

His True Colors Novel Chapter 2374 - 2376

Chapter 2374

There are some things, think carefully.

If the dragon came to the world because of itself, the cause and effect of all this will directly pull the timeline back hundreds of thousands of years ago.

This timeline is too scary, right? !

What's more, what kind of shocking situation will the hundreds of thousands of years in the world be like?

All of these are extremely huge problems, filling George's heart.

And every huge problem, even a shocking thing, really makes people unable to extricate themselves for a long time.

"George, you talk." Seeing George kept silent, Mo Yang was naturally anxious.

For him, of course, he is a good brother who can't ask for what he can learn and learn, constantly armed and strengthening himself, and reaching the peak of life.

"Yeah, a rare opportunity, three thousand, you can't miss it." Dao Twelve was also quite nervous.

For a long time, George sighed and shook his head helplessly. He glanced at the twelve swords full of expectation, then glanced at Mo Yang, Liu Fang and Gui Yuanzi, and smiled bitterly: "What you mean is to accept that. Human arrangements? Or, the so-called providence?"

In fact, it was precisely because the arrangements were made in advance that George was even more reluctant.

"If you want to resist, you must first know who the other party is." Mo Yang said softly.

George does not deny this point, it is true.

"Together with the identity of the other party is good or bad, it is not clear whether it is a man or a god, and rash rejection and resistance may not be a good thing for us."

"In other words, your acceptance may be within his expectations, but your rejection Maybe he had arranged it a long time ago?"

Mo Yang's words left George speechless.

“Yeah, George. If you come, you will be at ease. Some things you don’t understand will sooner or later, but we will at least live to that time, won’t we?”

Nodding heavily, George raised his head and glanced up. Gui Yuanzi: “If you don’t dislike me, I’m willing.”

George didn’t want to think about other things. He only wanted to regain Amelia if he had enough strength in front of him.

“You and I have a destiny, what is the so-called dislike and not dislike? Besides, your performance has already conquered me. It would be a good thing to have an apprentice like you for the rest of my life.” As

soon as the voice fell, he returned to Yuan. Zi’s hands suddenly moved, and immediately after George’s whole body turned slightly, Gui Yuanzi suddenly patted his hands directly on George’s shoulders.

“I’m telling you that the Heart Sutra of Earthfire, the so-called Heart Sutra of Earthfire, you can use your energy to create an enchantment, in this enchantment, the fire will burn indefinitely, and the enemies in the enchantment will be affected by the fire of hell. The devouring, the rapid loss of cultivation base and defense, and what they lose will be spread to you by the ground fire, one after the other.”

“I will teach you the eight-way thundering technique again, which can lead the nine-day thunder dragon to come to the world. , Cooperated with the Heart Sutra of Earth Fire, will surely attack the world and invincible.”

“Finally, I will teach you a set of my lifelong skills, the Seventy-two Way of Swordsmanship.”

“Close your eyes, I will teach you, accept, I speak. , Listen!”

“Yes!” George nodded, and then obediently closed his eyes.

In the next second, he suddenly felt that countless gods suddenly poured into his body from behind, and at the same time, countless images instantly invaded his mind.

In these pictures, most of them are some very dazzling scenes.

Either the fire burns endlessly, or the thunder dragon travels for nine days, or Gui Yuanzi dances his sword heroically, the sword is like a dragon, and the sword is like a tiger...

There are also some strange runes, and all of them. It was put into George’s head, so much information that George couldn’t digest it one by one at a time.

What followed was a wave of energy coming from behind George.

“Fcuk!”

Bang!

And outside the swamp forest, although the immortal sea area suffered extremely severe losses, fortunately, the true god Aoshane sat in battle. After several battles, the immortal sea area and the Medicine God Pavilion finally broke through in an ambush.

Tens of thousands of disciples were killed in battle, and nearly half of the disciples were injured. Naturally, there were good things done by George, as well as the result of a sneak attack by the demon disciples in the forest swamp.

But for the Immortal Sea and the Medicine God Pavilion where the true gods are sitting, this result is really unbearable.

Aoshane scolded each other angrily, and everyone around him was like an eggplant. Not only did his face look extremely ugly, but he also showed no color.

No matter what, at the top of the Blue Mountains, at least a god's yoke was finally caught, which is also a great fortune in misfortune. For the immortal sea, tossing for a long time, it took the boss's energy, but in the end there was not even a hair. Their share, how does this make them not annoyed, how not to be angry? !

However, everything, with George being gluttonously swallowed into his stomach, could only temporarily fall into this.

This wave of mutual show between them and the top of the Blue Mountain itself is to contain each other and coexist with each other. No one wants to win each other to George. If you want to win, we have to kill, and vice versa.

Now that George is gone, or he is not sure whether he is gone or alive, after all, no one wants to provoke him because he is so evil.

At the very least, who doesn't want to be the early bird in a situation of restraining each other.

“George is wanted for me.” Aoshane shouted coldly.

“Old Ao, George has been swallowed by gluttonous stomach...” Wang Changzhi wants to say that George has been swallowed, and going to want him again, isn't it the same as having nothing to do? It's just that he didn't dare to say this to Aoshane.

“What about swallowing the belly? You still have less of his body? That kid can even come out of the endless abyss, even me and...” In the second half of the sentence, Aoshane did not say that George even had him and Lu Wushen can carry it, what the hell can't he do? “I want to see a corpse when I die, and I want to see people alive.”

“Yes!” Wang Suzhi nodded, and then ordered, “Keep it down, no matter what the price you pay, you want George’s corpse to die, and you want to live.” George’s people.”

“Yes!”

Aoshane took a sigh of relief when he heard the order from Wang Suzhi to go down, and sighed: “The top of the Blue Mountain doesn’t know what handle George holds. If George is alive , It must be trouble.”

“Besides, the people of the demons dare to attack us for him. If George is alive, or for the use of the top of the blue mountain, or colluding with those demons, tomorrow , It must be to raise tigers for trouble, not to keep them.” Aoshane said with a cold snort.

“Grandpa, the old Futian wants to see you.” Ao Yi walked over at this time and said softly.

“Does the Fu family still have the face to see Elder Ao? Just now they were attacked by the Demon Clan, and everyone cried and called their mothers, just like each other, let them go out.” Wang Suzhi said angrily.

“No, let him come over, I want to see what he wants to say.”

Chapter 2375

Aoshane said . Although Wang Changzhi was depressed, he still had to nod his head and greet his subordinates to bring Futian.

Futian was extremely embarrassed, and everyone involved in the demon clan’s raid was panicked, not to mention that the Fuye family are now in the same scattered sand.

“I have seen Mr. Ao.” Futian said respectfully.

“Haha, what’s the matter, Futian, I was scared to pee just now, now come to pray for God’s peace of mind?” Wang Wanzhi sneered.

Futian looked embarrassed, but he dared not refute.

“To be frank, I don’t have much time to waste on waste.” Aoshane glanced at Futian dissatisfiedly and said with disdain.

“Okay.” Futian nodded: “I want Lao Ao to give me five thousand elite soldiers.”

“Joke, Futian, you are afraid that you are scared by the demons. You can help your family to run to our Immortal Seas and Yaoshen Pavilion. Want someone? If you are really scared and can’t find anyone, go find beggars on the street, or ask you to help the women of the Ye Family to go out to hook up with more men, so that you don’t have to add more people. “Wang Suzhi said coldly.

As soon as this was said, everyone couldn't help laughing.

Aoshane also had a slightly frivolous face, and smiled: "Why do you ask me for a soldier?"

"With our mutual cooperation, but also with George." Futian put his face in his pocket, no matter how others laugh. Quietly, just showing respect to Aoshanedao.

"George?"

"Yes, Old Ao, if George is not dead, I am afraid we can only be more valuable to you!"

"What's the solution?"

"George was threatened by Lu Ruoxin, believe this, Ao Did you see it at that time?" Futian saw that Aoshane was really interested, and a smug smile suddenly appeared at the corner of his mouth.

Aoshane thought for a long time and nodded: "Yes, so what?"

"As far as I know, the three people Lu Ruoxin put today are George's friends in the world."

Regarding this point, when George was still in Xuanyuan World, Futian had helped his family to assassinate George in Xuanyuan World, and naturally he also had some basic knowledge of George's in Xuanyuan World.

"So what?"

"George has a lot of love and righteousness, so you have also seen that for the sake of three very low-level trash friends, George can even give up resistance and let Lu Ruoxin attack."

"Yes! Aoshane was also extremely surprised at this point, and even disagreed with George's approach.

The so-called big things are not limited to the trivial, but this George, willing to be three wastes, almost gave up the good situation, this is really not the general style.

At least, Aoshane thinks so.

"So, it is enough to show that these three people can threaten George." After speaking, Futian nodded when seeing Aoshane, and then continued: "Then what I want to say is that it is such an important bargaining chip, Lu Ruoxin. but without reservation to South Korea three thousand, three thousand and South Korea in getting these chips, not only he did not retaliate, even if the core land even further next threat, you thought about why? "

this is, indeed Aoshane has been thinking about it all the time, but until now, he has not figured it out.

“I suspect that Amelia is in Lu Ruoxin’s hands.”

As soon as these words came out, like five thunders, a group of people were shocked!

“Futian, do you mean that Lu Ruoxin took Amelia?”

“This is impossible. The matter of Flint City was conspired by me Yaoshen Pavilion and Flint City Zhu’s family. It is impossible for others to know, let alone say. Amelia is cut off.” Wang Chuanzhi immediately denied.

“But it happened, didn’t it?” Futian said coldly without any fear, “Or, in other words, the mysterious person who told you Amelia’s whereabouts was Lu Ruoxin?”

Futian asked, let all People are pale and unimaginable.

But it seems to think about it carefully, and it seems to be the most logical.

When Flint City was intercepted halfway, the person who intercepted must know the news, and the one who could intercept someone from Flint Zhu’s house must be a master. Lu Ruoxin is also quite consistent with this.

“Perhaps, this is Lu Ruoxin’s situation at all. Using Amelia’s disappearance to provoke a conflict between us and George, she was reaping the benefits of the fisherman. This is indeed something she can do.” Gu You echoed the road at this time.

“Furthermore, Futian is right. Lu Ruoxin can easily give way to such a good bargaining chip, and she must also have a better bargaining chip in her hand. For George, the best bargaining chip is Amelia.” You made a sound, and others followed.

Many people also nodded in agreement. Obviously this possibility is more recognized by many people.

Aoshane’s head was also lightly clicked, and Futian, if you analyze it carefully, it is indeed normal. Lu Ruoxin’s hand holds the bargaining chip, it is very likely that Amelia is the bargaining chip.

With her cleverness, it’s normal to play some tricks with one stone and two birds.

Therefore, at this time, Fu Jia may not necessarily be a mouse crossing the street, at least in terms of Aoshane and Yongsheng Sea, there is still a little value.

“Okay, Futian, our cooperation will continue, but you ask me what is going on?” Aoshane frowned slightly.

Chapter 2376

“I want to send someone to the land of the trapped dragon to continue to inquire about the whereabouts of George, and at the same time, send soldiers to the top of the blue mountain to inquire about the whereabouts of Amelia.” Futian respectfully said.

Aoshane nodded with satisfaction: “Five thousand is too little, I’ll give you ten thousand.”

“Thank you Ao Lao.”

“If there is a half-minute news from Amelia, please notify me immediately. If you need reinforcements, you can always find Wang Suzhi to deploy. “After that, Aoshane glanced at Wang Shuzhi, and said, “Zhuzhi, do you understand?”

“Yes!” Wang Shuzhi replied depressedly, and Wang Shuzhi was very upset.

He has worked so hard to grab the position from the Fu family, but now Futian is relying on flattering to sit on an equal footing with him, and his heart is naturally quite dissatisfied.

Help conceal his day was lighted up, excited: “Thank you Ao old!”

“You go on, or the old rules, I’ll give you a month’s time.”

“Yes!”

After receiving life, Fu-day summit fart fart go on top of the For him, today is bound to be a big ups and downs day, but fortunately, this big downfall ushered in a big upswing.

With Aoshane’s dispatch of troops, his Futian is naturally different from the past. Whether it is in the Fu Ye family or in the rivers and lakes, his position will be improved abruptly.

In fact, he has forgotten that sitting on the son-in-law of George, he could have been carefree and sit back and enjoy his achievements, but he ruined everything himself, and now he is complacent with the little sweetness of being licked back by the dog.

People who are ridiculous must be hateful.

“Lao Ao, do you really believe in the old dog of Futian?” Wang Huan was unwilling to wait for Futian to leave, and immediately persuaded him in a hurry.

Aoshane smiled: “As you said, it’s just a dog. Can a dog make the house poor? It’s not a bad thing to give some bones and look at the door.”

“Yes!” Although Wang Suzhi smiled. , But the teeth are clenched.

George let the tiger go back to the mountain, the more trouble he got, and now many old dogs are coming to grab food, he is really depressed.

However, Wang Chuanzhi's depression is still to come.

After this battle in Longshan, the deeds of George Lidou Shuangshen quickly spread in the world of all directions.

Being able to fight against the true gods is one of the gimmicks, and being able to beat two is even more shocking.

And this legend is getting stronger and stronger. Given the spread of the people from the rivers and lakes, it is naturally inevitable to boast and exaggerate. George Lidou is the second god, and it is said to be a god.

Either satisfying the inner fantasies of many civilians and ascetics, or having a down-to-earth birth deeply rooted in the hearts of the people, George has completely become the uncrowned god in many people's hearts.

Many people sighed that if George were alive, he would definitely do a career with him, and at least live up to his life.

But apart from sighing, he regretted George, who died young, and ended up being swallowed by gluttonous food.

But there are also people who believe that George will be able to create miracles like before, because he himself is synonymous with miracles.

This is true in the world, and the same is true in the demons.

Despite being in a bitter and cold place, the demons have been suppressed all the year round, so most of the demons are low-key and low-spoken. People with lofty ideals are just hardworking, hoping to recover the demons one day.

But just after Mo Beitian and others returned, the demons also boiled over.

Not only was the Second Hall sneak attack successful, it was inspiring, but also because Mo Beitian described the scene of the new generation of Demon God George.

Under Mo Beitian's description, the battle was as if they were there in person, and my heart is even more looking forward to one day in the future, under the leadership of George, the Mozu will not say counterattack the world in all directions, but at least it is inevitable to raise its head and behave of.

"Han...George is still alive?"

In a small place in the border town closest to the land of the trapped dragon, when Fu Mang and his party heard these rumors when they were resting in the inn, they were immediately excited, but at the same time extremely regretful.

“The person that gluttonous food swallowed turned out to be George! We...we were all looking stupidly at the time.”

“No, poetry, you are the last person to see gluttony’s whereabouts, you take us Go find him.”

“Even if you are fighting with gluttonous food, I must let him spit out George to me.” The emotionally recklessly, if not under the pull of several people, I am afraid that I will directly charge. I went out to find George.

“Fu Mang, calm down, even if you find that gluttony, are you his opponent? Besides, how to find that gluttony in the vast crowd.” Jianghu Baixiaosheng said.

“Then what should we do? Watching him die?”

“I want to go to Sleepy Immortal Valley and see again. If you want to go, you better not be so impulsive!” Jianghu Baixiaosheng said.

Fu Mang gritted his teeth, glanced at Jianghu Bai Xiaosheng, and finally nodded heavily.

At this time, George, in the void, his body was already shining, his face was solemn, sitting firmly on the stage, like an old monk, extremely calm.

On his back, a pair of withered vines was pressed tightly on it. Gui Yuanzi had already transformed his hands into his original shape. At this time, the light on George turned around, and the whole person could not help but immediately said with joy: “George, you are already on fire. to make!”
