

The spectating crowd was mocking and scorning Han Jingru. The person that gave Han Jingru's identity away felt a huge sense of accomplishment. If it wasn't for him, how could the people realize that Han Jingru was standing there in person.

"Han Jingru, you should thank me. If it wasn't for me, you would simply have a famous name. But now, things are different and Yun city will know you soon." That man laughed.

Han Jingru had been taking in humiliation since he was twelve. He did not behaved like any other young master from a wealthy family. He was belittled and even scorned at by his own family. Those kind of mockery and ridicule weren't enough to even faze him the slightest.

Ever since he married into the Su family, Han Jingru didn't care how others looked at him. He had told Shiyan before that a King would wait for his moment. The man was purposefully concealing himself in order to prepare his path for the future.

Now, Han Jingru wasn't aspiring to just replace the Han family. He wanted to find

Han Xiuzhi. Even if Han Xiuzhi was dead, he would dig out the enemy of the Han family and find out how they had treated his grandfather. Han Jingru wanted to make them pay.

Han Jingru glanced at the members of the Go Association and simply said one word, "Scram."

Once he said that, all of the members were stunned. And even the spectating crowd was stupefied.

Who was he?

Han Jingru, the famous trash from Yun city.

And the people standing before him were all the big shot from Yun city's business world. But he asked the men to scram!

"Wow! Has Han Jingru lost it? He asked them to scram?"

"He is depending on Su Yimo for his livelihood. Although now Su Yimo became the chairman of the Su family, the Su family means nothing before these

people!"

"A dog would act cocky according to his master's position. I hadn't expected this trash to be so conceited now. Maybe he thinks that after Su Yimo becomes the chairman, he has the right to act high and mighty in Yun city."

"Why would Su Yimo even marry someone like that? He is completely useless and he even caused trouble for the Su family."

The surrounding crowds were shaking their head in disapproval. After offending these people, how could the Su family survive in Yun city? If Su Yimo were to find out about this, they wondered what she would feel. Would she regret that she did not divorce Han Jingru earlier.

When the members from the Go Association heard Han Jingru, they were infuriated. They came to find fault. But Han Jingru didn't just disrespected them and he even asked them to scram!

"Han Jingru, who do you think you are? How dare you speak so rudely towards us!"

"Do you believe that I can bring the Su company down in less than one week? At that time, you are just a homeless dog. Do you think Su Yimo could help you?"

"Ill-mannered dog. Kneel and apologize to us. Otherwise, we will not let you off easily."

Han Jingru leered at the crowd coldly. The man just returned to Yun city and he didn't know what was happening to Su Yimo. If he continued to waste time with these fellow, he might missed the chance to save Su Yimo.

"I don't need even one day to take your life." Han Jingru pushed the crowd away and strode away.

That made the members of the Go Association boiled in anger. A few elders' face even turned purple red out of rage. They expected to point fingers right at Han Jingru's face to vent their anger and they could step on his pride like a dog. But now, Han Jingru disrespected them and left.

A lot of people were looking. If they didn't make Han Jingru pay, they would just

embarrass themselves.

"I will make sure that bastard regrets. I will make the Su family go down with him!"

"Take our life in one day? The youngsters nowadays are just crazy arrogant. Since he likes to bluff, we shall show him who is the real deal!"

"Now I am just looking forward to see after the Su family goes bankrupt, will Su Yimo kick this trash aside!"

Out of the sake of friendship, Wang Mao stepped forward and reminded them out of good will, "I advise you guys to not push it in this matter. There is no point to create trouble for yourself."

"Wang Mao, without our sponsorship, your association would go bankrupt already. Just mind your own business."

"From today onwards, I'll withdraw myself from the Association."

"I'll withdraw myself as well."

"Me too."

When Wang Mao heard that, he smiled. The man smiled in relief.

Since those old pals did not care about friendship, he wouldn't need to treat them as friends either.

"Sure, I will sit back and watch how Han Jingru bring you guys to your demise. At that time, don't be coming to me for help. Because I wouldn't be able to do that." After saying that, Wang Mao turned around and leave.

After Han Jingru and Qi Pingying left the airport, they rushed directly to Mojo.

"I will send you home first." Han Jingru told Qi Pingying. Su Yimo didn't know his other relationships in Yun city and he didn't want to expose himself so soon. Since Qi Pingying was Su Yimo's best friend, if she were to know, she would definitely tell Su Yimo. Therefore, Han Jingru did not plan to do that with Qi Pingying following along.

Qi Pingying was a smart woman. Since Han Jingru wanted to find Su Yimo, he would definitely mobilize his influence in the underworld. Because of that, Han

Jingru wouldn't want her to follow along. He was worried that she would tell Su Yimo something she didn't know. As long as she could take care of that concern, she would be able to follow him.

"Are you afraid to let me see something I shouldn't and tell Su Yimo? Don't worry. I have seen you in the underground arena but I didn't tell her." Qi Pingying said.

Underground arena?

Han Jingru was shocked. How did she know about the arena!?

"You don't have to be so shocked. I was simply curious about that place so I went to take a look. And I saw you unexpectedly." Qi Pingying said with a smile.

An ordinary person wouldn't go to the underground arena. That place was filled with malice and only violent people would go to have a vent. Qi Pingying looked Just like a quiet girl, how could she have such a side to her?

If it was just curiosity, it wouldn't be

convincing enough. Moreover, if an ordinary, quiet woman like her was curious, she wouldn't go to that kind of place.

"I hadn't expected you to have a hidden side. Should I know more about you?" Han Jingru asked indifferently. Previously, he had investigated about Qi Pingying's family background and there wasn't anything suspicious. But the way Qi Pingying carried herself made Han Jingru felt that she wasn't ordinary. Now that the man took a second thought, the more her background seemed to be normal, the more it screamed extraordinary.

How could a family that involved with agriculture went overseas for business so suddenly?

"If you want to know more about me, we can do that any time." Qi Pingying replied with a smile.

Han Jingru didn't speak again. Since Qi Pingying knew what he did at the underground arena, it was fine to let her follow him to Mojo.

After reaching Mojo, Molan, Ling Heng and

number 12 were there. They had received the call from Han Jingru since yesterday and they had started to search for Su Yimo in the entire city.

"How was it?" When Han Jingru saw Molan, he asked directly.

"We still don't have any news about sister-in-law. In the CCTV, we saw them getting kidnapped by a minivan. The person that drove was very familiar with all the surveillance in the street. He had almost avoided all of the CCTV. It is not easy to find where he went." Molan said. The man had tried everything without rest in this matter and mobilized almost a thousand men. They hadn't been resting since the night but they still didn't get anything yet.

Han Jingru had a cold face. Everything happened because of Shanguan Heibai. If he had only used this to threaten Han Jingru to give up the competition, he should have released Su Yimo already. But now, Su Yimo still hasn't appeared and it would mean things weren't as easy as he thought.

"What is happening? Why would anyone

kidnap sister-in-law?" Molan asked in puzzlement. In his opinion, Han Jingru wouldn't be offending someone so easily. Why would something like that happen?

"That is not important. We should focus on finding Su Yimo now." Han Jingru said with a solemn face. He would definitely seek revenge from Shangguan Heibai. But that could wait. The pressing matter was to secure Su Yimo's safety.

"Don't worry, as long as sister-in-law is still in Yun city, I can definitely find her. Even if I have to scan the city inch by inch." Molan said.

At that time, Han Jingru's phone rang and it showed 'Darling'.

Someone as steady as Han Jingru wouldn't even faze before a landslide. But the moment he saw the phone call, he was nervous and he couldn't even stop his hands from quivering.

When Qi Pingying saw that, she secretly gripped her fist tightly. Just a phone call could make you so nervous? How could you be so deeply in love with Su Yimo!?

You have experienced unjust amount of humiliation in the Su family. Why did you continue to fall for Su Yimo? Why did you love her so deeply!?

You are a man, could you really give up all your pride for her?

Not just Han Jingru. But even Molan rubbed his nose tip unconsciously. That was a habit whenever he got nervous.

Other people might not understand how Han Jingru felt towards Su Yimo. But the man had stood witnessing that for the past three years. Being her secret Guardian Angel without fail for the past three years. Could anyone do that?

"Hurry and answer it, why are you staring into space?" Molan nudged Han Jingru.

Han Jingru drew a deep breath and pressed on the answering button.

"I want ten billion." After the call connected, he heard a manipulated audio.

"Okay. How do you want to do the transaction and how can I make sure that she is safe?" Han Jingru answered unhesitantly. Not just ten billion, as long as Su Yimo could be safe, he wouldn't even blink to give a hundred billion.

"Your trash husband wants to speak to you. Hurry and say something."

"Jingru, I am fine. Don't worry about me."

When Han Jingru heard Su Yimo's voice and he could hear that her tone sounded fine, the man was relieved.

"You are restful now, right? I'll contact you after you prepared the money." The other person hang up after that.

Han Jingru crushed his handphone by his

grip alone. The man gnashed his teeth and turned towards Molan, "It is Su Ruijin. Get me Su Ruijin!"

Su Ruijin had purposefully lowered his voice to change his tone. However, Han Jingru was used to his tone. It was Su Ruijin's style to speak in disdain and deride. The man would always carried himself high and mighty before Han Jingru.

Previously, Su Yimo mentioned that Su Ruijin was ousted from the Su family. But Han Jingru couldn't understand how Su Ruijin could get connected to Shanguan Heibai.

The old dog kidnapped Su Yimo to threaten Han Jingru to let Ouyang Xiujie won the competition. Now that the competition was over, he should have released Su Yimo already. However, the person that kidnapped her was Su Ruijin. How could that vile men released Su Yimo so easily?

It was the same garbage filled room. Su Ruijin wore his mask and the tattooed man lied on the floor dead. The man wasn't

willing to release Su Yimo just like that and he quarrelled with the tattooed man. After that, he accidentally killed the tattooed man and the only thing he could come up with to stay safe was to leave the nation. Therefore, he asked ten billion from Han Jingru.

Su Ruijin came up with the amount after careful consideration. That was the maximum amount Su family could withdraw. And of course, after getting the money, the Su company would go bankrupt and Su Yimo wouldn't be able to stay as the chairman anymore.

The man didn't want just money and he wanted revenge towards Su Yimo. And at the same time, took away Han Jingru's livelihood.

"Chairman Su, the Su family is going bankrupt soon. Do you have anything to say?" Su Ruijin asked Su Yimo.

Su Yimo had been feeling a sense of familiarity towards Su Ruijin previously. Although he was wearing a mask and she couldn't tell from his appearance, his figure and speech gave him away.

"Su Ruijin, the Su family will not go bankrupt and you will not be getting your ten billion." Su Yimo answered indifferently.

When Su Ruijin heard Su Yimo calling his name, his body tensed up and he jumped right up from his chair.

"You don't have to be so riled. I have long known that you are Su Ruijin. So what if you don't want to admit? Moreover, speaking like that must be uncomfortable, right?" Su Yimo asked.

Su Ruijin drew a few deep breath. After considering the fact that he could leave the country after getting the money, Su Yimo wouldn't be able to do anything even if she could recognize him. Who could find him after he gets out the country?

The man removed his mask and glared at Su Yimo with a twisted expression, "So what if you know? You will be a homeless dog soon. This time round, Han Jingru wouldn't even have the chance to depend on you to have a good life. And after I get the ten billion, I can enjoy my life. Su Yimo, you haven't expected this day, right?"

wouldn't let Su Ruijin off easily. The man had been courting death over and over again. But this time round, he would definitely get it.

"I hope that you don't regret." Su Yimo said.

"Regret? When this trash kneel before me, you will know if I will regret or not." Su Ruijin sneered.

After having a target, Han Jingru asked Molan to search for Su Ruijin. As long as the man made an appearance, they could definitely find him out. After that, Han Jingru went to Su Ruijin's house.

Su Wenyi husband and wife became ordinary people. After Su Ruijin was kicked out from the Su company, Su Wenyi was removed as well. Without their job and salary, their life was difficult and they didn't even dare to have a good meal.

Su Wenyi had never scolded Su Ruijin for that but the father had been blaming him. If it wasn't for Su Ruijin creating so much trouble, their family wouldn't end up in this state. Moreover, now that the Su family wanted to avoid a sensitive relationship

and no one dared to get involved with them.

The door to their house was busted with a loud bang. The old couple almost jumped up in fright from the couch.

When Su Wenyi saw Han Jingru, his face turned red in anger. The father stood up and roared, "Han Jingru, what are you doing!"

Han Jingru walked towards Su Wenyi with a cold face and asked, "Where is Su Ruijin?"

Su Wenyi had always looked down on Han Jingru. But the man had been carrying himself lowly all these years and Su Wenyi didn't bully him. But after Su Yimo became the chairman, he didn't expect that trash to act so arrogant and ruthless to even bust his door.

"Han Jingru, how dare you! Just because Su Yimo became the chairman, you acted so arrogantly? We are no longer working in the company, who gives you the right to act so cockily in front of us?!" Su Wenyi said.

"I will ask just once again. Where is Su Ruijin?" Han Jingru asked coldly.

Su Wenyi boiled in anger. A trash that depended on a woman dares to act up before him? She was nothing but a chairman to a stupid company! How dared that trash act so cocky?

Su Ruijin was so capable yet he couldn't have a good life like Han Jingru! The damned gods are truly unfair!

"I don't know. And even if I know, why should I tell you? Are you in any place to interfere with our family matters!?" Su Wenyi fumed.

Han Jingru grabbed Su Wenyi by the collar suddenly and pulled him towards himself. Due to the difference in height, Han Jingru was looking down towards Su Wenyi completely.

"What are you doing!? Let me go!" Su Wenyi yelled in panic.

His wife ran towards him immediately and pulled Han Jingru's shirt as she yelled angrily, "What are you doing!? Trash, let go

of my husband!"

"I want to know where is Su Ruijin. Speak!"

"Han Jingru, how dare you do this to me? You are just a damned trash! A trash that relies on a woman. Why should I tell you what my son is doing? Do you think every man is so cheap like you? Su Ruijin is much better than you. He is making money now!" Su Wenyi said.

"Making money? The way he make money is to kidnap Su Yimo and ask for ransom?" Han Jingru pushed Su Wenyi away.

Wait! I Have Something to Say!

When Su Wenyi heard that, his face turned pale immediately.

Su Wenyi was an ambitious man and he had always hoped for Su Ruijin to take over the Su family. But after the Su company fell to Su Yimo's hand, he was frustrated. He had thought about all kinds of shameless ways to target Su Yimo, blackmailing her to step down and let Su Ruijin get back the company.

However, all of his plans were simply imagination. His courage was not enough to carry his ambition.

But now that he found out Su Ruijin kidnapped Su Yimo, he was overcome with fear!

That would bring him jail time! The man only had one son to take care of him and his wife in their old age. If he were to be jailed because of this, how could they survive!?

"Nonsense, do not accuse my son like that! How can he do something like that?" Su Wenyi fumed impassionedly.

"You think I will joke in such matter?" Han Jingru asked coldly.

"Why not? You are jealous of Ruijin's talents and envious of his abilities. A trash like you would feel like a filth in front of him. You can just do about anything!" Su Wenyi roared. Han Jingru just couldn't understand what the basis of his claims was. It seemed that in the father's eyes, Su Ruijin was the best in the whole world.

"Talent?" Han Jingru scoffed, "You mean that trash Su Ruijin that caused trouble for the company over and over again? And you say he is competent? Are you telling me his talent is to bring everyone down together with him? He is nothing but an idiot."

When Su Wenyi heard the word idiot, he boiled in anger. Su Ruijin had done something idiotic but who gave Han Jingru the right to point fingers?

"You are the idiot. The lowest kind of idiot that depends on a woman. A person like you has no right to condemn Su Ruijin!" Su Wenyi fumed.

Han Jingru knew that his image being a trash was deeply rooted in the mind of everyone in the Su family. The man had no interest to change that. It wasn't important how Su Wenyi sees him. Han Jingru simply needed to know where Su Ruijin was.

"I'll ask you one last time. Where is Su Ruijin? If I find him myself, he will be a dead man. If you don't want someone by your side in your old age, you can continue to keep it a secret." Han Jingru said with a cold gaze.

Su Wenyi still remember the first time he felt terror from Han Jingru. That was when Su Yimo was still staying in their old house. That was the first time Rumo's contract had an issue. The father and Su Ruijin went personally to apologize to Su Yimo and that was the day he saw the exact same gaze from Han Jingru.

It was cold and merciless, sending fear right down to his very bones!

"You... You dare!" Su Wenyi stammered.

"Do you want to give it a try? No problem. I will let you know the consequences. You

should start preparing a coffin for him now." After saying that, Han Jingru turned around to leave.

Su Wenyi was fearful. He was afraid that Han Jingru would really do that. However, at the same time he doubted a trash like Han Jingru had the guts to kill a person.

However, Su Wenyi's wife did not want to risk losing Su Ruijin. Even if Han Jingru didn't have the courage to kill him, if the fact that the kidnap was real, Su Ruijin would be getting into jail as well. She didn't want that to happen to his son.

"I know." When Han Jingru walked to the doorstep, Su Wenyi's wife said.

Han Jingru stopped his steps and turned his head back to look at her. The man said coldly, "I do not have any time to waste with you. If you want to play games with me, Su Ruijin will die a worse death."

Su Wenyi's wife shook her head hurriedly and said, "I really do know. I have a GPS location of his phone and I can check his whereabouts."

Han Jingru hurried towards Su Wenyi's wife and said, "Hurry and give it to me."

Nothing could be more important than Su Yimo's safety for Han Jingru. At the same time, there was a seemingly ordinary old man in low profile clothing landed in Yun city's airport.

If it wasn't for his built of 190cm, maybe nobody would notice such an old man.

The passers-by would cast him another look because of his height. And when they did that, they noticed that the old man had a strong presence. He had a pressuring aura just like those great people that had high power and authority. Just his presence by standing alone could intimidate others.

Two days ago, the old man appeared in Qing Cheng and visited Han Yu!

Both Han Yu's legs were disabled and he could only sit on a wheelchair. Fortunately after Guan Yong left the prison, he did not suffer from beatings and oppression. When he heard that he had a visitor, he thought that Han Jingru was coming to

rub salt on his wounds. But the moment he saw that old man, he broke into tears.

That old man was a courter of Nangong Shuxian when she was younger. His name is Shen Wong and he was an extremist.

When Nangong Shuxian married to the Han family, Shen Wong swore an oath that he would never marry for the rest of his life. And the man did that. He had never touched another woman and he loved Nangong Shuxian to his very soul.

The news about Nangong Shuxian's death was a secret. Only the highest tier family in central would know about this. When Shen Wong heard that, he erupted in anger and the man wanted to snatch Nangong Shuxian back from the death reaper. However, it was simply impossible. The only thing he could do for Nangong Shuxian was to avenge her.

"Do you want revenge?" That was the first thing Shen Wong said to Han Yu.

Han Yu ended up like that because of Han Jingru. And the man would even dream to exact his revenge. Although both of his

legs were broken, the man knelt before Shen Wong.

"Grandpa Shen, Han Jingru killed grandma and made me a handicap. I dream to kill him, to peel off his skin, to scrape his bone and drink his blood."

"I'll help you. Before you get out from the prison, I'll find a pawn to do it for you."

The pawn was the reason Shen Wong came to Yun city.

Shen Wong understood the situation in Yun city like the back of his hands. Su Ruijin was the first chess piece he placed for Han Yu. Because the man had a similar vendetta towards Han Jingru.

When Shen Wong stood in the exit of the airport, he drew a deep breath and mumbled to himself, "Yan Wan, I did not personally cross with Han Jingru. So I did not went back on our agreement."

After Han Jingru got the location of Su Ruijin, he drove over alone.

It was a very run down residential area.

Due to the cheap rental, a lot of foreign workers and thugs stayed there. It was a very messy place.

When Han Jingru parked his car, a few thugs targeted him.

The few men puffed with the cigarettes and blocked Han Jingru's path cockily.

"Bro, you have to pay parking fees over here. Pay up first." One of them told Han Jingru.

"How much is it?" Han Jingru asked with a cold face.

When they saw Han Jingru answering back so obediently, they had a grin on their face.

That was just a rare bonus falling from the sky. They wouldn't have that opportunity every day and they had to make sure they get enough.

"Bro, your car worth a few hundred thousand and the few of us needed to watch it carefully for you, lest someone else damage it. Look at how many

manpower we have, you should give us two grand at least." The man said.

Han Jingru took out his wallet and the person that spoke had a pain expression. He was regretful that he asked too little and he should have demanded more.

At that time, Han Jingru threw a copper coin to the floor, resulting in light clink.

"F**k, what do you mean!?"

"Damn you, treating us like beggars? Are you seriously insulting us with a penny!?"

"Bro, I think you are blind and itching. We have no choice but to teach you a lesson."

The few thug raised their sleeves and marched towards Han Jingru intimidatingly.

"Heed my advice and scram." Han Jingru said coldly.

"F**k you, acting so cocky in my turf? Who do you think you are!"

"Guys, beat him up! Make sure you teach

this idiot a proper lesson!"

"If you don't pay up a few grands, you will not be able to leave this place."

These group of men gathered together and created a lot of trouble for this residential area. They would always extort money from the rentees. After doing what they did for a long time, they had never gotten into any trouble and they gained courage. Han Jingru seemed like another victim that will concede after some beatings.

After one minute, Han Jingru was still standing but the few thugs lied on the floor and groaned for help.

"Make sure you guard my car properly. If there is even a single scratch, I will not let you guys off the hook." After Han Jingru said that, he went inside the residential area.

The few thugs knew that they had met a big shot and they hurriedly nodded as they watched Han Jingru hurried away.

"Damn, Who is that? How can he fight so well!"

"Bloody hell, what a bad luck to meet someone like that. But we can't be getting beaten up for nothing!"

"Let's scratch his car and let him know the consequences of offending us! If we just leave after that, he won't be able to find us!"

Although the few thugs were conquered by Han Jingru's violence, after Han Jingru left, they started to have ideas of vengeance. If they ran right after scratching his car, Han Jingru wouldn't be able to find them.

For these thugs, if they couldn't avenge themselves after getting beaten up, they wouldn't be able to intimidate others.

They could starve themselves, eat nothing but buns in their own. But when they were in public, their pride was more important than their lives.

"Damn him, let him go fix this car!"

"Let's wreck his car!"

"Let's see if there is anything costly inside, we mustn't get beaten up for nothing!"

The few men took up a rock each to themselves and walked towards Han Jingru's car.

At that time, a dozen more cars drove inside the residential area and they parked in a hurry before the passengers got out together. There were over hundreds of people and the few thugs were so fearful that their knees were knocking.

"That... What is happening? Why is our residential area so lively today?"

"That, isn't that Ling Heng!?"

"Damn! Molan, even Molan is here!"

The moment Ling Heng got down the car, he saw the few thugs standing beside Han Jingru's car. They were holding rocks on their hand and they seemed to be up to no good. Ling Heng hurried over. That was Han Jingru's car. If it were to be vandalized right under his nose, he would be kicked away by Han Jingru.

"What are you guys doing?" Ling Heng walked towards the few thugs and asked coldly.

When the few thugs faced someone like Ling Heng, they were so afraid that they couldn't even speak properly.

"Mr... Mr. Ling Heng, We are not doing anything at all. We live here."

"Yeah exactly, we stay here. If Mr. Ling Heng doesn't believe in us, you can just go and ask around."

"Mr. Ling Heng, what are you doing here? Is anything happening?"

Ling Heng harrumphed and said, "This has nothing to do with you guys. If you want to touch this car, you better be careful of your neck."

After saying that, Ling Heng spoke to the few underlings behind him, "Guard Mr. Jingru's car properly. If there is any scratch at all, it will be under your responsibility."

"Yes sir!"

"Yes sir!"

"Yes sir!"

The few thugs looked at Ling Heng fearfully.

Mr. Jingru!

They didn't know who that Mr. Jingru was.

However, they knew that the person they just offended was a great man. Not only that, they even wanted to extort money from him.

That was someone even Mr. Ling Heng needed to call respectfully!

The timid ones even felt their knees turned weak and fell sitting on the floor.

After Ling Heng left, a group of men surrounded Han Jingru's car and didn't allow anyone to get near, as if they were protecting some kind of very important artefacts.

Su Ruijin planned to give Han Jingru three days to prepare the money. After all, it

wasn't easy to prepare ten billion. The Su family had to sell the company and get more bank loans. However, the man had never expected Han Jingru to find him so soon.

The moment the door was busted open and Su Ruijin saw Han Jingru's standing by the door, every muscle from his face tensed up and his teeth were clattering.

"You... What are you doing here!?" Su Ruijin was overcome with fear and he said stammeringly.

When Han Jingru saw Su Yimo getting tied up in the corner, his murderous aura erupted. He walked towards Su Ruijin without a word, raised a leg and kicked him to the corner of the wall. After that, he raised the wooden stool and wrecked it on Su Ruijin's body until it was completely shattered.

"Stop hitting me, stop hitting me!" Su Ruijin covered his head with both of his arms and kept repeating.

"It seems that you must die in order to solve the problem once and for all." Han

Jingru looked at Su Ruijin emotionlessly.

Su Ruijin knew that he couldn't win against Han Jingru in a fight. But he didn't believe Han Jingru dares to kill him.

"Han Jingru, stop scaring me. If you really have the guts, go ahead and kill me. Let me see if you dare to do it or not!" Su Ruijin said.

Han Jingru walked towards Su Yimo and untied her as he asked, "Are you all right?"

Su Yimo didn't show much of a worried expression and she even answered with a smile, "I am fine. I knew that you will definitely come to save me, so I wasn't afraid at all."

Han Jingru held Su Yimo's hand with a guilty expression.

"Sorry. It is all my fault. If I had ordered someone to protect you, this kind of thing wouldn't have happened. But rest assured, no one will be able to hurt you in the future."

Su Yimo shook her head and she didn't

blame Han Jingru at all, "I should be the one to apologize. Sorry for making you worry."

"Can the two of you stop getting so cheesy? Do it at home and hurry and untie me!" When the two of them were exchanging sweet talk, Shen Zhuoman couldn't stand it anymore. She was having goosebumps but most importantly, she was still being tied up! Both of them had forgotten about her!

When Su Yimo heard that, she hurriedly walked towards Shen Zhuoman and untied her. The woman chuckled, "Didn't you always say you fantasized about getting tied up? Why not you take this opportunity to have a better experience?"

Shen Zhuoman blushed. That outrageous idea was their secret conversation in the room. How could Su Yimo say that right in front of Han Jingru!?

"You betrayer, what nonsense are you spewing! Do you believe I will also tell on you?" Shen Zhuoman gritted her teeth and threatened Su Yimo.

Su Yimo made a nonchalant expression. It wasn't that she isn't afraid of Shen Zhuoman's threat, but the friend didn't have anything on her at all.

When Shen Zhuoman saw that Su Yimo didn't care at all, she was powerless. She was the only one wild enough to say those outrageous things, not Su Yimo. Therefore, she didn't have any leverage to threaten Su Yimo.

"Han Jingru, why are you coming so late? My woman had suffered much, do you know?" After being untidy, Shen Zhuoman pulled Su Yimo's hands up and their wrists were bruised by the ropes.

Su Yimo hurriedly withdrew her hand and said, "It is just a light wound. I am all right."

Han Jingru drew a deep breath and told the two, "The two of you should go back and get some rest."

When Su Yimo saw Han Jingru's expression, her heart sank. The man just said that Su Ruijin must die to solve the problem once and for all. Would he really kill Su Ruijin?

"Jingru, you..."

Before Su Yimo finished, Han Jingru interrupted her and said, "Don't worry and just go home. I'll be fine."

How could Su Yimo be restful? If Han Jingru were to kill Su Ruijin regardless of the consequences, it would be murder. Han Jingru would be jailed for that. Su Yimo wouldn't accept that.

"Jingru, I am already all right. You must not do anything foolish. I want you to stay by my side." Su Yimo said nervously.

Han Jingru felt Su Yimo's care and a warmth surged from within him. He caressed Su Yimo's hair and said, "Don't worry, no one can separate us. I will always be by your side."

When Shen Zhuoman heard that, her eyes turned misty. If those words were directed to her, how great would it be?

Unfortunately, that would always be an impossible wish. No one could change Han Jingru's feelings towards Su Yimo.

"Yimo, we should just go." Shen Zhuoman

pulled Su Yimo's hand and said.

Su Yimo looked at Han Jingru and shook her head lightly. It was as if she was telling Han Jingru not to do something foolish.

Han Jingru simply smiled back at her and told her not to worry.

After the two of them left, the sweet smile on Han Jingru's face turned into a beastly expression. The stuffy room in the mid summer turned chilly all of a sudden.

"Han Jingru, I know that I can't win the fight against you. If you are a man, if you have the guts, just kill me! but do you dare?" Su Ruijin would never lower his pride before Han Jingru. If he were to lower himself before a trash like that, how could he ever call himself a man again?

"Since you know that, you shouldn't have targeted Su Yimo. You can bully me, you can humiliate me. You can even pee or shit on top of me. I will simply think of you like a dung beetle. However, if you make Su Yimo suffer... I wouldn't allow that." Han Jingru walked towards Su Ruijin and his gaze were filled with murderous intent.

Although Su Ruijin had mustered up courage and steeled himself, thinking that Han Jingru could only beat him up and wouldn't dare to kill him, when he saw Han Jingru's gaze, he became fearful.

"Han Jingru, murdering a person is illegal! And you will get into jail. You might even die together with me! Have you thought about it clearly?" Su Ruijin said.

"What now?" Han Jingru's lips curled up like the devil himself, "Are you afraid? We haven't even started yet. But you got afraid already?"

Su Ruijin took two steps back until his back touched the wall. The man couldn't hide his fear from his eyes because Han Jingru's gaze made him feel that he wasn't joking.

"Han Jingru, don't come closer! Let me warn you, you better think of the consequences! if you kill me, you have to pay with your life!" Su Ruijin's lips turned dry and he felt as if his throat was on fire.

For Han Jingru, killing him was as simple as lifting a finger. He wouldn't feel any burden at all. What more, Su Ruijin worth nothing more than an insect for him and he didn't care about the consequences at all.

"You were the one that killed your grandmother, right? Since you said that you have to pay a murder with your life, I shall let you pay today." Han Jingru said coldly. Although he did not have any evidence in this matter, the sudden death of Madam Su being poisoned was definitely a murder case. Aside from Su Ruijin, no one would do something like that.

And after her death, Su Ruijin was the greatest beneficiary. The Su family was blinded and they couldn't think properly. However, Su Ruijin's motivation was crystal clear in front of Han Jingru.

"You liar! How can I be the one that killed grandma? It was Tian Shuirou! You and Tian Shuirou killed grandma together!" Su Ruijin said anxiously. Although the matter had passed for a long time and Su Ruijin knew that no one could ever find out the truth, he couldn't help but panicked when Han Jingru mentioned it.

"You could only be the chairman after she dies. You must be desperate for the position for a long time already, no? Who else can be the murderer aside from you?" Han Jingru said.

Su Ruijin shook his head and his eyes were filled with fear, "No, it wasn't me. It has nothing to do with me, nothing to do with me!"

Han Jingru stretched out his hand suddenly and choked Su Ruijin by the neck. As he raised his arm, Su Ruijin was lifted with his back on the wall.

Su Ruijin felt that he was unable to breathe. He used all of his strength to wrench Han Jingru's fingers open. However, he just didn't have the strength and it was just a pointless struggle.

His legs were kicking violently and his pupil dilated.

"I am happy to see the Madam's death. However, your act of harming Su Yimo is unforgivable. And because of that, you shall redeem with your life." Han Jingru gripped his neck harder and looked at Su Ruijin piteously. "After you get down to hell, ask around about me. See what they will tell you about Han Jingru. A trash like you don't even have a right to be my opponent."

Su Ruijin was suffocated and his sight was blurred. Everything seemed to be turning dark before his eyes.

At that very moment, Su Ruijin regretted. Had he listened to the tattooed man and released Su Yimo, he would never end up like this. Unfortunately, it was too late. It was too late to regret.

That trash really dared to kill me!

At that time, Han Jingru felt a cold chill directed towards him. He instinctively moved to the side but he couldn't make it to evade the attack. The man felt a strong blow to his waist.

Thud!

Han Jingru was lifted to the air by the force as he bumped hard on the wall and fell to the floor.

"Shen Wong!" When Han Jingru saw the white haired man before him, he gnashed his teeth. He had seen this man once when he was little. Even until the day of his death, he would never forget him.

Shen Wong had appeared in the Han family before. Due to how much Nangong Shuxian cosseted Han Yu, the man adored the kid as well.

Han Jingru still remembered that Shen Wong gave Han Yu a toy before. He was jealous and touched it, but Shen Wong kicked him away hard.

Back then, Han Jingru was just ten years old, a frail boy! Yet his right leg was

broken! For the next three months, he could only walk on the assistance of a walking stick.

"I'm surprised that a bastard like you remember me." Shen Wong leered at Han Jingru in disdain. Even his eyes were filled with deride.

Han Jingru pressed on his waist and pushed himself to stand up.

"If it wasn't for you, I wouldn't need to spend three months on a walking stick. I was just a boy yet you showed no mercy. I will never forget about that."

"A trash is a trash. Why should we care about the age? But it is just nice that you didn't forget about it. I hope you can remember this hatred the rest of your life. Maybe you would be able to avenge yourself in the next life." Shen Wong snickered.

Han Jingru drew a deep breath. Why would this old dog appear so suddenly? As the courter of Nangong Shuxian, Han Jingru was impressed by his determination. However, he just couldn't have any feelings

towards Shen Wong. Because he was exactly the same as Nangong Shuxian, treated Han Yu with favor and treated Han Jingru like a trash.

"Shen Wong, Nangong Shuxian is already dead. I pity you that you wouldn't be able to have her for this lifetime of yours." Han Jingru said.

Shen Wong's gaze was filled with malice. Nangong Shuxian's death delivered him a huge blow. When Han Jingru mentioned about that, he was overcome with anger.

But at the same time, a word of warning from Yan Wan flashed in his mind. If he dared to harm Han Jingru, then Yan Wan would be interfering as well.

Shen Wong couldn't care less about Han Jingru. But he was unable to ignore Yan Wan. That low profile bodyguard of the Han family was the real deal.

"Su Ruijin, do you want to revenge?" Shen Wong turned towards Su Ruijin and asked.

Su Ruijin was on the brink of death. He survived on a hair's breadth and it was the

white haired man before him that saved him.

Although Su Ruijin didn't know who he was, he could tell that he was no ordinary people.

If he could kick Han Jingru away like that, he must be a master.

"I want, I desperately want to." Su Ruijin said determinedly.

"Kneel and bark like a dog. And I'll give you a chance." Shen Wong said. If he wanted to prepare a pawn for Han Yu, he must make Su Ruijin obedient and take away all the chances of him betraying. Therefore, Shen Wong showed an overbearingness before Su Ruijin.

Su Ruijin turned to look at Han Jingru. Barking like a dog in front of that trash? Wouldn't that bring humiliation to him?

However, if he wanted revenge, did he have any other way aside from this?

Bark, Bark bark!

Su Ruijin knelt down and barked.

Shen Wong smiled emotionlessly and said, "Not bad. You may stand up now. But never forget your identity. You are just a dog."

"I am just a dog." Su Ruijin lowered his head and answered in a grim voice.

"Now you have the chance to take back some interest from him. Do you dare to?" Shen Wong said.

Su Ruijin looked over at Han Jingru. He almost died just a minute ago and the fear towards him still hadn't disappeared. However, he knew that if he appeared to be a coward, the old man before him might not even give him a chance to be a dog.

"Han Jingru, you trash finally get it! Aren't you always so great? Show me how great you are again!" Su Ruijin picked up an empty beer bottle and walked towards him.

Smash

He smashed the beer bottle on Han

Jingru's head as hard as he could.

As the beer bottle shattered, Han Jingru's head bled.

Han Jingru did not fight back because he knew that he wasn't an opponent of Shen Wong. Yan Wan had mentioned about that old dog before and he seemed to be some kind of retired special forces. Not only that, he had all kinds of outstanding achievements before that. Judging from how he was unable to evade the earlier kick, The winner and loser were clear.

When Su Ruijin saw Han Jingru didn't fight back, he casted away his fear and got even more cocky. With Shen Wong backing him up, he could be fearless.

"Han Jingru, stand up and fight with me. Aren't you good in fighting?" After saying that, Su Ruijin kicked Han Jingru on the shoulder.

Although Han Jingru did not fight back, the recoil made Su Ruijin fell to the ground.

Su Ruijin climbed back up but he did not feel ashamed. Not just that, he was feeling

a great sense of euphoria. After getting beaten up by Han Jingru several times, he had always been dreaming to avenge himself. Now that he finally got the chance, he had decided to take that chance to return the favor!

Slap

After slapping Han Jingru with all of his strength again, Su Ruijin laughed conceitedly, "HAHAHAHA!! Trash, do you want Su Yimo to save you? As long as that whore kneel before me, I don't mind to let you go."

Han Jingru's face was grim. Su Ruijin's beating was nothing but tickles. Even if he gave him all the time in the world, he wouldn't be able to cause any serious injury on Han Jingru.

"Shen Wong, are you trying to get some pawns for Han Yu? To be able to find a trash like Su Ruijin, it seems that you are just a trash yourself." Han Jingru said coldly.

Shen Wong had been suppressing his anger. The moment he heard that, he

erupted and stormed towards Han Jingru. But that time, another old man appeared by the door!

When Yan Wan strode inside the room, the rage-filled Shen Wong held his breath uncontrollably. He could bully Han Jingru like a dog but not in front of Yan Wan.

"You seemed to have forgotten the promise between us. Does that mean after you break the deal, I don't have to hold on my end?" Yan Wan walked towards Han Jingru. After helping him up, he spoke to Shen Wong indifferently.

Shen Wong's eyelids were jumping. The man's fear towards Yan Wan was etched in his bone. The moment he saw Yan Wan, he would lose all his confidence.

That was also another reason why someone as powerful as Shen Wong would watch and do nothing as Nangong Shuxian married to Han Xiuzhi. And it was because of Yan Wan that he didn't even dare to harm a hair on Han Xiuzhi's head!

"I wasn't the one that hit him." Shen Wong said.

Yan Wan simply smiled and looked towards Su Ruijin, "If you didn't back him up, would a trash like that dare to do that?"

Su Ruijin didn't know who Yan Wan was. But he could feel that heavy pride and confidence in the old man's tone. Not only that, he called him a trash!

"Old dog, who do you said is a trash? You are a step in the coffin already, who gives you the right to run your mouth?" Su Ruijin leered at Yan Wan and scorned him.

Yan Wan wasn't angry at all and he even felt that it was hilarious. The man had a joyous and relaxed smile on his face as he spoke to Shen Wong, "Who is he to you? A disciple or a tool?"

"That is none of your business." Shen Wong sneered.

"Now that my disciple is getting bullied, being his master, I should avenge him, right?" Yan Wan said.

Shen Wong gripped his fist tightly. Yan Wan was taunting him but he couldn't lift a finger against Yan Wan. He didn't have the right and he had zero chance against him.

"An elder like you raising your hand against a youngster, that isn't justified, no?" Shen

Wong said.

Yan Wan raised an eyebrow and nodded, "That made sense. Jingru, since I can't avenge you myself, now it falls back to you. Don't worry, if anyone dares to interfere, grandpa Yan will help you."

"Thank you grandpa Yan." Han Jingru looked at Su Ruijin and smirked.

Su Ruijin couldn't help his body from shivering. How could he be the opponent of Han Jingru at all? If it wasn't for Shen Wong backing him up, he wouldn't even dare to raise an arm towards Han Jingru. If he were to fight Han Jingru for real, he would only get beaten up.

Su Ruijin hid behind Shen Wong and said, "You have to help me. I can't win against him."

That had shamed Shen Wong. Although Su Ruijin wasn't his disciple, he came to back him up. But now Yan Wan wanted the two to fight against each other, their prides were at stake but Su Ruijin didn't even dare to fight!

"Shen Wong, I hadn't thought that you are not just bad in combat skills, but you are also blind as a bat. What good is it to use a trash like that?" Yan Wan chuckled.

Shen Wong gritted his teeth and ordered Su Ruijin maliciously, "If you don't want to die, fight."

Su Ruijin was devastated. It was obvious that Shen Wong wouldn't be helping him anymore. And how could he ever win against Han Jingru?

Had he known that, he wouldn't show off in front of Han Jingru earlier. Not just that, he had just beaten Han Jingru up. Now the man was filled with anger, would he let him go?

Shen Wong moved to the side and cleared the path between the two. When Su Ruijin saw Han Jingru walking towards him, both of his knees started shaking.

He was beaten up by Han Jingru for many times and he was aware of the difference between himself and Han Jingru.

Even if Han Jingru was always a trash in

his impression and he would never acknowledge Han Jingru's greatness, he was still afraid of Han Jingru's fists.

"Han Jingru, it was my bad earlier. Sorry, I was impulsive to hit you." Su Ruijin spoke in a pleading attitude.

Han Jingru's face was covered in blood and his expression was like that of a hungry beast. When Su Ruijin saw his expression, he was melting in fear.

"Don't be scared, I am just a trash. There is nothing to be afraid of." Han Jingru smiled.

Thud!

Su Ruijin knelt on the floor and broke into tears as he wailed, "I beg you, don't hit me. I am just a trash, a stinking bug. You are the husband of the chairman, why must you trouble yourself with someone lowly like me?"

When Shen Wong saw that, his face turned black like the bottom of the frying pan. If he had any other choice, he would never make Su Ruijin that trash Han Yu's pawn.

"Shen Wong, do you know who he resembles?" Yan Wan asked Shen Wong.

Shen Wong did not say anything. He was completely humiliated by Su Ruijin.

"He is just like Han Yu. Everyone thought he would be the future of the Han family but he was just a complete trash. Nangong Shuxian was just manipulated by others." Yan Wan continued.

"Why should I care who the trash is? You should know my objective." Shen Wong said.

"You are so old already, why are you giving up a comfortable life of retirement?" Yan Wan shook his head helplessly.

"Are you so sure that I will lose?"

"Yeah." Yan Wan answered unhesitantly.

At that time, Su Ruijin was beaten to the corner in the room. The man had no chance to fight back at all and all he wished was just getting beaten up less.

Su Ruijin was covered in bruises and he

couldn't even say a word of pleading. He felt that every single inch of his body was burning in pain.

After Han Jingru stopped, he walked towards Yan Wan. The old man had the same relaxed expression throughout the episode.

"Are you dead? If you are not, then get up and come with me!" After Shen Wong said that, he left the room first.

Although Su Ruijin simply wanted to lie dead on the floor, when he saw Shen Wong leaving and Han Jingru standing before him, he knew that he might just die in that place. The man gnashed his teeth and followed after Shen Wong immediately.

Han Jingru and Yan Wan were the only ones left in the room. When Yan Wan saw Han Jingru covered in blood, he was heavy hearted and said, "Shen Wong had loved Nangong Shuxian all this while. He should have known about the fact that you cornered Nangong Shuxian to her death. That's why he planned to raise Su Ruijin up to go against you."

"I know. He wanted to help Han Yu to take back the Han family. But I do not care about the Han family and I had never thought about taking the Han family's asset for myself." Han Jingru said.

Yan Wan nodded. The man was clear about that. Han Jingru had long given up his identity as one of the Han family, why would he cosset even a single cent from them?

"Shen Wong isn't an easy opponent. Do you need my help?" Yan Wan asked.

Han Jingru shook his head unhesitantly and said, "Grandpa Yan, I can manage it. Trust me."

That answer wasn't a surprise for the old man. With his strong will, he would never ask for help. Otherwise, he would not be called Han Jingru.

"You silly boy, shouldering everything since you were a little boy. But you must know to relax yourself from time to time. If a string has too much attention, it will snap easily." Yan Wan said.

"Grandpa Yan, I have my own ways to relax. Don't worry about this. Moreover, Su Ruijin is nothing in my eyes." Han Jingru answered.

Su Ruijin was indeed nothing. That trash couldn't even have the right to be Han Jingru's opponent. But Yan Wan was still worried about Shen Wong. After all, he couldn't be appearing like this every time. That old dog wasn't a person that follow the rules.

"By the way, did he hit you?" Yan Wan asked.

"He gave me a kick." Han Jingru said.

Yan Wan had a wide grin on his face and he said, "Grandpa Yan is a man of my words. I'll go and avenge that kick. Also to take that chance to warn that old dog. This time to jolt his memory up a little bit."

"Thank you, grandpa Yan."

"If there is nothing else, I'll leave first." After Yan Wan said that, he walked out the room.

Han Jingru wanted to speak but he was hesitant. But when Yan Wan finally got to the doorstep, he finally couldn't hold it in and he asked, "Grandpa Yan, I want to ask you something."

Yan Wan did not turn his head back and answered straightforwardly, "If you want to ask about Han Xiuzhi, grandpa Yan will not give you an answer. I can simply tell you that everything is possible and you need to prove it by taking every step yourself. However, this is a dangerous path and you need to consider carefully."

After saying that, Yan Wan walked away. Han Jingru stood in the same spot in resolution. Danger? For the young man, no kind of difficulty and danger could stop him from finding a closure in Han Xiuzhi's well being. As long as he doesn't get the death confirmation of Han Xiuzhi, he would never give up.

Han Xiuzhi was the only family Han Jingru had. Even his birth mother, Shiyan was nothing more than a stranger!

After Shen Wong brought Su Ruijin away, he was just suppressing his impulse to kill him. He had completely embarrassed himself before Yan Wan and now he just dread to appear before that man.

But wasn't Su Ruijin a complete trash all along? How could he be able to compete with someone with a mind of steel like Han Jingru?

Shen Wong did not have the privilege of choice. The best chess piece he could find at the moment would be Su Ruijin.

Su Ruijin's hatred and rage towards Han Jingru were great motivation to push him to revenge. And Shen Wong was able to provide him the necessities. With that, Su Ruijin would be a loyal dog. After Han Yu gets out from jail, he could have a loyal helper.

Ten years in prison. Even if Shen Wong were to use his connections to arrange for a good performance evaluation for Han Yu in the prison, he could only get a reduction of the sentence for a few years. After a few years living in solitude, he would soon be just a stranger to the world. Therefore,

Shen Wong needed to raise up a dog that could help Han Yu adapt to the society in the future.

Although Su Ruijin was following behind Shen Wong and lowering his head, he looked down on Shen Wong. It was obvious that he was lower in comparison to the old man earlier. Yet he had to be a dog for a person like that. Su Ruijin simply felt that he could no longer see hope in his future.

"I'll give you 10 billion to set up a company. My first assignment for you is to bring the Su family down." Shen Wong said.

Su Ruijin was just looking down on Shen Wong earlier. But the moment he heard that, his attitude towards him changed immediately. And he was completely excited.

Ten billion! This old man was offering him ten billion!

After having that ten billion, he could return to his original status being a wealthy young master. Those Su family that treated him like an outcast would

need to bow to him once again.

"Are you for real?" Su Ruijin asked in disbelief.

"Hmph, do you think ten billion is a lot? It is time to raise your bars, you ignorant fool." Shen Wong said coldly.

Su Ruijin wasn't the least bit offended by Shen Wong's deride. If he could get ten billion and regain his pride before his Su family, he would even willingly kneel before Shen Wong in public.

"Yes yes, I am an ignorant fool. Don't worry, as long as you give me the money, I can definitely bring the Su family down."

At that time, Shen Wong stopped walking suddenly. That was because Yan Wan blocked before his path.

"What do you want?" Shen Wong frowned in vex.

Yan Wan simply smiled and said, "You kicked my disciple. It is only natural for me to avenge him."

When Shen Wong heard that, he gnashed his teeth and said, "Yan Wan, you better don't push it!"

"Push it? If you didn't bully my disciple, why would I bully you?" Yan Wan smiled as he walked towards Shen Wong slowly.

Shen Wong stood on the same spot and didn't dare to move. They were in the street with a lot of passers by. He had embarrassed himself enough. If he were to get beaten up publicly, he wouldn't dare to even go out from his house anymore.

"I can compensate him." Yan Wan said.

"That boy is never willing to accept other's help. As for compensation, not even I would be tempted. Why would he want?" Yan Wan answered with a smile.

Shen Wong simply saw a flash of light and he felt a strong force colliding him by the side of his waist. The next instant, the gravity lost grip on him.

Thud

Shen Wong fell on the street and raised a

cloud of dust.

Yan Wan looked down at him from above and said, "If there is a second time, do you think you will be so lucky?"

Shen Wong couldn't mind the burning sensation on his body and the man was trembling violently in rage. However, the vast difference in strength took all of his courage away to fight back.

"Yan Wan, I will prove it to you that you have made the wrong choice. The Han family belongs to Han Yu. Nangong Shuxian will never be mistaken. Han Jingru is just a trash and Han Yu is the rightly King." Shen Wong gnashed his teeth and said.

"We shall wait and see." After Yan Wan said that, he walked away and disappeared in the crowd.

Su Ruijin hurried toward Shen Wong and helped him up. He hid his disdain deep in his eyes. After all, this man was his sponsor. Even if he felt that the old man was a useless trash, he wouldn't dare to show it.

In their conversation, Su Ruijin noticed something. It seemed that all of his understanding towards Han Jingru was wrong. He wasn't just a simple matrilocal husband. The name Han Yu, Nangong Shuxian didn't ring a bell but Su Ruijin knew that they weren't ordinary people.

Could Han Jingru be a real big shot?

"Who is that Han Jingru and where does he come from?" Su Ruijin asked in puzzlement.

Shen Wong flung Su Ruijin's hand away and said coldly, "The Han family from Yan Jing. However, he is just an ousted kid."

Han family from Yan Jing!

Han Jingru came from the Han family from Yan Jing!

When Su Ruijin heard that, he felt a cold shudder down his spine. The man he thought was trash all along was actually the young master of the Han family in Yan Jing?

When Han Jingru married into the Su

family, everyone treated him like a beggar. Su Ruijin even played with Han Jingru like a clown. Who would have thought that someone like that came from the Han family from Yan Jing.

Even if he was just an ousted kid, he wasn't someone a puny Su family could challenge.

Su Ruijin finally understood now. That perturbing dowry to the Su family was actually for Su Yimo. But that Su Huiqi thought that she was the one that got favor from a wealthy family. Now everything seemed just like a big joke.

"Are you scared?" Shen Wong said in disdain.

Su Ruijin hurriedly shook his head and answered, "I am not scared. Don't worry, I will definitely bring him down. It is just a trash being swept out by his family. Why should I be afraid?"

Shen Wong sneered coldly. Su Ruijin was simply acting tough and he could feel his real thoughts.

"As long as you are obedient, Han Yu will definitely show you favor. Know that even if you are just a dog from the Han family, you could have everything in this world." Shen Wong said.

"I understand." Su Ruijin answered.

"Do not tell anyone about this. If anyone were to know Han Jingru's identity, you should prepare your own coffin." Shen Wong said indifferently. Han Jingru had disappeared from Yan Jing for so many years already and all those from the upper class had assumed Han Jingru had died of sickness. The moment this news was exposed, it would definitely cause a tsunami in Yan Jing. That was disadvantageous for Han Yu.

"Don't you worry. I will keep this secret to my death."

On the other side, Han Jingru was sent to the hospital by Molan. His head had an open wound. Although the injury wasn't severe, he needed some time to rest.

In the ward, Molan, number 12 and Ling Heng stood by his bed side. When they

saw Han Jingru's head getting bandaged like a pudding, they didn't dare to even look at him.

"Just laugh if you want." Han Jingru said helplessly.

"Pfft... HAhaHAHA!!" Molan was the first one that broke into a loud laughter. After that, he waved his hand at Han Jingru apologetically and said, "Jingru, so sorry. I just couldn't stand it anymore. Don't blame me, your look... You look too ridiculous now!"

"Mr. Jingru, if you go to Dubai with this sense of fashion, they would definitely think of you like a billionaire." Number 12 couldn't help but made fun of him as well.

Ling Heng didn't dare to say anything and he didn't even dare to laugh. After all, his status wasn't on par with Molan and number 12. He had to hold it even if his stomach would be bursting.

Han Jingru simply sighed. He wouldn't mind being made fun by these guys. But if Su Yimo were to see him like this, he wouldn't be able to explain it.

"If you guys have laughed enough, please help me to think of some ways. Best we can hide it from Su Yimo." Han Jingru said.

Molan simply sat on his bed and said with a motherly expression, "Jingru, I advise you to drop that idea now. My sister-in-law is just sharp. If you hide this from her and she found out later, she would be angrier with you. I think it is best for you to be honest."

"I don't want her to worry." Han Jingru said.

"The best way to make her not worry was to tell her everything. Lest you make her constantly overthinking and stressing herself out. If you find an excuse to not go home, can you guarantee that she wouldn't be overthinking at home? Isn't that making her even more worried?" Molan asked.

Han Jingru wasn't able to refute that. If he really found an excuse to not go home, Su Yimo would definitely be overthinking.

"I had not expected something like you to say something so sensible." Han Jingru said.

Molan didn't mind Han Jingru's verbal jibe and he laughed, "Jingru, I am an experienced man. In terms of relationship, I am far ahead of you. If you have any problem, I can be your counsellor and my charges are cheap. What do you think?"

Han Jingru leered at Molan in disdain. That man was trying to cheat his money again.

"Are you really so poor? Moreover, most of the underground business in Yun city belongs to you now. I think your wallet is just overflowing." Han Jingru said.

"No no no, not at all. I am still a long way from you. I don't think I can even match a hair on you." Molan said humbly.

"Okay now, if you don't have anything else, go back to your own things. You guys don't have to stay by my side." Han Jingru said.

The few men knew that Han Jingru would be informing Su Yimo soon and they shouldn't be the third wheel. All of them left tacitly.

Han Jingru took out his phone and checked himself out. When he saw his own look, even he himself couldn't help but laugh. That was just like having a pudding on his head. He looked just like those wealthy man from the eastern countries.

After he scrolled to Su Yimo's phone

number, he hesitated for a long while before making the call.

Although Molan was always carrying himself childishly, his words were sensible. If he didn't want Su Yimo to worry, he should let her know the truth, that he was safe.

"Jingru, how was it? Where are you? When are you coming home?" After the call connected, Su Yimo asked anxiously.

After Su Yimo went home, she was just high strung. The woman was worried that Han Jingru would do something he would regret out of impulse. She was afraid that he would really kill Su Ruijin out of anger.

Although she didn't have any kind of family affection towards Su Ruijin, she didn't want Han Jingru to get into trouble because of him.

Su Ruijin deserved death but Han Jingru had no need to get himself trouble.

"Umm, I am in the hospital." Han Jingru said.

Su Yimo jumped up from the couch the moment she heard that and she asked fearfully, "Hospital!? Why are you in the hospital? Are you hurt? Is it serious?"

When Han Jingru felt Su Yimo's nervousness, he was brimming in joy and a smile blossomed on his face.

"I am fine, I simply need to rest for a few days."

"Where are you? I'll go to you now." Su Yimo said.

"I am in the city hospital. I'm fine, you should just go back to do your own things." Although Han Jingru said that, that wasn't his wish. The man also wanted Su Yimo to come and take care of him.

"How can you be fine? And nothing is more important than you. I'll come over right now." After hanging up the phone, Su Yimo rushed out the door.

About twenty minutes later, Su Yimo reached the hospital. When she saw Han Jingru lying in the bed, her lips couldn't help but twitched. All of her worries turned

into a giggle. However, she could only hold it in. Han Jingru was injured, how could she laugh at him?

When Han Jingru saw Su Yimo's unnatural expression, he laughed bitterly to himself. The man was still fantasizing about how Su Yimo would react when she appears: Nervous? Fear? Care? But he had not expected her to be laughing.

"Just laugh if you can't hold it." Han Jingru said powerlessly.

Su Yimo drew a deep breath and suppressed her giggle. She walked towards the bed side and caressed Han Jingru's huge head, "Look at this dressing, you have quite the injury, right?"

It wasn't serious. The reason for the full head bandages was because there were simply too many wounds. The sharpnel of glasses had pierced and slit a huge area of his head.

"Yeah, it hurts. I am still feeling a little dizzy now." Han Jingru said weakly.

All of Su Yimo's laughter disappeared

instantly and her eyes turned misty. She said with a heartbroken expression, "I'm sorry. It is all my fault."

Han Jingru held Su Yimo's hand and answered gently, "How can it be your fault? I was careless and Su Ruijin sneaked up and attacked behind me. Otherwise, how can he be my match?"

"Su Ruijin... did you kill him?" Su Yimo asked.

"No. He found a backup now and the man was quite a trouble." Han Jingru said impassionedly. Shen Wong's appearance changed the matter fundamentally. That old dog was a big shot in Yan Jing as well. Now that he was trying to raise Su Ruijin as his pawn, it would be difficult to target him.

"It doesn't matter what he wants to do. Now, the most important thing for you to do is to recover and don't think of anything else." Su Yimo wouldn't care what kind of backup Su Ruijin found or how great he was. In her eyes, not even the Su company could be as important as Han Jingru. Regrettably, the couple still hadn't take the

next step.

Of course, that was all Han Jingru's fault to be insensitive. He hadn't realized so many of her hints and Su Yimo was just helpless.

"It doesn't matter who his back up is, I do not care. What is the difference between a bug and two bugs?" Han Jingru chuckled.

"Now that your head is injured, you are still in the mood to bluff?" Su Yimo glared at him and said.

When Han Jingru saw that she didn't say anything else, he couldn't help but sigh. He could have had those inviting red lips. However, Shangguan Heibai succumbed to such lowly method to force him to lose the match.

"I lost in a competition." Han Jingru said in dispirit.

"Pingying had already gave me a call. I know what happened. If it wasn't for me, you wouldn't have lost." Su Yimo answered.

Han Jingru couldn't help but licked his lips

and said, "Since I lost the competition because of you, is there any kind of compensation?"

Su Yimo blushed and answered hurriedly, "Of course not."

When Han Jingru heard that, he was deflated like a balloon. As if he just lost the meaning of life.

When he held his face low, he heard Su Yimo said, "But I am your wife."

When Han Jingru heard that, he raised his head almost instantly and looked at Su Yimo with twinkling eyes. Wife? Did that mean he could claim his right as her husband?

Han Jingru felt that his lips turned dry as he approached Su Yimo suddenly.

At that time, the door to the ward opened and a doctor and nurse walked into the room.

"Doctor's here."

@^%#!*&#!%\$!!

Han Jingru was repeating almost every curse word he knew. Why couldn't the doctor just choose another time but this!

Su Yimo hurriedly stood up. But she couldn't hide her shy face and she simply lowered her face.

After the doctor asked a few simple question, he left the room. However, the atmosphere in the ward was completely different from earlier. It was filled with awkwardness. And Su Yimo didn't sit back on the bed side anymore. Han Jingru's golden ticket was ruined by the doctor.

That night, Su Yimo stayed over to accompany Han Jingru in the ward. Although Han Jingru tried his best to convince that he was fine, Su Yimo couldn't be restful and she insisted to stay. Therefore, Han Jingru gave in in the end.

Early the next morning, there was a furore outside the Su family company. Their entrance was blocked and none of the workers could get inside.

"Where do they come from? Why are they blocking the entrance to our company?"

"It seems that they are here to cause trouble. I heard that the chairman had offended these people."

"The chairman hasn't been coming for a few days already. Did she offend some kind of important people?"

"Who knows. How depressing that our company just pushed through one crisis and we have another trouble knocking on our door."

The few shameless members from the Go Association brought a chair each and sat right in front of the entrance. Each of them were carrying a nonchalant smile.

"After creating such a huge ruckus, I wonder how long can Su Yimo continue to hide."

"I had not expected this husband and wife are such a coward. Han Jingru hid himself and didn't dare to come out. And Su Yimo simply stopped coming to the company."

"Isn't it just normal for Su Yimo to feel afraid? After all, does she dare to go against the few of us?"

"Exactly. They are just a puny family, what can they do?"

The few of them were chatting conceitedly. They were simmering in hatred after Han Jingru lost the competition and they had been thinking to chew on him as soon as he came back. However, not only did that not happen, Han Jingru even disrespected them in the airport. After that, Su Yimo went missing as well. They had no choice but to block them in front of the Su company. That kind of action was too cocky and too much to bear, but they weren't afraid to get into trouble at all. After all, the Su family was a small family and they couldn't do anything against the members uniting together.

One of the old man stood up and raised his voice towards the employees, "Hurry and contact Su Yimo and get her over here. Otherwise, you guys can stop working. From today onwards, the Su company will go bankrupt. If you guys doubt my words, go ask around and find out who I am."

The old man was extremely cocky and his declaration had infuriated a lot of the workers. However, none of them dared to say anything. They could easily tell that these group of men are not ordinary people. And the company's employees were simply normal citizen. Who would dare to offend them?

When Su Yimo's personal assistant, Zhong Qiu saw that no one was willing to step forward, she had no choice but to do so.

"Chairman Su wasn't in Yun city lately. If you have anything to look for her, can't you just wait for her to come back?" Zhong Qiu asked.

"Not in Yun city? I think she is just hiding from us. How can she not be here? And who do you think you are? Who gives you the right to talk to me?" The old man leered at Zhong Qiu in disdain.

Zhong Qiu wasn't someone with high position in the company and she did not have a high authority as well. However, now that none of the Su family relatives dared to step forward, she had no choice. After all, the employees were still waiting

outside the entrance and there were works piling inside.

"I am chairman Su's personal assistant." Zhong Qiu said.

The old man broke into a laughter. Just a small-time assistant dared to speak to him?

"You are just a lowly assistant, I advise you to keep your mouth shut. It is either you contact Su Yimo or you go look for a second job." The old man said.

Zhong Qiu gritted her teeth and fumed in frustration, "How can you guys block the path to our company? We still need to work. You are breaking the law!"

"Breaking the law?" The old man raised an eyebrow and walked towards Zhong Qiu. He sized her up from top to bottom. Although she wasn't a great beauty, she was still pretty to the eyes. Most importantly, she had a very curvaceous body. The old man began lusting for her and he said, "Girl, go ask around and find out who I, Jiang Fu is. Jiang Hai is my son. Have you thought of the consequences for

challenging me? But you don't have to be afraid. As long as you are willing to be my secretary, I don't mind to forgive you."

"Jiang Fu!"

"He is actually Jiang Fu!"

"No wonder he is so cocky. He was the founder of the Jiang company!"

When the crowd heard Jiang Fu's introduction, they were taken aback. Previously, they were still wondering who these old man were to be so ruthless to block right in front of the company entrance. However, now they understood. That Jiang family's influence in Yun city was much greater than the Su family. They were simply beneath the Tian family.

"You, you are Jiang Fu!" Zhong Qiu said with a fearful expression.

Jiang Fu grinned smugly. The man was satisfied to see the fright on Zhong Qiu's face.

"How was it? Be my secretary and I guarantee you an easy life along with

higher pay. You better consider it properly." Jiang Fu said.

Zhong Qiu was a strong woman who aspired for a luxurious life. She had her pride and she had saved up to buy all her branded goods and she wouldn't accept being a play thing for men.

Zhong Qiu was aware of what Jiang Fu meant for her to be the secretary. But she would rely on her own effort to get what she wants, not this shortcut.

"I know you are rich. But I wouldn't want to exchange my life with such method." Zhong Qiu answered.

Jiang Fu had an annoyed expression. The man had rarely felt such interest for a long while. It was infrequent for him to feel such interest towards Zhong Qiu but he got rejected.

"Hmph, then go on and look for a new job. But let me remind you, as long as I say the word, no one dares to hire you in the entire Yun city." Jiang Fu said coldly.

That was not a joke and Zhong Qiu was

fully aware of the consequences of opposing Jiang Fu. However, the woman would not concede because of that.

"The Su family will not go down so easily. Chairman Su is a very competent person and I believe in her." Zhong Qiu said.

When Jiang Fu heard that, he broke into a hysterical laughter. The man shook his head and said, "What if she is truly a competent person? If I want to sabotage all of the cooperation of Su family in Yun city, what can Su Yimo do? She is nothing but a bug in my eyes. No, not even an insect. Your faith towards her will just turn into despair."

Zhong Qiu looked at the crowd of Su family members. Even right until that moment, they didn't want to step forward to say something. Whenever the company faced any crisis at all, they would just run and hide with tails between their legs.

The Su family members only cared about themselves. As long as they were well fed, they would never care about the well-being of the company. Relying on them? That might just be the biggest joke. Moreover,

Not only would they not speak in defense of the company, they would even resented Su Yimo. If it wasn't Su Yimo, why would the company get into trouble like this?

"Can't anyone of you contact Su Yimo? You lot of trash! How did you even survive thus far?" Jiang Fu glanced over the crowd and asked.

Not just the employees but even the Su family relatives didn't dare to make eye contact. They all lowered their head and said nothing.

Zhong Qiu had no other ways and she said, "I'll give Chairman Su a call."

In the hospital, Su Yimo was peeling an apple for Han Jingru. When her phone rang and she saw Zhong Qiu's caller ID, she had a hunch that something happened to the company. The woman had been away from the company for many days and she didn't know what was happening.

"Zhong Qiu, is anything the matter?" After Su Yimo passed the apple to Han Jingru, she picked up the phone and asked.

"Chairman Su, Jiang Fu and a group of men are blocking in front of the company entrance. They refuse to let us get into the company." Zhong Qiu said.

When Su Yimo heard the name Jiang Fu, her eyebrows knitted closely. That old man had barged into her office before because of Han Jingru. And now, he even went to create trouble in front of the company.

Previously, Su Yimo didn't understand what happened. But now, she was crystal clear. The first time Jiang Fu and the group appeared in the company were to get Han Jingru to participate in the Go competition. They were all from the Go association and they needed Han Jingru to make them proud. And after Han Jingru lost the competition, they definitely felt that Han Jingru embarrassed them and they came to create trouble.

"Okay, I understand. I'll come back right now." Su Yimo said.

After hanging up the phone, Han Jingru asked, "What's wrong?"

Su Yimo sighed and said, "There are some

documents that need my signature."

She didn't plan to tell Han Jingru about the matter. After all, Han Jingru was still injured. It was more important to let him rest and recover. She must not disrupt his rest because of any petty matters.

"Then you should hurry and go back. Look at how lively I am, I can take care of myself." Han Jingru said.

Su Yimo nodded and said, "What do you want to eat for lunch? I'll take away for you."

"I can eat just about anything. If you are busy, you don't have to come over in afternoon." Han Jingru said.

"Okay, call me if you need anything." Su Yimo said.

After being taken care of for the entire night, Han Jingru was completely contented. Therefore after Su Yimo left, the man didn't feel any kind of disappointment.

All of a sudden, he recalled about Terra

prison and he just wondered how Mole was doing. Han Jingru had been carrying the signal receiver all the time. He was just afraid to miss the transmission from Mole.

Previously, taking care of Su Yimo was the most important thing in Han Jingru's life. But now, The man had another important life goal. To find Han Xiuzhi.

Su Yimo was Han Jingru's family and Han Xiuzhi was the same. The two of them were indispensable for him. Regrettably, Han Jingru wouldn't know when he could get the news regarding his grandfather. Aside from an indefinite wait, he had no other choice.

When Su Yimo drove to the company, all of the employees were gathering at the doorstep. A few old man sat by the entrance like a general against a swarm of enemy troops.

Jiang Fu sat right in the middle because he had the highest position amongst the group. Ever since his retirement, Jiang Fu hadn't felt such attention on himself. At that time, the man was feeling rather accomplished. Although he was in his old

age, he was as prideful as ever.

"Chairman Su is here!"

"Finally. I wonder if she can handle this matter."

"Sigh, I think it is just difficult. That man is Jiang Fu after all! He has a much greater status than chairman Su. Moreover, the rest of the old man are not ordinary people as well. If they were to target the Su family together, we might really lose our job."

Zhong Qiu ran towards Su Yimo's side immediately and said, "Chairman Su, these men are causing trouble without a reason. Can it be a foul play from our competitors?"

Su Yimo shook her head and said nothing. She walked straight towards Jiang Fu and the group of old man.

"Look at that, the coward finally comes!" Jiang Fu said with a smug grin.

"Does Han Jingru has any obligation to help you guys winning the match?" Su Yimo asked coldly. Now that she knew what was happening, she didn't need to beat around the bush.

Now the Go Association in Yun city had become the biggest joke in the nation's Go society. Although they had withdrawn themselves from the Association almost immediately, they still felt humiliated. That kind of embarrassment made the few old man boiled in anger. When they heard Su Yimo saying that, the rage surged from within again.

"Su Yimo, you better watch your attitude. Just one word from me, Jiang Fu, your company will go down in Yun city." Jiang Fu snickered.

"If you guys are so great, why not go and join the competition yourself? Can you win? Or can you? Or you?" Su Yimo pointed her fingers randomly and scorned in disdain.

The few men that she pointed at had a grim expression. If they could do that, why would they force Han Jingru to join the competition? It was because they themselves were not competent, yet they wanted to feel proud, so they forced Han Jingru to join the competition.

Of course, they thought they were the ones that forced Han Jingru to join the competition. If it wasn't for Su Yimo, nothing and no one could change Han Jingru's decision.

"Su Yimo, we simply want Han Jingru to get out, kneel and apologize. You better don't get yourself involved."

"A stupid company like the Su company isn't our match. I advise you to consider it properly."

"It is pointless to defend that trash. Moreover, everyone in Yun city knows about his history. Now we are simply asking for him to kneel and apologize, the Su family has no loss."

When Su Yimo heard the few men, her face turned dark. It was true that everyone

thought of Han Jingru as a trash. Even the entire Yun city thought that way.

But in Su Yimo's eyes, Han Jingru wasn't a trash at all. The man was overly humble.

"He is my husband. Of course I should stand by his side. Moreover, the fault isn't on him this time. You lot were the ones that pushed it. And now you want him to apologize?" Su Yimo said uncompromisingly.

Jiang Fu gnashed his teeth and glared at Su Yimo. He thought that Su Yimo would make Han Jingru come out and kneel to apologize to them under their threat. And they hadn't thought that Su Yimo would be so stubborn. Not only that, she was disrespecting them as well.

"Husband? You even acknowledge that trash as your husband? Who doesn't know that your husband is a trash? For the past three years, you didn't let him touch you at all. Don't tell me you have given up and you would rather bring the entire Su family down because of a trash." Jiang Fu continued.

Su Ruijin was the one that spread the rumors about Han Jingru and Su Yimo. The man had absolute credit over Han Jingru's reputation. But that was in the past, things were different now.

Su Yimo had undergone a huge change from hating Han Jingru to having a change of opinion, and then acknowledged her feeling towards him. And now, the woman even hinted Han Jingru over and over again about their marital relationship. If it wasn't for Han Jingru being so dense, they would have had consummation already.

"Jiang Fu, you are an old man already, yet you don't know shame. Getting him into the competition and you don't accept any lost? And he must win the achievements for you guys? You all couldn't do it yet you want to force it on others? Haven't you heard of the moral teaching to not force upon others what you can't do?" Su Yimo said.

Jiang Fu and his group were cocky and ruthless. After their first success in strong-arming Han Jingru, they had a sense of superiority that Han Jingru needed to obey them. Therefore, they continued to push in

his limits.

When Han Jingru was in the Association, he had won against Ouyang Xiujie easily. Why would he lose the competition? In their opinion, it wasn't that Han Jingru couldn't win. But the man lost in purpose to oppose them.

He was just a trash. How could he have any right to defy them at all?

That was the thought of Jiang Fu and his group, ruthless and unbearable.

"Stop your nonsense. We only have one demand. Get Han Jingru over here right now, kneel and apologize to us. Otherwise, just wait for your company to get bankrupt." Jiang Fu said and he had no intention to back down.

When the Su family heard that the conflict arose from Han Jingru, they were infuriated. Now that the company had just overcame one crisis, Han Jingru created another trouble for them.

"Yimo, you should think for the benefit of others. Han Jingru had offended Mr. Jiang

and all, isn't it just right to let him apologize?"

"Exactly, we must not bring any harm to the company because of Han Jingru. You must consider it properly."

"Although you are the chairman now and we don't have any say, to bring the company down because of a trash like that, is it worth it?"

The few Su family relatives pretended to be caring and coaxed Su Yimo.

Su Yimo simply sneered. If it wasn't for Han Jingru, the Su family would be long gone already. Han Jingru was the one that was reluctant to talk about it. But now those leeches even wanted Han Jingru to kneel in exchange of the company's safety.

She knew that these people didn't care about the company. They simply cared about their livelihood after the company gets down. Moreover, they wouldn't lose anything to make Han Jingru kneel and apologize. Therefore, it sounded like the most appropriate thing to do for them.

"Since I am the one that make the decision in the company, you guys don't have any right to defy my decisions. Asking Han Jingru to apologize? That is impossible." Su Yimo said.

"You!"

"Yimo, do you really want to see the company goes bankrupt!?"

"Previously I thought you were wise. But now I think I was just overthinking. You are just a fool and you don't even know what you are doing!"

The Su family members rebuked Su Yimo furiously.

Although Su Huiqi simply stood aside quietly, she was happy to see that. If the Su Company goes bankrupt, Su Yimo wouldn't be the chairman anymore and she couldn't act high and mighty in front of her. The woman was secretly hoping the company to go down so Su Yimo could fall from the position of chairman.

"Su Yimo, we are all doing this for the sake of the company. If you stubbornly insist to

offend Mr. Jiang, you will just bring demise upon yourself." Su Huiqi said.

When Jiang Fu heard that, he said smugly, "It seems that your underlings are wise and understanding. They knew that I, Jiang Fu is unchallengeable. I shall give you one more chance. Get Han Jingru over here now and kneel to apologize to us. And I can forget about all this."

Su Yimo simply ignored Jiang Fu and spoke to the rest of the workers, "From today onwards, you guys are on paid leave for one week. If you believe in the company, wait for my good news. If you think that the company will go down, feel free to look for other alternatives. I, Su Yimo will not hold you back."

After saying that, the employees were riled. The company finally pushed through the crisis and they had a lot of things to do. If they were to take paid leave for one week, that would incur a huge loss for the company.

On the other side, Su Yimo's determination was impressive. She had displayed a great confidence and she lifted up the spirit of

her employees, as if even if the company were to be targeted by Jiang Fu, they would emerge victorious.

"Chairman Su is quite the generous one, paid leave for one week!"

"The company is still in a mess right now. Taking a paid leave for one week? Can it really last that long?"

"Chairman Su wouldn't be joking with such manner. She acquired the company to be the chairman. Maybe she has some kind of rich man backing her up and the man should have very strong cash flow."

"This time Yun city will have a new drama. I wonder who would be the last man standing."

When the employees were gossiping amongst each other, Jiang Fu and his group of men had a grim expression. Su Yimo had carried herself uncompromisingly and that had taken them by surprise.

But if they were to target the Su family, it was easy as a pie as well.

"Su Yimo, you are so young yet you have such charisma. To be honest, I am impressed. However, you are still too green in the business world. It is too late to regret and I hope that you can handle the consequences." Jiang Fu said coldly.

"Jiang Fu, I hope that you don't regret as well." Su Yimo called him by his name and no longer show any respect in his seniority.

Jiang Fu drew a deep breath and said, "Ten days. If the Su family doesn't go down, I, Jiang Fu will change my surname. Let everyone be my witness."
