

His True Colors Novel Chapter 2536 - 2538

Chapter 2536

almost at the same time, several events all point to the same place. Obviously, this is no longer as simple as coincidence. Everything seems to have been premeditated long ago, and there is a certain number.

However, the more so, the more it aroused George Han's curiosity, and besides, he had to go to this place.

"What do you need?" Lu Ruoxin asked.

In her eyes, George Han would naturally not refuse her, and she did not need to seek George Han's opinion.

"Take Qin Shuang," she said calmly.

Hearing this, George Han frowned. What does Lu Ruoxin mean?

With her world network, it is impossible for her to not know the relationship between Qin Shuang and herself. After releasing Han Nian, she returned Qin Shuang to herself one after another.

Constantly tossing the chips to herself, what is she playing?

Is she really sure that Amelia Su will be like in the letter, or... has been threatening Amelia Su tightly.

In the former, even Amelia Su has changed his mind, and the chips that threaten him the most are gone, so naturally the other chips are no longer important. Instead, let them gather their hearts?

This seems to be a possibility.

As for the latter, Amelia Su can even do things according to her mood. Although George Han does not know what she threatens Amelia Su to reach this point, since she can do it, it naturally means that she has enough. The method can control George Han's biggest lifeline, and the others are just tasteless.

"Lu Yuan go too." Before George Han answered, Lu Ruoxin smiled calmly: "Seeing that you are getting along well, Lu Yuan also likes you very much. The City of Burning Bone may be able to help you. "

George Han sneered slightly at the corner of his mouth, help?

Is it surveillance?

“Are there any other arrangements?” George Han said with disdain.

It is not so much that George Han has any requirements, it is more that Lu Ruoxin has some arrangements. After all, if her request does not touch on George Han’s principles, it is impossible for George Han to refuse.

“No, I wish you peace.” Lu Ruoxin smiled softly, obviously very satisfied with George Han’s answer.

George Han got up, hugged Han Nian in his arms, took Qin Shuang, Dabingtian, and the Three Monsters, and walked out of the camp without even saying hello.

“Wait.” Fang Kun, who ate the slap, stood up abruptly at this time, watching George Han leave like this, feeling unwilling, looked at Lu Ruoxin, and whispered: “You just let the woman follow this way. George Han go?”

“Is there a problem?” Lu Ruoxin asked, frowning softly.

There is more than a problem, it is simply a big problem, okay? “That woman is beautiful, she is like a fairy going down to the earth, let her go out alone with George Han? Are you really worried that he can’t hold it?”

“I am also a man, I am more than you Knowing men, although you are beautiful, but that woman is not bad at all.”

To a certain extent, Lu Ruoxin has her charm, but Qin Shuang also has her fatal temptation.

Anyway, if it is Fang Kun, he can be 100% guaranteed that he will overturn the car.

Facing Fang Kun’s anxiety, Lu Ruoxin was very calm, and just smiled indifferently, “So what? I believe George Han, do you say? George Han.”

Hearing this, George Han paused for a moment and turned around. out.

When he arrived outside the camp, Lu Yuan had already taken his previous disciples and waited outside. Obviously, George Han’s guess was true.

She really had arrangements long ago!

After coming out of the camp, George Han didn’t say a word along the way, frowning, as if thinking about something.

Obviously, judging by the cunning and distrust of women like Lu Ruoxin, would she believe in herself and Qin Shuang?

Not really!

She can do this, she must have her certainty, and this certainty, George Han's guess is Qin Shuang.

The two weird scars in her hand must be hidden in some kind of mystery. Qin Shuang's sudden death at the dinner table has explained everything, and even something bigger and more dangerous is hidden inside, because George Han The energy can't get in.

When they came to the cave, the group of Jianghu Baixiaosheng had already left, and George Han could only lead a group of people along the first map, chasing them all the way.

And in the camp.

After George Han left, Lu Ruoxin also left. Only Fang Kunzheng and a few people were drinking in the camp.

And in the main tent next to it.

"Have you all set off?" Lu Ruoxin said lightly.

"Go." Chi Meng knelt on the ground and said respectfully: "George Han's people set off early after George Han left. George Han has already arrived in the cave where they lived and is chasing forward. It is estimated that you can

meet with his people before dawn." "Continue to follow." Lu Ruoxin nodded: "However, don't follow him too close. Although you are special, it is difficult for George Han to find you, but you are too close to you. The smell will expose you."

"Yes, where is Qin Shuang?" Chi Meng asked softly.

Lu Ruoxin smiled slightly: "Just follow my plan."

"However, the slave and maidservant really have something very unknown!"

"You said." Lu Ruoxin smiled gloomily.

Chapter 2537

"Qin Shuang, this woman is indeed beautiful, and it can be seen that she has a strong love for George Han. The slave maid does not exaggerately say that if she is asked to serve George Han She won't hesitate to die. And miss, as the saying goes, men chase the female compartment wall, but women chase men is just a layer of yarn."

"I believe that even if something happens to them, Qin Shuang is willing The word is the woman behind him silently, without any direct conflict with Amelia Su. They have a

saying from the earth people, the red flag at home will not fall, the colorful flags fluttering outside. Can he really resist this temptation?”

Chi Meng said anxiously.

Lu Ruoxin just smiled indifferently: “What you said makes sense, so this is the reason why I handed Qin Shuang to George Han. The mystery will naturally be clear to you in the future. You have to learn to believe me and also Learn to believe in Luo Xi.”

“It’s hard for you to miss them...”

“They’d better have something to do with them. It would be a great thing to me. But if it can’t, I expect it. Among them, George Han is extremely serious about feelings, but nothing happens is a good thing. To the left is death, and to the right is death. He is just the grasshopper in my hand.”

Hearing Lu Ruoxin’s words In the mist in the cloud, Chi Meng didn’t know for a while what she wanted to do!

What do you want them to happen? I hope they don’t happen to something?

Such inconsistencies are really hard to understand.

However, Lu Ruoxin did not dare to ask more questions.

“By the way, miss, there is someone who wants to see you.”

“You should be clear, who I don’t like to meet?” Lu Ruoxin said coldly.

“But...” After Chi Meng said this, she didn’t dare to speak.

“what’s happenin?”

“But he has reached the blood pool, and the old man is also being held hostage by him.” Chi Meng finished speaking, lowering his head.

“What are you talking about?” Lu Ruoxin frowned suddenly.

Chi Meng didn’t dare to speak, his head was low.

“It’s unreasonable! Even my Lu Ruoxin’s site dared to enter, I would like to see who is so bold.” As soon as the voice fell, a figure quickly flew out of the tent.

On the other side, George Han and others, after several hours of rushing, finally caught up with the large army in the latter half of the night.

Mountain roads are difficult to navigate, but Jianghu Baixiaosheng and others have never stopped since they set off.

They knew the possible danger behind them, and knew that their danger would be destined to drag George Han back, so along the way, they never stopped.

Seeing George Han and others coming, and seeing Han Nian and Qin Shuang, Jianghu Bai Xiaosheng, Mo Yang and others were extremely happy especially the people like Mo Yang and Dao Shi. They looked at Nian'er from birth to growing up, and they had regarded her as their daughter for a long time, and they were extremely emotional all at once.

The four monsters left in Jiangbei were also overjoyed after seeing the two brothers in Dabingtian, but they couldn't see the second child, and their eyes flashed with sadness.

While Mo Yang and others were happy, they were also faintly worried.

Obviously, it is not a good thing for people from the top of the Blue Mountain to appear here.

"Three thousand, how could they..." Jianghu Bai Xiaosheng asked softly.

"I'll explain this to you later, let everyone take a break first. I have something to deal with." George Han finished speaking, attached to Jianghu Bai Xiaosheng's ear, and said a few words softly.

"Yes." Jianghu Bai Xiaosheng nodded, and after that, he waved his hand to make everyone stop.

While Bai Xiaosheng of Jianghu was taking people to set up a tent, George Han came to Dabingtian and the others, and he was very sorry for the death of the two Jiangbei monsters.

Han three thousand one hundred and fifty one told them all about the things above the city wall.

"This matter, no wonder you, Daxia Han. If it weren't for you to help, I'm afraid there are no more of the Seven Devils of Jiangbei. We just hope that Daxia Han can take us to the Bone Burning City and have the opportunity to kill those demon monks by himself in the future. The second child takes revenge." After listening to the whole thing, Dabingtian looked at George Han and said seriously.

"Yes, please also Daxia Han to fulfill us." As soon as Dabingtian said, the remaining strangers said in unison.

Even Ziqing, who has never spoken much, looked at George Han resolutely at this time.

After hesitating for a moment, George Han nodded.

At this time, Jianghu Baixiaosheng came over: "Three thousand, according to your instructions, all the tents have been set up."

“Where is Lu Yuan’s group?”

“It has been arranged to live in the tent.”

George Han nodded, and glanced at the dozens of tents that had been erected in a short period of time. The locations were complicated and it was just right. .

“Go and rest.” After George Han finished speaking, he got up slightly and walked into one of the tents.

In less than a moment, the others also returned to the camp, and the surrounding area of the camp fell into a dead silence for a while.

It wasn’t until half an hour later that there was a sudden sound of subtle footsteps, and there were bursts of human shadows.

Soon after, another half hour passed, and George Han’s door curtain was suddenly opened...

Chapter 2538

George Han, who was sleeping on the bed, suddenly hit a carp and jumped off the bed.

“How is it?” George Han poked his head out of the curtain, looking around.

“I’ve been here half an hour ago, but I’m all asleep now.” The figure who came in said softly, although the voice was like a mosquito, it still couldn’t cover it like a natural sound.

“Come in.” As he pushed her directly into the tent, George Han glanced around again, and he let out a sigh of relief after confirming that everything was normal.

“What the hell is the injury on your hand?” George Han frowned.

The person who came in was not someone else, but Qin Shuang.

“You still don’t ask.” Qin Shuang shook his head.

“If you still treat me as your own, tell me.” George Han said.

The meeting in the middle of the night was arranged by George Han deliberately for Bai Xiaosheng of Jianghu to avoid the eyes and ears of Lu Yuan.

“Amelia Su!”

“Amelia Su?” Hearing Qin Shuang’s answer, George Han frowned suddenly.

how can that be? !

“I don’t know!” As soon as the voice fell, Qin Shuang lifted his hand lightly, placing his fingers slightly on George Han’s temple.

Suddenly, a picture appeared in George Han’s mind.

“Since we were arrested, Amelia Su and I have been separated and held. However, three days ago...”

The angle of view of the screen is entirely Qin Shuang. When Qin Shuang opened his eyes slightly, she saw Amelia Su, she was calm. He stood up slightly indifferently and then threw the dagger in his hand to the ground.

On the dagger, there is a pool of blood!

After that, Amelia Su glanced at Qin Shuang indifferently, turned, and left.

At this time, Qin Shuang glanced down but saw two shocking bloodstains on his wrist, and the blood was dripping down the wound. “I don’t know if it’s Amelia Su.” Withdrawing his hand, all the pictures disappeared, Qin Shuang looked at George Han worriedly.

“I don’t think this is Amelia Su, is there someone pretending to be her and deliberately provoking her?” Qin Shuang questioned.

George Han didn’t speak. Through the picture just now, George Han could basically be 100% sure that the person Qin Shuang saw in his sight was not an impersonation of anyone.

No one knows Amelia Su better than George Han, and he can tell at a glance whether it is true or not.

She is really Amelia Su!

It’s just that George Han really doesn’t understand why Amelia Su did this?

She couldn’t hurt Qin Shuang.

Seeing George Han’s reaction, Qin Shuang blamed herself a bit. She actually didn’t believe that it was the real Amelia Su, so it was only when George Han asked her to show the picture directly to George Han.

But how could he have this kind of reflection after reading it.

She didn’t care if Amelia Su hurt herself, she was even more worried about whether George Han and Amelia Su would be upset because of this.

“It doesn’t matter, whether it’s or not, the most important thing is to figure out what’s happening right now.” Even Amelia Su did, George Han believed that she must have difficulties, so what his wife did, he would naturally Responsible for the consequences.

Thinking of this, George Han suddenly picked up the power of Chaos, this time he made enough preparations and lightly hit Qin Shuang’s back.

Suddenly, an extremely strong force instantly formed a vortex in Qin Shuang’s body in the palm of George Han’s hand.

boom!

George Han’s whole body was suddenly shaken for several meters, but Qin Shuang’s eyes suddenly brightened with blood...
