

# His True Colors Novel Chapter 2404 - 2406

## Chapter 2304

the top of the blue mountain, above the hall.

When Lu Ruoxin arrived in a hurry, several executives on the top of the Blue Mountain had already landed, and Lu Wushen was steadily staying beside the curtain backstage. His sideways main position was still the mysterious man, the Lu family. The owner of the house.

Although he is the son of Lu Wushen, the patriarch has the dignity and position of the patriarch, so even if the true god returns, the patriarch will never completely withdraw from the position of the patriarch. He will only add a side seat next to the position to show that Respect for the true god.

This point is similar to the emperor and queen mother of the royal family.

“Xin'er is here too.” Lu Wushen said softly in the hall.

Lu Ruoxin nodded, then glanced at all the executives present, and after a salute, sat down gently on the right hand side of the first row of the stage, opposite Lu Ruoxuan.

“A good news, a bad news, which one of you should listen to first?” Lu Wushen smiled softly.

“Listen to God's instructions.” A group of executives said in unison.

They are all core cadres at the highest level, and they are also the people of the Lu family who are the most trusted by the entire Blue Mountain Peak. In general, all kinds of important meetings are indispensable for their participation and planning. They are in the Lu family and they are highly powerful and important.

However, in front of Lu Wushen, no one dared to have any arrogance, because everyone knew that the Lu Family was stepping on the shoulders of all true gods today.

“Listen to the good news first. Perhaps, for Xin'er, it is even more of a happy event.” After speaking, Lu Wushen glanced at Lu Ruoxin gently: “There is a town on the edge of the land of the trapped dragon. I heard that Han Three thousand are still alive.” When

Lu Ruoxin heard the news, she had a strange expression, which seemed reasonable and unexpected.

Obviously, when George can perform a miracle again, Lu Ruoxin is almost numb.

This is indeed something he can do, and it is in line with this guy's usual style. In other words, it is a miracle that these things happen to others, but it is just commonplace for George to happen.

Unexpectedly, it was indeed Lu Ruoxin's belief that evil gluttons were too ferocious. At this point, even his grandfather was obviously afraid of three points at the time, so George's hope of surviving was extremely slim.

In any case, this guy has always done it.

For Lu Ruoxin, this is a very proud thing.

Because this indicates that George has not failed her trust, and at the same time, her grasp of everything has once again become so precise.

Isn't it her foresight to persecute Amelia?

She had no way to deal with the evil gluttons at all, just to force Amelia to agree to her request.

Right now, George is still alive, so this move is naturally very wise.

"This George, I heard that he was swallowed by evil gluttons in his stomach, but he could even survive this? This is simply unheard of, the old man, could it be that the news is wrong?"

"Recently, the disciple was in the place where the dragon was trapped. After repeated bitter battles and being ambushed by the demons, the hearts of all people have already been trembled. I am worried that these disciples are afraid, so when they are scouting the enemy, they may...maybe some false news, or not. Real news." A senior executive said cautiously.

Of course, more is actually a kind of disbelief.

For their old-fashioned things, these miraculous things that George did were simply absurd and absurd.

It's just a god-like thing.

As for being able to fight with Lu Wushen, it was only due to the cultivation of some strange magic skills, plus the fact that the blood of the devil dragon made him infiltrate, and Lu Wushen and his injuries were caused by multiple factors.

Anyway, in these old-fashioned eyes, George is more of luck, nothing more.

"I believe this news can never be false. It is not surprising that George has this ability." Lu Ruoxin was the first to stand up and express his support. After finishing speaking, he glanced at several elders with disdain and snorted coldly: "Although the top of the Blue

Mountains is the largest family in the Octagon world, they are all owned under the protection of grandpa. This situation also breeds many arrogant people who claim to be number one in the world. , it should go out and see, at least, how long some experience, after all, can not sit idle to do, especially as the summit of the blue mountains elders, you can grasp the lifeline of the summit of blue mountain. “

remarks, saying A group of executives suddenly showed anger. With their high position, below one person and above ten thousand people, when did anyone say this?

Moreover, in the presence of the patriarch and the elder, doesn't this mean slapped them in the face of the crowd?

Even if it's a princess, that won't work.

“Xin'er, you are too stubborn.”

“Yeah, it has long been rumored that you and that George are eye-catching, and even privately handed down my supreme and unique Beiming Four Soul Formation on the top of the Blue Mountain to him. Nowadays, it is even more for the sake of a mere George to openly slander all of our

elders . It is too much. It is too much.” “Patriarch Qi, Xin'er is spoiled by us. Now it is lawless. “

Yes, although we are on the top of the Blue Mountains and haven't traveled far, but as the saying goes, this talent will know the affairs of the world without going out. How can I not understand the situation of George?”

Hearing the retorts of the elders and even shouting at him for the sake of face, Lu Ruoxin didn't care at all.

With a cold smile, Lu Ruoxin said: “I will say good things for George, but I don't need to slander you to achieve it, because you are too unqualified.”

“Laughter!”

“Alright!” At this moment, Lu The Patriarch said indifferently and stopped the dispute: “They are all children of the Lu family, for the good of the Lu family. The news that George died and was resurrected is not fake. I believe in the professionalism and truthfulness of the Lu family's intelligence. S3x.”

After speaking, he glanced at Lu Wushen next to him slightly: “Father, please continue.”

Lu Wushen nodded, then looked at everyone: “But there is also a bad news.”

“George is stationed here .” In the small border town, my intelligence disciple at the top of the Blue Mountain discovered that around the city, a group of very mysterious people

were suddenly approaching, and they were in a tendency to encircle.” Lu Wushen frowned.

Hearing this news, the Lu family’s executives all sneered, because of the dispute with Lu Ruoxin, the bad news of George at the moment was like a shocking event for them.

Lu Ruoxin’s complexion condensed and said strangely: “Is it from the Immortal Sea and Yaoshen Pavilion?”

“Their losses are heavier than us, and their subordinates are even more panicked than us. This will be a brainstorming estimate and they will all slip back to their respective base camps. Where can they be?” The Lu Family Patriarch directly denied this possibility.

“I thought of a possibility, but it doesn’t make sense logically.” He frowned suddenly.

## Chapter 2305

“Are you trying to talk about the demons?” Lu Wushen frowned softly.

The Lu Family Patriarch nodded heavily, but there was one thing he couldn’t figure out.

Aren’t the demons helping George? Why would he besiege him suddenly and quietly?

“I heard that this group of people are basically monks, but who are they?”

According to the description from the intelligence disciples, this group of people is led by various monks, and their disciples wear hats on their heads and do not see respect. .

This is very appropriate for ordinary monks, but the problem is that where these monks go is almost the purgatory on earth. Fortunately for men, the younger women are almost all humiliated and died of exhaustion. It’s not even different from a mummy.

“Ten thousand years ago, there was a temple called Motuo Temple. It is rumored that there was a demon king of the mixed world in the temple. These monks did not know who wanted to build a temple on it to chant the devil to suppress the devil.”

“But I don’t know what happened on the way . . , I heard that the monks in this monastery suddenly seemed to go crazy one day. They killed people when they saw them. The hundreds of monks in the monastery killed each other at a time. The blood flowed in the monastery. Extreme situation.” Lu Wushen murmured.

“But father, the Motuo Temple was submerged in the earth in a desert storm thousands of years ago. Don’t you think that these monks are the monks who have become enchanted in the Motuo Temple, right?” The owner was slightly taken aback.

If such a novel idea hadn’t come from his father, he would never consider it.

“This is the only reasonable explanation.” Lu Wushen said.

“Only the monks of the Motuo Temple are the ones who have truly cultivated the Golden Light and Righteous Path of Buddhism, and they are the only ones who fit the characteristics of the people of the Demon Race, but they are not the people of the Demon Race .” As soon as these words came out, almost everyone speechless.

The Motuo Temple, it seems that it really fits the description in the information book brought back by the intelligence disciples at the top of the blue mountain.

Can the ruined temple, which has been buried underground for thousands of years, reappear in the human world in a short period of time?

“But, what do these people want to do with George? If it is really them, they have been sleeping underground for thousands of years, and they should have no grievances with George.” Lu Ruoxuan frowned and asked.

In fact, this is also the reason why Lu Wushen has not been certain.

An earth person who has only come to the world of eight directions, a Motuo who has been sleeping for thousands of years, the two sides are simply irrelevant, let alone hatred between them, I am afraid that there is no connection at all.

“Grandpa, how about I send someone to the old site of Motuo Temple to check it?” Lu Ruoxuan said.

Lu Wushen nodded.

“Then George, what should we do now? Do you want to save him?” Lu Ruoxin asked.

“No!” Lu Wushen waved his hand, hesitated for a moment, and said, “Why are these people looking for George? We still don’t know what to do. If we act rashly, we will only be in the dark. I am in the light, extremely passive. .” “

Right now, the waters of eternal life and the god of medicine eyeing on us in this House, must not nothing wrong. ” “

Besides, three thousand Korean name, now has the world prestige in all directions, but the group of people but dare to face the challenges South Korea Three thousand, I think, they are not

easy .” Lu Wushen was so worried that everyone present nodded obediently.

Knowing that there are tigers in the mountains, it is not easy for this group of people to walk towards the mountains.

“Xin’er, how are you refining the chains of the gods?” Lu Wushen asked suddenly.

“The devilish energy is too deep, and Xin’er is working hard.”

“The chains of the gods are the most effective artifact to restrain the blood of the dragon in George. This is a great help for us to control George in the future. You must As soon as possible.” Lu Wushen said.

“Yes!”

“In addition, the bargaining chip in your hand that threatens George is sure to be effective?”

“Yes. But, grandpa, don’t you want to know what the bargaining chip is in my hand?” After seeing Lu Wushen asking himself and getting the affirmative answer, he stopped saying anything else, even Lu Ruoxin couldn’t help but wonder.

Lu Wushen smiled slightly: “My granddaughter is doing things, I naturally don’t worry, how can I ask more. Since you are sure that you have George’s handle, then although it is inconvenient for us to intervene now, we should not sit back Li, after all, he is our pawn.”

Lu Ruoxin nodded, feeling a little relieved.

“Grandpa, then I can draw a group of masters from the Blue Mountain Pavilion, go with me, observe in secret, and help if necessary?”

“No, the masters of the Blue Mountain Pavilion have always only worked for the patriarch, Ruoxin you Although she is a daughter of the Lu family, she is absolutely not qualified to mobilize people there.” A senior executive immediately stopped her.

“That’s right, I have clan rules on the top of the Blue Mountains. How can I break it at will?”

“We are firmly opposed to this matter.”

“Xin’er, you are really becoming more and more presumptuous.”

For this group of executives , Lanshan Pavilion’s masters were dispatched, which meant a lot, and Lu Ruoxin had just made them dissatisfied, and now they stood up and opposed.

“For the sake of George, we don’t usually say anything, but it is a joke to break my family rules on the top of the Blue Mountain like this. Why is he George?”

## Chapter 2306

“Why can he help me on the top of the Blue Mountain to frighten the world and sit first, is that enough?” Lu Ruoxin was not afraid, and suddenly sneered: “Of course, it’s okay for

you to have this ability. However, if the top of the blue mountain counts on you, you may have to change its name and call it the foot of the blue mountain.” In a

word, all the elders present were blushing and angry. Want to refute.

However, at this time, the patriarch at the top of the Blue Mountain spoke.

“Xin’er, this matter...” For a

moment, the Lu Family Patriarch was about to speak, but, halfway through his speech, he was interrupted directly.

“Okay!” Lu Wushen spoke first, and then, with a move of his hand, he flew a token from behind the curtain to the front.

“Elder God, no.”

“This is the rule of my clan building on the top of the Blue Mountains, how can it be like this.”

“Yes, there is a suspicion of rebelliousness.”

Seeing Lu Wushen directly agreed, a group of elders were anxious. Soundtrack.

Lu Ruoxin smiled coldly: “The water has flooded your neck, but you are still worrying about what you wear on your feet. You are really embarrassed to lick your faces and rub your faces up when you say that you are a bunch of frogs at the bottom of the well.” The

voice fell, Lu Ruoxin The energy in her hand moved slightly, and the token flew into her hand immediately.

“George is extremely important to me on the top of the Blue Mountain, and a proper exception is also acceptable.” Lu Wushen faintly said, appropriately preventing the contingent of fire that the elders prepared next.

“I agree to this matter too.” Lu Ruoxuan glanced at Lu Ruoxin, and finally he took the case.

Although Lu Ruoxin got the token of the Blue Mountain Pavilion earlier than himself, this made Lu Ruoxuan’s prestige in the family inevitably reduced, but just as Lu Wushen said at the beginning, George is the person who will help him fight in the future.

So after weighing the pros and cons, Lu Ruoxuan naturally no longer minded some of the benefits in front of him.

“That’s it, okay, Xin’er, you count the troops and set off as soon as possible, preferably tomorrow.”

“Yes!”

“The refining of the chains of the gods must also be as soon as possible. If the group of monks are really from the Motuo Temple, the shackles of the gods can also play an absolute suppressing effect on them. In short, be careful about everything.”

“Xin'er understands.”

After stepping back from the temple, Lu Ruoxin sneered at the corner of his mouth.

Having its own external forces, and now able to better control the token of the Blue Mountain Pavilion, this is naturally the beauty in the United States. At the same time, she also tasted the huge benefits brought to her by George's chess piece.

She can even imagine that if one day George is really used by him, then her status in the Blue Mountains will rise sharply in the future, and at the same time, her plans will be more like a fish in the water.

Everything is not bad, the only difference is Amelia's nod.

“Amelia...” Lu Ruoxin suddenly smiled gloomily.

And at this time in the border town.

Already after three rounds of drinking, the hustle and bustle lasted all night, and finally the curtain gradually came to an end at this time.

And the curtain of all this was because George had already rejected everyone who wanted to join the alliance, and they left in anguish.

In the restaurant, it is rare to be clean.

The store sent George and others into the best rooms in the restaurant. Then, after arranging some still unwilling guests into other rooms, the restaurant was closed.

At night, finally slowly began to calm down.

Although George and others had their own rooms, they were all gathered in George's room at this time.

This, also includes the four monsters in the Jiangbei Seven Monsters.

“Big brother said that there are suddenly a lot of black shadows outside the city. It seems that there are a lot of people.” The five monsters raised their heads and said to George at this time.

“Three thousand, should we withdraw first?” Bai Xiaosheng said with concern.

“Where to withdraw? Can we not return to Xianling Island?” George said with a smile.

Jianghu Baixiaosheng stopped talking immediately, yes, the other party knew that they were going back to Xianling Island, which also meant that they had escaped the first day of the junior high school, but not the fifteenth.

At least for the moment, they are in the city, and they can also spy on each other's actions, which is much better than being ambushed at that time, and at the same time, they can defend according to the city.

“That's all at this time, why are so many people wanting to join us, but you have to refuse, at least a lot of people have more power.” Jianghu Bai Xiaosheng frowned.

George didn't speak, but Bai Xiaosheng of Jianghu could understand George's thoughts. After so many brothers joined, they lost their lives before they could enjoy the blessing. Although George didn't say it, it was obviously a thorn in his heart.

He didn't want the tragedy to happen again.

At this moment, the door of the restaurant was gently clicked, and everyone did not speak. After a while, the knocking on the door continued.

Obviously, this is definitely not a mistake, or someone who stays late at night.

“It's so late, who will it be?” Fuli suddenly twitched his sword, and his nerves suddenly collapsed.

Looking for someone at this time was definitely for them, and it was definitely not the person I saw in the restaurant today.

These people all know that George and others have rested, and it is impossible to come to interrupt. Three of the seven monsters are also outside. Then who can it be at this time?

Obviously, the person who came is not good.
