

His True Colors Novel Chapter 2422 - 2424

Chapter 2422

Field!

Still the domain!

Still because he is the absolute master of this field!

Otherwise, he can't be so invincible!

George is not a person who is unwilling to admit that others are excellent, but this matter now seems to be too weird.

In the crowd, they who had just ignited hope were silent at this moment.

In their impression, the almost invincible gluttony of evil was broken by the night demon in seconds, how can it not be shocked?

But how shocking is, how despair is in my heart.

"Why... how could this happen, even the ancient beasts of evil gluttonous have nothing to do with him?"

"This guy, this guy is invincible here!"

"It's over, everything is over. "

We are dead." There

was another round of desperate wailing, but compared with the last time, they couldn't even cry this time.

Numb!

Completely heartbroken!

"George, open your eyes to see clearly? I said, here, I am the absolute master."

The Night Demon standing in mid-air, stopped there in a cold voice, with contempt All gestures, laughing coldly.

"Now, have you taken it? Are you afraid? Are you trembling?" Looking at George coldly, the Ye Mo's posture was extremely high and arrogant, and everything was full of mockery.

George's mood was not affected at all. Although he was shocked that this guy broke the gluttony, it was only a very short time. Today's George is quickly thinking about how to break the enemy.

Seeing George not speaking, the night demon became even more arrogant and laughed coldly.

"I am the real king, I am the strongest demon god in this world, haha, hahahahaha!"

"Roar!" With

a low groan, the evil glutton fell to the ground unwillingly from mid-air, curled up on the ground, Obviously he was extremely frustrated. The damage to his back also damaged his energy, and his eyes looked at George with quite apathetic eyes.

In the domain, he is an absolute strong, so George must break the domain.

However, George had tried this from the very beginning, and even if he exhausted all his abilities in an instant without reservation, it was useless.

What to do now, George has no idea.

He also believed in the words of the Soul of the Devil Dragon now.

In the dream world, the night demon is indeed stronger than the soul of the dragon by hundreds of grades. Even if the real dragon itself is far stronger than the night demon, in a certain area, the gap between the two sides is indeed huge.

If the dragon soul of the nightmare is in the dream, it is a bloody battle in all directions, the mighty commander, according to this guy, it is the absolute king, watching everything in the world.

"George, obediently surrender." As

soon as the voice fell, a black air began to solidify in his hand again.

Like last time, obviously this black air will wrap George like a plastic bag.

But last time there was evil gluttony, this time, what else can George have?

"Is it that easy?" George split his mouth and smiled suddenly.

"Isn't it easy?" Ye Mo smiled coldly: "Killing you is easier than killing an ant, isn't it?" As

soon as the voice fell, the fingers of his other hand just flicked slightly.

With a bang, George defended the Buddha from being hit by a giant mountain. He flew upside down for tens of meters and landed. The injury on his chest instantly made him vomit like spring water.

Strong!

Not generally strong.

The protection of the immortal mysterious armor, in front of him, existed like paper, and it didn't play a role at all.

And the flick between his fingers was even more powerful. Even though George, who had been re-trained, felt that his chest was punctured, and he didn't know how many ribs he had broken.

Can't fight, simply can't fight.

This has nothing to do with strength. No matter how weak George is, no matter how strong the Night Demon is, there will never be such a gap, and George can be wiped out with just a few fingers.

It must be a problem in the field.

But the more so, it makes people more anxious, how should this field be broken? !

"Being beaten and disabled, people will behave, now, go to death obediently, and then be my slave." Ye Mo sneered, raising his right hand slightly, black air filled.

Although he couldn't figure out how to break the domain, George understood that he had no time to think.

"Come on." With a roar of anger, while attracting the Night Demon's attention, the Chaos Qi was carried in his hand, and it rushed towards the barrier that trapped everyone without reservation.

George didn't know whether this was useful and whether it would help them, but this was the only thing that George could do for them before he died.

"Swipe!"

As expected, the black air directly covered George, tightly and as before, as if a black plastic bag tightly wrapped George.

The huge chest injury made George almost hard to resist. Every time he moved, his body seemed to be taken apart, extremely uncomfortable.

What's more, the extremely strong package makes people suffocate extremely fast. Coupled with the rapid loss of energy, George was unable to maintain basic body movements at all.

In just a few seconds, George's struggle fell directly into dead silence.

And the Chaos Qi before George was blocked was also blasting towards the barrier, and after a huge explosion sounded, even if the barrier was blasted out of the cracks, it was restored by a black gas from the Night Demon. Before.

It seems that everything is so futile now.

It's like a useless struggle when you're dying.

"Ant, just do you still want to break the ground on Tai Sui's head? You don't want to think about it, what kind of thing are you!" The night demon stared at George who had almost stopped moving as if staring at the corpse, and said coldly.

"No, no, no!"

But, for some things, if there is no effect on the surface, does it mean there is really no effect?

Although George did not break the barrier, his move before his death deeply moved everyone present.

Until death, I never forget to save them.

In this world where the weak and the strong eat, this care and touch has long been long gone.

Fuli has already cried into a person of tears, and the past with George, his smile, his anger, his heroic posture, his approachability, everything is constantly emerging in his mind.

"Three thousand!" Knife Twelve also almost broke the back molars.

"Leader!"

With this leader, even though they all know they must be the most humble little person, little disciple, when their boss is so capable, they don't forget their little roles, that kind of pride and touch. In words.

This also includes those scattered people.

And, four of the seven monsters.

"Han Shaoxia!" The

three monsters screamed in unison, and Zi Qing squatted on the ground, crying into tears, but a vision appeared at this time...

Chapter 2423

“Although you and I have never worked together, but to be able to contact people like Han Shaoxia, I am the Seven Devils of Jiangbei, it is also an honor to be in this life. Today, although I may not be able to do without here, but to be able to interact with Han Shaoxia dying here together is a blessing to my generation, worthy of his mother.” There were tears in the eyes of the five monsters, crying and laughing, crying with laughter, and gritted their teeth.

“That’s right, lord, don’t worry, I will come to accompany you later. I can be your subordinate and be born and die with you. Lao Zi Ganfu is a goddamn

good thing in this life.” “Okay, let’s go .” Fight against the night demon of the dog, fcuk, even if we can’t beat him, then he will accompany Shaoxia Han on the road, fcuk him.”

“I’m just a vague little figure in the Octagonal world .”

Unremarkable, in the eyes of many people, killing me is no different from killing an ant, and no one cares, but now... it’s different.” A scattered person smiled coldly, and then suddenly became quite imposing. Angrily roared:

“I can also make the dignified demon god die without forgetting to save me. It turns out that Lao Tzu is also a fcuking human, and it is also valued by some people. Shane, dying for a confidant, I know I am not qualified to fight A big brother like George called brother and brother, but because of his actions to save us before he died, the life of Lao Tzu was put on his neck at that time. Night Demon, Lao Tzu was the first to fcuk you. !”
As

soon as the voice fell, a scattered man rushed over.

“A good man died for his confidant! fcuk, that’s right, I can get the demon god George to save me, I didn’t have a dmn job, and the night demon, I did it with you.”

” fcuk him a dog. Day.”

There was one charge, and countless people followed along!

Although there was a huge barrier covering it, it still couldn’t stop them from launching an angry attack on the barrier.

The night demon smiled coldly and looked at the people sullenly: “You sparrows, twittering is really noisy. Since you are in a hurry to die, the old man will fulfill you.” As

soon as the voice fell, the barrier disappeared, and the face rushed directly. Of the people.

With a grip of the black energy in the night monster's hand, he didn't directly fall down all at once. Instead, he accelerated his figure into the crowd. With a slap with his left hand, a person's breastbone was shattered, and a kick with his right foot made another person's brain burst.

The night demon completely regarded these messy scattered people as toys in his hands.

Crazy killing, cruel dismemberment, night demon's crazy grin, for a while, the entire corner of the sky was plunged into a very terrifying and evil scene.

"Hahahahaha!" The

Night Demon laughed wildly, his hands still undiminished, and countless screams followed, and countless lives continued to fall and be damaged.

"It's cool, cool, cool!"

A killing game, naturally stimulating, so that the perverted Night Demon just enjoys it and can't help it.

Listening to the hideous laughter, only Zi Qing, who was squatting on the ground, covered her ears. She had no cultivation base, and the death of George in a black bag made her heartbroken.

For George, he was shocked when he first saw the land of the trapped dragon, and his heart was greatly moved. The view of the inn was even more attracted by his handsome face, so that Ziqing was full of her mind, and she dreamed about it at night. It was him...

Now that George fell in front of her like this, she was naturally crying, even if everyone around rushed to fight the Night Demon, she did not reflect it in time.

When she now reflected and looked at the miserable scene in the sky, her mentality collapsed.

Those are innocent lives, and more importantly, there are brothers and sisters who love themselves!

"No! No! No!"

The person he loved most fell, and the person closest to him was tortured and killed. Even the quiet Ziqing was emotionally violent at this time, shouting desperately.

boom!

But with her angry and desperate shout, a strong white breath suddenly released from her body!

boom!

Immediately afterwards, the ground was suddenly blew with extremely strong winds, blowing the grass on the ground and blowing her clothes Qingwu.

Above the mid-air, the rising Night Demon who was killing only felt a strong gale blowing her face, even though he hurriedly covered it with his hand, the strong wind still shook her figure.

The scattered people around him were blown to the ground directly under the strong wind, like a group of sparrows without wings, falling down.

“This...”

Even if it blows through, this injury is not too serious for everyone who has the cultivation level. They struggled one by one, and couldn't help but stare at each other when they saw Zi Qing's vision.

Bai Qi broke away, and countless white lights lightly surrounded her, like a dream, like a fairy.

Even the night demon on the side didn't have the frantic smile just now, looking coldly at Zi Qing on the ground.

There was a slight shock in his eyes, because the strong wind actually blew him, and it hurt his face.

You know, in the absolute realm, he is the master of all, no one can hurt him, no one can move him, it is better than George and evil gluttons, but this woman...

Chapter 2424

Why can she? !

Is it luck?

Or a coincidence?

Or is it too careless?

The night demon's eyes shrank slightly, staring at Zi Qing steadily.

“What's wrong with Seventh Sister? Why does her body know...” Wu Wei puzzled.

Six sister Liu Sha frowned: “It's it...”

“It's it?” The four monsters also suddenly thought of something.

“What the hell are you talking about?” The five monsters were even more puzzled.

“Remember why the Seventh Sister was forcibly added to our Seven Monsters by the master and his elders?” Liu Sha said.

Among the seven monsters, each of them looks strange or has a weird personality, so they call themselves the Jiangbei Seven Monsters. For example, the old big cake looks weird and has a disability. The two monsters are thin but powerful, but both hands are not healthy, and one hand is normal. , One hand is ashamed as an infant, but it is the strength of this sluggish hand.

As for the three monsters, the four monsters and the five monsters, each has its own strengths and weaknesses. Even if Liu Sha, the sixth sister, does not look weird in appearance, she also has fatal shortcomings.

The famous black widow, as long as any man has any feelings with her, he will die. At the same time, there is a very strange place in her body, that is, the body will emit a strange fragrance at night, and in the day, it will emit An extremely strong smell similar to body odor.

Only Seven Sisters, not only did not have any physical defects, but also did not have the slightest weirdness in other aspects. It could even be said that she was completely like an ordinary person.

To say that her only strange thing is that she is overly beautiful and beautiful, but what kind of strangeness is this? !

“Master has never said this.” Therefore, the six monsters were quite dissatisfied with Master’s original decision and protested with Master many times. However, Master always smiled without explaining or talking.

“But Master once mentioned that the Seventh Sister’s talent is the strangest among the Seven Monsters.” Liu Sha said.

“Holy!” The Four Monsters also categorically said: “These words, he has heard Master mention it accidentally.”

“The fourth brother, when you say this, I seem to remember it too. Master, the old man seems to have said that, Seventh Sister She Humans are mortals, but their bodies are...”

Fairy!

“That’s right!” Six sister Liu Sha nodded.

This is also the weirdest point of Ziqing.

The so-called physical body sanctification, anyone who can cultivate the physical body to the strongest realm is absolutely extraordinary. Even if the cultivation level is not good, a reliable physical body can reach the pinnacle of life.

But Zi Qing is not...

she who has a fairy body, she is clearly a mortal. No one knows the weirdness of all of them for the time being. Even the master who is as strong as the seven monsters has not been able to see through this secret.

“Therefore, among the seven monsters, there is no alternative, everyone has his weirdness.” The four monsters remembered the words of the master, and finally solved the doubts in their hearts, and said so.

“It turns out that Master, the old man, didn’t lie to us, Seventh Sister, he really...” The Five Monsters also murmured.

Since childhood, several strangers thought that the master was just looking for an excuse to let Seventh Sister into the team, with the purpose of protecting Seventh Sister.

Therefore, for many years, Liu Weili even privately speculated whether Qimei was the illegitimate son of Master.

This is not to blame them, it is really that Seventh Sister is too weird. As for the immortal body that the master said, it is even more in the eyes of the six monsters, but it is just an excuse.

Because even if a mortal has an immortal body, it doesn’t matter if he doesn’t become an immortal, but at least his physical talent is better than that of ordinary people. Naturally, many things are far more powerful than ordinary people.

But the fact is that Qimei is not only not superior to anyone, but mediocre, unlike people in the Bafang world.

You must know what is the equivalent of a person who is not capable of practicing in this world where everyone is a martial artist, and that is equivalent to waste!

Therefore, the Six Monsters later generally believed that the Qimei’s strangers were also to blame for their inability to practice.

But now, at this absolute absolute time, Qimei Ziqing suddenly changed.

“Ah!”

At this moment, Zi Qing suddenly yelled in anger!

boom!

The white air became more diffuse, even rising without wind, slowly dragging it into the air.

At this time, Ziqing only felt endless power rushing from all directions!

“You killed my sweetheart, hurt my brother and sister, I want your life!” With a cold shout, Zi Qing suddenly showed a fierce light in her eyes.

With a slight movement of his hands, a strong white air current instantly surged from all directions and formed four white phoenixes flying around Ziqing’s body.

“Broken!”

With a soft drink from Zi Qing, the four white phoenixes made four phoenix calls in the sky, drawing four beautiful curves in the air and rushing directly to the night demon in the air.

The beauty of the four phoenixes is amazing.

The breath carried is even more refreshing, difficult to express, but extremely peaceful inside.

Anti-Buddha, it has the general meaning of comfort.

But for the Night Demon, an extremely fierce aura was attacking him.

Why is this happening?

“Even so, do you think that you can challenge me?” He

fell coldly, facing the four white phoenixes, the Night Demon was furious and greeted him.
