

His True Colors Novel Chapter 2548 - 2550

Chapter 2548

“Ye Gucheng, are you sure you didn’t joke with me?” Lu Ruoxin was a little shocked, but also a little funny.

“As far as you are concerned, the blood pool is left alone. If I borrow it for a while, it doesn’t seem to be a big deal to you, right? However, your gain is very huge.”

“Use George Han’s one. In terms of waste, this is called a fight, a bike becomes a motorcycle!” Ye Gucheng said softly and proudly.

“The person who borrows my place and then kills me is also called a fight?” Lu Ruoxin said coldly: “Ye Gucheng, are you afraid that your courage is too fat?”

Ye Gucheng heard Lu Ruoxin’s angry shout. He smiled gently, calmly and very calmly, and said: “What Ms. Lu Jia wants, I know in my heart that George Han is indeed your most important person at the moment. This is true. However, Ms. Lu shouldn’t mind. Yes. Should he be replaced by a stronger person?”

“A stronger person?” Lu Ruoxin sneered with a hint of doubt.

Hearing this, Ye Gucheng was full of self-confidence for a while, and he drank coldly: “My name is Ye Gucheng’s genius boy, presumably Miss Lu should have heard of it? Yes, my situation is indeed not particularly good now, but , That’s because George Han’s rubbish transportation blocked my aura. Now, I also have a different way. In time, it must not be comparable to him George Han.”

Hearing Ye Gucheng’s bold words , Lu Ruoxin admitted, she was shaken.

She naturally couldn’t ask for a stronger person to replace it. If someone else wanted to replace George Han, she would really slap it.

But Ye Gucheng is different, at least, he is different now.

The devilish spirit on his body has almost exploded, and his ability to defeat Gui Lao is also a strong evidence of his sudden rise in strength.

At least from the current point of view, it does seem to have attractive potential.

The key is that the bargaining chip Ye Gucheng wants is very small and simple.

It is even hard to refuse.

“George Han doesn’t like you, but Ye Gucheng is thirsty for Miss Lu. With me, you don’t need to listen to you like you worry about George Han, am I right?” Ye Gucheng gently With a smile, she looked into Lu Ruoxin’s eyes, and did not conceal her desire in the slightest.

“Miss Lu, consider it carefully.” After speaking, Ye Gucheng glanced at Wu Yan, turned around and left.

“Don’t think about it, your condition, I promise.” Almost at the moment when Ye Gucheng raised his foot, Lu Ruoxin opened his mouth.

Ye Gucheng suddenly stopped, a faint smile on his face.

“I will come here in a month, and hope that by then, you will fulfill your promise, otherwise, Ye Gucheng, I want you to walk around.” Lu Ruoxin looked back at Ye Gucheng.”Haha, don’t worry, Miss Lu, a month later, even if I can’t eat Ye Gucheng, I am definitely not in this pool of blood, but in Miss Lu’s bedroom.” Ye Gucheng said coldly.

Hearing this kind of extreme teasing, Lu Ruoxin didn’t get as furious as he thought, but just glared at Ye Gucheng and turned around and left.

For her, although being offended, it may not be a good thing. Being able to control a man with her own looks is what she is best at.

However, I have been hitting a wall here with George Han. At least, Ye Gucheng is such a tiger and wolf, and Lu Ruoxin has regained the self-confidence he should have.

After sending Lu Ruoxin away, Ye Gucheng looked at Wu Yan triumphantly. Wu Yan’s posture was extremely low, and he lowered his head with a grin, and responded to Ye Gucheng.

At this time, George Han looked depressed at Ye Gucheng who had turned into a shadow, gritted his teeth and tightened his fists for a while.

“Sick...Sick chicken!”

Behind him, the beautiful woman in green clothes, looking at his back, gritted her teeth, still asked.

George Han turned around suddenly, but the woman who was abruptly frightened backed away.

Wang Simin!

Although she was completely different at this time, without the savage aura of her bones, a daughter-in-law and a little girly dress made her whole person completely changed.

George Han knew that this girl was pretty, but what she didn't expect was that this girl could be dressed up to such an extent.

“Sick chicken!”

After seeing George Han confirming that she was her, the fierce light in his eyes softened, and Wang Simin's whole body was completely regained from shock and slight fear.

The tears in her eyes couldn't help but swirled in her eyes, and all the backlog of emotions rushed to her heart at this time. The next second, she threw directly into George Han's arms.

Wang Simin cried bitterly and was heartbroken.

For her, she has thought about the worst situation.

“I thought, my life could not see you, I thought Woo!”

“Dead chickens, I thought you were dead, I still think to look for you below, to accompany you on the road together.”

“Yet Alive, you are still alive...”

She desperately beat George Han in the chest with her jade hand hammer, and George Han just endured it silently, he knew that he had harmed the Wang family.

For a long time, when Wang Simin's mood stabilized, George Han helped her sit down and said, “By the way, what is going on?”

Chapter 2549

“The Wang family... was destroyed.” Wang Simin looked at George Han with red eyes, Chu Chu said pitifully.

“What?!” George Han was suddenly shocked.

Although he was deeply disturbed by what happened to the Wang family after learning about the nasty things the Fu Ye family had done, when he really heard the news, he was shocked from his body for a while, and sorrow filled his heart.

“Shortly after we left the city, the Fu Ye family rushed into my house with their horses and killed them when they saw people...” At this point, although Wang Simin could not go on, she was terrified. In his eyes, George Han could understand the blood and violence at the time.

That scene must be like purgatory.

“Fu Ye Family, I want you to die.” George Han gritted his teeth and shouted angrily.

For the blood feuds of the mysterious disciples and the lives of the Wang family, the Fuye family must retaliate with blood.

Of course, George Han was also very angry about himself. If it hadn't been for them to be included in the Mysterious People Alliance, the Wang family would not suffer this disaster at all.

Their family didn't even enjoy a bit of blessing with them, but they paid the most painful price.

The intense guilt made the bones clenched by George Han's clenched fists creaked.

“Sick chicken, don't be like this. Whether you are there or not, the Wang family will be wiped out.” Seeing George Han's emotions and his nails set in his palms because of too much force, Wang Simin hurriedly grabbed his hand and kept shaking his head.

George Han frowned and looked at her sadly.

“The Fu Ye family are just accomplices. The four evil kings who really want to kill us are!” Wang Simin said.

“The four evil kings?”

“The corpse king, the blood god, the bone demon, and the evil demon!” Wang Simin replied.

George Han had never heard of such characters, but just by listening to this evil call, you would know that they were definitely not good.

How could the Wang family get involved with these people?

After all, Wang Dong has an open personality but is very easy-going. This kind of person can often eat in the arena, but he rarely offends people.

“They murdered to find something, but Grandpa didn't give it to him.” Wang Simin said.

“Looking for something?”

“If I'm right, it should be looking for a dragon plate.”

“Dragon plate?” George Han frowned.

“That's the wooden box that Grandpa gave you earlier.” Wang Simin said sternly.

Hearing this, George Han frowned, raising his hand and took out the original wooden box from the storage ring.

At the beginning, after Master Wang gave it to himself, George Han did research, and Amelia Su even understood himself very cleverly, but because he knew that he needed to use a key to open it, he just kept it up. It is even almost forgotten in George Han's space storage ring.

But what George Han never expected was that this little gadget, which was almost forgotten by himself, was the real element behind the Wang Family's destruction.

"After the group of people broke in, my grandfather sent someone to escort me to the back door to leave. Before leaving, he told me that even if I die, I must never tell anyone the secret of the dragon plate." She said, she glanced at it. The wooden box in George Han's hand.

"Shortly after I left, there was a raging fire in the Wang family's mansion. Everything was annihilated in that fire, and this wooden box became the last thing in our Wang family. Therefore, the sick chicken, you must keep it safe. It, you know?" Speaking of these painful memories, Wang Simin couldn't help crying again.

George Han gritted his teeth, held the wooden box tightly, and nodded heavily: "Don't worry, I will definitely not live up to her expectations for what Mr. Wang gave me."

"Is the four evil kings?" George Han raised his eyes coldly, already remembering these four people in his heart.

However, the sad George Han soon discovered a fact that was not quite right: "Wait a minute, you just said that the four evil kings came to your house to kill people and find things..."

"But why are you chasing you? Ye Gucheng?"

Since the four evil kings are united with Fuye and their families, there is no reason to tie up any contact with Ye Gucheng. However, it was Ye Gucheng who was responsible for hunting down.

What's more, if you can reach the level of killing people and overtaking goods at home, the pair of things must be extremely vicious. Even if it is an ally, it is impossible to seize it under the hands of others, right? !

This can't be said to be strange, it is incredible!

Speaking of this, Wang Simin seemed to have noticed something wrong for a while: "You say that, it seems that something is really wrong."

All the way out of the Wang family, there were four evil kings and people from the Fu Ye family chasing him all the way, but in recent days, the four evil kings have rarely been seen, but suddenly a group of masked black men appeared. Clothing people.

Because of the panic that had been escaping all the time, Wang Simin didn't pay much attention to the sudden difference between these people, but at this time...

"They... are they two waves?" Wang Simin raised his head and looked at George Han.

"I thought of a possibility!" At this time, George Han frowned suddenly!

Chapter 2550

Dragon Plate!

Pan Gu Axe!

Xiaotao!

Mystery man!

City of Burning Bones!

Everything seems to be irrelevant, but a closer study reveals that there seems to be some terrible and wonderful connection between them!

The mysterious man controlled Xiaotao, so he knew some secrets of Pan Gu Axe, so he sent someone to snatch it.

As for the Dragon Pan, although George Han still didn't understand what it was, there was a Pangu imprint on it, so the eyes of those people were also on the Dragon Pan.

And Ye Gucheng might be one of their thugs?

Related to Ye Gucheng's current weirdness, this speculation is possible.

As for the four evil kings, they might also know the secret, but they were not in the company of Ye Gucheng, and they were even cut off by Ye Gucheng.

That is to say, Ye Gucheng belongs to the Demon Race, and the four evil kings are also the Demon Race. At the same time, there were two great Demon Races all about to move, and perhaps they were all related to this dragon plate!

So what secret is hidden in this dragon plate? !

"This city of burning bones seems to have to go." George Han murmured.

All of them point to the forbidden area of this demons in an unbelievable way. What kind of secrets are there? !

What kind of secret is hidden in this dragon plate? !

Looking at George Han's thoughtful look, Wang Simin didn't speak, but accompanied him quietly.

The people in the camp had already been awakened by the sound of fighting in the distance. They were trying to go over and have a look, only to find that George Han was not in the house.

When everyone was panicking, George Han had already walked back slowly with Wang Simin.

Seeing Wang Simin, Jianghu Baixiaosheng, Fuli and others were naturally surprised. Although they were just a few times in a hurry at the beginning, they are naturally not strange to her because they are his own and the daughter of the Wang family. "Miss Wang." Jianghu Bai Xiaosheng hurriedly greeted her, Yuan Hong greeted her with a very gentle attitude.

They naturally knew about the Tianhu City. Now that they saw Wang Simin alone, they could already guess what happened to the Wang family.

George Han glanced at Lu Yuan and others in the distance, and thought for a moment: "Let's go."

Lu Yuan nodded.

After a while, this strange team with comatose personnel and weak children in front, and a strange team with corpses in coffins in the back, set off toward the city of burning bones.

And what set off with them was the undercurrent surging in the entire Eight Desolation World!

If there is a true god on the top of the sky overlooking the entire Eight Desolate World at this time, it must be seen that most of the entire Eight Desolate World's cities have been entangled with black energy, and the screams are endless, like a purgatory on earth.

In the mansion of the lord of Tianhu City, the lights were brightly lit, and there were bursts of breathlessness in Fumei's room, but at this time, some people gently clicked the door of the room.

After a while, Fu Mei opened the door in a panic and disheveled clothes. When she saw that she was just a servant, she suddenly became furious, her face was extremely vicious, and she slapped her face heavily on the incoming person's face.

"Can't you see that I'm doing business?" While shouting angrily, a handsome man who looked a bit similar to George Han hurriedly ran out of the house from his side.

The visitor hurriedly knelt on the ground: "City Lord, the subordinates don't dare to interrupt, but there are important things to report."

“What’s the matter?” When Fu Mei heard this, it became a little less irritating.
