

# His True Colors Novel Chapter 2371 - 2373

## Chapter 2371

The sudden great change caused the old man to frown and his hand moved slightly, and a burst of energy was directly wrapped around the gluttonous body, but when the energy hits the gluttonous body, the old man suddenly brows. Big wrinkles.

“This kid... you...” The

old man stared at the energy wrapped in the gluttonous body in a daze. What is unbelievable is that even the energy he put on the gluttonous body is also in a state of separation at this time, and is constantly being affected by the gluttonous inner body. absorb.

“Do you even want to absorb the energy of the

old man ?” The old man was angry and amused, and suddenly stopped, then he took the energy off, and then frowned, as if thinking about something.

For a moment, he suddenly smiled.

“You kid is really interesting, even I deceived it.”

“I have never heard of it, I have never seen it.” When

using the energy of the gluttony itself, George was right. The absorption of energy has gradually evolved from being barbaric at the beginning to an absorption that is integrated with gluttonous food. This way, the absorption is faster and the absorption is more concealed, so that the old man himself does not even notice any strangeness.

It wasn't until the gluttonous body's energy had been consumed too much and a physiological reaction appeared over time that the old man felt wrong.

“What's the difference between you kid and that blood-sucking roundworm?” With a

light smile, the old man's energy hit Glut's body again. After a while, Glut's whole body couldn't help but shook slightly.

At this time, George

in his stomach... After seven long days, experiencing extreme pain and healing comfort, George was already completely greedy and immersed in the sense of “stealing” energy. Can't extricate himself for a long time.

In the huge belly of the gluttonous, although not as abundant as the aura in the Eight Desolation Book of Heaven, and the environment is not as sunny as that, there is nothing left here except the boundless darkness.

But fortunately, with the company of Mo Yang and others, at the same time the amount of Chaos Qi is not enough, but the quality comes together. Compared with the spiritual energy in the Eight Desolation Book, the Qi of Chaos is purer and thicker.

To a certain extent, the aura of chaos to defend against Buddha is like the most primitive power, while the aura of the Eight Desolation Book of Heaven belongs to a certain branch in comparison.

Considering the cultivation base of Mo Yang and others, George used the Chaos Qi he had absorbed to protect the three of them early. George, who has no worries, has been the same since then, unable to stop absorbing.

In seven days, the heart of the dragon race was pretended to be how many George hadn't read it, but it is certain that it was far more than what was pretended in the Bahuang Tianshu.

That is to say, the aura of chaos is not as good as the aura of the Bahuang Tianshu, otherwise, for such a long time, George felt that at least it could absorb more than ten times what he had previously absorbed in the Bahuang Tianshu.

This is indeed a pity and a flaw.

“Haha, child, insatiable greed, it may be counterproductive.” At this moment, a hearty laughter suddenly came from around George.

That is to say, people have quality, otherwise you will scold Han three thousand times. Why have you stole so much Chaos Qi and are still here and there? !

“Who?” George frowned. Although he didn't open his eyes, his consciousness was released.

But obviously, in the surrounding dark world, apart from the three of George and Mo Yang, how can there be anyone else? !

“Are you gluttonous?” George quickly reflected. In the next second, George smiled: “Is this called insatiable? This thing almost killed me, so that it does not harm others, so I decided to let it harm me , So I sucked him. This is called saving sentient beings and caring for the world.”

In George's eyes, this is a gluttonous voice, so naturally he must be mocked.

After all, George almost died here.

“It’s not ashamed to talk about chaos.” The voice smiled, full of helplessness and wry smiles.

Regarding George’s fallacies, it is obvious that the other party really does not know how to talk to him.

“Truth is only in the hands of a few people, you can’t understand it, and I can’t help it.” George’s sharp mouth is sharp, he has never seen such a bad person, and counterattack is natural and straightforward, but George is not willing to quarrel sometimes. That’s it.

“You can use the Qi of Chaos that can kill you thousands of times for your own use. You are indeed smart enough and capable. With a sharp tooth and a sharp mouth, you can naturally play well, and the old man does not want to talk nonsense with you. However, you I stayed here for seven days. Isn’t it time to come out?”

“Sorry, I have a problem with my son , that is, I always only do what I like and don’t do what I don’t like. Seven days ago, I am eager to get out of here, but now...”

George sneered: “I’m sorry, there is an old saying that is good, if you come here, you will be at ease. After these seven days, I have adapted to this place, and I still feel that it is here. It’s very comfortable and able to cultivate. It’s dark and dark, and you don’t need to turn off the lights

when you sleep.” When he was experiencing life and death, the other party didn’t think about letting him go out. Now that he has passed this level, there is no such thing. Let it go so easily? !

“But if you don’t go out anymore, my little glutton will have to be sucked alive by you.” The voice laughed.

Naturally, this voice is exactly the voice of the old man outside.

“Are you not gluttonous?” George frowned.

“Naturally not.”

“Then I won’t go out, if it dares to eat me, then what does it matter to me if it doesn’t die?” After that, George added: “By the way, I might be more happy if it died. ! ” “

little friend, you are mistaken, it is not to eat you, but just take you to see me nothing. “the old man helpless smile.

“See you? Who are you? Do I know you?” George asked.

“Although you and I don’t know each other, the fate is destined. There are inextricably linked between you and me.” The old man said.

“...” Hearing this, George felt inexplicably cold on his back, how could he say a kind of basic state alive?

“I let it bring you here, can you come out now?” the old man smiled.

“That’s not going out.” George shook his head and said, “How do I know if what you said is true or false? Now it can’t hold me, naturally you can say anything. When I was about to be digested, Why didn’t I see you come out to help me? Did this still tell me to see you?”

“This is indeed caused by the old man’s momentary curiosity. I want to see it. This opens up the trapped dragon mountain and swallows the dragon’s People of blood fate, what is so brilliant, if it makes you unhappy, the old man Gui Yuanzi would apologize to you, how?”

“Fate? Sleepy Longshan?” Hearing these keywords, George suddenly Brows frowned: “Are you... the trapped fairy in the fairy valley?”

## Chapter 2372

The old sweeper once said that the sleepy fairy valley got its name because it was trapped by the immortal, but this person kept saying that he opened the sleepy dragon mountain and swallowed the blood of the devil dragon.

Therefore, only this person who is related to Kulongshan would say such a thing.

As for the person who can be related to Kunlong Mountain, George thought about it, but he could only be the Sleepy Valley Immortal in the Sleepy Immortal Valley.

In addition to the abnormal changes in the sleepy fairy valley, and his vocal call of evil gluttony, this vicious beast called Xiaoglutiao, everything seems to prove George’s conjecture,

“You are very smart, just through my few words. Can guess my identity.” The old man did not deny it at all, and generously admitted his identity. “Then you can come out now?”

“Since it’s Senior Guiyuanzi, George dare not refuse, but how do I get out?” George said.

“You just need to close your eyes and let everything go, and the old man can send you out.”

“Wait a minute!” George waved his hand suddenly, and when Gui Yuanzi was puzzled, he said in embarrassment, “Can you take it? I send it out of my mouth, I don’t want to...”

“Hahahaha! You kid, monkey spirit monkey spirit, close your eyes and let go.”

George closed his eyes and felt empty in his heart, and only a breeze was blowing. When you open your eyes, your body is already in nothingness. The surrounding air is colorful, bright and flickering, and very illusory.

Mo Yang and the three also came out together, stepping on the void, and looking around with surprise and curiosity for a while.

“George, where is this? I rely on, curious fantasy.” Dao Twelve, who had never seen the world before, couldn’t help but shouted at George in surprise.

George didn’t speak, and looked around with his eyebrows. This place was definitely not a reality, but it seemed illusory and not illusion, quite magical.

“This is between the emptiness, the location, probably... it’s probably a certain area under the trapped fairy valley.” Gui Yuanzi explained softly.

“Underground? Are we underground?” Mo Yang asked incredulously.

What is stepping on is the void, and there is a vast abyss under the emptiness of defending Buddha. No matter how you look at this kind of place, it looks like it is in a certain field in the sky. To say that it is underground, it is a bit too inverting people’s common sense.

With Gui Yuanzi’s explanation, George focused his attention on him.

Wrapped in white clothes, immortal wind and bones, the only strange thing is that his shoulders are high, which looks a little awkward.

“Oh, don’t be surprised.” Gui Yuanzi felt George’s gaze, and when he moved his hands, his hands immediately turned into two withered vines.

“My hands have turned away from the shackles of the gods. I lost my hands, so naturally I will use these two dry vines instead.” After Gui Yuanzi finished speaking, the dry vines turned into two arms again.

Everything was only between the swings of his hands, almost as if nothing happened.

“Sorry senior.” George said respectfully, feeling sorry for his curiosity.

“Anyone is so rude, you really need to apologize, but you don’t have to, little friend. In other words, I should still be grateful to you, otherwise, I don’t know how long I will sleep here.” He smiled softly. “By the way, what’s your name?”

“George!”

“Well, George, a good name, with meaning.” Gui Yuanzi smiled softly: “The leader is also a handsome man. The hero is worthy of being a young man. . .” “

come and sit down. “owned by Motoko patted his place beside it, indicating South Korea three thousand sit up.

George hurriedly waved his hand: “Senior’s intention, George has taken the lead. But...”

Obviously, George had many questions in his mind.

However, as soon as George’s voice fell, an invisible force had gently pushed him towards Gui Yuanzi and sat down.

Gui Yuanzi smiled lightly and looked at George. Then, he gently put the old hand on George’s hand. The old hand didn’t feel any discomfort, except for the slight coldness. Let George not think that it was a hand made by dry vines.

“Sure enough, he is the chosen one.” Guiyuanzi smiled with satisfaction: “It is worthwhile for the old man to wait so many years to fuse the blood of the dragon and swallow the chaos for his own use. Three Qian, let me ask you if you are willing to worship me as a teacher and learn what I have learned throughout my life?”

George frowned, and said in a hurry, “Senior, George is naturally willing, just...”

“It’s just you and me .” Between, but one side?”

“Yes.” George does not deny that although George has experienced several wars and increasingly discovers the fact that his skills are poor, George is by no means the kind of insatiable person. Learn something when you meet.

Inhaling the chaotic air was just because the chaotic air in the stomach of Taotie tried to kill George.

Guiyuanzi laughed, stood up slowly, and smiled softly: “Three thousand, you and I are indeed bound by one side, but the relationship between you and me is destined by heaven. Do you know this? ? “

.” God can not be violated. “

hearing this, Han suddenly frowned three thousand, the people who have not owned by Motoko understand what he meant, suddenly could not help wonder said:”? God “

## Chapter 2373

“Many years ago, the magic dragon crossed the world and caused misfortunes for the common people. At that time, as the true god, I combined with the other two true gods to unite the powers of the eight directions and fought the magic dragon seven times. Seventy-nine days. In the end, at the cost of the fall of two true gods and the death of tens of thousands of masters, we succeeded in trapping the dragon in the trapped dragon mountain.”

“After that, in order to keep the dragon trapped here forever, I used both hands. Bone tempered the shackles of the gods, locked the dragon’s muscles and bones, and kept him trapped here forever.” “But these are things that everyone knows.”

After finishing speaking, Gui Yuanzi was full of distress.

The battle to seal the magic dragon obviously did not end there. Guiyuanzi should have fallen to the grave just like the other two true gods, so that he could inherit it.

But at the critical moment, Gui Yuanzi discovered that although the dragon was trapped, its blood, full of the power of the evil spirit, was not sealed. They penetrated the ground, and the surrounding hundred miles were full of scorched earth.

In order to prevent this from happening, Gui Yuanzi sprinkled the blood of the true god to create this trapped fairy valley and curb the spread of the blood of the magic dragon.

But at the same time, Gui Yuanzi was trapped here.

The magic dragon was relieved, naturally, Gui Yuanzi was also released.

“No wonder, when you wake up, Sleepy Immortal Valley will no longer exist!” George nodded clearly.

“The blood of the devil dragon keeps everything from regenerating, but the immortal valley is full of vitality. This in itself is the opposition. Secondly, I also hope to leave this piece of green soil for future generations to have a rest and rejuvenation when they attack the devil dragon. The place.”

“So that’s it!”

“But, what does this have to do with you and Three Thousand Heavenly Fate?” Mo Yang asked strangely.

“After sealing the dragon, I bloody the oasis, and my soul was trapped, but it was still difficult to stop the spread of the dragon’s blood until one day, this little guy came.” After that, Gui Yuanzi looked at him lovingly. The gluttonous glutton who had been thinned by George for several times.

Guiyuanzi didn’t know where the gluttonous glutton came from, and why he came. He only knew that this guy was here to help him, and because of him, Sleepy Fairy Valley could truly and perfectly contend with the blood of the dragon. , In order to formally stabilize here.

“This little guy doesn’t speak, but he gave me a message when he came.”

“Many years later, someone who is chosen must come to lift the seal of the dragon.”

“I have waited for thousands of years, but I am not. Clearly, if it wasn’t for the gluttonous beast, I would think that the message was just a fool. It was nothing more than someone thinking that I would continue to grit my teeth and seal the dragon.”

“But today...George, you made me change my mind. At the same time, I also have to sigh the message that Xiao Taotie brought.”

“The incident about Dragon Mountain happened hundreds of thousands of years ago, that is to say, hundreds of thousands of years ago, someone expected today? Is it so magical? “Mo Yang couldn’t help but said strangely.

This is also very strange to George.

Even if someone could tell the prophet, it would be incredible to know what happened hundreds of thousands of years later.

You know, hundreds of thousands of years ago, George didn’t even say he was born or not. At that time, he didn’t even have a score. However, at this time, someone accurately calculated...

Isn’t this evil enough?

“D@mn, what kind of sacred is the person who knows this?”

“Yeah, it’s too bad to know everything hundreds of thousands of years from now?”

Dao Twelve and Liu Fang also looked at each other.

“It’s also so wonderful, so I have to doubt that this is God’s will. What’s more, what kind of cultivation is it for a person who can make an ancient behemoth like the evil gluttonous obediently obedient?” Gui Yuanzi also sighed. Screamed.

As a true god, he may not be able to have such power. He may be able to investigate things after a hundred years and thousands of years, but it is absolutely impossible to investigate things after tens of thousands or even hundreds of thousands of years.

Obviously, the opponent’s power must be higher than him, even...even more than him.

“This evil glutton is an ancient fierce beast, but that person can control the evil glutton, how strong is his own strength?” George frowned and murmured.

This can’t help but make people extremely puzzled.

Who is this person?

Is he the kind of strength that George and others have guessed? !

Or, for hundreds of thousands of years, he has also let the flow go and has already fallen...

“No matter who he is, in that message, he has explained everything now. He said that there is a bond between you and me. You want me to teach you the life-long exercises, and besides, you also release me from the trapped immortal valley. Regardless of reason or reason, you and I should have this fate. Three thousand, are you willing?”

“Three thousand , Since it is the fate of heaven, Senior Guiyuanzi also intends to pass you on, you can agree to come down.” Seeing George hesitating, Mo Yang hurriedly said.

“Yes, three thousand, God’s will not to be violated, not to mention, this has been set hundreds of thousands of years ago.” Dao Twelve also quickly persuaded.

“Three thousand, maybe the devil dragon was born for you, everything is cause and effect, you can agree.” Liu Fang also persuaded.

Everything is cause and effect? The magic dragon was born because of himself?
