

His True Colors Novel Chapter 2413 - 2415

Chapter 2413

If it was said that his wife and children made George's anger down, then when he heard that Amelia was brought out, George was completely stunned.

The anger in the sky was also extinguished in an instant, quietly looking at the aisle beside Luo Xi, waiting for Amelia's appearance.

Seeing George reacting like this, Luo Xi couldn't help but smile slightly at the corner of her mouth, tightly, she lifted her hand gently, clapped her hands, and within a moment, the sound of footsteps came from the end of the aisle.

George tried hard to suppress his tension, quietly waiting for the appearance of the figure.

Soon, the figure appeared.

Gently Yuying, like a dream...

Wait a minute, this is not Amelia.

It was just a well-dressed maidservant.

And behind her, there was no one else, but she was holding a wooden plate in her hand, nothing more.

Just as a murderous aura flashed in George's eyes, the maidservant had quietly walked to George's front, leaning slightly, and dragging the wooden plate to George's front as hard as he could.

The wooden pan is nothing new, but there is a letter on it.

"Are you kidding me?" George looked at Luo Xi coldly, the killing intent in his eyes had already appeared.

"Han Shaoxia's cultivation base is superb, and even the true gods can't help you. I'm a woman, how can I dare to play with you? Not everyone on earth can be like you, and they can be so overbearing when they fly here. The same as me, but the mere ants don't even dare to breathe." Luo Xi seemed to turn a blind eye to George's murderous intent, even though Yu George's intent to kill had already made the surrounding air extremely cold.

"Don't follow me in this way, where's Amelia?" George said angrily.

“Isn’t that Amelia?” She narrowed her eyes to half crescent, and was obviously smiling slightly.

Following her gaze, George returned his gaze to the letter on the wooden plate again.

letter?

Is it a letter written by Amelia?

Thinking of this, George hurriedly picked up the letter on the wooden plate. After opening the envelope, George’s eyes showed a trace of joy, and it was indeed Amelia’s handwriting.

But the more he read, the more sad and angry George’s heart became.

“It’s impossible!” George suddenly pressed the letter to the ground, looking at Luo Xi with great anger.

Letter, with the wind, slowly fell to the ground. In the opened letter page, Amelia’s handwriting can be seen faintly.

“I have met the man destined for me, and I am even more tired of the days of being with you, thank you for the ups and downs that you and I have gone through. I should remember it, and I hope you will find a beautiful wife as soon as possible and have a beautiful day. .” “

if destined, since when no longer meet, Wunian personally welcome summer! “

the face of the monstrous anger of three thousand Han, Luo Xi is very calm:” Lang affectionate, but unfortunately can not be inadvertently concubine, Han Shaoxia heart. You should have your own scale. You don’t have to question me. I’m just sending a letter. That’s all.”

“Do you think I don’t know what you are doing? It must be what you used to force Amelia, she What?” George said coldly.

Although it was Amelia’s real writing, George would never believe that Amelia would be separated from him, let alone that she would change her mind.

When she wrote this letter, she must have received some kind of coercion and had to compromise.

“Han Shaoxia, am I not clear enough? I’m just sending a letter, and I don’t know anything about it.” Luo Xi smiled slightly.

“However, someone asked me to pass you another word.”

“The city is already full of demon monks. A friend asked me to tell you, remember that everything is fine. Seeing Qin Shuang today is a pre-war reward. If it were you An Ran breaks through, and there are rewards.” As

soon as the voice fell, the curtain moved again, and after gathering together, suddenly, a small figure appeared in the center of the curtain.

“Nian’er!” Seeing Han Nian, George was suddenly very excited.

“Dad!” Seeing George, Han Nian also shouted with excitement.

“Han Shaoxia, remember Qin Shuang’s lesson, don’t get excited!” Luo Xi reminded with a sneer in time.

George was obviously taken aback, accelerated, and flew in front of Han Nian, but unlike the last time, George deliberately did not come into contact with Han Nian to ensure his safety.

“Nian’er.” George smiled rarely, and his daughter’s eyes were full of care.

“Dad.” Seeing George, Han Nian was also very happy, and she was about to pounce into George’s arms, but obviously, it was impossible for her to pounce into George’s arms and grabbing continuously. I was vacant a few times, and my pretty little face was filled with confusion and sadness.

“Dad, why can’t Nian’er hold you? Daddy, where are you? Daddy, Nian’er misses you so much.”

“Dad is out of business. Dad promised Nian’er. When Dad is finished, he will come back and read. Can you play together?” George endured the sadness and forced a smile.

“Knowing Dad, then Dad should be careful outside. Nian’er will be good and will always wait for her. And father, don’t worry about Nian’er. There are many uncles and aunts who take care of Nian’er, but...just Nian’er I miss you and mom so much.” Although smiling, George could clearly see that this little girl was pretending to be strong, and the tears in his eyes even told the girl’s grievances.

“Nian’er is really good.” George was about to melt.

As a father, he knew that he owed too much to Han Nian and put her in danger from birth, even now.

At this moment, Luo Xi’s hand moved, the curtains spread out again, and Han Nian’s figure was suddenly gone.

“It’s really a kind of filial piety from a father and a son. I guess you must be very resentful in your heart. You can’t even protect your daughter.” Luo Xi mocked softly.

Although the words were light, it hit George's heart directly, stabbing in like a thorn, unable to pull it out.

George gritted his teeth and resisted his anger.

"Wow!" With

a move of Luo Xi's hand, a letter flew directly into George's hands.

"Some people are extremely dissatisfied with these four families. If you can escape this time, the original reward will remain the same, and at the same time, how about giving you a chance to redeem?" Luo Xi smiled.

George's original anger subsided a lot in an instant: "A chance for

redemption?" "Yes, redeem your father's sin and let you do your duty, how about it?"

"What do you mean..."

"It's what you think, Han Nian will pay you back after it's done!" Luo Xi said coldly.

"You didn't lie to me?" George was shocked when he heard this, it was hard to believe what Luo Xi said.

"Earth people never lie to earth people. We are fellow villagers. Let's read the letter first." Luo Xi smiled softly.

Chapter 2414

George glanced at her with some suspicion, but silently took apart Xin.

In the letter, four cities and four families are listed impressively.

Lu Family, the City of Silver Water, Chen Family, the City of Luobin, Wu Family, the City of Flowing Sea, and Fang Family, the City of Eastern Evil.

Almost seeing the list of these four companies, a map suddenly appeared in George's mind, and the locations of these four companies flashed clearly in George's mind.

If George remembers the map correctly, these four locations are basically level fortresses, so the importance of location naturally does not need to be said.

But often, the more important the city, the best development, so the influence is naturally larger. No matter which one of these four cities is at least a big family, it is not easy to attack.

“She really looks up to me. In these four cities, no matter which one is difficult to chew, the opponent is powerful and the terrain is complex. The city occupies an important position in the pass, which is easy to defend and difficult to attack.”

“Not to mention the others, even the blue It is not easy to fight the top of the mountain by yourself,” George said coldly.

Some of these cities are even more dangerous than the natural dangers of the Void Sect. There is a situation where there is a man who is in the middle of the world, and any big family wants to fight these four cities without dying.

“If it’s that easy, would you leave it to

Han Shaoxia? In a word, do you not do it?” George frowned. For Han Nian, let alone the four schools , even if it was Qianjia, he had to do it: ” Why should I trust you?”

Everyone knows how important Han Nian is to him, but the more important people are, Lu Ruoxin should be more stringent, so why would he trade the four small cities? !

“Since Amelia has transferred to another relationship, the children of the two of you will naturally seem less important to you. Besides, Amelia’s lover has relatives with Miss Lu Jia himself, so I don’t need to say more. Right?” Luo Xi said softly.

“You’re farting!” George shouted coldly.

“Believe it or not, the day you win the Four Cities will be the day your father and daughter reunite. You drank the wine, and the old days are also recounted. Han Shaoxia, we will have more inconveniences for lone men and widows, and see our guests off.”

“Yes. !”

As Luo Xi got up and left, the maid beside him immediately respectfully approached George in a pleased gesture.

George coldly looked at Luo Xi’s leaving back, not knowing who she was or what she wanted to do.

When George left, Luo Xi walked all the way into a small courtyard house behind the house.

The house is small, but decorated dreamily, and a mysterious body lies quietly on its side in the house.

“Miss!” Luo Xi bowed slightly and said in a very respectful low voice.

“He’s gone?” The voice was beautiful, and naturally it was Lu Ruoxin, the world’s number one beauty.

“Yes, Luo Xi has made arrangements according to your instructions.” Luo Xi said: “However, after the four cities are really going to be taken, will Han Nian be returned to him?”

“Will it be too risky to do so ? Big?”

Lu Ruoxin smiled softly: “If it weren’t like this, with George and Amelia’s feelings, do you think George would believe what Amelia said in the letter?”

When this was said, Lu Ruoxin suddenly flashed his face. Sisi’s anger: “He doesn’t believe it for a day, and I don’t have a chance for a day.”

“But if George believes, and then takes Han Nian back, then if you fail again, wouldn’t George be like taking off? The reined wild horse is hard to tame?” Luo Xi said worriedly.

“Will I fail? If it weren’t for Amelia? The daughter of the world, who can compare with me?” Lu Ruoxin was obviously very angry at Luo Xi’s statement and gave a cold voice.

Luo Xi hurriedly knelt down: “Luo Xi is only worried about the young lady’s cause.”

“Don’t worry, even if I am unsuccessful, George may not listen to me everything, but Amelia will let him listen to me at critical moments. .”

Luo Xi was relieved immediately and smiled: “Miss is still thoughtful.”

Lu Ruoxin also smiled lightly, squeezing his hand slightly: “George, let me see how you escaped from my palm.”

And Han San on the other end. Qian, frowned since he came out of the mansion over there.

Lu Ruoxin’s easy release of Han Nian really made George have to worry about Amelia’s current situation.

He naturally didn’t believe that Amelia would change his heart, but he had to think more about releasing Han Nian so readily.

Amelia really changed her heart? Or is she... or is she forced to be helpless?

However, if she was forced, with Amelia’s cleverness, it would never have been possible not to leave clues in the letter, but there was none in the letter.

When George returned to the restaurant, Fu Mang’s gang had been waiting on the first floor for a long time, and they rushed up and down to inspect George’s body, for fear of something unexpected happened to him.

“It’s okay, three thousand?” Fu Mang said worriedly.

“Where are Baixiaosheng?” George scanned the crowd.

“I’m here!”

“Help me check these four cities!” After speaking, George handed the letter to Jianghu Bai Xiaosheng.

After receiving the letter, Jianghu Baixiaosheng only glanced at it, frowning suddenly:
“Why... how come these four cities?”

Chapter 2415

“What’s the problem?” George frowned.

“Why do you want me to check these four cities?” Jianghu Bai Xiaosheng pulled George in one step, and asked very vigilantly.

“What’s the matter?”

“You don’t want to attack these four cities, do you?” After following George for a long time, Jianghu Bai Xiaosheng naturally understood George’s thoughts and immediately reflected it.

George didn’t speak, but the expression in his eyes explained everything.

“I can’t fight, George.” After finishing speaking, Jianghu Bai Xiaosheng hurriedly pulled George to the next corner.

When there were only two people, Jianghu Baixiaosheng said: “Do you know the forces behind these four cities?”

“No matter which one here, although it is not an affiliated force of any one of the three families, it always guards the big city. It is huge, with a very stable foundation, and there are many hidden scattered forces to make friends with it. Let me put it this way, once you raid any one, it may cause unnecessary trouble. If you attack these four cities at the same time, the world will also be in chaos! “

George frowned. Will he be in such a big trouble?” !

However, this is also expected. If Lu Ruoxin wanted to use her own words, how could it be easy? “

Also, most importantly, these four cities...”

“Report! “

Just when Bai Xiaosheng of Jianghu was about to speak, he suddenly heard a soft drink, and when he raised his eyes, he saw the pie Tianxing rushing in from the outside.

George frowned and said hurriedly: "Is there anything going on outside?" "

The army is overwhelming. Under the night and moonlight, there are a large number of people under the darkness. I don't know how many people there are, but they can definitely block the waters of our surroundings." "

There are not one hundred thousand, at least tens of thousands!" "

"What? "Jianghu Bai Xiaosheng frowned suddenly, and Fu Mang even panicked a little.

Although George had said long ago, the matter may not be over, the other party will never let it go, and has given them a vaccination in their hearts. But where is it that the people from the other side are tens of thousands of troops that can encircle the city without even daring to think about it? !

"Why the hell popped up so many monks?"

"Fcuk, a serious monk might not be able to pull so many

people at once." A group of people looked at each other, and they all set their sights on George's. Body.

"But, but it's weird." At this moment, Dabingtian frowned and then suddenly interjected.

"What's the matter?" George asked.

"That group of people is very strange. With so many people here, it should be the first time to surround us, but... But..."

"But the fcuking group of people is more than ten miles away and camps directly. ...And even the dmn reading of the scriptures."

"What do you think they are doing?"

Dabingtian's words instantly stunned all the panicked people present.

"Three thousand, this is indeed a bit abnormal. Their army is under pressure. Naturally, they should take advantage of the night to surround us, and even rely on the crowds to directly hit us. It makes no sense to camp at a safe distance, and chant the scriptures to let us know their existence. ?" Bai Xiaosheng said.

This is indeed what George doubted. Isn't this a taboo of marching battles? As long as people with a little bit of mind don't do it like this.

Unless, he wants to surrender soldiers without fighting!

In this way, they put pressure on George, but on the other hand, they also knew that they were dealing with themselves. Now that they still use this method, doesn't it seem unusually low-level and stupid?

"What do we do now, let's? Or else we are about to take a break while they are not here, and we will run overnight. Anyway, it's nothing shameful. As the saying goes, the good guys don't suffer from the immediate loss, and the green hills are left. Don't be afraid that there is no firewood to burn." Fu Mang hurriedly said.

The group of demon monks were so cruel that even now, Fu Mang still had lingering fears.

If so many monks are here, it really has to be frightening.

"They dare to recite the scriptures aloud outside, which proves that they are not afraid of us running away!" George shook his head.

"Yeah, Fu Mang, don't act impulsively. Perhaps their real purpose is to make us ramming like flies without a head." Fu Li also hurriedly persuaded.

"That's not okay, that's not okay, then what should we do? Could we just stay in this city and listen to them chanting scriptures to us outside of the city? This is so special to save us!" Fu Mang shouted dejectedly.

"Yes, just listen to them reciting the scriptures!" George smiled suddenly, and then glanced at Fu Mang jokingly: "Your mood is too impetuous. It is good to listen to the Buddhist scriptures and keep your mind stable. Let's go to sleep."

George Weiwei With a smile, he walked upstairs after speaking.

Everyone was headed by Fu Mang for a moment, but seeing George laughed upstairs, what could they do?

"Go go, show me the door, and go to sleep." Fu Mang was extremely depressed, but he still waved to make everyone prepare to rest.

Half an hour later, the lights in the restaurant went out again, and George and his party also fell asleep leisurely or were anxiously unable to fall asleep. At this time, a strange breath in the dark night was quietly attacking...
