

His True Colors Novel Chapter 2362 - 2364

Chapter 2362

Mo Yang and Dao Twelve looked at each other, Liu Fang was also at a loss, the army had suppressed it, but George was counting nineteen, eight, seven, three, two...

If not trusting each other, who Wouldn't you scold him for being insane?

What's more, George was completely serious and serious at this time.

"The time is just right!" Suddenly, George, who had been condensing his eyebrows tightly, had a glimmer of joy in his eyes.

The three of them hadn't understood what was going on when they came over, and suddenly, there was a noise under the ground.

Next second.

boom!

Suddenly there was a loud noise from the entire ground, and the ground of the scorched earth layer was also instantly lifted. If the ground was just like a wave when the earthquake just now, then the ground at this time was like a towering wave, just a raised ground. The epidermis is more than ten meters high, which can be described as horrible.

And with the violent shaking of the ground, even the people in mid-air were unaffected by it. The strong vibration of the ground made the air in mid-air tremble, and the layers of scorched earth and ashes lifted up, and everything around it was shrouded in dust and smoke.

More importantly, an extremely strong pressure emerged from the ground in an instant. All the people in the air felt that they were being lifted upward by something, and they realized that it was only caused by the rising air current.

But at this moment...

Roar!

Under the ground, there was a strange roar, like the sound of Hong Zhong.

The scorched ground surface was rolled up, and there were instant cracks, cracks, and all kinds of weird things appeared from the cracks. In the next second, the whole ground was cracking wildly, and at the center of the original green, The fragmentation of the ground can be described by quicksand.

They deserted wildly, and then quickly sank.

“Roar!”

There was another low moan, the ground cracked and the quicksand sank, and the things under the ground also came out of the ground with this roar.

“Then...what is that?”

Lu Ruoxuan pointed to the ground in surprise.

The entire ground, it can even be said, is the ground where the entire Sleepy Immortal Valley was originally located. At this time, after the cracks and quicksand, an extremely weird giant monster was transformed.

It is necessary to know that the area of Sleepy Immortal Valley is huge, even if you are in the air, you can feel its returning body, but it is so large that it is only the same as the monster under the ground.

“Oh my god, okay... what a big monster!” Lu Ruoxin, who had always been calm, was not calm at all at this time.

The monster in front of him is unheard of and unseen. Regardless of his strength, just this huge body makes people daunting.

“This...what the hell is this? Under this ground, how could... how could there be a monster?” A

group of people were pale, their eyes fixed on the monster above the ground.

At this time, everyone finally understood what was the place where the green light was released.

That is the heart of the monster.

At this time, as the monster awakened, the green dots shone again, like a human heart beating, flashing one after another, and then completely disappearing on the skin of the monster's surface.

“Swipe!”

Almost at the same time, a huge tail suddenly rose, and it happened to be less than five meters behind George. The people in the Immortal Sea and Yaoshen Pavilion rushed for joy, but unexpectedly the giant tail was horizontal. On the spot, many people were directly hit by the giant tail and fell directly to the ground.

And once they fell to the ground, something strange happened...

Those brown monster skins that seem to be incomparably strong, like spikes, did not cause any harm to these people's bodies, but once the human body fell into it, it suddenly turned into some scorched earth and quicksand. Nothing!

Not even the scum of bones left.

At this moment, whether it was the top of the Blue Mountain watching the show, or the attacking Yaoshen Pavilion and the Immortal Sea, as well as the three thousand and four people of Han, or a group of scattered people who took off in the distance, they were collectively dumbfounded.

What kind of monster is this!

Moved!

The monster embedded under the surface moved suddenly.

boom! !

As he moved, the entire ground collapsed crazily.

Immediately afterwards, the monster slowly stood up while dragging its huge body.

People in the air can see with their own eyes that when this monster stands up, the ground next to it sinks a full several meters as a result, and its body is so big that you can imagine it.

“Roar!”

As he got up, the monster roared up to the sky.

Sheep body, with brown long hair covering on the back, the long hair is like huge thorns, but it can swing with the wind, and the abdomen is wrapped with purple long hair. Although it is tightly wrapped around the body, it makes him extremely strong. The muscles are stretched one by one.

The sheep's head has huge horns, but its face looks like a wolf, but it has no eyes.

On the body, there is a huge mouth, with mottled fangs interlaced up and down, which looks extremely hideous.

The strangest thing is that although it is a sheep, it can stand like a human, and its forelimbs can be lifted up like a human hand, but there are eyes under the tuck, and the eyes are round and terrifying.

“Got, I'll take a fcuk, it's so gluttony.”

Someone recognized this fierce monster at a glance, his face was as gray as death, and his pupils opened wide.

Gourmet, ancient beast, extremely evil, can swallow all things in the world, and cannibalize people for desire.

“Why are these ancient fierce beasts... how can they appear in the trapped fairy valley?”

“Oh my God, it turns out... so we have been living on gluttonous bodies for so many days?”

Thinking of this, many people just think Feeling fearful, what's the difference between this and walking with a tiger?

Some people even shuddered, and the whole body could not help but gradually recede.

No one wants to be with these fierce beasts.

Including Lu Wushen and Ao Shane, and George.

“No, no, it's impossible for an ordinary gluttony to have such a huge body, and this guy is surrounded by brown aura, this is not an ordinary gluttony, but...”

“The evil gluttony, the legendary incarnation of Chi You!”

Om!

Fragments buzzed in everyone's minds.

The gluttony of evil is one of the truly top fierce beasts. A fierce beast of this level is extremely vicious, and even if the true god confronts it, there is no certainty that it will win.

“This kind of thing shouldn't have been wiped out in the ancient battle between gods and demons? How...how could it appear here?”

“How did he wake up?”

Ao Shane frowned.

“Let everyone retreat, don't be eaten by him, this will increase his strength.” Lu Wushen also decisively ordered.

But at this time, Taotie just opened his eyes and stared at George.

Chapter 2363

George suddenly felt like a horse racing by.

His grandmother, so many people, why are you just staring at Lao Tzu?

George felt that maybe it was the reason that he was standing in front of it, so George took Mo Yang and the others and slowly moved some places.

But what made George depressed to go to grandma's house was that as George moved, the evil gluttonous eyes also moved with George's movement.

"I'll stop it, fcuk, is he staring at me?" George frowned, and said depressed.

"It seems...it seems to be." Dao Twelve swallowed his saliva and nodded involuntarily.

"d@mn, three thousand, what did you do? How come this guy is staring at him? Look at his head, d@mn it, it's almost all assembled by dozens of football fields, this stuff... how... Play?" Mo Yang couldn't help but swallowed his saliva.

The guy in front of him was really terrifying.

Not to mention that these guys were trembling in fright. It was George himself, also sweating profusely. Although the true god was fierce, compared with this behemoth, there is no such thing as scary.

After all, the true god has a strong internal breath, this guy can scare a person to death just by appearance.

"What can I do? What can I have to do with a beast?" George was also very depressed.

There are two true gods, and now there is one more ancient evil glutton, let alone George, even anyone will be instantly big.

"Is it really going to die?" George said depressed.

On the other end, Ao Shane obviously discovered this, and the rash action just now was overwhelmed by a large group of his subordinates by this gluttonous tail. Now, Ao Shane is obviously not willing to suffer this loss again.

Besides, the situation is not stable now, if the rash shot attracts the attention of the monster, that is the blood mold, and it's okay to find something by yourself.

"Tell everyone not to act rashly." Ao Shane ordered.

Wang Shuzhi nodded, with a look in his eyes, he motioned Chen Datong to pass on.

The leader of Chen Da didn't dare to neglect, so he could only pass on quietly, so, quietly pass ten, ten pass a hundred...The

same is true on the top of the Blue Mountain , silently passing, for fear of shocking the giant in front of him.

Although the top of the Blue Mountain intends to protect George, at this critical juncture, it is natural to take care of himself.

George was already sweating on his forehead at this time. He tried to move, but...but the evil glutton also moved with his movement, and his eyes moved slightly.

“It’s really depressing, is it raining in the night? I thought that something suddenly appeared and messed up the situation. I could at least get out of it, but it became more and more depressing.” George thought. Depressed.

George is bitter here, but Ao Shane and the other group of people are happy and happy. They originally found a good excuse to clean up George personally, but unexpectedly wanted to get Cheng Yaojin out in the middle of the field. Someone did it for him.

“This George is really a d@mn person. If we don’t kill him, there are people who want to kill him. It’s really happy to think about it.”

“George himself is going to die. An earth waste depends on all kinds of luck. Hang up, now it’s a bad day’s backlash.”

“A person’s good luck will always be used up. How lucky you were in the past, you will be more unlucky now. This is the reincarnation of heaven.”

A group of Yi Ye Gucheng and Wang Xiaozhi The headed person immediately became cynic at George’s current situation and experience, and did not think about the evil or bad things he had done, and was embarrassed to call out the reincarnation of heaven.

If the way of heaven has reincarnation, this group of people may be the way of beasts in the next life.

“This evil glutton is such a huge body, grandpa, if this monster stares at George, I’m afraid George...” Lu Ruoxin naturally didn’t want George to be killed by the monster. For her, George is a chess piece now. The temptation for her was too great, and the man George made her heart throb.

“I don’t know what this evil glutton is capable of. This ancient beast, even me, has never fought against each other. It is only recorded in ancient books. But the records are always records, how many can there be? What about credibility? After all, how many people who have really seen it can come back alive? And those who can come back alive naturally disdain to write some records.” Lu Wushen shook his head, and he was also like the evil beast in front of him. At a loss.

But Yue was so at a loss, the more she dared not make a hasty shot.

“I just hope that this behemoth staring at George is just curious, not the kind of staring.” Lu Ruoxuan also sighed bitterly, shaking his head.

“This kind of hope is unlikely!” Lu Wushen shook his head.

“Why?”

“I suspect that there is a reason why George was stared at by this evil beast.” Lu Wushen frowned and said coldly.

Lu Ruoxin immediately understood what Lu Wushen was referring to, and asked, “Grandpa, what do you mean, the blood of the dragon in George?”

Lu Wushen nodded heavily: “Yes, the blood of the dragon is evil. Extremely heavy, naturally it is the treasure that attracts such evil beasts. I think, George, this time is over.”

Chapter 2364

“Hey!” Lu Ruoxuan suddenly sighed heavily.

Lu Wushen’s words did speak to the fundamentals, which made people unable to refute, and they were also the best choice for the truth.

Such a giant beast, naturally, it is impossible for anyone to actively provoke it, but George was targeted by this giant beast, so naturally it is most likely because of the evil spirit radiated by the blood of George Devil Dragon.

This is the only reasonable explanation.

“Then grandpa, we are going to watch George get caught by the behemoth...” Lu Ruoxin said rather unwillingly.

“Then is there any other better way?” Lu Wushen asked helplessly.

Without knowing the strength of this evil glutton, rushing out will only bring huge trouble to the top of the blue mountain. Once the top of the blue mountain is in great trouble, in the battle for hegemony with the immortal sea, they are equivalent to not Lost in the war.

Although George was important, Lu Wushen would never have lost the foundation of the Lu family to save him. After all, George’s existence was brought about by the Lu family, and it was by no means made the Lu family lose money.

“Three thousand, let’s take care of it?” Mo Yang swallowed again, although he was afraid, even though his cultivation was so low that he was just standing on the opposite side, the air pressure made him extremely uncomfortable, but Mo Yang did not flinch. , From the beginning to the end, he stood beside George.

George was also very depressed: "I don't know."

"This guy won't just stare at us like this, shit, I have goose bumps all over my body." Dao Twelve roared depressedly.

What's more uncomfortable than slashing the neck with a knife is dangling it in front of you.

"Definitely not." George directly shook his head and refused.

I have to ask why, because the gluttonous head at this time has moved!

"Roar!"

The huge mouth suddenly opened wide, and the mouth was full of all kinds of daunting fangs. Then, the entire huge body suddenly slammed into George.

"I'll do the fcuk, it's the fcuking coming for you." Dao Twelve yelled dejectedly, ready to do it with luck.

"Stay behind." George's face suddenly became cold, and his whole body was like a big enemy. With a sudden wave of his hand, a burst of energy directly wrapped the three of Mo Yang and pulled directly behind him.

"Skyfire Moon Wheel!" With

a soft drink, Skyfire Moon Wheel appeared!

"Incarnate outside!"

Om!

The eight golden bodies are fully present!

"Pangu Axe Formation... Forget it, just go straight to Pan Gu Axe."

I wanted to use more killer moves to fight against the enemy, but it was obvious that George was already exhausted at this time, plus the two gods of evil fighting and the three major The huge consumption of the family, and the defenseless two tricks of Lu Ruoxin, left George's body full of trauma and exhaustion.

This made George feel powerless.

"You are so clever, just stare at Laozi and do it, you fcuking!" yelled, George stopped talking nonsense, and the Badaojin body carried the Pangu axe directly towards the gluttonous greet who rushed up. Up.

"Roar!"

Evil Gourmet also seemed to feel the unusualness of the Pan Gu axe in George's hand, and suddenly let out a roar.

As he roared all over, the gluttonous glutton had hit the top of George's head. For a time, George felt that the anti-Buddha has entered the night. The monster's body is so big that it can cover the sky.

"Broken!" The

eight axes slashed together, and the blue light appeared between the Pangu axes, and the power of tearing the void directly blasted towards the glutton!

boom!

With eight axes down, even the extremely big gluttonous beast was instantly chopped into nine segments under the eight axe heads!

Everyone was shocked.

"

d@mn, George is so fierce." "d@mn, Pangu axe is indeed the king of all weapons. Even such a big beast can hardly match the power of the axe."

"No wonder the two true gods and so many masters have just and Han During the three thousand fights, no one dared to confront George head-on. Instead, they kept coming back. It turned out that they were all afraid of the power of the Pangu axe."

"Nonsense, the power of the Pangu axe, you think it's a joke. Is it true?"

"Although the Pangu axe is fierce, but this evil glutton is too d@mn fable, it was cut off by Georgeyi's axe. It's really worthless."

"Yes." Ah, what about ancient evil beasts, Chi You's incarnation, the legends are always legends, they are all unreliable bragging."

Seeing Georgeyi axe solve the battle, everyone can't help but sigh for Georgepangu axe. Yes, there are also people who are dissatisfied with this evil glutton's appearance and shock.

However, George did not dare to hold the Pangu axe with both hands. Is it really that simple?

Although George knew that Pangu axe was strong, it was definitely not that simple.

In the next second, George knew that his caution was not unreasonable. Almost at this moment, the nine-segment figure of the gluttonous body suddenly merged together to form a huge round object, without a head, but only one in the belly. Huge mouth!

“fcuk, he’s not dead!” George yelled anxiously, and at this moment, with a huge mouth, George wanted to run, but the huge mouth was too big to run. Running, I can only watch myself, being swallowed by the gluttonous mouth...
