

His True Colors Novel Chapter 2590 - 2592

Chapter 2590

“The first thing, the relationship between the Fu Ye family and Ye Gucheng, shouldn't it be considered okay?” Lin Long said.

George Han thought for a while, and finally nodded.

Ye Gucheng is indeed unlikely to have any contact with the Fuye Family, because the two sides have different camps. Moreover, even if they walked together for some reason, with Ye Gucheng's arrogance, they would naturally look down upon the Fuye family. Under the leadership of the two wonderful works Futian and Fumei, the Fu family obviously, Nor would he get along well with Ye Gucheng.

Enemies may temporarily let go of their hatred because of the same benefits, but people full of greed and arrogance will never.

Their situation belongs to the latter.

“But recently, these two families are surprisingly similar in many things.” After receiving George Han's affirmation, Lin Long said strangely.

“The cities within the two spheres of influence are covered by dark clouds. If this is not strange enough, then what happened in the city is really incredible.”

Hearing this, George Han frowned: “What? What do you mean?”

“As long as the city is conquered by these two, the city is in chaos, men are killed and women are insulted. The most bizarre thing is that many girls in the city continue to disappear...”

“Girls are missing?” George Han frowned suddenly.

Obviously, for George Han, the disappearance of the young girl could not be more familiar to George Han.

It's because George Han has encountered young girls being kidnapped several times in the past so long.

But because of this, George Han suddenly became more interested and suspicious about this matter.

“At least hundreds of young girls disappear every day. The most exaggerated ones are the two base camps of Tianhu City and Flint City. There are tens of thousands of

residents in the city, and some even as many as hundreds of thousands of residents, but there is no young girl. “Lin Long said.

“The most unbelievable thing is that something happened. Ye Gucheng and Tianhu Fuye’s family were the key suspects, but there was no problem with the righteous people who checked the two families.”

“Ye Gucheng and Ye Shane are both right.” Question?” George Han said.

“They have been suspected, but their wives are all small famous family daughters. If girls are kidnapped, one or two things are good to say. With such a number, how can their wives not know?” George Han smiled coldly, but he felt that things were definitely not that simple.

Without clues, it doesn’t mean that these people can get out of the relationship, because George Han knows that the habit of this group of people is to imprison women underground. How can it be so easy to find people in ordinary search? !

“It’s just trying to cover up, two ladies? Oh, I see them more like their targets now.” George Han laughed coldly.

“It’s just a pity that I have something to do. Otherwise, I really want to go to these cities. I believe I will gain something.” George Han looked regretful. The two houses may be hidden under the ground. I don’t know how many innocent girls. “Or, I’ll go see it tomorrow.”

Although there is no Tianlu Pixiu, with his own imaginary steps, the speed alone is not bad.

A few days back and forth, it should be able to catch up with the large troops to start.

“I don’t think you need to look for them anymore, they are looking for you.” Linlong smiled.

George Han frowned: “What do you mean by that? Did they find Xianling Island?”

“This is the second weird thing I said.” After Lin Long finished speaking, he bit down a string and ate it. After speaking, he said: “On the way to the city of burning bones, there are many dark clouds covering them, and they spread all the way in the direction where we are going!”

“What?” Hearing this, George Han frowned. Wrinkle: “Do you mean that Ye Shijun and the people from the Fuye family are also heading to the Bone Burning City?”

“This is also very strange to me, so in private, I also specialized in the way I am now to inquire about it. Because I really don’t understand why the two groups of people who are currently busy attacking the city are suddenly appearing nearby. This is not in line with common sense.” Lin Long frowned.

“What is the result?” George Han asked.

“It’s really them! Even though their whereabouts are hidden, someone still recognizes them.” Lin Long said.

George Han bit his teeth and the answer was as expected: “I am not surprised that Ye Gucheng went to the Bone Burning City, but why did Ye Shijun and Fujia go?”

But instead, George Han smiled...

Chapter 2591

it seems that on Wang Simin’s line, George Han’s guess is correct.

The Four Great Evil Kings may indeed have the same origin and different roots as Ye Gucheng, and the Fuye Coalition, where the Four Great Evil Kings are located, also belongs to this situation.

“Interesting, so interesting, it seems that the city of Burning Bone is really a lot of trouble for me this time, George Han.” George Han laughed bitterly.

Things have become clearer and clearer, with a very obvious expression. At present, there is a huge pit waiting for him. There are enemies who have begun to converge and plan to encircle them, and there are also some mysterious people who are temporarily inseparable from their enemies and friends.

Linlong nodded and didn’t speak any more.

“How about it, is the skewers delicious?” George Han asked with a smile suddenly.

Linlong’s hand holding the string immediately volleyed into the air.

What the fuck do you mean?

Why is George Han suddenly concerned about whether the skewers in his hand are delicious? Linlong will never be moved by this care. On the contrary, his heart is cold at this time, and it seems that an unknown premonition is rising from the bottom of his heart.

“I rely on... You won’t let me go out again, do you?” Lin Long looked at George Han with an incomparable heart.

George Han looked harmless to humans and animals, and said depressed: “Damn, don’t you want to be so hearty? I just ask you if the skewers are delicious? Do you want to give you some more?”

Although Lin Long's mouth was slanderous, But his head shook like a rattle: "Damn, your stuff tastes good, but the lesson of experience and blood tells me that I can't be greedy..."

After that, he honestly sent the meat skewers to George Han. After putting it in front of him, he obediently returned to his seat in fear and wretchedness.

"You said you bastard, I kindly wanted to bake some food for you, knowing that you had a hard time going out, it's okay if you don't eat so much, it's so insulting to my personality." Han Three thousand said in an irritable way. After finishing speaking, he glared at Linlong angrily: "I always think I want to cheat you, okay, then I see you so insulting Laozi's personality, really cheating you. . "

Hearing George Han's words, and seeing George Han's pretense as if something really was going on, Linlong's heart felt even more uncomfortable than a dog in the sun.

"This is the fucking okay? George Han, the longest fucking road I have ever walked is your routine." Linlong was speechless, because it was obvious that George Han Regardless of whether he accepts Qian's move or his mother doesn't accept Qian's move, the final result is the same as his mother's.

"Don't be so nervous, I won't let you betray your body." George Han gave him a helpless look, and then a few more barbecues were lost.

Lin Long just recovered and was assigned to him again. He also knew that Lin Long had never had a good day since he followed him to the Octagon World.

In Linlong's own words, maybe it was repaying what he owed George Han before, but how could George Han not feel sorry for his brother? !

Anyway, the pit was also pitted, and Linlong no longer refused the food that George Han threw up, so he picked it up and ate it directly.

"Eat slowly and swallow carefully." George Han finished speaking, and when he moved his hand, a hip flask flew in front of Linlong.

"Damn, people who have worked as husbands on the earth are different." Lin Long couldn't help sighing as he ate.

George Han smiled slightly and did not speak.

"Okay, okay, what do you want me to do, please have a good time, what the hell you are doing it as if you put a knife behind my neck, and I don't know when to cut me." Lin Long said depressed. .

"Actually, it's not a difficult thing." George Han smiled helplessly: "You don't have to be so nervous."

“Damn, say.”

“I’ll ask you something!” George Han said sternly.

“Are you asking me about things?” Lin Long was taken aback, and said in a puzzled way: “This matter, shouldn’t you go to Jianghu Baixiaosheng? He knows more?”

“Human affairs are naturally needed.” Ask him, but the problem is, I am not asking about human matters.” George Han said softly.

“It’s not a human matter?” Lin Long frowned slightly: “That’s…”

“Qing Qi!” George Han said calmly

“Qing Qi?” Lin Long took a breath…

Chapter 2592

“These are the four ancient fierce

beasts .” Seeing George Han didn’t speak, Linlong shook his head and said, “I understand this beast.” It’s not a lot.”

“It can even be said that I don’t think it exists.”

“What does this mean?” George Han frowned.

What does it mean to not think it exists?

“Because it has been said that there is a sea in the most east of the Bafang world, and there is a land overseas, called Qiongsang, and that is also the place where Qiongqi was born. It is said in ancient times that it was the son of a certain great emperor, but Since ancient times, the world of eight directions has been ruled by the three true gods. How can there be a certain great emperor?” Linlong frowned and wondered.

“You have to know that the far east of the Bafang World is just a swamp now. How can there be any sea?” Linlong added.

“But don’t the gluttonous beasts that are also ancient fierce beasts exist?”

“The gluttonous gluttony is a thing of my dragon family, and it exists naturally!” Linlong said: “The so-called ancient legends, legends mean true and false, but gluttony is true. , But Qiongqi is fake.”

George Han frowned. If he hadn’t seen Qiongqi, he would naturally believe in Linlong’s words, but the problem is that Qiongqi Hansanqian had seen it, and it exists in How to believe this in Ziqing’s body meridians? !

“The problem is, I have seen Qiongqi!” George Han said.

On the one hand, it said no, and on the other hand, it really existed. Such a paradox made George Han also confused at this time.

“Have you seen Qiongqi? How is this possible?” Lin Long said strangely.

There was a wry smile at the corner of George Han’s mouth. More than just seeing him, he even fought him.

Without saying more, George Han told Linlong all the things he encountered and happened when he treated Ziqing.

Linlong’s eyes widened when he heard it, as unbelievable as a fairy tale, but on the other hand, Linlong also believed in George Han’s experience.

“That’s weird, Qiongqi shouldn’t exist in this world, but how can it be?” After Linlong listened to it, even himself at this time was confused.

George Han was also extremely confused, and fell into contemplation for a while.

“Could it be that the legend is wrong? Qiongqi is an ancient beast, but not the son of some great emperor?” George Han suddenly thought of a possibility: “Just like you said Well, it is said that there are truths and falsehoods in this thing, and Qiongqi is true, but the son of the great emperor is false.”

Linlong did not speak, but was thinking about the existence of this possibility in his heart.

But in fact, it is possible, but not very big.

“Or, this world was actually not led by the three true gods at the beginning, but the gods. It was just for some reason that the gods fell, and the world of eight directions also changed during this catastrophe. Then, it was. Does the true god appear? Has it been until now?” George Han asked.

Hearing this, Lin Long raised his head fiercely, and his eyes scanned George Han steadily.

“Your idea is quite peculiar.” Linlong frowned: “It is indeed possible for the three true gods to deliberately ignore the previous Reckless Yuan Dynasty for their own rule and prestige, and refuse to admit that they are the rulers after the loss. , Fabricated lies, tampered with history.”

“Or, even they... don’t know what happened before?”

Lin Long’s question was nodded by George Han, and they did not rule out this possibility.

“Is there a way to get the Qiongqi out of Ziqing? A beast in a human body is really unusual. If we can get it out and study it, maybe we can find it inside. Some clues.” Lin Long asked.

George Han shook his head helplessly: “I played against that guy. Although it is no more than the size of gravel now, with my current strength, it can’t help him. I just temporarily sealed it up with a plan.”

“What? Why can’t you stop it?” Lin Long was shocked. After all, George Han’s surface cultivation seems not high, but in fact his ability can reach Sanxian.

Even in terms of the purity of power, it is far more ferocious than ordinary Sanxian, even he can’t help it?

So what kind of ferocious guy is this poor stranger?

“Or, there is another way, maybe you can spy on this Qiongqi one or two.” George Han raised his eyebrows at this moment.
