded from the body of Kunlong Mountain in the distance, which went straight to the sky, and then the ground shook violently, and everyone couldn't help but follow the shaking.

“It's a powerful explosion!” The spiritualist frowned too tightly.

Wang Shuzhi also showed a strange expression on his face, staring at the explosion in the distance!

The strength of its breath and the fierceness of its waves are simply astonishing.

“Who is the leader?” Wang Shuzhi frowned. Judging from the aftermath of the attack and explosion, his cultivation level would never be under him.

Here comes a George Han who is equal to himself, now, do you want to have another one who is stronger than yourself?

Damn, the real god of others is the real god, and the real god I am, the more I look at it, the more aggrieved.

“The son...” On the side of the Immortal Sea, the Lu family was also shocked.

Looking at the explosion, Lu Ruoxuan couldn't calm down for a long time. After a while, his brow furrowed: “Let everyone speed up, and you must not miss the opportunity.”

“Yes!” As

soon as the voice fell, the people on the top of the Blue Mountain moved quickly. Approaching forward, the Immortal Sea Area and Medicine God Pavilion also speeded up their journey tacitly at the same time.

The land at the foot of Kulong Mountain, a large area of turbulent water for a time, struck towards Kulong Mountain like a black wave.

“His grandmother, that young man, isn't it really George Han, right? The explosion just now... was too fucking fierce? Yesterday, our hundreds of thousands of offensives were nothing but the case. “Among the many scattered people behind, the person who had been veiling against George Han just said.

The other person also nodded stupidly: “You said, if this is shot on us, we...” The

two looked at each other, and it is estimated that the two of them can be shot directly into scum.

And at this time the Dragon Mountain.

With this earth-shattering explosion, the whole mountain shook, and the scorched earth and rocks fell off rapidly, exposing the fiery red aperture inside!

“Roar!”

Within the aperture, the sleeping purple armored fire dragon fiercely opened the big eyes of the blood basin, and let out a long roar, shocking the sky! !

“Stupid human beings, are you still coming to die? Hmm?” With a roar of anger, the body of the magic dragon shook, and a burst of purple slammed.

“Skyfire Moon Wheel!”

“The common people will live forever!”

George Han and Lu Ruoxin did not neglect, at the same time they shouted angrily, the four rays of light could shoot directly at Zimang!

“Boom!!” It

was another sky-shaking explosion, and the overturned air wave shook out hundreds of miles!

It was ten miles around the Dragon Mountain, and for a time there was smoke and dust everywhere!

“It’s almost there.”

George Han nodded in satisfaction after glancing at the people behind him who were struggling with the dust and air waves.

Birds die for food and people die for money. No matter how big the dust, smoke and air waves are, they can’t stop the greed and impulse of these people for the shackles of the gods.

“Withdraw!” As soon as George Han’s voice fell, he moved the Bahuang Tianshu in his hand.

In the next second, with Lu Ruoxin and the thousand people, George Han and others disappeared in place.

Amidst the dust and air waves and the roar of the magic dragon, hundreds of thousands of horses also rushed into the surroundings of the trapped dragon mountain under the chaos, launching a crazy attack on the magic dragon.

The picture turns.

When Lu Ruoxin opened his eyes, he had already entered a new and different world.

Green hills and green mountains, birds and flowers, countless spirit beasts enjoying the sunshine on the grass peacefully, their faces are even full of smiles with their cozy attitude.

“Where is this?” Lu Ruoxin frowned.

“You have about a week to treat your body. As for you, rest as you please, I think, staying here for seven days should be better than your whole life in the Bafang world. Besides, there is nothing here without my permission. , You can’t move around, whether it’s a dead or alive thing.” Abandoning this sentence, George Han walked into the bamboo house first, leaving Lu Ruoxin and the thousand longevity disciples staring at each other.

However, all of them can indeed feel the majestic aura here.

Where did thousands of disciples have seen such a place, immediately they sat on the grass in a group and began to meditate. For low-level people like them, the cultivation methods are basically average, and the resources they get are basically average. The hope in life is actually not great. Suddenly coming to such a place of wealth and spiritual

energy is equivalent to making poor for half a lifetime. People entered golden places everywhere.

If you don't take it at this time, when will you wait? !

George Han, who returned to the bamboo house, walked into the wooden house and felt sad for a while. At this time, the sound of footsteps outside the house sounded.

Chapter 2248

"This is where you live?" Lu Ruoxin walked in slowly and asked softly.

George Han did not speak. Everything in this room was about Amelia Su and Han Nian. The bamboo stool, George Han saw Amelia Su smiling and looking at it, while Nian'er was holding the edge of the stool. Play mischievously.

Their shadows are everywhere on the bed, under the eaves.

Even if it was as strong as George Han, at this time, he couldn't help crying.

Seeing things and thinking about people, who can escape? !

Seeing tears in George Han's red eyes, Lu Ruoxin kept silent, frowning slightly.

"Is it necessary?" Lu Ruoxin asked in confusion.

George Han was lazy to explain to this kind of person, turned around and walked into the bamboo house, lying on the bed, at this moment, Fangfo Amelia Su was sleeping next to him.

"Don't worry, Amelia Su, Nian'er, I will definitely find you, if someone obstructs, I will kill someone, if there is a god blocking, I will kill the god, if the world refuses to accept, I will slaughter the world." George Han closed his eyes tightly.

Lu Ruoxin's eyebrows wrinkled slightly, and she couldn't help but feel a little surprised. Looking back, she saw the ordinary furniture and furnishings in this bamboo house. She really didn't understand what was so nostalgic for in such a sordid day!

Master, you should live in the Jinluang Hall and drink Yuyu Qiongye!

"Ordinary people." He cursed in a low voice, and Lu Ruoxin found a clean place to sit down, and then adjusted his internal breath and started his cultivation.

Unlike the Anning Station here, it was already dark outside Kulong Mountain, and the battle was even worse. When Fu Mang and the others hurried to arrive, the battle situation at Kulong Mountain was already extremely tragic.

The shocking attacks of George Han and Lu Ruoxin gave the human camp great hope and courage, and made the three families believe that they have masters to help. Everyone only needs to work harder, and the magic dragon was even angered early. , The two sides are entangled in each other's fighting, and no one can unilaterally get out of the battle for a while.

Fu Mang and the others had already arrived a lot late because of their injuries and dodge all the way. In their distance, there was the Fu Ye coalition army. How could Futian miss the beauty of distributing the chains of the gods?

However, this old guy seems to be a lot smarter now, and he was late on purpose deliberately, in order to save his own troops, in case he is lucky to pick up a leak.

"Fu commander, Fuye coalition is here too." At this time, Shi Yu walked over and whispered softly.

"Shiyu, stay and watch here, I'll take people into the valley to have a look!" After Fu Mang commanded, he turned around and walked into the valley with Fu Li and others, trying to find Amelia Su and others.

However, just after walking a few steps, Fu Mang frowned suddenly, and then he looked at the sky strangely.

"What's the matter?" Fuli's forehead oozes slightly, and the whole person feels a strong pressure, and it seems to be approaching from a distance.

Looking up at the sky, there seems to be black clouds in the east sky, and red clouds in the west sky.

"No...Isn't it a true god?" Fu Mang frowned slightly.

As the Fu family, even the true successor of the family, Fu Mang has naturally seen the true god of the family, and he knows the unique aura of the true god far better than ordinary people, but at this time, the aura in the sky seems extremely similar.

"I seem to have felt this breath at the top of Qishan Mountain." Jianghu Bai Xiaosheng murmured palely.

"! Damn" Fu Mang fist hit the side of the tree, the advent of the true God, they want to kill disarray Korea three thousand for revenge, it is impossible impossible: "! We hurried into the Valley"

! "Is"

a As soon as the helper's voice fell, he hurried into the valley and went to see if there was any clue to Amelia Su that might appear. How did Fu Mang and the others know that the Amelia Su that the person heard back then was nothing but George Han's conversation at that time...

However, this allowed them to escape a catastrophe by mistake.

“Bang bang bang!”

“Ah ah ah!!!”

As a strong purple mang swept across, thousands of people were like kites that had been cut off the wire, one by one, they were directly beaten for several meters, and smashed heavily on the ground.

Lu Ruoxuan, Wang Wanzhi and others were also gloriously wounded in several battles.

“Have you found the guy taking the lead?” Lu Ruoxuan asked in a cold voice, with blood flowing in his left hand, resisting the pain.

Lu Yongsheng was already ashamed. He was in a panic and panting uncomfortably. He said, “My son, the scene is too chaotic. I can’t find anyone at all.” As

soon as the voice fell, the magic dragon roared again. When the air wave hit, dozens of guards around the two were knocked over for several meters.

“Damn it.” Lu Ruoxuan was extremely depressed. He had fought many times before being beaten so embarrassed.

“My son, what should we do now? Our personnel have suffered heavy losses. If we continue to attack, I am afraid...” Lu Yongsheng persuaded hard.

Almost all of the disciples at the top of the Blue Mountain were injured under the attack of the magic dragon to varying degrees.

But at this moment, two extremely strong coercion also struck from the sky!

Chapter 2249

“My son, look...” At this time, Lu Yongsheng raised his head and looked towards the east.

Lu Ruoxuan glanced at him, and he couldn’t help but breathe out, and his face was surprised: “Grandpa?”

At almost the same time, Immortal Sea Area and Yaoshen Pavilion suddenly noticed a vision of the western sky, and the two brothers Ao Jin and Ao Yi were excited on the spot. Jump feet.

The real god is here! !

I don't know who shouted, and the entire hundreds of thousands of coalition forces were stunned. In the next second, half of them were pleasantly surprised and half were shocked!

Naturally, I am happy that my own true god has come, and morale has greatly increased. What is shocked is that the true gods of other people's families have suddenly come, and they are so powerful that they are completely surrendered. Those scattered people who are trying to pick up leaks have no thoughts or thoughts.

"It seems that we have seen each other again. It's a coincidence." In the eastern sky, among the dark clouds, a figure loomed, slowly speaking.

"Hehe, there are so many coincidences, but everyone is tacit understanding of each other." Amidst the red clouds, there are similarly majestic figures.

"You old devil, how many years of talk always so straightforward and ugly." "It

is also better than the hypocrisy that you so so much better."

"Well, then Eight Immortals, recount!"

"Very good. , That's what it meant." As

soon as the voice fell, a soft drink suddenly came from the black cloud: "Ruo Xuan, get out of the way."

Then a huge golden light suddenly shot out from the black cloud, shooting directly at the trapped Longshan.

"Yi'er, come in, get out of the way."

Almost at the same time, a golden light suddenly shot out of the red cloud and rushed towards the Dragon Mountain.

"Roar!"

It seemed that two golden lights were unusually felt. In the red circle, the magic dragon suddenly roared, its body flashed with purple light, the dragon's mouth opened, and a huge flame suddenly spurted out of its mouth! !

Jin Guang is booming! !

boom! ! !

The two forces immediately exploded upon collision!

The world is trembling! !

The red circle, which has always been extremely strong, also cracked cracks in the explosion.

Above the ground, hundreds of thousands of people were overwhelmed by the air waves, all of them pale and horrified.

“Oh my God, is this the power of the true god?”

“It’s terrifying, I don’t know how to describe it!”

If the attacks of George Han and Lu Ruoxin just brought them enough shock, So now the combined force of the two true gods is to let them directly see that victory is beckoning to them.

“Wow!!!” In the

red circle, the dragon roared in pain, and his body trembled suddenly. It was obvious that the attacks of the two true gods really caused serious damage to this guy.

“It seems that we should also play.” A voice leisurely said in the midair of Bafang World.

“Yes.” Another voice replied.

On the ground, Lu Ruoxin had gathered in front of the bamboo house with a thousand people, waiting for George Han.

In the past seven days in this world, Lu Ruoxin has recovered well. However, it was physical, but psychologically she was very uncomfortable. She was too uncomfortable with George Han’s state after returning to the bamboo house.

Every day, apart from going to the next room to refine alchemy, he was in a daze looking at the furniture and things in the room, his eyes were full of sadness, and he was thinking of Amelia Su and Han Nian.

She really didn’t understand, what’s so good about that woman? In terms of identity, I completely crushed her. In terms of beauty, the two sides are not at the same level at all. There is a best product like himself by George Han. It is a miracle that he can sit back and relax, and he still has the mind to think about other things. woman.

This made Lu Ruoxin always arrogant and insulted, but she vowed to tie George Han to her body forever.

Under the world, there is no man who will not sink and float under his feet, including George Han.

Thousands of disciples are very excited now. They thought they were sold by the sect and used them to give away their heads. However, while their lives were temporarily saved, they also came to such a place. It was an unexpected surprise.

“Are you all ready?” At this moment, George Han walked out with a haggard face, but his eyes were full of energy.

“We are ready, son!” the leading humanity among the disciples.

“I’m not ready.” Lu Ruoxin said at this time, looking at George Han coldly.

George Han didn’t know what she was going to make, but he was obviously not interested in picking up her words.

“You haven’t told me where this is.” Lu Ruoxin said.

George Han glanced at everyone: “We

‘re ready to go.” “Yes!” As

soon as the voice fell, George Han turned around and muttered silently. At this time, he did not notice. Lu Ruoxin’s hand moved, and a fireball came from between his fingers. Launched and hit the bamboo house.

On the Dragon Mountain, after facing the three attacks of the two true gods, the magic dragon did not feel pain, put his hands together on his chest, read a few words silently, and then suddenly roared! !

Roar! ! !

The body of the magic dragon suddenly disappeared, and the purple armor and the fire dragon’s body turned into two strange lights, mixed together like Tai Chi, and then, there was a sudden explosion!

The world is instantly illuminated by purple and red light! !

“Go to hell.”

Boom! ! !

Peace in the world! !

Countless people were pale, under the two rays of light, even breathing failure, motionless as if being frozen, the next second, they flew upside down.

Of course, at this moment, the two figures were reversed, facing the magic dragon.

“It’s now!”

Chapter 2250

“Shoo!”

“Swipe!”

Between the purple fire rays, two retrograde streamers were extremely dazzling, a golden light circling in purple and red, and a white light in green and white.

The speed is so fast that I suddenly skipped the Dragon Mountain!

“Pangu

Sword Formation!” “Xuanyuan Sword Formation!” “Beiming’s

four soul formations, one transforms two, two transforms four, rise!”

“Beiming’s four soul formations, one transforms two, two transforms four, rise!”

Boom! !

Eight figures appeared immediately.

Hum! !

Two great sword formations stand on top of the sky, with ten thousand golden axes on one side and ten thousand long swords on the other.

“What is that?” In the purple light, although many people feel that their bodies are petrified, their only moving eyes and tongues still express their shock.

Looking from a distance, eight figures with two heavenly sword arrays, like gods!

“Yes... it’s Miss Lu Family, Lu Ruoxuan, that’s her Xuanyuan Sword!” After a few seconds of petrification, someone with a high level of cultivation finally broke through the shackles, pointing to the distance and exclaiming loudly.

When he shouted, many people recognized it.

Especially the people on the top of the Blue Mountains, although many people have not been qualified to meet this Lu Family’s daughter, the Lu Family’s daughter holding the Xuanyuan sword is something that the Lu Family knows.

In addition, some people have participated in the summit of Qishan and have seen Miss Lu’s demeanor, and they can recognize it at the first glance.

“My son, it really is a young lady!” Lu Yongsheng had seen a lot of his own young ladies, and said to Lu Ruoxuan excitedly.

Lu Ruoxuan nodded, and a smile was drawn from the corner of his mouth. With Lu Ruoxin's help, the odds of winning this time would undoubtedly increase: "But who is the person next to her? Why use the Beiming Four Soul Formation the same?"

"Yes." "Isn't it the Lu family?" Lu Yongsheng asked strangely.

"No, it's absolutely impossible." Lu Ruoxuan drank decisively: "The Four Souls of the North Ming formation are ancient knowledge, and even my grandfather can't..."

"Could it be the future uncle?" Lu Yongsheng asked cautiously.

There is one and only one possibility. Otherwise, it would be difficult to learn her stunts from Lu Ruoxin, or even the top stunts of the Lu Family, the Four Souls Formation of Beiming!

Lu Ruoxuan originally wanted to shake his head, but he looked at the four figures and looked at the sword formation. In addition, the two people were surrounded by purple and red on one side and white and green on the other, like a lover, so he had to accept this fact.

However, didn't she say that there is no man in this world who can make her look at him more than once? The fact is that she has been doing this for many years.

As the strongest of the three families, Lu family, their daughters naturally come to ask for a kiss. What's more, Lu Ruoxin's beauty is the best in the world, and the threshold of the Lu family has long been kicked through by how many high-ranking nobles.

Among them, of course, there is no lack of dragons and phoenixes among all kinds of people, either with excellent talents, or with a distinguished background, or with handsome looks and tall posts. Many people even look at Lu Ruoxuan and feel very satisfied.

But they... In Lu Ruoxin's eyes, they didn't even deserve to carry shoes.

Lu Ruoxin's arrogance and cold arrogance, in fact, in the eyes of the Lu family's relatives, it has long been believed that she might not be able to marry her for the rest of her life.

But now...

not only was a man following her, but she also mastered all her lifelong skills, which really surprised Lu Ruoxuan.

"That guy...who the hell is it?" Lu Ruoxuan touched his chin, eyes wide open, trying to see clearly which fairy man, who had cultivated for eight lifetimes, was given an unprecedented fancy by Lu Ruoxin.]

However, although he has four figures, he is too far away to see clearly.

Like him, he was trying his best to watch the Immortal Sea Area and the Medicine God Pavilion, or the whole world heroes.

They even looked more carefully than Lu Ruoxuan, because if Lu Ruoxuan wanted to see that the man was more concerned about Lu Ruoxin and curious, then other people would have stronger emotions. Lu Ruoxin is the goddess in their hearts. Now that the goddess is desecrated, how can these people not be sour?

Ye Gucheng clenched his teeth. Ever since he met Lu Ruoxin, he has been approaching her intentionally or unintentionally. It's a pity that Lu Ruoxin never saw him directly. In terms of Ye Gucheng's always good self, this was very aggrieved.

After all, Lu Ruoxin is a good-looking person. The most important thing is that once she is attracted to her, his identity and rights follow. So even if he is married now, Lu Ruoxin is still a thorn in his heart.

Now, someone has accomplished something he couldn't do. Lu Ruoxin saw him, so humiliated and unwilling, Ye Gucheng was stronger than anyone else.

"Damn, Pan Gu Axe!"

Suddenly, at this moment, someone shouted loudly.

Immediately afterwards, the whole crowd flew the pot directly.

Ye Gucheng stared at the clouds in a daze. There are probably few people in this world who are more familiar with those ten thousand golden axes.

"Pangu Axe? Didn't that help the son-in-law George Han?"

"Yes, didn't George Han died in the catastrophe?" A

group of people looked at each other and talked a lot.

Wang Suzhi and the other group of people looked cold, their eyes fixed on the distant figure of George Han, and they kept wondering whether the four figures were George Han.

"You fart!" Ye Gucheng became angry and yelled: "That's not George Han at all, George Han was killed by our fucking long ago!"

Someone grabbed Lu Ruoxin and almost collapsed Ye Gucheng's heart. If this damn guy was the damn George Han, then Ye Gucheng would really explode on the spot.

He is not worthy, he is just the one in the Void Sect that is nothing, nothing is as good as his own rubbish, trash, and slave. Why can he stand taller than himself? Why is he better than himself? !

With Ye Gucheng's hysterical roar, Wang Suzhi immediately responded: "Yes, that person, it can't be Han

George Han." "My son, someone said that was George Han." Lu Yongsheng leaned slightly at this time, respectfully. Said to Lu Ruoxuan.

"George Han?" Lu Ruoxuan's eyes narrowed fiercely: "Isn't that guy dead?"

"The subordinates don't know, but many people in front are rumors."

Lu Ruoxuan stared at the ten thousand axe in the sky. Like, it is indeed like the Pan Gu Axe!

Is it possible that that fellow is really George Han? !

George Han is Fu Jia's son-in-law and Amelia Su's husband. Everyone knows that. Lu Ruoxuan has been arrogant for half a lifetime, but finally he is attracted to such a married man? !

All the doubts, along with the four wrathful figures holding the Pangu axe, blasted towards the devil dragon, completely unraveled.

Under the purple light, that extremely handsome face, with firmness, eyes like torches! !
