

His True Colors Novel Chapter 2455 - 2457

Fang Kun? !

Hearing this, Amelia visibly shook her body, and the whole person stepped back subconsciously, shaking her head desperately, and muttering in her mouth: "No, no, impossible, impossible."

Lu Ruoxin saw her like this. , the man suddenly looking surprised a moment, could not help sneer: "... well, now that is not possible, but I do not insist you, Han three thousand dead or alive, I will not attend,"

"curse of the soul is from repression, The final result of George was that his soul was destroyed and disappeared in this world forever."

"Lu Ruoxin, didn't you say that you like George? If you like it, you just watch him die?" Amelia heard the result. , Suddenly angrily said.

"It was not me who watched him die, but you. I have already figured out a way for him. Unfortunately, you didn't agree." Lu Ruoxin said coldly.

Amelia suddenly became angry. She had already compromised. In order to keep her chastity, not to betray George, and to reunite them with his father and daughter, she would rather give up George and go to the deserted desert by herself.

The drifting desert is barren for thousands of miles, full of yellow sand, not to mention that there is no grass, even other lives exist.

There is a castle in the desert, floating on the quicksand and disappearing into the dust.

Some people call this castle a mirage, others call it Youming City.

But no matter what you call it, the castle exists, and it is owned by a mysterious and powerful family.

And Fang Kun is the next successor in this mysterious family.

Lu Ruoxin's original intention was to let Amelia live in this city, never to step out, and to completely isolate the two from seeing each other.

But now, she has one more thought.

Amelia wanted to marry Fang Kun, and this change of thought was due to George being trapped.

The new bargaining chips naturally gave Lu Ruoxin new ideas. How did poor Amelia know that the retreat she made did not actually affect or help George to escape from gluttony.

She only knew that asking her to leave George was already the greatest sadness, but asking her to marry someone else and betray George, how did Amelia do it?

But, just now, George's painful roar is still in Amelia's mind and heart, and it has been a long time that he can't wave it away.

She loves George so much, how can she watch George in pain in the midst of the sword?

She would rather be the one who has suffered so much torture and suffering!

"Lu Ruoxin, don't go too far." Amelia shook her head uncomfortably, looking at Lu Ruoxin's eyes full of anger.

Because people cannot be satisfied, compromise is by no means the key to solving the problem, but only a potion to catalyze greed.

"Amelia, as the owner of the Desert King City, the Fang family is more mysterious and unpredictable. Only when you marry Fang Kun can the King City send troops to fight against the group of monsters and monks, and George will have the possibility of surviving. . I was obviously for the sake of George, but you said I was too much? If so, you think I didn't say it."

"I, Lu Ruoxin, said to me. Since George has already come out safely with Taotie, as a promise, Han missed me. It will be handed over to George. Even if he dies this time, Han Nian will still be handed over to George's friends safely."

"There is good news, I forgot to tell you that all three of George's friends are here. , George also joined Fu Mang, Jianghu Bai Xiaosheng and others."

After finishing, Lu Ruoxin smiled, but soon a trace of worry reappeared on his face, looking at Amelia, and said: "But there is also a bad news."

"Since you left, the Mysterious Alliance has been tragically supported. The family betrayed, and the Fu family slaughtered all the mysterious people alliance disciples. Even George, who tried his best to help stabilize the situation, also suffered annihilation. In other words, there are not many people in the mysterious people alliance, Han There are not a few helpers from 3000. Even if I return Han Nian to them, tut..." Lu Ruoxin shook his head helplessly.

what? !

Hearing this, Amelia was directly confused.

The Fu Ye family betrayed Han Sancheon?

He also slaughtered all the disciples of the Mysterious People Alliance, and even wiped out the Void Sect...

“So I said, you will always be a burden if you stay with George. On earth, you Su family’s gang of wine bags and rice bags. You need to rely on George, George can help you, but in the world of eight directions, the family behind you is still sucking George’s blood and bone marrow like blood-sucking bugs.”

“Including you, Amelia!”

“If it’s not for this purpose. Save you, why would George leave his army to go to Flint City? How can he help his family members have the opportunity to engage in those despicable methods?”

“As for Flint City George almost died, I don’t need to say any more?” Lu Ruoxin sneered.

Lu Ruoxin had already shown Amelia’s miserable scene of George after Flint City. This also caused Amelia to be very worried and mentally collapsed. Only when Amelia personally wrote to George will end.

For Amelia, she was indeed too difficult. George died almost several times for himself. Lu Ruoxin threatened herself with Han Nian and the brawny in prison. At the same time, Lu Ruoxin continued to use George to criticize herself for his sacrifice. .

Amelia felt sorry for George and dragged him down. Under this circumstance, I wanted to prevent myself from betraying George, because I was already sorry enough for him.

So, she really has no choice.

But now Lu Ruoxin suddenly broke the news that the Mysterious Alliance had been overshadowed by the Fu Ye family, it was actually a murder and condemnation.

Although Amelia no longer thinks that she is helping her family, but she doesn’t recognize it or she doesn’t recognize it, but some things are fundamentally inseparable.

Amelia has always been the bloodline of Fujia. If it weren’t for her, where would there be the opposition between Fujia and George? !

Lu Ruoxin’s trick is not unskillful. Everything is very meticulous, and some details will be hidden at the most critical moments. It is extremely insidious to say that it is progressive and direct to people’s hearts.

Don’t say that Amelia suffered a loss in her hands, even if George faced her at the beginning, she was always a headache.

It can be said that Lu Ruoxin is definitely the most beautiful woman George has ever seen, but also the most brainy enemy.

“Amelia, I know that George loves you, but if you really love him, in your earthly words, shouldn't you make him happy?”

“But your love for him made him fall into the abyss. Is this love?” Lu Ruoxin saw that Amelia's face was full of guilt and shock, seized the opportunity, struck the iron while it was hot, and asked sternly.

“I...” Amelia was already in a negative mood. She was hit by Lu Ruoxin's aggressive words, and she panicked for a while. How should she choose?

“He has no time, Amelia!” Lu Ruoxin said coldly, turning around and leaving.

“Good!” Amelia gritted her teeth and made an extremely difficult decision.

Lu Ruoxin suddenly sneered at the corners of her mouth, but after turning around her face was damp: “Are you sure?”

“I'm sure!” Amelia bit her lip and nodded.

Lu Ruoxin's several verbal blows hit the hearts of the people every time. Amelia was not afraid of all kinds of torture, but the guilt in her heart was infinitely amplified by Lu Ruoxin and then beaten heavily.

To some extent, Amelia even felt that she was the sinner beside George.

As Lu Ruoxin said, in the name of love, he did persecution.

She really dragged down George so much that it made George commit a dangerous situation again and again, if Fu Jia could help George like the top of the Blue Mountain.

With George's ability, even if he is not the overlord of one party, he is definitely a dragon and phoenix among the people.

“Yes, but you can't say anything, just stand up!” As soon as the voice fell, Lu Ruoxin's hand moved, and a blank piece of paper flew out of his sleeve.

When the paper fell into Amelia's hands, it was already clearly written in black and white.

“Are you ready long ago?” Amelia was not stupid, frowning immediately.

“As I said, I was also nervous about George, so I naturally prepared in advance. Is there any problem?” Lu Ruoxin smiled calmly.

“If there is no problem, please sign.”

Amelia bit her teeth slightly, moved her hand, grabbed a pen, hesitated for a moment, and put her name on the paper.

Lu Ruoxin lifted her hand again, and Amelia's paper flew into her hand. After a glance at the name on it, a satisfied smile appeared on Lu Ruoxin's face.

Putting away the paper, Lu Ruoxin smiled: "Okay, I believe it, immediately notify Fang Kun to rush to rescue George."

Amelia frowned upon hearing this, anticipating something bad, and said, "You What do you mean by that?"

"That's what I mean." Lu Ruoxin said calmly.

"Aren't you going?" Amelia noticed the smell in Lu Ruoxin's words, and said with a bit of displeasure at this time.

"I? Of course I will go. However, what is the significance of whether I go or not go alone?" Lu Ruoxin put on a helpless smile.

"You single-handedly? Lu Ruoxin, what do you mean? You want to go back?" Amelia suddenly asked in a cold voice.

"What I said, Lu Ruoxin, will never go back. I said that I would save George, and I would naturally go. But you, like me, are both daughters of the family, and you should understand that you want the family to contribute by your identity alone. Is it that easy? What's more, it's a nameless person who just likes him, but he doesn't like me."

"My father agrees, will the top executives of the Blue Mountains agree?"

Lu Ruoxin said, Amelia was speechless!

Why doesn't Amelia understand this feeling? Under the big family, they are inferior to women, and if they have to pay for those who can't beat eight strokes, it is even harder to think about it.

Unless there is an interest!

"Actually, I'm also a rascal. If I can lead the elite of the Blue Mountain, plus the Gang of Shangkun, not to mention the tens of thousands of demon monks, even if it doubles, what does it matter? But it's a pity..."

"I can only bring my confidant with me. Although there are not many people, you can rest assured that Amelia, I will do my best."

Amelia gritted her teeth, she is not a stupid woman, so she can naturally hear what Lu Ruoxin meant, and said: "You mean, George wants to have something to

do with you, right?” “Exactly! But even without you, he would not like me. Although I am confident that he will fall in love with me sooner or later, it’s a pity Yes, time is not enough now.”

“So what?” Amelia said coldly.

“You are a smart woman, you should know what I want?” Lu Ruoxin smiled coldly.

Why doesn’t Amelia know what Lu Ruoxin means? Hers was almost the same as what Fang Kun wanted.

“Our husband and wife are really sweet and delicious. Many people are rushing to get it!” Amelia glared at her and took a deep breath: “Okay, George, I have a way.”

“You have a way?” Lu Ruoxin frowned slightly. Wrinkled, but there was a move in my heart.

Amelia’s face was cold: “Yes!”

“What can you do?” Lu Ruoxin questioned Qidao.

“you do not believe me?”

“Why should I trust you?”

“Only in this world, the person who knows George best is me, and the person who loves him the most is me, and his favorite is also me. Is it enough?” Amelia is not polite The way.

In a word, even the eloquent Lu Ruoxin was speechless at this time. Amelia’s words are indeed loud and sound, and there is no way to refute them.

This is Amelia’s capital, as well as Lu Ruoxin’s sorrow and pain. In front of this woman, she is superior to everything, but only in George, she is defeated.

“Now, do you believe it?” Amelia said coldly.

Lu Ruoxin actually felt that his aura was suppressed, and frowned, “What are you going to do?”

“Paper, pen!” Amelia said coldly.

After speaking, Amelia got up and came to the table, her right hand stretched out slightly, her posture extremely high.

Lu Ruoxin instantly felt like a maid, her aura plummeted, but when she thought of that man, she gritted her teeth, her hands were imaginary, paper and pen appeared, and then she placed it in front of Amelia.

Amelia didn't talk nonsense, picked up a pen and quickly wrote something on the paper.

When Lu Ruoxin saw these words, she couldn't help but smile with satisfaction.

But the next moment, Amelia suddenly stopped writing, and turned around and said coldly: "Map!"

"Map?" Lu Ruoxin asked coldly.

"Yes.!"

"What do you want a map for?" Lu Ruoxin was extremely vigilant.

Obviously, what Amelia wanted was a map to reach the desert from all directions, but if such a map was given to her, wouldn't she be able to take the opportunity to escape in the future? !

"If you can't provide it, I can't manage George's marriage to you." Amelia said coldly.

If Lu Ruoxin had had the upper hand in front of Amelia before, then the situation was a bit reversed at this time.

At least, before she heard that Amelia was about to marry George, it was really difficult for her to grasp herself.

That is the man who wants to conquer, and that is the man who can get everything she wants.

For the sake of George, who hadn't written all his characters, Grandpa could even give himself the token of Blue Mountain Pavilion. If this comes true, half of the Lu family would not even be exaggerated...

Even if she didn't even need half of the Lu family at all at that time!

Because at that time she may have more!

If there is no way to be sure, it will naturally fall into a disadvantage.

"Okay!" Lu Ruoxin gritted his teeth and moved his hands again, and a map appeared in front of Amelia.

Amelia just glanced, roughly matched, and chose a location between the top of the Blue Mountain and the desert, Guxuecheng!

So instead of looking at the map, he continued to write with a pen.

Seeing this, Lu Ruoxin felt relieved. It turned out that she didn't want the map to peek at the path, but to choose a suitable location.

When Amelia finished writing, Lu Ruoxin smiled with satisfaction: “No wonder George is so intoxicated with you. Sure enough, Su

Amelia is Amelia, not only beautiful, but also smart and icy.” “Are you satisfied now?” Amelia was not at all because of her. Complimenting and calming down is just an extremely cold way.

“Okay, I will lead the elite of the Blue Mountain to the rescue. Father and grandpa have seen these and will definitely not object.” As soon as the voice fell, Lu Ruoxin walked out of the room quickly.

Only Amelia was left, no previous coldness, just looking at the bright moon outside the window, with lovesickness in her eyes.

A moment later, in the hall on the top of the Blue Mountain, there was a series of eight good words from the Lu Family Patriarch and Lu Wushen’s hearty laughter, and Lu Ruoxin also hurried to the Blue Mountain Pavilion almost a moment later.

As the most elite existence on the top of the Blue Mountain of the Lu Family, its existence is no less special than the pavilion of the Fujia building. The Blue Mountain Pavilion means too much to the top of the Blue Mountain.

But at the same time, it also means too much to the pattern of the Octagonal world.

At this time, more than 100 elder-level masters from the Blue Mountain Pavilion gathered in the martial arts field, behind them, there were 10,000 elite disciples at the top of the Blue Mountain.

Its great potential, its great potential!

Even Lu Ruoxin, standing in the team of the hero at this time, couldn’t help feeling surging.

The power of the world is in his hands, and the power of all kinds is in his hands. This feeling is really cool! !

“Everyone listens!” Qiangren was excited, and Lu Ruoxin gave a cold voice.

“Yes!” Ten thousand people all responded!

Lu Ruoxin couldn’t help but feel more excited: “Target, the border town in the land of the trapped dragon, set out now!”

“Yes!”

As Lu Ruoxin led the Lu family elite out of the top of the Blue Mountain, a group of tens of thousands of people were nearby. The troops also got up from rest and

reorganization, the leader was young and handsome, and a golden armor was still alive and well even in the dark.

Behind him, thousands of soldiers, with dark skin, bare feet and a gold belt, looked very strange.

“Go!” As the golden young man drank, the 10,000-person army also went into full gear, and slammed to the border town in the land of trapped dragons.

At the same time, the quietest but extremely turbulent moment came in the border town.

In the small town, the zombies are obviously more ferocious at night, but the people in the inn are getting more tired.

In the valley, although the sound of rain was loud, it was still louder than the strange Buddhist sound of the tens of thousands of monks. Under the thunder and lightning, the shadow in George’s body was pulled bigger and bigger, but it was also getting more and more vacant...

From the initial screams that screamed sternly in the valley, to now it has almost been silenced.

Although the time for refining the soul is very short, the pain in the process is probably only known to George... The

dragon still stands proudly there, letting the rain beat, and George’s body is still lying there under his claws, raining. Washed past, at this moment, the hand that was soaked in the rain, suddenly moved slightly.
