

His True Colors Novel Chapter 2446 - 2448

Chapter 2446

George's expression was extremely cold as he looked at the proud expression of the old monk.

A pair of eyes stared at the old monk, wishing to cramp him.

"Yo yo yo yo, look. Some people have terrifying eyes. I can't wait to swallow my old bones." In the face of George's angry eyes, the old monk was not afraid at all. The ridiculous appearance.

For him, George, the demon god of Megatron Bafang World, who possesses the Pangu Axe, who is almost invincible, may be a frightening existence among others, but now he is his own prisoner.

Isn't it happy to be so refreshing?

Ask the world, who else is there? !

Therefore, the old monk is naturally proud and happy.

"Hehe, Master, don't worry, no matter how vicious this dog is, and then bites people, at least he has to get rid of the dog chain first."

"This dog chain is our mysterious lock, let alone a bad dog. , Even if you are a true god, you don't want to break free."

"Oh, yes, George, forgot to tell you, the black shackles on your hands, but my master spent thousands of years, using the hardest things from all over the world. It is forged, can transform all kinds of things, can trap all things, even the true god can never get out of it." Hearing the mocking reminders from the disciples, the old monk pretended to have a sudden realization.

George's face was cold, but he kept trying hard in his hands, but the black shackles were really hard, even if George used Chaos Qi, it was still to no avail.

Seeing George playing secretly, the old monk smiled contemptuously: "If I were you, be honest, George, do you think I'm stupid if I'm going to trap you with just a lock?"

"You Remember the rain we came now?"

On the mountain road when they came, the three of them did experience a rain, and that rain lasted a long time, so George naturally remembered it clearly.

The old monk smiled contemptuously: "That is the poisonous rain meticulously prepared for you, in the sky, only here is the rain falling, do I look you up very much?"

"As long as you are touched by the poisonous rain, you will be hit. A colorless, odorless, highly poisonous, usually innocuous, hidden in the skin. Once you exercise vigorously, the toxicity will enter the body through the skin and spread throughout your body with the blood. You just fought in the magic cave. That's what it meant."

After speaking, the old monk laughed and looked at George: "If I guess it's good, you should feel a little uncomfortable when you transport the energy now. However, this is normal, and you also Don't worry. Because this is a normal reaction. Wait for another ten minutes, let alone transport energy. Even if you want to move, this poison will make you feel bad."

"George, those steamed buns are actually the antidote ." The old man, Master, knew that you might not believe us at all, so you must be vigilant towards us, but you may not even dream of it. Those steamed buns are actually the real antidote. Your vigilance has harmed you, smart I was mistaken by cleverness, haha." The little monk Tian'er also gave a mocking sneer. How could the coldness on his face be made by a child?

"Everything is one game, isn't it? The Night Demon doesn't exist anymore. The monsters in this magic cave are just virtualized by you." George said coldly.

"Yes, the monsters in this cave are nothing but the old monk's use of mysterious jade locks and special magic methods." At this point, the old monk's face was cold: "That bastard night demon has a face to brag about the world with the old monk. Invincible, let the old man send his disciples to help him with the Voice of Ten Thousand Demons. In the end, he failed miserably in your hands and was simply incompetent."

defeated, and the old monk can't be mad at it. The night demon will be completely convinced by George, so that at the critical moment, he dared to give George. Prompt the key core.

This is extremely deadly for the old monks and the gang. If George wants to listen to what the night demon said, then they will not only fall short in this battle, but will even be defeated.

"So, my master will simply do it. After you wrap the restaurant with a barrier, the master will let us use the method of Buddha's sound transmission that night to turn all the people in the city into zombies. Naturally, there will be you yesterday. The scene I saw in the morning."

"Master knows that there is a spy on the wall, so he will go out of the city, so this is the overall situation, waiting for you to appear."

When George appeared, the situation turned upside down. The plan has officially begun to be implemented.

“You are very smart.” George said coldly.

The whole process was made up by the old monk almost seamlessly, without any flaws.

For George, it was almost the real truth.

“You George’s name was not only created by force, but the classic underneath the Wuzong Mountain where you win more battles with less, facing the same young and famous Ye Gucheng, and even later Wang Shuzhi still has a tricky plan. How dare I despise your IQ? If it weren’t for a perfect explanation and a reasonable layout, how could it be so easy to lie to you George?” The old monk smiled softly.

When he said this, he didn’t have the arrogance he had before, but he had some respect for George.

“It seems that the person I want to meet is already here.” George smiled slightly at this time.

After speaking, he suddenly raised his head to look at the old monk, and said, “Also very smart.”

But George suddenly laughed and said, “If it weren’t for that point, you would really have succeeded.”

“What nonsense are you talking about!” Hearing George’s words, the old monk was immediately very angry, and shouted coldly: “You are just a prisoner. Why is the old monk’s plan a bit worse?”

“George, you simply audacity! ” “

now you are trapped us, what makes you qualified in this clamor? ” “

winner takes all, loser is always difficult to accept, but George, a man always looking ahead. “

said, Several people sneered and looked at George.

George smiled bitterly, shook his head, and looked squarely at the old monk: “I want to see someone.”

“Who?”

George smiled, “A person who has a deep hatred with me.”

“I don’t know you. Who are you talking about!”

“Very beautiful, even in the crowd, she is a big beauty who stands out from the crowd. Among all the monks of you, there is no need to say more. If you want me to say it more

clearly, it will be on the east side. The man in the forest with the female Guanyin Buddha statue, did I make it clear enough?"

Hearing what George said, the smile on the old monk's face solidified, and his brows suddenly wrinkled, and his heart was shocked. As cold as water!

how can that be! ?

This is absolutely impossible!

Chapter 2447

"You...who are you talking about, I...I don't know what you are talking about." The old monk is full of big men. He is really hard to imagine. Their careful layout will be found by others. .

"You want me to be clearer before you admit it? As your disciple said just now, if you win or lose, you must look forward bravely." George said.

"Master, I'm afraid he will do anything? It's just a dying person. What can he do even if he knows some secrets? It's just a matter of bringing it underground. The secrets that the dead know are still secrets." Next, the one who led George yesterday The monk shouted ferociously.

When a disciple said something, the old monk's mood was calm and he stared at George: "Okay, you said, if you guess it right, I don't mind letting you see you!"

"Mingyu!" George stern words.

Hearing this name, the old monk visibly staggered slightly, and his stature that had just stabilized could not help but reappeared in panic.

Seeing the incredible look in the old monk's eyes, George smiled slightly: "Those who can use voice to control people's hearts and lead people to demons. Although George is not very talented, he has also heard of the great name of Hainu." The

so-called Buddhist sound may There is that kind of effect, but who can introduce so many people in the entire city into the magic way, except for Haenyeo, who can it be? !

As for the position, George naturally noticed the different aura when flying off the top of the cliff, so naturally he paid more attention.

"George, fortunately, you are trapped by me. You are indeed extremely smart." The old monk stared at George, but the ridicule and contempt disappeared.

Although it is an enemy, but fortunately it has been successful, otherwise it would be a nightmare to face such an enemy.

“Okay!” The old monk waved his hand, and the middle-aged monk stopped talking nonsense and left.

A moment later, a blue figure flew over, and under the blue clothes, those beautiful legs like jade and shoes were also greeted for the first time, tight but the incomparable face.

However, for others, this is a fatal attraction, but for George, it is infinite anger!

“You are really smart, you know this too?” Ming Yu said indifferently as soon as he landed.

“It’s not smart, it’s just that you are too stupid.” George replied coldly, suppressing anger.

As soon as these words came out, several monks were suddenly emotional, and they wanted to beat George.

Just as soon as he moved, he was stopped by the rain.

“It seems that you want to scold me, maybe, it should be.” Seeing George looking at himself coldly, Ming Yu said calmly.

“Scold you?” George smiled coldly: “Of course I want to scold, but what’s the point of scolding a dying person? I’m just stating the facts. “

George, you really have a bad mouth. You don’t look at your current virtues, and you dare to speak wild words in this mouth?” The middle-aged monk suddenly yelled angrily.

George didn’t bother to fight with this kind of Luo Luo at all, but looked at Mingyu indifferently: “Betraying Lu Ruoxin, with her character, she might not make you feel better, right?” The

words came out, even if they were indifferent. At this time, Mingyu couldn’t help but suddenly a flash of surprise flashed in his eyes.

To some extent, George’s words hit the most vulnerable part of her heart.

It is also the place where she is most worried about.

“You won’t tell me, Lu Ruoxin arranged it today, right?” George said coldly.

“Couldn’t it?” Lu Ruoxin said coldly.

“This woman Lu Ruoxin is not only beautiful and beautiful, but she is also at the level of a human being with her delicate and intelligent mind. Would such a person really trust you alone? She can trust anyone, but she can also distrust. Anyone, just like you.” George said coldly.

“As I said earlier, if it weren’t for a fatal loophole, I might really believe you.”

“What loophole?” Mingyu was puzzled. This plan has been deduced repeatedly, even if it’s this big refining array It was also carefully arranged. Even when George fell asleep last night, he specially used Buddha’s incense to cover up the absence of Night Demon.

How can there be loopholes?

George smiled back, “You can’t think of this loophole, and I didn’t expect it, but maybe God doesn’t like to help you, a traitor, so it’s already doomed.”

This is also the true view of George, and this loophole is indeed something he never thought of.

But unfortunately, he caught up.

“Lu Ruoxin found me just before you started this game!” George said coldly.

“She looked for you?” Ming Yu frowned.

“Yes, I am so grateful that she did not trust everyone. Therefore, she did not pass you through when she

came to me this time, but someone else.” The person who passed the news of Lu Ruoxin was the mysterious earth woman in the mysterious mansion at the time.

But it was precisely him who sent a very important message to George.

“Do you know what she wants me to do?”

Hearing George’s words, Mingyu, calm and calm, was obviously panicked: “What does she want you to do?”

Chapter 2448

“She wants me to break through your encirclement, and the reward for me is very generous!” George said.

This is related to the reunion of Han Nian with himself. It can be said that for George, the temptation is too great to refuse.

“George, what do you want to say?” Mingyu was obviously impatient, looked at George annoyed, and said coldly, “Don’t sell it!”

“Lu Ruoxin can reward me with such good terms. She also asked the earth woman to play a lot of tricks with me, which shows that she very much hopes that I can defeat you.

Let me ask, if you were her people, would she pay for me to do this? What good will it do for her? ?! ” “

so, you simply directed at me, I say to you? ” “

If you are to come for me, this is not directed at you with a magic night for a two conflict, right? you The explanation of is indeed able to avoid all the facts perfectly, and it is absolutely not contrary. However, it completely conflicts with the information Lu Ruoxin gave me. Is this loophole obvious enough?” George said coldly.

You don't need to think about how important Han Nian is to yourself, so George always thinks about Han Nian, and naturally thinks about how to break the siege.

But at this time the enemy ran over and said to himself that they weren't here to deal with themselves at all, but to deal with someone else. Isn't that stupid? !

“Then you still have to follow us?” Ming Yu said coldly.

“If you don't enter the tiger's den, how can you get a tiger?” George said coldly.

“Haha, what a fucking one who doesn't get into the tiger's den, so you're a tiger, George, do you have a fucking face to say this?”

“When you enter the tiger's den, you become the son of the hole, you A fool.”

Hearing George's words, several monks yelled at him for a while, and didn't know where his confidence came from, and he is still uttering wild words even now.

“George, it is good for people to have self-confidence, but transitional self-confidence is arrogance. People will eventually pay for their conceit. Are you ready for this?” Ming Yu said coldly.

“That's right, people always have to pay a corresponding price for their own conceit. This applies to me and also to you.” After saying that, George glanced at Mingyu: “If I were you, Then I will return to my sea obediently now, otherwise, you will have to face my revenge and Lu Ruoxin's clearing the door, are you really sure?”

When this was said, George's mouth corners A smile was pulled out slightly.

Ming Yu did not speak. If this was something from someone else, she could not wait to slap it, because it was too bragging, but to George, even if he is now a prisoner, he has to be careful and careful Plan.

she has personally fought with George, and she knows exactly how George's combat effectiveness is.

“Han Gou, who are you scaring? You are already our prisoner, what else can you do?”

“Even if it is not, we dare to hit you, and naturally have sufficient preparations. Even if the scheme fails, we are not afraid of you. Besides, our strategy has been accomplished?”

Several monks chuckled coldly.

“Really?” George smiled, and suddenly the whole person gathered all the energy in his right hand.

“Bang!”

Suddenly, the black shackle on the right hand rang violently, and then it exploded!

A bunch of monks were just dumbfounded, even Ming Yu was slightly shocked.

“You!!!”

“How is it possible, how is it possible, how can you still transport energy?”

“If you are poisoned by us, you will be poisoned immediately!” The old monk took the lead and shouted, several monks followed. It was shocked.

They tried Bailing’s forbidden drugs, how, how did they suddenly lose their effect?

“Just as you said, people always have to pay for their own conceit.” George sneered slightly, and touched his numb right wrist with his left hand.

Although the right hand is indeed a little uncomfortable, but Guan George’s appearance, where is there any sign of poisoning?

“This...this is impossible!” The

middle-aged monk touched his bright bald head, unbelievable for a while.

But, how did they ever know that George, who is a body of ten thousand poisons, would be afraid of the so-called forbidden poison? !

Since yesterday, George knew that there was a problem with those rains.

It’s just that George has always been scheming. When the monk took out the steamed buns from a young age, George affirmed this guess from their practice of no silver three hundred taels.

When he was about to reach for the steamed bun, the little monk pretended not to see it, and took the steamed bun back.

Even just now, George pretended to open the lock hard but didn't open it. The purpose was to let them relax their vigilance. He already knew that he could figure out more that he wanted to figure out.

Right now, everything is almost clear.

"You have enough trouble, and enough fun, but men always speak well, so..." With a move of George's hands, the sky fire moon wheel suddenly turned into double swords in his hand.

"It's time for me to have a good time with you." After saying this, George smiled like a devil...
