

His True Colors Novel Chapter 2365 - 2367

The surroundings are pitch black, but in the pitch darkness you can vaguely see a strange gas in the surrounding air, which is completely hidden in the air. If you don't look carefully, I can't see it at all.

But on the contrary, if you look carefully, you will find that almost all the air here is filled with a lot of this gas.

"Where is this? Is this the gluttonous belly?" George frowned, and then he tried to transport energy and flew around me.

But even if he was tired from flying, he didn't fly to the edge of this space.

"D@mn, is this gluttonous belly so big?" At the speed of George, even if his energy is insufficient, but with the blessing of the body law, the speed is still very fast. Only for such a short time, George is in trouble Xiang estimated that it should fly from head to tail at least twice the distance.

But what was beyond George's imagination was that even so, he did not fly to the edge of the gluttonous belly.

Originally, George wanted to try again, but the energy of the dragon heart was not very sufficient, and it was very strange in it. After coming here, George's energy was constantly losing.

"fcuk, is it possible that I was really eaten by this gluttony, and then digested me into poop? No, the gluttony only eats and can't pull it. I'm not even worthy of it in the end?" George was extremely depressed.

If this is the case, it is really not very harmful, but it is too insulting, right? !

"Devil Dragon, if you are not dead, just come out." George didn't want to fly anymore. He sat cross-legged, his eyes closed, and the whole person entered a state of meditation.

"D@mn, you are too rubbish, you were swallowed directly by this evil glutton." The Soul of the Devil Dragon quickly responded.

"D@mn, do you want to try it? This thing suddenly appeared, staring at me to kill, went down with an axe, but he didn't expect that he would have nothing to do, but the backhand was just a bite. I didn't even have time to reflect." George depressed.

Although the reason for his carelessness is indeed in it, George must also admit that the ferocity of this evil gluttony is far greater than that of himself.

“The glutton of evil is indeed fierce. To be honest, although my dragon is a thousand miles away, I must be afraid of this thing by three points.” The soul of the dragon nodded.

“Then what should I do now? I mean, I don’t know enough about this stuff, so I don’t know how to get out of this predicament.”

“The problem is that I don’t understand either. I haven’t been swallowed by it. Ah. I just heard that this gluttony is actually transformed by the Qi of Chaos, and nothing else is known. “

The Qi of Chaos?

Could it be that those hidden in the air are the air of chaos?

“Chaotic Qi is the most primitive aura in the world, so it is extremely powerful. It can grow and swallow all things.”

George nodded suddenly. It seems that those auras are really chaotic auras, and they exist in gluttonous food. In his belly, everything is swallowed, and everything is turned into chaotic air, and this chaotic air continuously supplies gluttony.

So this gluttony can swallow the world, but never digests anything.

“I understand.” George nodded suddenly.

After understanding this explanation, George also understood why his energy was constantly losing in his stomach.

Even George can imagine what he will face when the energy in his body is lost.

That is, the body will also be melted by this chaotic air.

At this time, outside of Taotie’s body.

At the critical moment, Fu Mang and the others leaned on the Linlong to soar into the sky, avoiding injury and losing their lives in time. However, Linlong was not healed from his injuries, and this time he took a lot of people with him. After only holding on for a moment, he crashed on the ground.

But fortunately at this moment, Linlong also flew out not far away, at least let the Fu Mang group temporarily get out of trouble.

“fcuk, this D@mn dog place, we didn’t find Amelia, but we found the ancient fierce beast. You said, are we unlucky or lucky?” Fu Mang cursed dejectedly.

After tossing for so long, I didn't find Amelia, but I came across such an unlucky thing. If Linlong hadn't reacted quickly enough, they would have to die here today, and it was a very thorough kind.

But just when Fu Mang had just finished vomiting, on the other side, gluttonous chirp chirped his mouth, but did not choose to chase the group of people who fled in panic, but turned his head contentedly.

Although Fu Mang and the others were far away, they were in the same direction after Taotie turned their heads. A group of people immediately stood upright, and Fu Mang's remaining complaints just stuck directly to Fu Mang's throat.

"fcuk?! Didn't you look at us?" Fu Mang swallowed his saliva quickly, and said in shock.

Is it crazy? So many people over there don't chase them, they just stare at a group of them to make hairy.

However, staring was always staring, even if Fu Mang was scared, he had to take up his weapon and trembling to make a defensive posture.

But at this time, the gluttonous front paws bend slightly, making a charge posture.

Roar!

The gluttonous huge body suddenly shoots out!

When the gluttonous figure moved, the huge body even caused the surrounding scorched dust to billow.

Fu Mang's body suddenly stiffened, raised his arms, closed his eyes, and felt his toes tighten.

brush!

An indescribable smell and wind blew, but there was no harm. When Fu Mang opened his eyes again, let alone whether the glutton attacked them, this promised piece of scorched earth, where could still see the shadow of glutton.

"Then... where's that guy?" Fu Mang was undecided, looking around, and said in a panic.

Fu Li and the others shook their head helplessly. Just when the evil gluttons rushed, she, like most of them, closed her eyes in fright and waited to die, her body just subconsciously made a stiff defensive state, how could I see this? Where did the gluttonous food go!

“This person has left voices, geese have left hairs, and such a big body, has disappeared without a trace in an instant?” Jianghu Bai Xiaosheng was also very surprised.

For this situation, obviously unheard of, unseen.

“I saw it.” When everyone shook their heads to indicate that they hadn’t seen it, the poetry on the side spoke up.

“Did you see?” Fu Mang suddenly turned his head back nervously and eagerly, looking at Shane Yu.

Like everyone else, Shaneyu was also very scared when Taotie rushed towards her, and her body subconsciously made a stiff defensive movement, but she did not close her eyes.

But because she didn’t close her eyes, she saw what others didn’t see.

“It just jumped and flew into the air, and then...then disappeared.” Shane Yu said startledly.

Fu Mang’s brows frowned suddenly: “Flying into the air, disappeared?” As he said, Fu Mang raised his head to look at the sky, but the sky was very normal, and there was nothing unusual.

“It’s not missing, but...” Jianghu Bai Xiaosheng suddenly thought of a possibility, and then he lowered his head and asked poetry: “After it jumped into the air, its head disappeared first, then its body, and finally its tail... I mean, it disappeared like that from beginning to end, rather than the whole body disappeared at once.” The

poetry was

surprised : “How do you know?” Jianghu Baixiao breathed out, surprised in his heart: “That’s not disappearing. But to tear the void, space jump.”

“Break the void, space jump?” Fu Mang frowned.

“Yes!” Jianghu Bai Xiaosheng nodded: “That’s an extremely fast speed that can shuttle and jump in space.”

“It’s so big, but it moves so agile? Isn’t that too abnormal? A little bit?”

“No wonder there was a master who was swallowed by the three big families just now.”
A

group of people looked at each other and were about to say something. At this time, far away in the swamp forest, At this time, the fire was rising, and the shouting and killing shook the sky.

Under the leader Shanep of Mo Beitian and others, the Demon Clan's First Palace and Second Palace did not leave, but instead set up an ambush in the original swamp forest.

Obviously, the ambush that the people of the Demon Race had given up was re-established, somewhat because this group of people indirectly killed their rare talents of the Demon Race.

The three big families have been frightened by the gluttonous gluttons, and when they fled in a hurry, they never thought that there would be an ambush. Time was in chaos, and the people who were killed were extremely miserable.

"Haha, what a fcuking beautiful job!" Fu Mang suddenly burst into laughter. Someone could clean up the Medicine God Pavilion and the Immortal Sea for himself, and take revenge on George. Fu Mang was naturally in a great mood.

At this time, it was at the other end.

In the gluttonous belly, George sat and rested for dozens of minutes.

However, for George, these ten minutes' time is just like a year.

The lack of energy in the body is like the evaporation of water under high temperature, which is continuously lost from the body, and the heart of the dragon race even completely dried up in George's body.

What worries George more is that what he was worried about still happened after all.

When the energy disappeared, the chaotic air hidden in the air began to corrode George's body again.

Today's George felt that his whole body seemed to hurt everywhere, and he reached out and touched it, only to touch his body as soft as mud, and there was a lot of mucus on his fingers.

But when I lower my eyes, these slimes are not the others, but the flesh and blood on my own body.

He is like an ice cream, his body is melting fast.

"If this continues, I will have to be completely digested by this guy in less than five minutes. No, I must find a way." George thought of this and hurriedly transported energy to try to resist.

But all the energy in the body had been consumed in the war long ago, and now the last bit of gluttonous gluttonous belly has been squeezed out, which is really useless.

"Fcuk, what should I do?"

“If I do n’t think of a way, I’ll have to die here!”

“A dead horse is a living horse doctor!”

“Fcuk!!” The voice fell off, Han Three thousand moved.
