

His True Colors Novel Chapter 2354 - 2355

Chapter 2354

Lu Ruoxin's Beiming Four Soul Formation could have transformed his body into four, four into eight, but it can instantly enhance his strong ability. After all, these four avatars are different from ordinary avatars. .

Ordinary avatars may be transformed by phantoms or energy, but this is not the case with the Four Soul Array of the North Ming, it is completely the body itself that was pulled out. Each of them can be regarded as the noumenon, and the strength is naturally extremely powerful.

This is equivalent to a person instantly transforming into four or even eight people of the same strength as him. It is also equivalent to eight George fighting at the same time, plus the same enemy's share of damage, and each body has an immortal mysterious armor and a mysterious totem. Naturally, George had nothing to say about the protection.

Attacking like a fierce tiger, defending like a blood ox, and having a steady supply of energy from the heart of the dragon clan, George's strength has naturally reached the point where he is almost impeccable. The strength has also increased a lot.

This also caused Lu Wushen and Ao Shane quite a headache.

However, it is different now. For AoShane, George is not only exhausted now, even under exhaustion, he has also begun to lose the most basic reason.

The seven avatars are united in one. It is indeed possible to form a circle, defensive and offensive without dead ends, but this has a great disadvantage.

That is to completely expose all the weaknesses to the other party.

"He is strong because he thought this guy was too scattered, but now, this guy is gathered together." A coldness flashed in Ao Shane's eyes.

Wang Shuzhi laughed and slapped his thigh: "Yes, each of his avatars are very powerful. It takes us a lot of energy to deal with them separately. Although there are many people, we can't concentrate our firepower, but right now. No. It's the same." At

this point, Wang Chuanzhi's eyes even showed the light of victory.

This is simply the best chance to kill George.

"Those demons, let them go, but a gang of mobs can kill them at any time. Right now, George is the most important thing. You ask everyone to listen to my orders and give I assemble to attack."

After speaking, Ao Shane looked at Lu Wushen on the other side triumphantly.

Lu Wushen obviously stopped, and almost like Ao Shane, he didn't send anyone to chase the demons. They were both peer masters. Ao Shane could find the changes in the battle situation, and Lu Wushen could naturally find it too.

Soon, the people of the three major families stabilized their formation again. Then everyone turned to look at George in the sky.

George in midair naturally saw everyone facing him, but George didn't panic at all. Instead, there was a slight smile at the corner of his mouth.

For him, how could he not know that this is a huge flaw? If he didn't have his own ideas, would he do it?

Obviously not!

"Everyone listen to my orders, attack!"

"Attack!"

As Ao Shane roared loudly, Wang Shuzhi also roared, and Lu Wushen over there waved his hand.

Suddenly, the wonders of the world reappeared.

Tens of thousands of spells were launched almost at the same time, for a time. The sky is full of brilliant fireworks.

It's so colorful and colorful, it's extremely difficult to describe. In short, beauty is indescribable, but everyone knows that under this dazzling dazzling, what is hidden is also one of the greatest murderous opportunities in the world.

With such an attack, who in this world can resist? !

"Hey. He's over."

"It's a pity that George is always young . He actually made this fatal mistake at the last moment of life and death. Although he is more than brave, it is a pity that he is still inexperienced."

"Yeah, the Eight Doppelgangers have a total of tens of thousands of miles, so that although the opponent has many people, they have to dedicate huge energy and manpower. Disperse to destroy his clones, but what he is doing now is equivalent to condensing the opponent. Together. It's not because I'm

looking for death, and what is it?" "This battle seems to be over early."

“However, anyway, George can carry it to the present with his own power, and that’s true. The word is

awesome .” “The Breath of the Overlord can only stay in history. The hero is short of breath, but that’s it.”

Seeing that the ten thousand attack is approaching, many people on the scattered people alliance have also issued the last one. sigh.

Although this mistake of George seemed very stupid in the eyes of many people. But many people also expressed their understanding. After all, after such a long battle, people became confused and made mistakes. It is normal.

At the other end, everyone from the Demon Race who had just escaped also saw the situation behind them, and Mo Beitian even wanted to kill him again. But Qing Ji grabbed him, shook his head, and said to him: “George’s mistake is obviously to attract firepower for us, and we should respect his choice.”

“Yes, although George didn’t do it before. Yeah, but this time, I will take him!” The demon also murmured.

But will George be what they imagined?

Obviously, this is not the case.

When all the spells blasted at George, George suddenly smiled, and then his whole body moved.

Chapter 2355

“No phase magic!”

“Swallow the sky and cover the sun!”

Boom!

With a move of George’s hands, a huge whirlpool was suddenly drawn in the air and flowed slowly, and all the magic spells entered the whirlpool one by one.

“That...what is that? That kid...what is that kid doing?”

When he saw thousands of spells attacking, he left. Ao Shane, who had a triumphant smile, didn’t cause any substantial damage to George after seeing the spell. People are stupid.

The same stupid Lu Wushen really didn’t understand what happened.

Everyone from the Sanren side and the three major families. Also stupid, one by one stunned in place, obviously hard to understand what happened before him!

How could this be? !

Ye Gucheng always felt that this trick seemed familiar, and he kept thinking about it for a long time. When suddenly thinking of the mystery, Jian couldn't help but yelled in surprise: "I rely on it, it is the void magic of the Void Sect! That kid can copy the spells of all of us, and then give us a tooth for a tooth!"

That's right, it is. No phase magic.

Although it does not have any autonomous offensive capabilities, it is an extremely abnormal and shameless magical technique from a defensive perspective, and it is based on this. It can only be qualified to become an unparalleled school.

In the beginning, the Void Sect, or other people, have often suffered from this.

Ye Gucheng was indeed very clever, and it only took a very short time to recognize this spell.

But obviously, he was only half right.

Therefore, the phaseless magic at this time is far more powerful than he thought!

With the blood of gods and demons, George had already reached a very peculiar level of qualifications, and the non-phase divine art also opened up a new level at this time.

Swallow the sky and obscure the sun!

"Break for me!"

roared angrily!

boom!

Almost at the same time, in the whirlpool, the ten thousand magic spells that had just been absorbed. In an instant, it spewed directly out of the black vortex, and then swept it in a torrential rain. Return in a crash!

"I'll take it!"

"Is this damn okay?"

Among the scattered people, many people suddenly cursed in surprise.

And the three big families. After being dumbfounded, he immediately scattered and fled!

Bang bang bang!

Ten thousand rains hit the entire ground immediately, even if Lu Wushen and other masters responded promptly and hurriedly used the divine power to prop up the protective barrier, but there was no defense at all before, and the attack spells that George returned back were really too big. Many Dharma books are still obediently landing, causing explosions everywhere.

Many people may not even dream of it. One day I will die under my own proud moves.

“fcuk, George, you despicable villain, dare you fcuking yin on me?” Ao Shane was so angry that he blew his beard and stared. It was only at this moment that he realized that George was not exhausted and made a mistake at all. But it is deliberately leaking the flaws and enticing them to hook.

“This damn George!” Wang Yanzhi also got itchy with hate, and George put it on this one, it was really unsung fire.

Ye Gucheng did not speak. His eyes were just staring at George, which he thought was very strange.

Because he had seen George use the Wuxiang magical power. The scenes of the dark losses he suffered at the beginning are also vivid, but the more vivid he is, the more strange he finds it.

Obviously, this is very similar to George’s previous use of non-phase magic, but it is different.

Especially the black vortex in front of George, which has never been seen before.

What is going on here? !

At this moment, the answer was revealed.

I saw a move in George’s hands. The black vortex also quickly twisted.

“Block the sky and obscure the sun!” The

surrounding air and time and space began to twist rapidly as the black vortex twisted. Tight and above the sky. The dark clouds hit, the scorching sun concealed, and the entire trapped fairy valley suddenly seemed to have entered day and night.

“What is that kid doing?” Lu Wushen suddenly raised his head.

The next second, his face was shocked: “Be careful!”

Boom!

The whole sky was bright again, but it was not the clouds that had dissipated, and it was definitely not the return of the sun, but the tens of thousands of spells that had just come back.

“Isn’t the Wuxiang Divine Art only a tooth for a tooth? It has already been paid back, how come now? Is it possible...Is it possible to return the tooth twice?” Ye Gucheng was completely stupid in place.

This is where the Supreme Ao Yi of Wuxiang Divine Art lies!

This is the so-called covering the sky and the sun!

boom!

If everyone didn’t expect it, then this time, everyone didn’t even think about it.

Although the formless divine art has indeed disappeared for a long time, and many people may not be able to recognize it, it is impossible to not have the slightest understanding of this gong. When someone says it is a formless divine art, they gradually remember it.

But, who would know that this thing can be reversed? !

At this time, Lu Ruoxin also returned quickly, Chi Meng followed her right and left, and behind the two of them were several Lu family disciples with three people, Dao Twelve, Mo Yang, and Liu Fang!
