

# His True Colors Novel Chapter 2389 - 2391

## Chapter 2389

In the

next second, the fat man suddenly slapped Chen Shimin with his backhand.

This slap made the fat man merciless. The big fat palm slapped Chen Shimin's face directly like a shovel. After a while, half of Chen Shimin's face instantly lost his intuition, and his whole body felt a strong strange force. Directly and fiercely, he was directly beaten on the ground by a strange force.

“Bah!”

I spit out what was in my mouth, and all of a sudden I felt the teeth and blood mixed together.

“After I understand it clearly, I...I must teach my younger generation in front of you! How can this be to vent the younger generation?” The fat man watched his nephew being slapped and sprayed his teeth in his heart. I can't bear it, but what else can we do now? All he can do is to pretend to be filled with righteous indignation and express his grandeur.

“This is an apology, I will teach them personally, and apologize to you in person.” Thinking that this reason is really good, the fat man himself almost believed it, and added categorically.

“Oh, it turns out that I personally taught the younger generation in front of us and apologized to us.” Dao Twelve pretended to have a sudden realization, but his heart was already smiling.

Mo Yang also suppressed his smile and nodded slowly: “So it seems that I have misunderstood?”

“But, didn't I just hear that Tianji Palace always protects shortcomings? How could it...”

Mo Yang said. Then, the fat man's heart just settled, he couldn't help mentioning it in his throat, hurriedly said: “No, no, rumors, rumors, rumors, they are clearly rumors.”

“My Tianji Palace has always been public and private. Know how to protect shortcomings, I...I Zhong Beihai was the first to not agree.” The fat man almost put his head on the table to show his heartfelt.

After all, the sect is strong and the sect is strong, but you can't do it casually, otherwise, the millennium foundation will be destroyed by accident.

“What the hell are you doing in a daze? Don’t you hurry up to apologize?” The fat man turned his head and shouted angrily to Chen Shimin.

At this point, the fat man naturally didn’t want to fall short.

Chen Shimin had mixed feelings in his eyes. When he knew the identity of George, he was really stupid, pretending to be forceful, but accidentally put it on his face and met the deity. This is really too much. How embarrassing is embarrassment.

What’s more, he pretended to be a very powerful master, the rumored demon god in the arena. He never dreamed of pretending to be a dead man, but it turned out to be like this.

“Bang!”

Chen Shimin knelt on the ground with a loud noise.

What else can he do? How cool it was when you pretended to be forced, now it’s fcking depressed. Pretending to be forced to touch the thunder, I could barely end up, and I had to die to find the uncle to seek revenge, and to find face...

As a result, he always spoiled his uncle, but... he suddenly killed a carbine, really. It’s a thunderstorm that pretends to be unsuccessful, it’s more depressing and depressing.

Don’t talk about regaining face right now, even the special lining is gone!

“I was wrong, brother, I’m sorry, brother!”

“You shouldn’t call us brother, didn’t you say that George is your little brother, we should call you brother!” Mo Yang obviously didn’t intend to count it like that. Up.

Mo Yang was not a careful person, but if someone dared to scold George, he would naturally not let it go easily.

“Brother, I... I’m bragging, I... How can I... How can I be George’s eldest brother, I... I just see that girl is beautiful and love George, so... So I wanted to come out and pretend to trick her, sleep... and sleep her.” After speaking, Chen Shimin’s head dropped too low.

His bowing was not without reason. After he had said these things, many people immediately sneered at him, bluntly saying that his approach was nasty and mean.

And the seven monsters shouted angrily, wishing to cramp this guy on the spot.

As the party concerned, Zi Qing’s face was flushed, ashamed and unstoppable.

After tossing so much, the purpose... the purpose turned out to be...

“It turned out to be Teddy.” Dao Twelve sneered with disdain.

George did not speak, glanced at the fat man, then at Chen Shimin, and finally at the shivering doglegs: “If you dare to come out and play tricks, or if your mouth is dirty, be careful.”

After that, George turned around and continued to feed the gluttonous buns.

“Yes, Han... Grandpa Han.” Chen Shimin nodded hurriedly when he heard this, then struggled to get up, and was about to go out in a hurry.

“Wait a minute!” George said suddenly.

Suddenly, Chen Shimin’s feet stiffened in place, and his face was also extremely bitter. Not only him, but the Fatty and Doglegs gang, but no one dared to move.

“Am I that old?” George didn’t even look back, feeding the gluttonously on his own, and said calmly.

“Yes, I’m sorry, Han...Big Brother Han.”

George didn’t speak any more.

At this moment, Chen Shimin and the fat man looked at each other, bowed to George’s back, and hurriedly left.

“Okay!”

Chen Shimin’s group of people left, and the whole restaurant was immediately happy, and many people shouted and applauded George.

“Han Han is three thousand three thousand ah, a shot, a glance there today but for him, I do not know where that little seven strange beauty will be cheated of how Cana.”

“Yes ah, I would have It’s been a long time since Chen Shimin’s arrogant and domineering appearance was not pleasing to the eye.”

“George is worthy of a role model of my generation. Seeing the injustice on the road, draw the sword to help.”

“This is virtue, and more importantly, we have seen George with our own eyes. Swallowed by gluttony, now, gluttony is tamed by him like a little pet. This kind of strength is the most important

thing .” “George, I am your idol. I heard that you are not a mysterious person. Alliance, if you don’t dislike it, I am willing to be your disciple.”

“Yes, I do, and I do!”

The people around, after sighing, raised their hands in response. To this hero, everyone wanted to curry favor.

Seeing such a strong appeal, Mo Yang, Dao Twelve, and Liu Fang were extremely happy. After all, so many people were convinced by their brothers, and they were naturally very happy as brothers.

However, at this time, George was just feeding the gluttonous buns to himself, as if he was not at all swayed by the sentiments.

Seeing that George was unmoved, the excited crowd around him gradually retreated from the excitement. At this time, the shopkeeper came in hastily with the dishes ordered by George and others, and everyone was unwilling to return. In their respective positions.

Although they were all eating, their eyes kept staring at George, for fear that George would suddenly leave.

After a while, the gluttonous steamed buns were full, and George got up at this moment.

## Chapter 2390

With George, basically all the customers in the restaurant got up from the table. In that scene, the restaurant owner and the shop Xiaoer have never seen it in a lifetime.

George frowned slightly and sat down gently.

Wow!

The whole restaurant also sat down.

George smiled helplessly, shook his head, dropped some amethyst on the table, led Mo Yang and others, planning to leave.

When he left, everyone in the restaurant got up to leave, but was glared back by George's eyes.

However, as soon as he left the restaurant, there were still a few figures who rushed out desperately.

Seeing that it was the Seven Devils of Jiangbei, George frowned impatiently.

“Something?”

“Han Daxia, in the next big cake sky, I thank you for your help just now, so that you can not be embarrassed in public. Also, if you hadn't taken the initiative to kill that Chen Shimin, my seventh sister, I don't know how bullied by that wicked man. , Although your

eyes told us not to follow you, but you are kind to us, we have to report it, so we dared to chase it out.” After saying that, Dabingtian lowered his head and had a very low posture, and at the same time pulled Ziqing out.

Seeing George, and at such a distance, Zi Qing’s beautiful face was full of tension and shyness, and his face was flushed, her head lowered, occasionally quietly glanced at George.

The admiring person saved himself inadvertently. Such a scene, to Ziqing, is like a dream and will never be unforgettable.

“It’s not in the way.” George nodded, glanced at Mo Yang and others, and was about to leave.

The seven people in Dabingtian looked at each other, and when they gritted their teeth, they bite the bullet and stopped George and the others.

“Although I have a strange appearance, I have always walked the rivers and lakes with the righteous character. Daxia Han is kind to us, and we have admired Daxia Han for a long time. If Daxia Han doesn’t dislike it, please pay me to my commander. The seven siblings will do their best. Death and self.”

Among the seven monsters, they all love Qimei Ziqing abnormally.

Xu is that she is the youngest of the siblings, and she is the only one of the Seven Monsters who does not blame and looks beautiful. In short, she knows her sister’s intentions, so naturally she can’t ask for it to create opportunities for her sister.

Moreover, George did have the strength and helped them, which made them quite admired.

George frowned. Actually, it’s not that he doesn’t want to accept people, but that he hasn’t found Jianghu Bai Xiaosheng and Fu Mang and others yet. Naturally, he cannot accept people. Given the power of life and income, naturally he is reluctant to interfere more.

This is also the fundamental reason why George is indifferent to the people in the restaurant.

Too much interference with the power of other executives in an organization will only make yourself too distracted, and will also make the person in charge of the matter completely unable to use it.

This is true for the company, and the same is true for a gang.

“Han Daxia, could it be that I’m already discouraged?” At this moment, Liu Sha on the side saw that George was reluctant to speak, so he boldly said.

This sentence obviously worked, and George frowned when looking at her.

Yes, George didn't know what she was talking about.

"Sixth sister, no nonsense!" Seeing that something was wrong, Dabingtian hurriedly scolded his sixth sister.

"Mystery League has always recruited heroes and heroes. If Han Daxia hadn't been badly injured after the Mystery League, how could he turn a deaf ear to so many people?" Liu Sha still said.

"What are you talking about?" George frowned, grabbed Liu Sha's arm, and said anxiously: "The Mysterious People Alliance was hit hard?"

Liu Sha was hurt by George's arm, and she wrote on her pretty face for a while. Full of pain.

"What the hell is going on, say it!" George said angrily.

The seven monsters looked at each other, frowning, Liu Sha felt her arms clamped tightly by iron tongs, and said with a strong sense of pain, "Could it be that you didn't know that Fu Jia annihilated the Mysterious Alliance?"

"Yes, I heard that. During your battle in Flint City, Fu Ye and the two jointly attacked your mysterious alliance in the Tianhu City Inn, and split the troops into two ways to break the Void Sect at the same time. The disciples in the alliance did not expect that the Fuye Alliance would suddenly The anti-water attack was basically killed..."

"The one that was killed didn't stay..." Dabingtian said cautiously.

boom! ! !

Suddenly, the black energy in George's body suddenly became violent, and there was scarlet light in his eyes. Obviously, the blood was boiling, and George was already in anger.

"Bang bang bang!" A

hundred meters away, there were explosions everywhere, houses collapsed and streets blew up.

"Futian, I want you to die!" With a

roar, George hit the ground with a punch.

boom!

On the street ground where the jade was cast, the whole street was bombed with jade, and the stones flew all over the sky.

The houses on both sides of the street directly prevented the Buddha from being lifted up. They volleyed several meters before falling down tightly.

Fortunately, there are so many people in the small town here today. Seeing that they are wrong, they have transported energy to protect them, so that the surrounding area of this street does not collapse.

“fcuk, who is messing around here?” “fcuk you,

stand up for me.” At this time, many people reacted and said angrily, and walked over here at the same time.

## Chapter 2391

A group of people cursed, obviously full of anger at the person who suddenly made the surrounding so unexplorable.

Many people even directly arm their wrists, trying to come over and tidy up this ignorant fellow.

However, when a group of people rushed over, they saw a man kneeling on the ground, hitting the ground with a fist, and black energy suddenly appeared beside him.

And beside him, there were the dumbfounded Jiangbei Seven Monsters and two strange men and a woman.

“Don’t mess around, that’s George!”

At this moment, the crowd watching the excitement rushed out in the restaurant, and hurriedly stopped shouting.

Hearing that it was George, a group of people who had been aggressive, suddenly froze, and then hurriedly threw away their helmets and armor, and fled.

Running straight to a place far away from George, this group of talents hurriedly stopped and stared at George’s side intently.

At this time, George was obviously furious, his teeth clenched.

After Amelia’s accident, he hurried to Flint City, and naturally didn’t know anything about what happened in Tianhu City.

Now that he hears such bad news, how can George not be angry? !

Fu Mang, Jianghu Baixiaosheng, Linlong, which one is not his own good brother?

Those new brothers who have just joined the Mysterious People's Alliance have not even enjoyed any blessings with them, so they died on the spot. How can George not feel distressed and blame himself?

"Futian, I want you to be buried in the whole house. If this hatred is not reported, George swears not to be a man!"

Suddenly, George's blood-red eyes glared at Liu Sha, and the bloodthirsty and cold eyes even directly made Liu Sha unable to help. He shuddered.

"Mystery Alliance, didn't leave a living?"

Faced with George's question, Liu Sha was obviously still in a state of being frightened by George, and she forgot to answer for a while.

"I heard from the outside, it is like this."

"However, there should still be alive." Dabingtian answered.

Although the Fuye family claimed to be completely annihilated and did not leave any livelihoods, the truth is that afterwards, whether the Fuye family or the Yaoshen Pavilion in Flint City, they once sent special troops to search for and The whereabouts of the Wanted Mystery Alliance.

This also shows that, in fact, there should be no total annihilation, but a little bit of life, and may even be an important person in the alliance. Otherwise, sending people to search and want it is unnecessary?

Hearing Dabingtian's explanation, George's anger eased slightly.

After all, in this way, maybe Bai Xiaosheng might still be alive.

This is supported not only by the Fuye Family and Medicine God Pavilion's practice of no silver three hundred taels here, but more importantly, George believes in Linlong.

With it, there shouldn't be any major problems with Jianghu Baixiaosheng and Fumang.

Although Linlong was already seriously injured when he left.

"There is a gossip saying that someone has seen them and headed towards Sleepy Immortal Valley. However, this is a gossip and it is not accurate."

"We have all been to the land of the trapped dragon. Seriously, in the sleepy fairy. Gu didn't see them, so this gossip, maybe..." Dabingtian didn't say any more, he didn't want to stimulate George.

However, the meaning is obvious.

“Stressed Immortal Valley?” George frowned. What were they doing there?

It seems unreasonable, right?

Did they know they were there, so they went to find themselves?

With Bai Xiaosheng’s mastery of Jianghu news, although George thought it was unlikely that they would know about it, he did not rule out this possibility.

What if? !

But the words in the second half of Dabingtian did pour cold water on George. Yes, during the Battle of Sleepy Immortal Valley, George used to be stunned in the air, but he did not see any of them.

Could it be that it is really a rumor? !

“However, don’t be too discouraged.” At this moment, the two Jiangbei strangers on the side saw George look disappointed and couldn’t bear to say: “Although there is a lot of gossip in the rivers and lakes, sometimes a lot of it is true.

” If they have ever been to Sleepy Immortal Valley, it’s better to wait here for a few days. The environment in the land of the trapped dragon is complex and harsh. Within a hundred miles around, there is only this city to take a break. Pass here.” The three monsters also hurriedly said.

“Three thousand, what they said makes sense, why don’t they wait a few more days in the city?” Mo Yang said.

“Yes, three thousand, should we wait?” Dao Twelve also said.

George frowned slightly, glanced at Mo Yang and others, and then at the Seven Devils of Jiangbei. It was difficult to make a decision for a while.

“Han Daxia, my seven brothers and sisters can also help detect the information of people passing by this city, or else, can you wait a few more days?” Shou Wei Dabingtian persuaded.

This will not only help George, but also have the opportunity to have more contact with George, which is naturally a good opportunity.

At this time, not far from the city, Fu Mang and the others were indeed vigilantly and slowly rushing towards the border town.

Days of rushing and avoiding made them exhausted. At night, they finally arrived outside the city, but at this time, trouble followed.
