

His True Colors Novel Chapter 2581 - 2583

Chapter 2581

“But what?” George Han frowned.

“I’m not sure.” Ginseng Baby shook his head: “I seem to have seen the word “Fate” on the

whisk in his hand.” Fuchen?

What does it mean?

“Isn’t Whichen something of Taoism? Generally, only those who enter the Tao will use such things.” Ningyue frowned and said very strangely.

“Even if you are not a person who enters the Tao, you are at least a person who is out of the dust.” Qin Shuang said with a serious face.

Yes, George Han thinks so too, but the question is, how can a person who has come from the dust and the way appeared in the land of the demon race?

Trapped?

He can let the baby go from there to the sacred mound, how could he be trapped there? !

On the contrary, he may be very familiar with the route, so that everyone can go in and out at will.

But this brings the problem back to the beginning, and the anti-Buddha is dead.

“Fate?” Knowing that when she hits a wall, Ningyue will not fool around in a dead end, and instead think about the literal information on the dust.

“The one who can stay in the city of Burning Bone steadily must be the masters of all middle schools. These masters can call the word “Shangyuan”. In fact, the Bafang World can count both hands.” Qin Shuang also said softly.

“Senior masters with fate characters in qualified names are basically unlikely to have time to appear in the forbidden area of the Mozu.” Ningyue said.

As the head of the Baguio Palace, Qin Shuang’s news may not be as good as Jianghu Baixiaosheng, but it is not difficult to get to know the heads and masters of the same factions. If Ningyue said, George Han would naturally not have the slightest doubt.

“Will it be an older master? I mean, maybe before you were born?” George Han asked.

Those who can stay in the forbidden area of the demons must be masters, but the masters of the masters cannot be ruled out, and even some masters at the level of the immortals outside the world.

Of these, George Han can't let it go.

But after thinking slightly, Ningyue and Qin Shuang looked at each other and shook their heads at George Han almost at the same time.

“No, even the predecessors tens of thousands of years ago, we have calculated carefully.”

Seeing the surprisingly unanimous views of the two women, George Han couldn't help being even more depressed. This also meant that even the last clue was reached. This is interrupted. he is really depressed!

“Anything else?” George Han asked.

Ginseng Baby thought for a while, and said, “Other...nothing else. I don't even know how I came to this world. Anyway, the first person I knew was him, and then he sent me to God's Tomb. a. ” “

that is the situation in God mound he told you? “Han three thousand.

“It doesn't count, he didn't tell me, he just gave me some books for me to study, I saw in the books. After that, I came.” Ginseng Wa said.

“This thing is strange, but it seems that nothing can be found out.” Ningyue said.

“I have this feeling too.” Qin Shuang said.

“So sometimes you tell me a lot of things that I don't even understand, but what you understand is what you saw in the book?” George Han frowned.

“Yes, I just happened to see it, and you know that when the young master felt compassion in his heart, I told you.” Ginseng Baby said.

“It's weird!”

Ginseng Baby actually told herself a lot of unpopular knowledge, but it was so coincidental that he had seen it? Is it really a coincidence?

George Han didn't believe it.

“Three thousand, what's weird?” Qin Shuang asked strangely.

Ning Yueben wanted to ask too, but to be honest, she always felt that everything in front of her seemed to have been known, but she always felt a little weird.

Until they finished their work on the corpse, when it was time for dinner in the evening, when Qin Shuang and Han Nian saw that George Han was still thinking about things absent-mindedly.

Things have turned around.

Because George Han was so engrossed in his thoughts that, not to mention picking up dishes, even the bowls and chopsticks were left motionless. So Qin Shuang deliberately put some dishes for George Han, but because George Han did not even put his rice bowl in front of him, Han Nian could only quickly bring the rice bowl on the side to George Han's side, and then Qin Shuang could take it Put the food in the bowl.

But just a place to prepare, but at this time Han three thousand suddenly raised his head: “? What are you doing,”

“give you their food ah, you do not just think, ah, have to eat right,” Han Qinshuang be three? Qian's eyes were startled, and he explained softly.

George Han frowned, and the next second, he suddenly ran towards the back garden!

Chapter 2582

“Order, is it order, right?”

“You said that you don't even know how you were born. The first person you know is him, and he will send you right after him. Come to God Tomb, let me ask you, you don't even know what to do to God Tomb, do you?”

When George Han rushed to the corpse site, he immediately said anxiously to Ginseng Baby.

Behind them, Qin Shuang and Ningyue followed with others.

“I...”

“With your temper, who can force you to do what you don't want to do? Although you are eager for the blood of God, and even want to suck my blood, when you really can't get it, you don't Shows a frantic appearance. This shows that you know that the blood of the gods is precious, but it is not your main purpose.”

“You don't want the most precious things in a god's grave, but you ran away from the land of the demon race thousands of miles away. Isn't it weird to be here?”

“I know, you can't tell the reason, because this is the instinct of your body, right?”

Although George Han said very long words, his words were deeply smashed. Deep down in Ginseng Baby's heart, he was extremely puzzled: "How do you know?"

Yes, even now, he doesn't know why he came to God's Tomb. But an inexplicable force drove him to this place.

But how could George Han know something he didn't know?

"Because I doubt you, it's not born with a natural growth, but man-made cultivation." George Han said with a serious face.

"Artificial cultivation?" In

one sentence, not only the ginseng baby was extremely shocked, but Qin Shuang and the others who had arrived were all stunned.

"That person nurtured you, so naturally, in your subconscious mind, he is your master. Even though you never admit it, he never tells you, and even tells you that you are born and grown, but some Subtle things can show this, and that is a task that obviously doesn't make any sense to you, and you will do it honestly, just like coming to God's grave!" George Han said with a serious face.

"Leader, was the ginseng baby deliberately nurtured? This...isn't this idea a little too crazy?" Ningyue frowned. "Although crazy, but this can explain the ginseng baby's wood and stone community." George Han replied.

"The power of ginseng baby is so huge, if it is purely artificially cultivated, isn't this cultivated person so powerful?" Qin Shuang said in shock.

George Han nodded: "So, those who are looking for this predestined character may have fallen into a misunderstanding."

"Misunderstanding?"

"Yes." The

so-called one person, chickens and dogs can ascend to heaven, not to mention a top master carefully cultivated thing.

Therefore, if George Han guessed well, then this person may not even be a certain master tens of thousands of years ago, but may be hundreds of thousands or even millions of years.

"Is there a possibility? In fact, the Vulcan stone is something that is intentionally embedded in the ginseng baby. The purpose is that he wants to attract you to the city of burning bones?" Ningyue frowned.

George Han nodded: "This possibility is not ruled out."

However, there is a very clever detail in it, but it is extremely detailed and fearful.

How could that person know that he would go to the gods' mound? How can he be sure that he can really reach the sacred mound? !

Even if he knew in advance that he would go to the top of Qishan Mountain, everyone knew that he would fall into the endless abyss.

More importantly, it doesn't matter whether he will go or not, whether he will arrive or not, he should make arrangements in advance.

What about the Five Elements God Stone? !

How can this be explained?

That was what George Han got after he fell into the endless abyss, using the Sky Eye Talisman to accidentally enter the Eight Desolation Book of Heaven, and break the trial in the Eight Desolation Book.

How did he expect it! ?

How did he know that he would accidentally fall in? How do you know that you can walk out of it safely? How do you know that after passing the Five Elements Array and Linglong Trial, the Bahuang Tianshu will give yourself the Five Elements Divine Stone?

Could it be that he has been in and out of the Eight Desolation Book of Heaven? !

Chapter 2583

Bahuang Tianshu said that it took 1.7 billion years for the last person to see it, and then it took 6 to 7 billion years to leave there.

After all his calculations, that person has spent at least eight billion years! Although that was the time in the Eight Desolation Book of Heaven, even in the Bafang World, nearly eight billion years is equivalent to hundreds of thousands of years outside.

Is he that person? !

George Han did not rule out this possibility, because George Han's speculation on the master of Yuanzi was also in this time period, the two completely kissed!

This may not be as simple as a coincidence.

At this time, a person appeared in George Han's mind.

"True floater!"

Could it be him?

From the beginning of his Heavenly Eye Talisman, George Han had been very suspicious of this strange old man who had come and gone without a trace.

Now, George Han thought of him again.

Only he is satisfied with the possibility of controlling whether he enters the endless abyss!

He is the only one who has given himself the Sky Eye Talisman that can break through the endless abyss!

It was very strange at first, but now when I recall it carefully, it is amazing to be able to piece it together!

This old man, is he thinking too much? Or is he clearly an important part of it? !

However, to completely solve this mystery, George Han had no other choice. He would only plan a trip to the Bone Burning City. At the moment, it seemed that he was the only choice!

“Since so many people want me to go to the Bone Burning City.” George Han smiled softly: “It seems that we have to advance the plan to go to the Bone Burning City as soon as possible.”

“However, it is not clear whether the other party is an enemy or a friend, and so many people want us to go to the Bone Burning City. I am afraid that this trip will be difficult. The more so, the more stable we will be.” Qin Shuang said.

“I agree too.” Ningyue also said.

George Han nodded: “This is also the reason why I returned to Xianling Island. It’s not early, so go to rest.” After

sending everyone away, George Han did not return to the house to rest, but at this time, Walked into the practice room.

In the practice room, Liu Fang, Dao Twelve, Mo Yang, and Jianghu Baixiaosheng are still cultivating, and Ziqing, who came in the afternoon, and the Liusha Jiangbei six monsters are also in a fixed state at this time. As George Han came in holding Han Nian, a group of people collectively opened their eyes.

“Three thousand!”

“Leader!”

George Han nodded, but the inside breath released the audience, and then smiled with satisfaction: "It seems that your progress is very fast."

"This is all thanks to the god of the leader. The miracle medicine, if we don't have these treasures, how can we make such rapid progress."

"You know these treasures, we may not be able to buy two or three in our entire life, but it's good for you. It's like eating, if it's not a point of leaps and bounds, isn't it all sorry for your stuff."

Dabingtian and a few brothers said cheerfully. Even if they were excited for a long time, they still couldn't calm down.

It's just repaying kindness from the rivers and lakes, coupled with the admiration of George Han's reputation, so joining the Mysterious People Alliance, but where they want to get it, this is where they are paying back their kindness, obviously they have found a thick thigh that they would never even dare to think of in this life.

The pill is enough, think about it, I feel extravagant and crazy!

The three of Mo Yang smiled and did not speak. The good brothers, who had long been destined for life and death, naturally didn't need these kind words. It was already commonplace for George Han's behavior to be a "local tyrant".

However, just when everyone was very happy, George Han noticed that the purple love in the house, at this time, bowed his head in melancholy and gloomy.

Liu Sha, who was accompanied by her, was holding her hand tightly, and when George Han's eyes came over, she stopped talking.

George Han said softly, "What's the matter?"

Liu Sha glanced at the purple love next to her, but still did not say anything.

At this time, George Han walked over, and then, with his breath gently lifted Ziqing's hand to the sky, and then another volley of energy directly hit her jade arm.

A group of people quickly followed along.

However, when George Han poured energy into her body for a while, he couldn't help but frown, "Why... how could this be?"
