

His True Colors Novel Chapter 2596 - 2598

Chapter 2596

seeing the twelve swords hurriedly running over, George Han's eyes still remained in the light that had just passed by.

"What's wrong?"

"Damn, she's crazy, that woman is crazy." Dao Twelve panted again and again, and said anxiously.

"? Which woman"

. "That pretty chick, you had that rule"

"? Purple Love" three thousand Han frowned and said: "? You said just fly past that person is purple love"

knife is twelve Gasping, no time to answer, nodded fiercely.

"I'm going!" George Han whispered helplessly, and handed Han Nian to Dao Twelve's hands. After a moment of luck, his body flew straight into the sky and chased him all the way.

boom!

Bang bang bang!

On the side of the island, several places exploded directly!

Immediately after that, the streamer plunged into the sea suddenly, and with a loud noise, the entire wave lifted up to a height of several tens of meters.

George Han wanted to move his figure to save people, but seeing the movement of the sea and the five Jiangbei monsters who were following him, he took his time and walked to the peach tree next to him.

Its body is like a leaf, light and thin, and even moves slightly as the sea breeze blows the trees.

"Ziqing!" Liu Sha took the lead and rushed towards the sea first.

Simply, just when Liu Sha basically entered the water, there was another explosion on the sea there, and then, Zi Qing's entire figure flew out directly.

On the peach blossom tree, George Han smiled slightly.

“A leaf does not touch the body, and the water is dry and clean. A holy body, it is really extraordinary.”

When Ziqing flew back to the coast and fell down, the Jiangbei Five Monsters immediately watched her sister nervously. When she was sure that Qimei had nothing to do, even after she had fallen into the sea and her clothes were not wet, a group of people liked it with joy, and they were extremely happy.

“Oh my God, Seventh Sister, who has never been able to practice, suddenly became so powerful?”

“Damn, even if it is my Pancake Heaven, this whole body is plunged into the sea, and it is impossible that there is no water on my body. Seven sisters, good skills.”

“We chased you just now, but you just dumped a lot of it? Haha!” The

Jiangbei Seven Monsters were more shocked, but they liked each other, and they were more excited than they were. Ability.

After all, to them, Seventh Sister has been weak and unreliable since she was a child, and no one of them would think that she could be so magical one day. Ziqing is also very excited and very happy, not to mention the five monsters, but she herself has never thought that one day she can fly into the sky and escape.

However, she knew that she was able to have today and everything was due to George Han.

“Speaking of the leader, it’s really not an ordinary person. Seventh Sister has been just a mortal for so many years, but after he treated her in the room for four hours, not only can she practice, but even now, Seventh Sister’s skills are higher than those of us who have practiced for decades.” Seeing Ziqing’s face reddened, Liu Sha knew who this girl was thinking of, but at present she had no intention of teasing. On the contrary, he was full of respect for George Han.

“Yes, the lord is really unpredictable. You know, even our master can’t solve this.”

Liu Sha’s words immediately aroused the strong agreement of everyone present, and nodded one by one.

“I was thinking of helping George Han to repay my gratitude, but I did not expect it to be an unexpected harvest for Seventh Sister to cultivate. I think, even if the second child dies, he will be able to stun his eyes.” Dabingtian couldn’t help but express emotion.

Speaking of the second child who died unexpectedly, the Jiangbei Seven Monsters were silent, and then slowly raised their heads and looked at the side of the sea in the distance, seemingly nostalgic.

“Swipe!”

Suddenly at this moment, several peach blossoms floated away, and the six monsters suddenly flashed sideways, and several peach blossoms happened to be firmly nailed to Ziqing’s side.

Before a few people could reflect, a figure rushed over.

“Be careful.” Liu Sha yelled, but it was obviously too late at this time.

The black shadow rushed towards Zi Qing, and in a hurry, Zi Qing hurriedly faced her.

Although there is no constitution, just subconscious resistance, but at this time, Zi Qing’s body is full of faint blue light, and there is also a stream of light drifting between the waves.

“Bang bang bang!” The

two fought around, exploding continuously, dust and smoke everywhere.

The five monsters were shocked.

At this time, the two suddenly stopped, and the dust and smoke suddenly dispersed!

Palm to palm, inner strength to inner strength!

Time stopped suddenly, but the next second, an accident appeared...

Chapter 2597

“Boom!”

The sea level on the flat land exploded with a bang, and the huge waves were more than ten meters high!

“He...” The

huge wave hits the ground, splashing!

“Leader!”

“Leader?”

When everyone saw that the black shadow opposite Ziqing was George Han, all of them were dumbfounded, letting the waves fall from the sky.

“Bang!”

Almost at the same time, the aura burst in the palms of the two facing each other. After that, Zi Qing retreated several steps and fell heavily on the beach.

And George Han stepped back slightly, looking at his palm almost inconceivably.

There was a pain in the palm. What surprised George Han most was that he was actually in the palm of the hand and was shocked by Ziqing.

Obviously, although it is only a half step, but can only use internal force to repel George Han, except for the top masters, very few people can do this.

But Ziqing didn't do it tightly. More importantly, she was still a complete and thorough rookie.

If it weren't for personal experience, I'm afraid no one would believe it.

However, George Han would never be jealous of people like Ye Gucheng, instead he smiled slightly, stretched out his hand, and pulled Ziqing up.

"Not bad." George Han smiled softly.

Seeing it was George Han, Zi Qing was taken aback, tight and a little shy: "Leader."

"However, it's a little messy." George Han smiled.

"Leader, although Seventh Sister can practice cultivation, she is more like a headless fly, she doesn't even know how to use the aura in the body, so only after taking some pills you gave..." Liu Sha said with a softly embarrassed smile.

"Yeah, lord, made you laugh." Dabingtian was slightly knocked by Liu Sha with an elbow, reflected slightly, and smiled.

George Han nodded: "However, he is quite capable. The streamer speed is extremely fast. Although it is not controlled, the aura of the memory is very powerful."

Hearing George Han's praise, Ziqing's face turned red and her head lowered.

"Hey, lord, Zi Qing just followed you four hours and then started from nothing, or... let her continue to learn from you?" Liu Sha seized the opportunity and smiled.

Dabingtian was sluggish again, was hit by Liu Sha's arm and nodded: "Yes, leader, although Seventh Sister knows nothing now, but you also see her potential is good." "Leader, we don't have any wishes. We only hope that the Seventh Sister is safe. If you can teach her something personally, if there is something unexpected for my brother and others, at least we will go without regret."

Yes, lord, please teach Seven Sisters, my brothers are bound to go through fire and water at all costs."

Under Liu Sha's crazy hint, the other monsters opened their mouths and spoke earnestly.

George Han glanced at Ziqing. She lowered her head, a little nervous, and her jade hands were hanging gently, not knowing how to place them.

"Good." George Han nodded lightly.

George Han's swiftness made almost everyone stunned on the spot, because no one thought that George Han would agree so swiftly.

George Han smiled helplessly. Actually, they didn't need to say that George Han also intended to cultivate Ziqing by himself.

One is because during the nightmare, Zi Qing saved herself, and the Seven Devils Besieged Zombie also paid a lot for herself, and Yu Qing should take more care of the Seven Devils.

Second, because Ziqing's physical talent is indeed outstanding, the three ancient things implicated behind her make George Han very confused!

Secondly, it is also for her safety. After all, Qiongqi is a time bomb in her body at any time.

The improvement of cultivation level may be helpful in this regard.

In the end, George Han was also curious about the magic of the holy body that was constantly praised in the arrogant dragon's mouth. At least, just a try, it has given George Han a good start.

But where did George Han want to get it, it was his kindness for a while, which would bring him huge troubles in the future, but also brought him heaven-defying benefits.

And almost at this moment, Mo Yang and Liu Fang hurried over.

They were equally worried about Ziqing's situation, but because they didn't come and go like lightning like George Han, even if they were panting, they just arrived.

But the few people had no time to speak. At this moment, the island suddenly shook the mountain, and at the same time, the center of the island of Xianling Island suddenly burst into the sky with green light...

Chapter 2598

everyone staggered involuntarily, and looked at the island in a hurry, shocked for a while.

“What...what’s wrong?” Liu Sha’s face was pale, and the whole person was almost stunned.

It’s almost the same for others.

“Go back.” George Han yelled. In the next second, there was only an afterimage left on the spot, and the figure had already turned into a stream of light and shot directly into the island.

“I’ll go too.” Zi Qing shouted, her body was full of blue light, and in the next second, Zi Qing followed George Han and quickly flew towards the center of the island.

The others did not dare to neglect, although they did not have such an exaggerated speed, they still rushed back non-stop.

At this time, in the middle of the island, a large group of people who were practicing martial arts were completely stunned by the sudden explosion and loud noise, and they were all surprised to find their reputation towards the center of the explosion.

“Everyone, prepare carefully, the enemy may come!” Bai Xiaosheng yelled, making a defensive posture in time.

Almost at the same time, George Han had already landed, and rushed to the explosion place in a hurry.

Although the green light had begun to drift in the air, there were still residues at the top of the sky. Along the way, the target was not the rest of the backyard, but the corpse farm.

This caused George Han to breathe a sigh of relief, but at the same time he was extremely worried.

Although the chaos of the corpse farm means that it is unlikely that the enemy will come, there are people involved in the baby and Qin Shuang. Even if the island is far away, they can feel a strong tremor. They are in the center of the island. , I wonder what will happen? !

Or in other words, the explosion may have something to do with them.

When George Han hurriedly rushed to the corpse breeding ground, he was completely stunned.

The entire field is completely wolfish. The various plants that were originally all over the ground have been scattered on the ground, either into residues, or directly into green slurry...

At this time, Qin Shuang was lying on the ground with mud all over his body. The slurry of the plant and the plant were extremely embarrassed...In

the middle of the earth, a huge pit remained there.

“Senior Sister!” George Han walked over quickly, just about to pour a burst of energy into her body. Suddenly, George Han remembered the specialness in her body at this time and hurriedly stopped.

With a slight sigh with his hand, George Han let out a sigh of relief. Fortunately, there was nothing serious, but he was fainted by the huge explosion! “Where is the ginseng baby?” George Han looked at the huge pothole, a little confused for a while.

The pothole is exactly where the ginseng baby was originally located!

I looked around, but I didn’t see any traces!

“What’s the matter?” George Han frowned and muttered to himself.

“Meng... Brother Three Thousand, what’s the matter?” Zi Qing followed suit.

“Help me take care of her.” Looking at Zi Qing, George Han jumped into the sky and flew straight to the sky.

But in the next second, George Han was a little bit lost, and there was absolutely no other aura around him, which meant that there was really no outsider.

What about this explosion? !

Could it be that it blew itself up? !

An unknown premonition filled George Han’s heart.

Seeing the appearance on the ground, could the ginseng baby have some kind of accident and burst himself into pulp? !

This seems... in line with the current situation!

“What’s the matter?” Ningyue and Jianghu Bai Xiaosheng followed closely with them.

Then, Mo Yang and the Jiangbei Five Devils followed, panting.

Zi Qing didn’t speak, but looked at George Han in midair with concern, and the others followed her gaze and looked at George Han quietly.

At the moment, with all the problems, it is possible that only when Qin Shuang wakes up will he know what happened.

Thinking of this, George Han dropped to the ground, picked up Qin Shuang, and walked all the way to his room.

After putting Qin Shuang on the bed, George Han could not do much. There is no other way but to wait for her to wake up quietly.

Others didn't dare to come in rashly, and could only wait outside the house. Only Shishi carried Han Nian and followed them. After the explosion, for safety reasons, Shane Shishi ran outside holding Han Nian.

Seeing that the situation had stabilized again at this time, he returned with Han Nian.

Holding Han Nian in his arms, looking at the unconscious Qin Shuang, George Han waited quietly...

But almost at this moment, there was a sudden restlessness outside the house, and soon, there were waves of exclamation outside the house. : "Look, look, what is that!"
