

His True Colors Novel Chapter 2335 - 2338

Chapter 2335

brush!

In the whole world, the guarding Buddha was swallowed by blue light in an instant, and most of the sky was already blue. Everyone's faces appeared infatuated. Under the blue light, they looked like petrified wax figures. general.

"Puff!" After

Lu Wushen was directly blown into the air for hundreds of meters, he just used his magical power to stabilize his figure, and a mouthful of blood was directly ejected from his mouth.

In the picture of Shanhe Sheji, countless blue lights continued to flow out from the first torn hole, and the small opening became bigger and bigger. In the end, the picture of Shanhe Sheji was torn in half abruptly!

"Bang!"

The picture of the mountains and rivers and shrines that covered the sky with a huge waterfall finally broke into two halves with a loud noise. With this explosion, the huge waterfall that covered the sky suddenly disappeared in the sky, and a small, black scroll with black smoke on its body fell directly from mid-air.

Almost at the same time, a black shadow suddenly flew out from the huge waterfall that covered the sky.

The cyan light flashed all over his body, surrounded by evil spirits, and the golden streamer slowly turned around.

The long blood and silver hair moved slightly without wind, and the immortal mysterious armor was faintly pierced with purple light. A blue-black giant axe was held horizontally in the hand, and the axe was lifted slightly, looking at the world!

On the forehead, the Pangu mark has disappeared, but in the blood-red eyes, there is a faint cyan totem.

"What!"

"George!"

"Puff!"

When Lu Wushen saw the person 100 meters in front of him, he couldn't help but be shocked, and turned to anxious heart attack, another mouthful of blood gushing out directly.

"I rely on it!" On the

ground, there are no more first-reported words. Except for standard national curse, they can no longer find other adjectives in their consciousness to express their current shock.

Most people are pulling their numb scalp at this time, with big eyes like bullseye, and it is obvious that it is difficult to believe what is happening in front of them.

"My God, what did I see? Han... George, that guy directly broke the innate treasure like the mountain and river Sheji map?!"

"The innate supreme treasure is supreme and invincible, how... how can it be? Was broken by someone!? This is impossible, is this impossible?"

"The picture of Shanhe Sheji was broken, and Lu Wushen also vomited blood. This...this...this means that George repelled the two big ones one after another. True God?"

"How is this possible ? These are the two strongest people in the Octagonal World. He George...but..." In the

crowd, everyone was almost crazy, one by one. Screaming, how shocking it is, needless to say.

"Haha, George is awesome, George is really fcuking awesome, who did I just say? I just said, George can definitely come out, you rubbish, how do you know Honghuzhi Zhi!?"

"The First World War Conferred God, from now on, who the hell would dare to say that George is a human, I will turn his face with him!"

"That's right, George is a god, George is a god, The world's No. 1 god in all directions, and will never accept any rebuttal!"

"George got into the devil first, and then the god was sealed. He has the spirit of evil spirits and the golden light of gods on his body. I think... I think he will call him. He

is a Demon God, right?" "Devil God? It is both a demon and a god, but it is quite similar to George's image, I agree!"

"I also agree, Demon God 's wrath is as similar as George's wrath, haha , From now on, George will be the true god of our eight directions-the devil!"

After a group of people were shocked, they all turned to worship.

“Long live the Demon God! Long live the Demon God!”

Immediately afterwards, I didn't know who yelled first. The next moment, more and more people joined this slogan.

If it were normal, with Ye Gucheng's character, at least he would just go back to the past, but at the worst, he would want to kill a few people to shut them up, but he didn't have it today.

A pair of handsome faces were completely pale, and the pupils of the whole person were wide open, and he was unwilling to give up.

No matter how unwilling to admit it, he can't deny the devastating blow to his soul caused by George, who emerged from the picture of Shanhe Sheji with an axe at this time.

Cruel and ruthless, it hit him hard like a heart hammer.

Wang Shuzhi was also not well at all. In his clenched fists, his nails were already deeply sinking into the flesh of his palms.

His face is full of shock and unwillingness.

He didn't understand, he really didn't understand, how could a little earthling grow to such a terrifying state in such a fast time.

The first time I knew about this guy, he was just a little bug in Xuanyuan World who didn't even dare to show up when his wife and children were trapped. When I saw this guy for the second time, he already showed extraordinary ability, even though that At that time, Lu Ruoxin chased him all over the mountain, but this guy also created the miracle of Shanna God's Tomb.

But after all, he almost died in his own hands in the end.

Why would he be able to kill him at the foot of the Wuzong Mountain again when he meets again, and he won't stay behind, and when he sees him again, he becomes a spectator next to him, and he doesn't even have the qualifications to fight him? !

Is it because of the gods' mound?

People are most afraid of making excuses when they are incompetent, but Wang Wanzhi obviously found an excuse to talk and masturbate at this time.

Yes, it must be God's Tomb, it must be this guy who took something unknown in the God's Tomb, so...that's why he made such a rapid progress.

The more he thought about this, the more angry Wang Suzhi became.

Because he felt that everything in the sacred tomb should belong to him, so naturally, everything that George has now should also belong to him.

“George, you despicable and shameless thief!”

Unlike the others in Wang Shuzhi, Gu You’s exquisite face was full of surprises, not the slightest anger or unwillingness, on the contrary, a pair of beautiful eyes were full of appreciation and love.

Invincible, but so, the heroes of the world are in sight.

The performance of George in the sky is the best performance in Gu You’s mind, and it is the only performance that she thinks can make her heart beat.

To carry the two true gods hard, and not to lose the wind, even if it is not a hero, it is a hero. Even if it is not an emperor, it is an overlord!

The man should be so!

What’s more, George also has an extremely good-looking skin.

No matter from which aspect, George is the best standard in Gu You’s heart, and he naturally gets it all.

If Gu You was just a little unwilling to marry Ye Gucheng at the beginning, after all, Ye Gucheng was a bit looks and talented.

So now, Gu You’s regretful intestines are almost green. Ye Gucheng seems to be okay, but compared with George, it is just a contrast between the dragon in the sky and the worm in the underground.

This gap, except for the body to a certain degree, is huge! !

boom!

On the other end, there was a crisp sound, a ping-pong sound of the water god’s halberd, and suddenly fell to the ground...

Chapter 2336

“I rely on!”

Ao Shane was stunned and held back for a long time. Like those mortals, he suffocated a sentence of standard country curse.

Sometimes, although God is a God, sometimes he is indistinguishable from man.

“It’s damn good?!”

He believed that no one except Lu Wushen would be more shocked than him. As a true god of the same level as Lu Wushen, Ao Shane simply didn’t know what Lu Wushen had.

Lu Wushen’s mountain and river shrine map can be said to be perfect and impeccable, let alone him, even the living Fuyun may not be able to take advantage of the mountain and river shrine map.

This kind of innate treasure is extremely mysterious, and it is difficult to break through the game!

But...

but George not only broke the game, but the method he used was so simple and rude!

“George, what is your origin!?” Ao Shane was shocked as he looked at George in mid-air.

Lu Wushen even looked at George in front of him. Although his face was pretending to be calm, it was obvious that his heart was guilty.

Even in the face of Ao Shane, Lu Wushen never had any deficiencies.

He suddenly swallowed a mouthful of water, and the whole person couldn’t help thinking of Fuyun’s turning over.

“Even if I die, I won’t let the two of you live in peace!”

At the beginning, he thought it was a cruel remark made by Fuyun because of his anger and brainlessness before he died. After all, as soon as Fu Yun died, he believed that there was no more threat.

But now when facing George, he suddenly remembered Fuyun’s words, but it was like a ghost that had been entwining him all the time.

He wanted to withdraw, but the situation was impossible right now, especially when the cheering voices of the Demon God long live on the ground, they kept beating his dignity.

He absolutely can’t withdraw, he can’t save this face!

Looking at George in a daze, Lu Wushen suddenly discovered that the Pangu axe in George’s hand was different in color and shape. The golden giant axe used to be shining, but the Pangu axe now looks like a battlefield. Potholes.

“Even if you break my mountain and river map, so what, do you think you won? Look at your axe.” Lu Wushen seized this opportunity and reminded coldly.

George smiled contemptuously and did not answer, but the long axe in his hand was aimed at Lu Wushen.

“George, don’t try to be aggressive. Obediently, I’ll catch it, I said, I admire you very much, even if you get the demon, I won’t kill you.” Lu Wushen shouted softly.

George opened his mouth slightly: “Sorry, I don’t want to kill you either. However, I can only ask you to taste what your granddaughter did. I promise you that it will be returned to you Lu family descendants in the future.” As

soon as the voice fell, George had already attacked suddenly.

With a giant axe in hand, the offensive opens!

Lu Wushen roared angrily: “Want to kill me? George, which green onion do you count?”

Just when Lu Wushen was about to attack George, he suddenly felt George’s giant axe. Below, that domineering and unique atmosphere.

It was just this moment of stunned surprise that George had already rushed forward, embodied eight Dao, eight great axe, and slashed!

boom!

There are also eight great divine powers that go down with the axe.

“The Overlord’s Armor!”

Boom!

As Lu Wushen yelled, the light of God suddenly exploded from his body, and a huge golden shadow shot out from his body. The golden shadow was like a golden general, holding a huge sword and crashing on top of eight huge axes.

“Xuan Huang

Divine Sword!” As soon as the golden body giant appeared, the sharp-eyed people suddenly found that the golden sword in the golden body god general’s hand was different.

The sword is three feet long, the sword body is golden, the whole body is translucent, and the Xuanhuangzhixiu surrounds the sword body!

“What?

Xuanhuang Divine Sword, isn’t that the most precious sword in the legend?” The Xuanhuang Divine Sword is forged with the spirit of Xuanhuang and the backbone of the

gods. Its power can cut thousands of things and its body can resist all kinds of attacks. , Is a very strong offensive and defensive treasure!

“As soon as the Xuanhuang Divine Sword came out, all kinds of attacks disappeared. Unexpectedly, I didn’t expect Lu Wushen to have such magic weapons!”

“Damn, George Pangu axe has no golden light, and the axe is even more pitted. , And now against this Xuanhuang Divine Sword, there is no chance of winning!”

At this time, someone couldn’t help but squeeze a cold sweat for George who was in the air!

But George is now on the rise to kill, no matter what the mysterious yellow sword, the power of the big axe is not weak at all!

boom! !

The eight great axes, when they are approaching, merge into one and smash them with one axe.

The axe body and the sword body suddenly gave out a huge golden light.

“George, your Pangu axe is broken, what are you doing in front of me?” Lu Wushen smiled grimly.

“Pangu axe is broken? Lu Wushen, you have too little knowledge.” George cracked his mouth and smiled.

boom! ! !

The golden light exploded, half of the sky, there was already an extremely huge flash of light, which continued to spread away.

Suddenly...

as the streamer spread until the entire streamer spread, Lu Wushen, who was holding George’s giant axe in the sky, suddenly slammed in his heart, and his body couldn’t help but slip a step. He looked up at George with an incredible expression...

Chapter 2337

“This...what’s going on?” Lu Wushen was shocked and looked at George extremely incomprehensibly.

George stood on top, looked down at Lu Wushen, and smiled softly: “Before I met you and Aoshi, I was scared. After all, you are true gods, so I always have a heart of awe.”

“And you, But I have always underestimated that I am a mortal, or even a waste. Contempt always pays for it, just as you neglect me.”

“When did I neglect you? If I despise you, how would I spend so much energy to save you?” Lu The Tao of Godless and puzzled.

He can be sure that he has never regarded George as a trash. Even, he once regarded George as his grandson-in-law. As long as George is obedient and obedient, Lu Wushen doesn't even mind turning him into blue in the future. The number two man on the top of the mountain.

A position second only to the successor of the Ye family, how could this be to look down on him and ignore him? !

It's just that George's sudden enchantment and attack on Lu Ruoxin have made the situation worse and worse. He had to fight with Ao Shane. Right now, it's for the sake of face and power. It's painful to ride a tiger. Down the killer.

But this is not his intention!

Therefore, it was difficult for Lu Wushen to understand what George said, and he was quite aggrieved.

“I'm in your eyes, but is afraid of people can use it, so you will save me. But in my eyes, I will always be inferior Korea three thousand, is this you dare deny it?”

“Including When I rushed out of your mountain and river shrine map, what you still thought was that even if I broke it, I would consume severely, and even the axe would break, didn't it?”

“In your eyes, people like me don't. It may break through the pictures of mountains and rivers, even if it breaks through, it is already the limit, isn't it?”

After saying this, George smiled disdainfully, but suddenly became angry in the next second, seeming to declare his dissatisfaction all the time, and roared: “But have you ever thought that Pangu axe is not broken, but really awakened. !!!”

“What!?” Lu Wushen was taken aback.

But at this time, as George was furious, the blood in his blood-red eyes flashed fiercely, and his hands were fiercely hard!

Boom!

Above the entire sky, thousands of clouds are rushing, and countless lightning flashes through the black clouds, directly gathering the axe in George's hand.

Everyone was shocked by this scene.

But more shocking is yet to come!

“Broken!!”

As the giant axe was pressed down, Lu Wushen, who was holding the black and yellow divine sword under the axe, went from a stalemate, and suddenly his body suddenly fell for half a meter.

And then...

As if Mount Tai was pressing on the top, George held an axe and fell into the sea, Ding Lu Wushen descended from mid-air straight to the ground quickly!

“What!”

Shocking the world!

Around the fallen Lu Wushen, Qi Jin and the air rubbed sparks. Even if Lu Wushen could open up, it still could not stop George from cutting down.

A kilometer away from the air, George stopped, his posture unchanged.

However, Lu Wushen did not make any changes again. The golden body god general and his own body, holding the mysterious yellow divine sword, were completely uncontrollable and still fell straight to the ground after leaving George Pangu axe.

boom!

Dust and smoke billowed on the ground, and the golden body god will also be wiped out in the dust and smoke.

In sharp contrast to this sensation, the group of people on the ground were silent. Even Ao Shane’s eyes widened, looking incredible at the place where Lu Wushen fell to the ground!

“ ... ”

“ ... ”

Everyone was shocked and almost fainted!

incredible!

Like a miracle!

George shot down Ao Shane, and then he shot down Lu Wushen!

The strongest duo in the Bafang world, both suffered a great deal in the battle!

Since the establishment of the Octagonal World, the three true gods have always restricted each other. There has never been a true god that can retreat to the two gods by oneself. Otherwise, the order of the three true gods would have been chaotic long ago. Why wait until today?

Therefore, the shock brought by George can be imagined.

Shut up, everyone closed their mouths obediently, either because they were so shocked that they couldn't speak, or because they were so excited that they couldn't make a sound.

All beings are diverse, but the results are surprisingly consistent!

George held the Pangu axe, and raised his eyes slightly at this time. Under the long blood and silver hair, the blood-red eyes were still angry, but there was a little more indifferent.

He overlooks all beings, but they are all like ants.

Gu You's body was trembling, and he couldn't help but produce a huge reaction.

Lu Ruoxin opened her vermilion lips slightly, she was no longer as calm as she had hoped, and she was completely stunned.

But it was obvious that she couldn't be stunned for long, because at this time George had already fixed his gaze on her.

"Lu Ruoxin!" At this time, George drank coldly.

Megatron everywhere.

Lu Ruoxin was taken aback for a moment, and then he reflected, and his sense of sanity was restored in his eyes.

"I'll give you one last chance, do you respond or not? Answer or not?" As soon as the voice fell, George was already holding a giant axe and pointed at Lu Wushen above the ground.

Chapter 2338

When George's question was thrown at Lu Ruoxin, she instantly became the focus of the audience.

none of them.

As for George's question, Lu Ruoxin's heart jumped sharply.

Release people? !

Don't let go, judging by George's current situation, grandpa is very dangerous.

Although she will rewrite the future of the Lu Family sooner or later, this foundation cannot be crossed before it is rewritten.

If the true God of the Lu Family falls, the consequences will be faced by Fu Jia as the forerunner. At that time, the Lu family would also be beaten down by enemies or peer forces. Not to mention that Lu Ruoxin wanted to do his own thing, the mess of the Lu family alone would make all the Lu family no time to be cloned.

But if it is released.

Can Lu Ruoxin be willing?

Of course she will not be reconciled. She has planned for so long, and has come to today one step at a time. How can she be reconciled? !

Perhaps, before meeting the fellow George, Lu Ruoxin would not have felt that this was an overthrow, and even this in itself was a layout that she had never had any accident. But after meeting George, the original layout was a bit dull. Although it was still perfect, George was equivalent to opening the Pandora's Box in his heart, and his desire became more and more unstoppable.

Nowadays, George is steadily fighting against the two gods, and this Pandora's box has become bigger and bigger.

For those who get this, Lu Ruoxin's plan can be at least ten years or even twenty years earlier than the original, and the success rate has jumped from 50% to nearly 100.

No one can refuse this temptation, especially knowing that the other half of success results in failure towards death, and this temptation is even greater.

Lu Ruoxin was hesitating here, but George's words obviously made the hearts of everyone present.

"What does George mean? What do you mean by answering or not, answering or not answering? Isn't it... Is it that George wants to marry Lu Ruoxin?"

"Lu Ruoxin is the number one beauty in the world, as the old saying goes. Okay, a fair lady, a gentleman, if it were me, I would also get a beautiful woman."

"A man who wants to win the world? Isn't it a beautiful woman? Right now, the Lu family is blessed. a. " "

this is really Miss Lu family, stunned with doing? quickly agreed ah, Know that with good violin players, in relation to beauty with a hero ah Han humble origins, although three thousand, but today's achievement, the word hero He is responsible." A

group of people murmured softly.

When Yongsheng Haiyu and Yaoshen Pavilion heard these gossips, their hearts were almost broken, and Gu You looked at Lu Ruoxin nervously, wondering what her answer was? !

Correspondingly, the people at the top of the Blue Mountains stared at Lu Ruoxin with a little excitement.

If George is there to help, it is obvious that the world belongs to him on the top of the Blue Mountain.

"Why are you still stunned? Promise him." Lu Ruoxuan couldn't help feeling agitated at this time, quietly urging Lu Ruoxin.

According to Grandpa's vision, if George joins the Lu family, it will obviously be used in the future to help Lu Ruoxuan fight the world. At that time, the world of all directions is also in his hands. The dream of a king through the ages, thinking about it is another person. Excited.

Lu Ruoxin glanced at Lu Ruoxuan coldly, but didn't know how to answer.

Do you want to tell him that George's current Doushuang God is mainly because of himself? !

However, if you don't say anything, this group of people is obviously misunderstood.

"It shouldn't be, right?" George made a fierce move, turning his hand over the sky fire moon wheel, and slapped his backhand.

The red fire and the purple electricity interlaced, like a double dragon going out to sea, crashing across the people on the top of the blue mountain on one side of the ground.

boom!

With an explosion, hundreds of people disappeared into the burning of the sky fire and the engulfing of the moon wheel, and a huge black pit broke out in the ground at the center of it.

The people who were close to that area suddenly became frightened and cold. They looked at George with eyes together, trying to beg for mercy with their eyes, so that George would not attack them.

George snorted coldly: "I will ask you again, should

I not?" "I..."

Boom!

With a stroke of the huge axe in his right hand, a huge axe mark about ten meters long and about five meters wide fell off the Pangu axe blade and directly hit the ground again. Suddenly, a group of disciples at the top of the Blue Mountains died violently.

"What are you thinking about? George is such a hero, which man in the world is better than him? Promise him." Lu Ruoxuan was so anxious that he couldn't help shouting angrily.

On the other end, Lu Wushen also touched his chest at this time, and slowly stood up, seeing the two groups of disciples under George's attack, suddenly disappeared, and for a while, anger started from his heart.

Since tens of thousands of years ago, the top of his Blue Mountain has been the strongest existence in the world. When has he been so humiliated? Anti-Buddha was grabbed by someone's neck.

Looking at the Xuanhuang Divine Sword in his hand, Lu Wushen looked at Ao Shane in the distance.

After George surpassed Lu Wushen, Ao Shibin found joy in despair, but new problems emerged.

Although the prestige of the immortal sea area is not much lower than that of the blue mountain, the reality is that George stepped on them.

At this moment, seeing Lu Wushen looking at him, Ao Shane nodded.

"I will ask you again, the answer is no answer."

At this time, George raised his axe again and aimed at another group of people on the top of the Blue Mountain.

But at the moment when the axe light was drawn, the two divine lights blasted directly to the axe light from two directions, and the three rays of light suddenly smashed into the distant open space and exploded.

Lu Wushen directly protected the people at the top of the Blue Mountain, and Ao Shane also stood in front of the people in the Immortal Sea and the Medicine God Pavilion.

"Grandpa!"

"Old Ao!" The

people on both sides immediately greeted them and asked with great concern.

"I'm okay." Lu Wushen shook his head. Although George broke his two great soldiers and wounded him, this injury is not so serious and fatal to him who is a true god.

Of course, it is definitely not a minor injury.

"It's okay, you back away a bit." Ao Shane also waved his hand. Compared to Lu Wushen, he was injured more lightly. After all, he was consumed when he did not save George, and he was not broken by George. It was too severe, and the whole person barely received some minor injuries.

"! Han three thousand" At this godless land threatened loudly: "?? Even if you like my children die, but I do not have to use such a method it home but Lu Blue Mountain Plus World famous families, you know, like a lot Soong"

words though It was very hard, but it meant that Lu Wushen was showing good, nothing more than telling George that he would not need to use force to marry Lu Ruoxin, as long as the media was marrying, the Lu family would never disagree.

But obviously, the sonorous and powerful words of the old Lu family turned into a joke in the end.

When these words came out, George's cold face suddenly smiled.
