Chapter 2527

Boom!

As George Han gently kicked the back door open, all the people in the restaurant followed George Han closely and rushed out after adapting to the outside light for a short time.

There are still zombies at the back door, and there are even many scattered zombies on the street.

However, for these high-spirited people, these zombies can not cause any pressure on their hearts, nor can they cause any trouble.

The group of people quickly rushed out of the street under the guidance of George Han, and continued to move closer to the city wall.

After a while, as George Han raised his hand, everyone immediately stopped and looked for temporary cover on the spot.

The city wall is right in front, but the gathering of zombies is also in front, obviously can't move forward rashly.

"Leader, this is too cruel, right?" Shi Yu said unbearably while looking at the man hanging on the wall.

Above the city wall, a long rope hung from the top of the wall, about four meters long, with a man's corpse tied at the end. The legs and feet of the corpse were gone, like a small round winter melon, swaying on the wall!

With each swing, the city wall would hit the blood from the wounds on his limbs like a bursting watermelon, sprayed all over the wall, and then slowly flowed down along the wall, causing the gang of zombies underneath to smell like honey. Like ants, they jumped wildly, pushing each other, crawling up desperately.

And around the man's body, because of the impact, the surrounding walls were filled with jets of plasma, which looked extremely shamanic.

George Han also frowned, and now he was close to him, and he could roughly see the man's appearance.

I definitely don't know each other, but it seems like I have seen it somewhere.

"Mo Yang, Twelve Swordsman, and Master Zhong."

“Yes!”

“The three of you each bring some good hands. Go to the other three gates in the city to see if there is a safer way out of the city.” George Han ordered.

“Yes!”

“Fu Li, Chief Du Dao, you two bring two teams, and you can walk in the two major directions of the third line at any time. Once there is a situation in any of the three teams, you can immediately support. “

Yes!”

After saying this, George Han glanced at the five people and said: “Be careful.”

“I can’t hold it anymore, launch red magic power into the air, I will come to help you. If it is safe to leave the city, Green can lead, and I will also arrange for the other brothers to leave the city quickly.” The

five people looked at each other, then nodded, and after waving away a few people, they sent a small salute to George Han: “Then we are going, you are also careful. “As

soon as the voice fell, five teams led by five people quickly evacuated.

“Linlong, you protect Bai Xiaosheng. I’ll go and take a look first.”

“I got it.” After

everything was arranged, George Han turned into a light and shadow and directly skipped the countless houses and flew towards the city wall. go with.

But just above the last house to settle down, when preparing to fly to the city wall, a few figures slowly walked out on the city wall.

They dragged the two women, and the two women struggled desperately, but because of the strength of the men next to them, they could only be forcibly taken to the city wall step by step.

What is frightening is that, almost involuntarily, one of the women was suddenly picked up by the two men dragging her, and then threw them directly outside the city wall without thinking.

Although the border town is just a small town, in terms of the architectural specifications of Bafang World, the city wall is at least 30 to 40 meters high. only heard the woman’s scream, and her body fell directly from a height.

A good living person was pushed directly down the city wall by them. Even George Han didn’t feel upset when he saw it, and he felt too cruel.

“Boom!” The

underground zombies seemed to have seen food fall from the sky, crowded crazily, and then kept gathering underneath.

When the woman fell, there was already a group of zombies wriggling like maggots.

Fortunately, the height of thirty to forty meters did not make this woman fall to death, but unfortunately, countless zombies also climbed onto her body, opened their mouths in the blood basin, and bitten them alive.

For a while, I only heard the woman’s more miserable crying, shouting, and screaming...

In this quiet town almost like a ghost town, it was so sharp and so desolate.

The woman living on the wall, lying on the wall and looking down at the situation, wept bitterly. George Han, who was standing on the roof, couldn’t help but turn her head slightly away.

It’s miserable, it’s too miserable.

However, the leader on the city wall should be Lu Yuan. Although he is not in deep contact, he is also on the top of the Blue Mountains, but George Han always feels that he should not be such a cruel talent by nature.

Just when George Han was puzzled, at this time, a few more figures walked out slowly.

George Han’s eyes shrank slightly when he saw the figure headed by him.

Lu Ruoxin! !

Why is she here?

Who are the two women and the man on the wall?!

What is Lu Ruoxin doing?

A series of questions filled George Han’s mind for a while.

“The roof is only a few meters high, can you see how your brothers are doing?” It seemed that he knew George Han was standing there, and Lu Ruoxin said calmly when he reached the city wall.

George Han leaped lightly and flew directly above the city wall!

Lu Ruoxin smiled softly, “Why look at me with this kind of eyes?” After speaking, she glanced at the city coldly.

As she watched, the situation in the entire city was almost in sight. What made George Han feel relieved was that although there were still many zombies in other places in the city, most of them were relatively sporadic. The danger and difficulty were not great, and with George Han's relatively proper arrangements, everything looked pretty good.

"The zombie at the west gate is the smallest, and the terrain is relatively low. It is the best place for you to escape." Lu Ruoxin said calmly.

George Han did not speak, but he did not deny that this was a fact.

"Without these decoys, you should all be trapped in the restaurant now?" Lu Ruoxin smiled disdainfully, and continued: "You George Han can naturally come and go freely, but what about your so-called brothers?"

"Or else? , Even if the blood is washed, what should these innocent zombies do?"

Lu Ruoxin was extremely arrogant, but George Han couldn't refute it at all. From a certain perspective, what Lu Ruoxin did is indeed the best practice.

"Now, you can put away your damn hateful gaze." Lu Ruoxin gave a cold voice.

Then, with a move of her hand, the woman lying on the wall next to her was pulled back into the air.

"Look at who she is!"

Chapter 2528

With the movement of Lu Ruoxin's energy, the woman lying on the wall and crying bitterly felt like her back was being madly pulled by someone. As soon as her body flew, she landed on her back and hit the ground heavily.

The severe pain made her shrink into a ball in pain, but lying on her back also allowed George Han to see her clearly.

Although her hair is extremely loose, she can vaguely see her extremely beautiful face. Although her body is full of scars or muddy, it can't cover her almost jade-like skin.

Although from the face of it, she was at least middle-aged, George Han felt that she was still very young.

What makes George Han's brows frown most is the appearance of this woman, almost the same as that of the man, George Han may definitely not know him, but he seems to have seen it somewhere.

Suddenly, a flash of shock flashed in George Han's eyes, and he looked at Lu Ruoxin almost inconceivably: "Couldn't they be..."

Lu Ruoxin smiled softly, "Yes, that slut's parents and her nanny. "

George Han was stunned when he heard this.

Ming Yu's parents and nanny, that is to say, Ming Yu betrayed her, this woman already knew? !

He never told Lu Ruoxin that when Lu Ruoxin rushed to support, Ming Yu did intentionally hide her face, so Lu Ruoxin had no way of knowing that Ming Yu had betrayed her... But

this woman, not only now knows, but even As well as feeling made a means of punishment.

While George Han was shocked, he couldn't help but secretly shocked the super eyeliner under Lu Ruoxin's cloth.

Thinking about it, I'm afraid that any disturbances will not escape the eyes of this woman.

"From the look in your eyes, it seems that you are not so honest with me. You know, anyone who betrays me will not end well, and if you take orders from me, naturally I will keep him from worry, you see, The people from Ximen have passed smoothly and are ready to send you a signal."

Looking around, Mo Yang has arrived at the city gate on the side of Ximen, and at this moment, he safely opened the city gate.

"But this person who betrayed me." Lu Ruoxin said with a smile, suddenly her expression cold, and then, with a movement of her hand, the woman on the ground was lifted directly above the city wall in an instant.

"It can only be death." After speaking coldly, the woman screamed and crashed down the city.

Soon, with another life of muffled and more miserable screams, there were also bursts of crazy and contented chewing from the zombies.

"They are a lure, and you can live." Lu Ruoxin said softly. George Han stared at him lightly. With George Han's IQ, why didn't he understand what Lu Ruoxin meant? She did help her group escape, but I am afraid that the most important thing is to kill the chicken and show it to the monkey and warn herself.

"I've found the person you want." As soon as the voice fell, the maid beside Lu Ruoxinchong nodded, and the maid clapped her hands. After a while, Lu Yuan walked away with a few people from the tower of the city wall. come out.

Behind him, several disciples escorted three zombies bound by chains. The mouths of these zombies were sealed with iron plates, making them almost non-aggressive.

But George Han didn't care about this, what he cared about was the appearance of these three zombies.

It is for George Han to garrison on the city wall to observe the situation of the demon monks at the beginning of the three brothers!

Seeing that it was them, George Han felt a little sad, but a little calm. It is naturally sad that the three brothers ended up like this in order to help themselves, and George Han knew he was sorry for them.

But what is safe is that even if they become zombies, at least they have not been obliterated during the war, which means that they may still be saved.

"Dabingtian..." Seeing the three of them, George Han couldn't help feeling a little excited.

"Tsk tusk tusk, the Jiangbei seven monsters, they are quite suitable for this title." Lu Ruoxin glanced at the three zombies lightly, and couldn't help but sneered.

"However, compared with other zombies, it doesn't seem to be much different." Lu Ruoxin suddenly asked Lu Yuan: "You have been looking for a long time? It should be difficult to find, right?"

Lu Yuan hurriedly lowered his head and replied, "The number of zombies. It's too complicated, and it's really hard to identify after the corpse is transformed. Although it's difficult to find, the subordinates still live up to their expectations and use the method of dispersing the zombies to conduct a thorough investigation."

"Lu Yuan, you are very satisfied with this matter. You can do it if you order it. You deserve to be an elite of the Blue Mountain Pavilion. George Han is my person. You did a good job for him. Naturally, it is a credit. There are rewards." Lu Ruoxin said calmly.

"Thank you princess." Lu Yuan was hurriedly grateful.

Lu Ruoxin nodded and looked at George Han: "As for you, since you are my person, you can naturally exercise your rights, but..."

Speaking of this, Lu Ruoxin suddenly sneered: "I want to see, they mixed into zombies. In the group, is it really so easy to tell!" As soon as the voice fell, and immediately after a sudden movement of her hand, the three zombies were thrown directly under the city wall.

"What?!" George Han looked shocked and stared at Lu Ruoxin suddenly.

Chapter 2529

This crazy lady!

But facing George Han's angry stare, Lu Ruoxin just smiled indifferently and seemed to be in a good mood.

George Han was anxious and bit his teeth. It was too late to think, and he quickly flew towards the outside of the city wall.

"George Han, this is your punishment for not reporting. I said that those who are loyal to me will naturally have countless benefits, and those who betray me will never end well." Looking at George Han Flying to rescue, Lu Ruoxin laughed coldly.

George Han only gritted his teeth, ignored him, and rushed to the nearest zombie.

There is no possibility that they can be distinguished after falling. Even though they are zombies at such a high distance, they are not like the two women who still have a cultivation base. Secondly, Lu Ruoxin deliberately separated the three zombies. Throwing, and deliberately avoiding the group of zombies below, so once they fall, there is almost only one possibility.

Bone to pieces!

Hugging his nearest zombie quickly, without even looking at it, George Han hurriedly flew to the second zombie.

However, when George Han flew to the second zombie, he had already noticed something was wrong.

At his speed, let alone the small three zombies, even if ten zombies fall at an altitude of thirty to forty meters, it is enough for him to retrieve them all easily.

But the landing speed of the zombies this time was completely abnormal.

The speed is simply staggering.

Lu Ruoxin!!!

With a deep roar of anger, George Han had no time to get angry, so he could only rush to the second zombie quickly, but the speed of falling was too fast. Just when George Han just grabbed the second zombie, he was far away. The ground is no more than ten centimeters away.

Some zombies even touched George Han's bare ankles with their extended hands.

Almost no matter that he was in danger, George Han's figure accelerated and flew towards the third one quickly.

But the problem is that the distance is too far, and the speed of its fall is extremely fast, there is not much time...

energy!

The only way is to wrap him with energy...

But the problem is that the corpse of Fu Mang is already on his back, and the two zombies are clamped by George Han's hands again. He wants to do it, but the zombie is helpless to move wildly.

It's about to crush them.

"Bang!"

At almost the same time, not far away, with a muffled noise, the third zombie had already landed and fell into mushy! !

A trace of sadness and unwillingness flashed in George Han's eyes...

almost, almost!

As long as that little bit, he can save him...

but...

he has completely fallen into a pile of flesh, life and death are really a little bit worse. George Han trembled all over, but at this time, he had no time to grieve anymore. With the energy of luck, the whole person almost quickly lifted into the air between the zombies rushing from below, and went all the way. Flew back to the city wall again.

Looking at Lu Ruoxin who was smiling, George Han was full of anger. If it weren't for her to make ghosts, how could the Jiangbei three monsters...

"What? You want to hit me?" Facing George Han's almost murderous eyes, Lu Ruoxin was fearless. "Look at the brother on your back. If it weren't for these zombies, would you end up like this? George Han, I'm helping you get revenge."

"Or you still want to beat me, it's okay. After all, you are Han Three thousand. I won't fight back. I'm only unhappy." Lu Ruoxin smiled faintly and glanced at the group of zombies under the city wall leisurely: "However, if I'm unhappy, naturally I'm not in the mood to care about these zombies. , Or... innocent humans?"

"George Han, how do I call them?"

Hearing this, George Han's body trembled even more anger, but he had to suppress his inner anger. Because it is obvious that there is something in Lu Ruoxin's words.

Rather than asking himself how to call these zombies, she was asking himself how to choose.

Either everyone will die in vain, or everyone can be saved.

And all of this depends on yourself!

If you do it yourself, the whole city will be buried with you!

Seeing that George Han didn't dare to do anything, but instead was adjusting his breathing and suppressing the anger in his body, Lu Ruoxin's face was full of pride.

Obviously, in this contest, she not only won but also completely.

"Next time, if you have any situation, remember to tell me earlier, otherwise, I'm afraid you will be as angry as you are today, but there is nowhere to vent and hurt the liver." Lu Ruoxin finished speaking and smiled softly.

"Since you have made your choice, take your people and leave here. Someone will help you with the aftermath. However, it is best to come to the camp to find me at night, otherwise, these people may become half human and half corpses. Monster." Lu Ruoxin finished speaking, turning his head to one side.

"What do you want?" George Han frowned and looked at her coldly.

"Are you blind? It's still early, it's not night? You're still deaf and can't hear what I'm talking about?" Lu Ruoxin looked at George Han and shouted in a cold voice without mercy.

George Han bit his teeth. He didn't know what this woman would go crazy at night!?
