

His True Colors Novel Chapter 2542 - 2544

Chapter 2542

“In this world, people have been doomed from the beginning. Dogs are always dogs. No matter how hard they grin, they can’t be tigers.”

“Am I right?”

George Han Laughed coldly.

Predicting from George Han’s heart, he already knows roughly what the other party is from, but there is a question that has been lingering in his mind for a while and has not been straightened out too much.

Hearing George Han’s words, the leader in front of him stared at him angrily. After a while, he smiled fiercely: “Really? Then do you know that Oolong turns into a dragon when it meets water!”

“George Han, now I am I am no longer the original me. Do you think I will be afraid of you?” After speaking, his eyes were blood red, and he was always revealing evil.

“I’ll know if I’m not afraid to do it. Okay, I was worried that I didn’t have time to clean up you, but I didn’t expect to meet here. It seems that even God wants me to take away your rubbish.” George Han He bit his teeth and held the jade sword in his hand.

“Joke, it’s not necessarily who

will kill the deer.” ” Punch me!” As

soon as the voice fell, the guy also melted in his hand, and a black magic sword appeared in his hand immediately, piercing the void directly, straight to Korea. Three thousand eyebrows pierced.

“You really have gained some abilities.” George Han smiled coldly and raised his eyes. At this time, the nine people over there had suddenly joined forces to give birth to a nine-sided giant cauldron.

“Skyfire Moon Wheel!” With a soft drink, the skyfire moon wheel with both hands suddenly wrapped the Jade Sword sword body. Following George Han’s finger, the jade sword flew horizontally against the giant cauldron.

Buzzing!

With a sword and a tripod, he fell into a fight for a while.

At this time, George Han, facing the thunder-like long sword of the leader, faintly turned sideways, and then stretched out his right hand to directly grasp the magic sword in his hand.

, the entire body of the sword was trembling constantly, accompanied by a buzzing sound.

“Broken!” The power of the chaos in his hand suddenly pressed in, and the sword fell silent for a while, and after another shaking in his hand, the magic sword had been put into the storage ring by George Han.

The eyes of that person are straight, and there is still such a way to resist the attack of his own magic sword?

Just talk about winning the edge!

It is a thorough show, but it is also a great insult to myself.

“George Han, you damn thing, you are too mad.” The cold voice was furious, and then his body suddenly exploded with a very strong black energy.

“Really?” George Han smiled lightly, holding the sword slightly behind his back.

Although his posture is extremely domineering, it is not without paying a price. This sword is very extraordinary. Even with George Han’s extremely strong body, there is a pool of blood on the palm of his hand at this time.

The killing spirit on the sword still wandered slightly in his body by this time.

And almost at this moment, the black energy behind the leader also gathered to a peak state, and the whole person roared, like a tiger, directly rushing towards George Han.

Naturally, George Han would not show weakness. Like a lion, he tore through the void and rushed up.

Bang bang bang!

All of a sudden, there were explosions!

In just a few minutes, the two have played against each other for hundreds of rounds.

That guy is extremely insidious and evil, while George Han is extremely fierce!

As George Han suddenly withdrew, his hands suddenly moved, and he tore off his veil.

“It really is you” George Han frowned.

Chapter 2543

As George Han's voice fell, the man finally turned around in a hurry, only to find that his veil had been torn down by George Han.

His eyes shrank slightly, and his blood-red eyes were full of anger.

Under his handsome face, his skin is like snow and his mouth is like carbon, adding a few points of evil.

Ye Gucheng!

Seeing his true face exposed, he smiled bloodthirstily and licked his lips.

George Han frowned slightly.

It really was him.

Although George Han had already suspected them at the moment when the people in black started to set up the formation, after all, as a former disciple of the Void Sect, George Han was just a slave, and he was naturally not qualified to learn the spells of Void Sect. But he has eyes and a good senior sister, so he naturally sees a lot of the spells of the Void Sect.

Although these people's devilish energy is soaring, the most primitive way of spells is nihilistic, especially when they cooperate with the formation.

However, George Han has always had a question entangled in his mind, that is how the scum of the Void Sect will fall into the magical way.

George Han couldn't understand this, but in any case, after the veil was lifted, there was no room for any doubt about the truth.

Looking at the wound left by his sharp claws on the back of his hand because he grabbed his veil, George Han had to admit that Ye Gucheng today is really not the same Ye Gucheng he used to be.

"Although I guessed it was you, I never thought that Ye Gucheng would fall into the magic way." George Han slightly retracted his injured hand and said coldly.

"As long as it can kill you, whether it is a demon or a god, is it important?" Ye Gucheng snorted coldly: "The strength in this world is respected, do you understand?"

"It seems that when you thought I was a magic way, you didn't say that." George Han sneered. "You are you, I am me, are you qualified to compare between you and me? What kind of rubbish are you? Hmm?" Ye Gucheng smiled ferociously, like bloodthirsty.

"Yes, how can a person like me be compared with a double-standard dog like you?" George Han said coldly: "Don't say you are mad, even if you become a god, I, George Han, will definitely make you god The palace collapsed."

Boom!

George Han was really able to open up, his body gushing with two breaths of black gold at the same time, and his whole body directly rushed on.

Ye Gucheng was not to be outdone, and the two sides directly faced each other again.

And in the midair, with the help of the Skyfire Moon Wheel, Jade Sword and the giant cauldron gathered by a dozen people in black were also fighting frantically in the midair.

For a time, the light of the sky fire and the purple light emitted by the giant tripod intertwined.

And George Han and Ye Gucheng, like two divine dragons, crazily staggered and flicked crazily around the valley. Wherever the two went, explosions were everywhere, and the rocks were destroyed!

Rumble!

The green-clothed woman was almost stunned at this time. Even though she had seen a lot of worlds, today's scene of one person fighting dozens of masters still made her visually reach the top impact, and her heart also reached the top shock.

Is this something human can do?

Is this the same him she knew?

He is so unfamiliar, but the handsome figure in the bloody battle is twitching her throbbing heartstrings all the time.

I heard that he was like a dragon long ago, but I have never seen him like a dragon. Today, I finally got a glimpse of the true face of Lushan.

"The dragon in the world, but so." Looking at George Han in the sky, she couldn't help muttering...

At this time, the scales of victory began to appear...

Chapter 2544

As Ye Gucheng kept yelling from his mouth, the whole figure began to recede in an extremely embarrassed manner. Facing George Han's more and more fierce attacks, he began to change. Some of them are powerless.

He roared in anger and unwillingness, resisting!

"Support!"

As one of the dozens of people in black drank softly, the three immediately left behind to support Jiuding in the sky, while the others hurried to Ye Gucheng.

However, the speed of the two people's fighting was too fast, and a group of people tossed for a long time before they reluctantly joined.

"Puff!!!" "Puff

!" As

soon as he joined, after less than a hundred rounds, he heard only a few sounds, and two heads were thrown directly out of the crowd, followed by two headless corpses. It fell and crashed to the ground.

Immediately afterward, between the backhands, four more heads flew into the sky, like four watermelons.

"Ants!" With a

a cold voice, George Han moved his hands again, his hands slightly opened, and the two people were immediately sucked into his palms.

"Bang!" The

two watermelons burst directly, and the bright red "fruit pulp" was sprayed like mist and bloomed in the air.

Immediately afterward, there was another movement in his hand.

"Bang!"

The few people in black who were left also instantly exploded and turned into blood mist.

Looking from a distance, the place of battle seemed as if the red rain had just come.

But the bright red color always reminds this blood like a dream.

Ye Gucheng couldn't help but swallowed his throat, and his body couldn't help but back up a few steps. They were all his followers, but in an instant...

Compared with the last time, this guy seemed to have improved a lot.

Especially the power in his hands is so pure that he feels terrible.

"Impossible, this is impossible, your power..." Ye Gucheng looked at George Han unwillingly, why?

He worshipped the demons and recognized the Lord. Only now he has such power. He also thinks he can match George Han, but when he fights, he finds that George Han's strength is suddenly different. Upgraded several grades.

This is not right.

Only Ye Gucheng is a peerless talent, and he is qualified to greatly improve himself in a short period of time. Why is he George Han?

He is just a trash!

He is not qualified to compare with himself!

Thinking of this, Ye Gucheng's whole person became hysterical, and his extremely unwilling heart made him completely mad.

With a roar, Ye Gucheng directly pounced on George Han.

George Han smiled coldly. Facing the aggressive Ye Gucheng, he didn't choose to head-on at this time. Instead, he gave in lightly and perfectly avoided his attack. After a sudden force in his hand, Ye Gucheng suddenly lost his center of gravity. "Bang!" The

figure suddenly slammed into the far foot of the mountain, and with a loud noise, the foot of the mountain blew up and the dust billowed.

The eyes of the green-clothed woman all looked straight. Before the two of them fought, the movements were too fast, she didn't see clearly, but just now, she could see the two people going back and forth.

Ye Gucheng's attack was extremely fierce, and the speed was so fast that it was staggering. It would not be an exaggeration to describe him with a flash of lightning. However, at such a fast speed, it seems that George Han is walking like a turtle!

In order to use his strength to reach the limit, or to deliberately humiliate Ye Gucheng, George Han obviously waited for Ye Gucheng to rush in front of him, and when his fists were no more than a few inches away from him, he suddenly turned sideways and hid completely. Over his attack!

There is only one possibility for this kind of extreme operation.

That is, George Han has reached a level of complete upstream and extremely self-confidence in his control of the battle situation. Obviously, self-confidence comes from one's own ability.

Ye Gucheng is not an ordinary master, but a top-notch existence. She has played against him, she knows better than anyone else.

But George Han could still be so calm, she really didn't know how terrifying George Han's power had reached.

Staggeringly struggling to crawl out of the mound, Ye Gucheng's eyes were completely angry and puzzled.

why?

why?

why is that?

Looking at Ye Gucheng's embarrassed appearance, the three people operating Ziding looked at each other in horror, and then the energy in their hands suddenly withdrew, allowing Ziding and the Skyfire Moon Wheel to make the final resistance, and then went out of the mountain at a very fast speed. Flee.

boom!

As the three of them withdrew their forces, Ziding almost fought the Skyfire Moon Wheel Jade Sword a few times, and then with a loud explosion, it completely turned into powder in the air.

"Swipe!" After

Yu Jian turned in the air and changed its direction, he directly attacked the three men in black who had escaped.

Seeing this, one of the men in black immediately moved his hand and slapped a palm on the chest of the next man in black, causing his body to fly upside down, directly facing the attacking jade sword, and then speeded up and fled outside.

"Puff!" The

poor man in black, his eyes widened in disbelief to death, with unwillingness and incomprehension, looked at the two figures that had gone away, and swallowed his last breath.

At this time, George Han moved slightly...
