

“Mr. Gang, they are here!”

One of the underlings rendered Cheng Gang and reported.

The man was crunching on peanuts to kill time. The moment he heard that, his eyes lit up and he tapped on the desk, “Our bride finally comes. Let me go and welcome her personally.”

“Mr. Gang, there is a man that follows her.” The underling reported.

“A man?” Cheng Gang was a little surprised but he broke into a laughter after that, “Don’t tell me it is that piece of trash. He had embarrassed us men completely. If he dares to come, I will make him go out on his knees!”

Han Jingru and Su Yimo was brought inside to a dining area they set up. The moment Cheng Gang saw her, his eyes were gleaming in lust and his gaze was caressing Su Yimo’s body.

What a beauty! Cheng Gang couldn’t help but wonder how she would taste in bed!

After that, Cheng Gang looked at Han Jingru and said, “May I know this is...”

“My husband, Han Jingru.” Su Yimo said.

The moment she said that, everyone included Cheng Gang broke into a laughter. Han Jingru’s name was just greater than any celebrity in Yun

City.

“Gahaha! He looks pretty decent to me, but why is he such a trash? Are you impotent?” Cheng Gang jeered.

“Mr. Gang, this dude had embarrassed us men. Let me teach him a lesson!”

“Let me, I want to see if he can handle a punch.”

“I think I will be able to handle him with just one hand!”

When Cheng Gang saw his excited underlings, he simply waved his hand, “What are you guys doing?! Don’t you know he is chicken hearted? What if you frightened him and he pees right here or something? Are you trying to embarrass him?”

“HAHAhahaha...”

The crowd was breaking into a laughter again.

Su Yimo gritted her teeth and said towards Cheng Gang, “I’m here for business, not to let you insult my husband.”

“Alright alright, let’s talk about business.” Cheng Gang sat back to his chair and ignored Han Jingru. There was no point to entertain a trash like that.

“What do you want in return from ceasing your

trouble with the Su family?" Su Yimo asked.

Cheng Gang threw a peanut into his mouth and said, "Nothing much. I am just doing it for money, something about ten billion is right. I wouldn't cause trouble for the Su family and I will even protect you guys, how does that sound?"

Ten billion!?

Su Yimo's expression changed. Even the total sum of the Su family asset couldn't amount that much. The man was just not up for negotiation.

"You think the Su family can afford that? What are you trying to do? The Su family had never offended you, why are you doing this to us?" Su Yimo said.

"Why? Why do I even need a reason to cause trouble? Who do you think you Su family are?" Cheng Gang frowned and looked at Su Yimo with an annoyed face.

Su Yimo drew a deep breath and tried to calm herself down, "I came with sincerity and I hope that you do the same."

"Okay," Cheng Gang nodded in agreement and said, "I have a good room over here and I even got the bath water ready. If you are sincere, then you should move over with me right now."

When Su Yimo heard that, her face turned

paper pale instantly. She hadn't expected Cheng Gang to make such a demand.

"Cheng Gang, it is impossible for you to target the Su family all of a sudden. Who is the mastermind?" Han Jingru spoke.

"Who do you think you are? Did I give you the right to speak to me?" Cheng Gang looked at Han Jingru in deride and said, "Let me be clear, if you want to settle this, you must let your wife serve me. How is it? Trash, do you dare to defy me?"

The moment Cheng Gang said that, all of his underlings stepped forward threateningly.

Su Yimo was completely frightened and she instinctively hid behind Han Jingru.

"What are you doing hiding behind that trash? Do you think he can protect you? It is better for you to follow me. If you are to be my woman, with my name in Yun City, no one will dare to touch you!" Cheng Gang said.

Su Yimo clutched on the corner of Han Jingru's shirt tightly. The farmhouse was filled with Cheng Gang's men and they had no chance to escape.

"Let me go and I will give you as much as you want." Su Yimo said.

"Let me be clear, ever since you walk into this farmhouse, it is your fate to get in the bed with

me. There is no chance for you to get up this door otherwise." Cheng Gang dug his ears and spoke to his underlings, "I think there is a famous idiom about this, something about learning to accept?"

"If you can't fight it, learn to enjoy it."

"Exactly." Cheng Gang looked at Su Yimo mirthfully, "You should learn to accept and enjoy it. Why are you living like a widow even if you are married for three years? I bet you have never tasted a man. Don't worry, I will make sure to bring you to cloud nine!"

At that time, Han Jingru's eyes were filled with murderous intent and he simply sat down right opposite Cheng Gang.

One of the underlings saw that and he roared, "You piece of trash, how dare you sit in front of Mr. Gang!"

Right after he said that, he hurled his fist towards Han Jingru's face.

Han Jingru simply smiled and raised his hand leisurely, grabbing that rapid and furious punch.

The underling had pulled his back on his punch and he was just taken aback when Han Jingru caught him so easily.

Han Jingru didn't give him any time to react and he simply gave him a thrust below. The underling fell back to a distance and doubled

over to the floor.

“That...”

“What!? How can that trash be so good at fighting?”

“How is that possible, isn’t he just a trash?!”

What Han Jingru presented was completely different from his reputation. Even Cheng Gang was alerted and he belittled Han Jingru no more.

Su Yimo simply opened her mouth widely. She had only seen Han Jingru getting bullied and accepted everything meekly and this side of his overbearingness was just overwhelming. The woman was completely shocked.

“Han Jingru, do you know this is my turf? If you injure my men, you wouldn’t be able to leave this place alive.” Cheng Gang gritted his teeth and said. Although the strength Han Jingru displayed earlier surprised him, the man wasn’t afraid at all. After all, he had so many men over here. Even if Han Jingru could fight, could he defend himself against the crowd?

“I will give you a chance to explain everything clearly. And I might just spare your life.” Han Jingru said indifferently.

“Gahahaa!” Cheng Gang’s face was twisted in anger, “Are you kidding me? Look around here, each and every man here will charge on you

with my order. Do you think you can leave this place alive? Yet you are threatening me?"

"Oh? Why not you take another look?" Han Jingru said.

The moment he said that, there was a great tremor drawing close to them. It was the footsteps of hundreds of men surrounding the farmhouse. And in less than a minute, the dining area was completely swarmed.

Cheng Gang's expression changed. What was happening?!

At that time, Ling Heng came out from the crowd.

The moment Cheng Gang saw Ling Heng, he asked coldly, "Ling Heng, what are you trying to do? Is this all your men?"

"Cheng Gang, have you lost it? Offending this man?" Ling Heng said indifferently.

"What do you mean?" Cheng Gang looked at Ling Heng in puzzlement. Could that man be colluding with the Su family? But Su Ruijin had worked with him first. If the Su family was trying something, Su Ruijin would definitely inform him.

Ling Heng walked towards Han Jingru. But before he said anything, Han Jingru said, "Bring my wife back to the car."

Su Yimo clutched on Han Jingru's shirt tightly and refused to let go. The woman was completely stupefied. Why the sudden group of men? What are they doing? Who are they?

"Wait for me in the car. I will be coming soon."
Han Jingru said.

Su Yimo bit her lips and refused to let go.

"Don't worry, it will be fine. Don't you believe me?"

When Su Yimo heard that, she released her grab.

After Su Yimo left, Ling Heng bowed and spoke respectfully, "Mr. Jingru, what should we do with Cheng Gang?"

The moment Cheng Gang heard that, he broke into a hysterical laughter, "Ling Heng, are you crazy? Bowing down before a trash like him? At the very least, you are someone on equal footing with me. Don't you know that he is the trash from the Su family?"

Ling Heng didn't even straightened his back and he simply raised his head and looked at him coldly, "Cheng Gang, you don't even know that death is creeping on your doorstep."

Cheng Gang didn't care at all. Although Ling Heng had brought a lot of people, he knew that the man wouldn't dare to try anything. If he had such ambition, he would have attempted it long

ago.

“Ling Heng, you don’t have to scare me. I have someone above me and you knew about it as well. If anything were to happen to me, you wouldn’t be able to leave unscathed. Let me advise you, mind your own business and go away.” Cheng Gang scoffed.

Previously, Ling Heng didn't dare to lay a finger on Cheng Gang. Without Han Jingru's order and also for Cheng Gang's background, things would get complicated. Without Han Jingru's protection, even if Ling Heng could kill Cheng Gang, he was unable to escape death himself.

But everything was different now. Han Jingru planned to stir up Yun City and Ling Heng had casted all his fears away. He believed in Han Jingru unconditionally. Although the man was the subject of deride for the entire Yun City, Ling Heng knew that this matrilocal man came from a frightening background.

Ling Heng stopped talking. Because it wasn't his place to speak.

When Cheng Gang saw that Ling Heng kept quiet, he thought that he was afraid and the man said smugly, "Ling Heng, now that you know my background, hurry and scam with your men. Do you want me to kick you out?"

Han Jingru stood up suddenly and walked towards Cheng Gang.

Cheng Gang had seen Han Jingru's moves earlier and he stepped back instinctively and asked vigilantly, "What are you trying to do?"

His few underlings blocked in front of him and were prepared to take action anytime.

Han Jingru didn't stop and Cheng Gang's underling made the first strike. However, none

of them could stop Han Jingru's pace, not even for a second.

When Cheng Gang looked at the unstoppable man, he was just cursing those who spreaded the rumors about Han Jingru being a trash. If someone frightful like that was a trash, then the entire Yun City would be lower than trash!

The few underlings were served and left howling on the floor. Cheng Gang's face turned pale and he said, "Han Jingru, the Su family's influence is just nothing compared to the person behind me. I warn..."

Before he finished, Han Jingru punched him right in the face.

Blood spurted right out from his nose. Cheng Gang covered his face with both hands and yelled in pain.

If anyone from the Su family were to see that, they might have their jaw dropped. In their understanding, Han Jingru was simply a loser that never talks back. How could he be so frightening?

Cheng Gang was even suspecting the man in front of him, that he might not be the same person as the rumored Han Jingru.

For the past three years, the matrilocal husband had been doing nothing but house chores, buying ingredients, cooking and cleaning. Even if anyone were to insult him, he

wouldn't so much as to talk back. How could he be so tough?

"Who is the person behind all this?" Han Jingru asked.

Cheng Gang shook his head and muttered shakily, "Han Jingru, kill me if you dare. Otherwise, you will be the one lying in the street tomorrow!"

"Beat him up until he speaks." Han Jingru sat back to his chair and ordered Ling Heng.

Ling Heng raised his head and immediately, a few men gathered around Cheng Gang and started pummeling him.

Cheng Gang's underlings were completely horrified. When they saw Cheng Gang getting beaten up and Han Jingru's undisturbed face, they were trembling in fear.

Was that man truly a useless piece of trash? Who was the one that spread such irresponsible rumors!? Could a trash do something like this?

"Ling Heng, you better remember. You won't be able to handle the wrath of the person behind me!"

"Ling Heng, aren't you afraid of my revenge? Get them to stop, and I will let this go!"

"I... I'll speak... I'll speak! Stop!!"

Cheng Gang might appear to be tough but he wasn't able to stand the pain. The man gave up in just two minutes.

Ling Heng simply scoffed, "Why the bother? If you tell earlier, you wouldn't have to go through that."

Cheng Gang looked at Ling Heng hatefully and said, "Ling Heng, are you really not afraid of my revenge?"

Ling Heng shrugged his shoulder and said, "If you have the chance, feel free. But I'm afraid you won't get the chance anymore."

"Say it, who is the mastermind? Make sure you leave nothing behind, otherwise, get your boss to arrange your funeral." Han Jingru said coldly.

Cheng Gang wasn't afraid of Ling Heng but he had the most unnatural terror towards Han Jingru. As if Han Jingru was even more frightening than Ling Heng.

The man shivered all of a sudden and said, "It was Su Ruijin's idea to target the Su family. He was the one that looked for me as well."

Su Ruijin.

It was him after all!

Han Jingru had guessed that he was the person behind. Otherwise, it made no sense for him to help Su Yimo so suddenly.

“What else?” Han Jingru continue to ask.

Cheng Gang lowered his head instinctively because he didn't dare to make eye contact with Han Jingru. If Han Jingru were to find out the plans towards Su Yimo, he didn't dare to imagine the consequences!

“Looks like he doesn't want to speak, continue.”

“Wait! I'll talk!” Cheng Gang said fearfully, “Su Ruijin wanted me to sleep with Su Yimo and exposed it to the entire Yun city. He wanted to use this to chase Su Yimo out the family!”

Han Jingru gripped his fist tightly.

If the man only targeted the West side project, Han Jingru could let Su Ruijin off the hook. But the man had planned it for Su Yimo and that gave him the death penalty.

No one crosses that line!

Han Jingru wouldn't allow anyone to harm Su Yimo.

“Cage them up.” After saying that, Han Jingru walked out the farmhouse.

Cheng Gang continued to yell and scream about the consequences of offending him. But after taking a few good punches, he quieted down.

When Su Yimo went back into the car, she was

just restless. The moment she saw Han Jingru, she got down the car impatiently.

“Jingru, are you all right? Did anything happen?” Su Yimo looked at Han Jingru nervously and examined him from head to toe. When she saw that Han Jingru was completely unharmed, she was finally relieved.

“I’m fine,” Han Jingru said with a smile, “What a surprise to see that you care for me so much!”

The moment Su Yimo heard that, she blushed right away and stepped back, “I... I was just worried about the hospital bills.”

Han Jingru nodded and didn’t make fun of her further.

“Let’s go home.”

“Go home?” Su Yimo asked in puzzlement, “But we haven’t settled the issue, if we go home right now, how should we explain to grandma?”

“It is done. Let’s go.” Han Jingru said.

Done!?

Su Yimo looked at Han Jingru with a dubious gaze. Cheng Gang wasn’t an easy character at all. How could he handle it so fast? And what about the huge group of people that appeared suddenly.

When Su Yimo got in the car, she was hesitant

to speak yet she wanted to ask what happened.

Han Jingru saw that and he simply said, "The process doesn't matter. Just the outcome. Just tell grandma that you have handled the issue. As for the rest, I will handle it."

Han Jingru wouldn't let Su Ruijin off the hook. But he would find a more suitable timing to expose what he had done.

Su Yimo simply nodded.

That night, Su Ruijin was holding his phone and walked around his room anxiously. He was just excited and nervous.

The screen on his phone was showing Cheng Gang's number. As long as he tapped on it, he could find out what happened. But the man was worried as well. What if he failed?

When it was ten o'clock in the night, Su Ruijin couldn't stand it anymore and he dialed the number.

The phone was unanswered.

Was Cheng Gang still busy at this hour?

A smile blossomed on Su Ruijin's face. At that time, Su Huiqi called him.

"Ruijin, how was it?" Su Huiqi asked excitedly.

"I just called Cheng Gang but no one answered.

He must be very busy." Su Ruijin said.

There was a lot of laughter from Su Huiqi's side. The moment she thought about how Su Yimo was getting abused, she was just elated.

"She is finished, that whore! A married woman sleeping around? We must make sure to let grandma know it tomorrow!" Su Huiqi laughed heartily. Even as she knew the truth of the matter, she had no problem accusing Su Yimo.

"We have a family meeting tomorrow morning and I will be telling grandma that. Let's see how she gets ousted from the family!" Su Ruijin hung up the phone and lied on the bed with a good mood.

This fateful day finally came. From now onwards, he wouldn't need to see Su Yimo in the Su family anymore. Moreover, the position of manager of the West side project will fall into his hands.

"Su Yimo~ Su Yimo~ I really should thank you. Without your help, it is just difficult to score the project with Rumo. But you just have to offend me, serves you right!"

Early the next morning, Su Ruijin went to the company earlier than usual. He sat in the meeting room and waited for the other family members to arrive.

The man was just impatient to tell them about Su Yimo's scandal and get the grandmother to

chase her out already.

Every one of the Su family members were present and that included the old Madam. However, Su Yimo didn't appear.

"Where is Yimo, why isn't she here yet?" The grandmother asked.

Su Huiqi was playing around with her freshly made manicure and she said, "Maybe she is still lying in some man's bed and haven't got up!"

“Huiqi, what nonsense are you saying!?”

“Grandma is here, you better watch your mouth!”

“Exactly, you should watch what you say!”

Although the rest of the family members did not have any likings towards Su Yimo, they knew how much the grandmother cared about their family reputation. It was okay for them to bully Su Yimo but another thing to slander her like that.

Su Huiqi knew the grandmother’s attitude towards something like this. She would never dare to joke about things like this. However, Su Huiqi thought that she had evidence and Su Yimo had definitely fell in Cheng Gang’s hand. There was no problem in speaking the truth, right?

“Why are you guys so anxious? Am I someone that would joke about things like this?” Su Ruijin said indifferently.

The moment the other relatives heard that, they were so shocked that they were at loss of words.

She wasn’t joking!? So that was true?

Su Yimo was cheating in her marriage!?

“Su Huiqi, you better clarify that.” the grandmother spoke to Su Huiqi with a grim

face. She would never allow someone from the Su family to ruin their reputation like that. If Su Yimo had really done something indecent, she was even willing to drop the cooperation with Rumo and kick Su Yimo out the house.

“Ruijin knows about this as well and he knows more than me. Grandma, if you want to know, just ask Ruijin.” Su Huiqi said.

The moment the crowd heard that, they looked straight to Su Ruijin. That was quite a serious accusation. If it was confirmed, the Su family would definitely break all ties with Su Yimo.

“Ruijin, tell me what happened.” the old Madam said.

Su Ruijin glanced over at Su Huiqi and frowned a little. He should be the one to start it and it was best to wait until Su Yimo reached the place. He hadn’t expected Su Huiqi to not hold back like that.

“Grandma, actually the person that targeted our family is Cheng Gang. I’ve exhausted quite a lot of resources to find that out and contacted Cheng Gang. I thought to let Su Yimo negotiate with him but I heard that Su Yimo had spent the night at his place and hasn’t return for the entire night.” Su Ruijin said.

Cheng Gang was an infamous mobster. If Su Yimo had really spent the night at his place, it was just obvious that the unspeakable had happened.

Each and every one of the relatives were completely shocked. They hadn't expected the down to earth Su Yimo would do something like that.

"Ruijin, have you investigated it clearly?"

"Yeah, you must not make false accusations like that. This is the Su family reputation we are talking about!"

"Exactly, before you get a confirmation, make sure you don't run your mouth!"

Although the relatives seemed to be speaking in favor for Su Yimo, they were actually reminding the grandmother indirectly.

That was the golden ticket to send Su Yimo out from the Su family. They were just desperate to make it come through.

The grandmother said with a stern tone, "Ruijin, are you sure about that?"

"Grandma, I do not know what she was doing in Cheng Gang's place. However, she hasn't been coming home for the night and she was with that kind of man. That..." Su Ruijin made a pained reaction and hesitated to continue.

The grandmother slammed on the meeting desk furiously and gritted her teeth, "If she really did something like that to smear filth on our family, I will never let her off easily!"

"I had never thought that Su Yimo would use such a method to get on Cheng Gang's good side. How infuriating!"

"For the past three years, she had humiliated us enough. Now that she did something so unspeakable, it is just our family's misfortune!"

"We should have gotten Ruijin to handle this. A person like Cheng Gang might even go and advertise what happened. The Su family might end up being a joke again!"

When the old Madam heard that, her face was twitching in anger and a thunder was brewing on her face.

At that time, Su Yimo finally reached the meeting room.

"Grandma, just now Mr. Zhong asked me to get him some documents and so I came late." Su Yimo said.

"Getting him some documents or getting something else off? Have you showered? You stink!" Su Huiqi looked at Su Yimo scornfully and pretended to cover up her nose.

"Su Huiqi, what do you mean?" Su Yimo was a little riled and she glared at Su Huiqi.

Su Ruijin simply smirked and leered at Su Yimo, "You should know what I mean. I hadn't expected you to be such a cheap woman, can't the man at home satisfy you? Why are you

cheating outside?”

Cheating?!

Su Yimo erupted right away. That was a vicious accusation and directed towards her good name!

“Su Huiqi, what kind of shit you have been eating this morning? Why is every word from your mouth such stinking filth?” Su Yimo fumed.

Su Huiqi stood up and raised her voice as well, “You dared to do it but you don’t dare to admit? Why not you tell us if you have handled the problem in the construction site!”

“I managed to get it done.” Su Yimo said.

“Hmph!” Su Huiqi sneered, “How did you do it? And how much did you spend?”

“Nothing... I didn’t spend anything.” Han Jingru was the person that handle it. As for the method, Su Yimo didn’t even know herself. However, she was sure that they hadn’t spent a single cent.

“Hahahaha...” Su Huiqi started laughing, “You managed to settle it without any spending? You are quite the competent one. Or have you used other unspeakable means?”

“Su Yimo, that is Cheng Gang, one of the underworld leaders. You didn’t spend anything

and you managed to get it done?" Su Ruijin could almost guarantee that something happened between Su Yimo and Cheng Gang last night. Otherwise, she wouldn't be able to handle this incident. However, he hadn't expected Su Yimo to be such a whore in secret that she could simply treat it as if nothing happened after sleeping with Cheng Gang.

Poor Han Jingru... He didn't even know that his wife cheated on him.

"Su Yimo, tell me the process clearly." The grandmother said in a harsh tone.

Su Yimo glanced over at Su Huiqi and Su Ruijin. Something must have happened before she came! The woman could feel a chill from the way the grandmother looked at her.

"Grandma, I have managed to get everything under control." Su Yimo said.

"How did you do it? Why not you enlighten us?" Su Huiqi asked impatiently.

"You haven't left his place last night right? I don't care who you are sleeping with but you must never smear the Su family's good name!" Su Ruijin rebuked her.

The moment Su Yimo heard that, she wasn't angry anymore. So they thought she had been sleeping with Cheng Gang to get the matter solved?

Novel Reader

“Su Ruijin, where did you hear that from? Do you even have evidence? I went home quite early yesterday.” Su Yimo said.

“You went home? Do you have any evidence at all to prove that you are home?” Su Ruijin asked back. The woman went to meet Cheng Gang and he just couldn’t believe that Su Yimo could leave so easily.

“I have plenty of that. When I got home, I went to the hawker stall downstairs to buy water and I met my neighbor. You can just go and ask around. If you don’t believe me, there are plenty of CCTV over there.” Su Yimo said.

When Su Ruijin saw how confident Su Yimo was, he was diffident. Could Cheng Gang had let her go?

But that wouldn’t make sense. With that man’s personality and capabilities, he would never let this inviting woman got away from him.

“Su Yimo, don’t tell me you didn’t go to the farmhouse at all. I had exhausted all of my favors and connections to get you that deal, but you wasted it!” The only reason Su Yimo didn’t fell victim to Cheng Gang was that she didn’t go at all.

“Su Ruijin, have you lost your mind? Didn’t you just hear that I have solved the problem? Had I didn’t go, how should I solve it?” Su Yimo chuckled.

“No way, that’s impossible!” Su Ruijin was in denial. The man was only prepared for two possible outcomes. Firstly, Su Yimo was taken by Cheng Gang and this matter was solved. Secondly, she didn’t go at all and the matter isn’t solved.

“Su Yimo, how did you manage to settle it? Tell me truthfully.” The grandmother had lost her patience already and she had to butt in.

However, Su Yimo simply showed a troubled expression. She wasn’t the one that handled the situation and she didn’t know the process.

“Do you still want to hide it from me? Or have you really slept with Cheng Gang.” The grandmother fumed.

Su Yimo was shocked. If the grandmother were to misunderstand her like that, she wouldn’t be able to clear her name at all.

The woman had no choice but to tell them everything.

However, no one believed that Han Jingru was the one that turned the situation around. Su Ruijin was even sneering smugly.

“Su Yimo, do you think we are fools? And you can just use a trash as your excuse? Do you think it is possible for us to believe that?” Su Ruijin said.

Even the grandmother couldn’t believe it.

But right that moment, the meeting room's door was violently kicked opened!

There were two persons that barged into the meeting room. One of them is Ling Heng, the other had a gunny bag on his head. They couldn't tell who that was.

Although the Su family wasn't the most prominent family in the Yun City, they weren't someone others would easily mess with. The old Madam asked sternly, "Who are you? How dare you barge in my Su family's meeting?"

Ling Heng glanced over at Su Yimo and then said, "Madam, I am Ling Heng. I believe you have heard of my name."

Ling Heng!

All of the family members were roused when they heard that. This man before them was a big name in Yun City. The Su family just couldn't offend nor challenge someone of his stature. However, why would he cause trouble for the Su family?

"Mr. Heng, may I know what the reason for your sudden visit is?" The grandmother's tone changed and she spoke to Ling Heng respectfully.

Social status isn't determined by age.

Although the old Madam was of the greatest authority in the Su family, it meant nothing for someone like Ling Heng.

The grandmother knew that all too well.

"I have helped the Su family to clean up some mess. And I am here for the compensation." Ling Heng said smilingly.

"If you have really helped us Su family, I will definitely return the favor properly." The old Madam knew that it was difficult to deal with someone like that because they could just come up with all kinds of excuses to ask for money. And now that Ling Heng made a personal appearance, it was just impossible for the Su family to handle it without spending a fortune.

"Madam, I believe you will be happy to pay for my service." After Ling Heng said that, he took off the gunny sack of the person behind him.

The moment Su Ruijin saw that man, his face turned pale.

Isn't that Cheng Gang? Why is he in Ling Heng's custody?!

Ling Heng gave Cheng Gang a kick and roared, "Tell Madam what you have done!"

Cheng Gang was completely bruised and injured. The man had been 'served' generously the previous night. After the long session, he was just traumatized by Ling Heng and he hurriedly said, "Madam, Su Ruijin was the one that incited me to do everything!"

"You liar!" Su Ruijin jumped up from his seat right away and pointed at Cheng Gang angrily,

“Why are you accusing me? I don’t even know you!”

Cheng Gang raised his head and looked at Su Ruijin hatefully. If it wasn’t for this piece of shit, why would anything even happen to him? Although he didn’t know why Ling Heng disregarded the man behind him, after what happened last night and his boss hadn’t appeared yet. That may mean that the boss might had given up on him.

If he wanted to survive, he must make sure to obey Ling Heng.

“Su Ruijin, how dare you put on a show here? If it wasn’t for you, why would I target the Su family for no reason!?” Cheng Gang yelled.

Su Ruijin completely panicked. If the grandmother were to find out what happened, he would be finished. Not just the position of the chairman, he wouldn’t be able to even stay in the Su family.

He had thought about ousting Su Yimo from the family but now he might be the one to suffer that fate!

“Su Yimo, you are the one behind everything, right!? You asked him to accuse me!” Su Ruijin pointed at Su Yimo and the man’s face was flushed in anger.

Su Yimo simply said coldly, “You were the one that contacted this Cheng Gang for me. So how

could I collude with him? Su Ruijin, don't you know what you have done?"

"Grandma, don't listen to her nonsense. I am completely unrelated to this and I don't know anything!" Under the great pressure, Su Ruijin hurried towards the grandmother and said pitifully.

The grandmother's face was grim and she knew that Cheng Gang wouldn't accuse Su Ruijin for no reason. The Madam had asked around about this as well and no one knew who the person behind the malicious attempt was. But Su Ruijin knew it and he managed to contact Cheng Gang for Su Yimo's sake.

She thought that Su Ruijin was simply lucky but now she found out the truth!

"Not only that, he asked me to ra... rape Su Yimo and expose this to the entire Yun City, embarrassing you, Su family and get rid of Su Yimo from the family." Cheng Gang continued.

The moment he said that, Su Ruijin's face was paper pale. He hadn't thought that his perfect plan would get sabotaged by Ling Heng. But how could Su Yimo know someone like Ling Heng!?

The rest of the relatives knew that after Su Ruijin got exposed, the grandmother wouldn't let him off easily. If they were to stand by Su Ruijin's side right now, they would be seeking their own demise.

“Ruijin, you have crossed the line! How can you do something so wicked?!”

“Yimo is one of us Su family, how can you do that to her?”

“And I trusted you. So you are the one that did all that!”

Su Huiqi had a grim expression as well. She had learnt about it earlier. Although she wasn't involved, she had hidden the truth and she was in the wrong as well. If grandma were to find fault, she wouldn't have it easy as well.

“Grandma, I know nothing at all and I am completely unrelated!” Su Huiqi hurriedly explained herself to the grandmother.

“Mum, Ruijin had made a mistake but he is young and please don't punish him too much. I will make sure to educate him properly.” Su Wenyi didn't want his son to lose everything from the family. All of the relatives didn't dare to speak in favor for Su Ruijin but the father couldn't do that.

The grandmother's face tensed up. After something like that happened, how should she handle it? If she didn't give Su Yimo Justice, it would show that she was just bias. But if she were to oust Su Ruijin out from the family, she just couldn't do that.

Although Su Yimo had brought massive business potential to the Su family, she just

couldn't amount as much as Su Ruijin in the grandmother's heart. And the Madam had decided to let Su Ruijin inherit the Su family.

"Mr. Heng, this is our private matter. I am thankful that you helped me. Please let me know how much your service cost and I will make sure to do my best." The old Madam spoke to Ling Heng.

Ling Heng was simply finding an excuse when he said he wanted compensation. The man was simply carrying out Han Jingru's instruction and he replied, "Since Madam has given your word, I, Ling Heng isn't someone inconsiderate. After you are done with your family affairs, I'll find you again."

After saying that, Ling Heng brought Cheng Gang away from the company.

It was pin drop silent in the meeting room. Su Ruijin knelt in front of the grandmother and he didn't even dare to look up.

The rest of the relatives were frightful as well. After all, Su Yimo was the key person in charge of the West side project. The future of the Su family depended greatly on the collaboration with Rumo. Su Ruijin had done something so unforgivable during an important time like this. Even if the grandmother wanted to show him favor, she must made sure to give him a severe punishment.

"Yimo, since he had wronged you, I shall let you

decide on his punishment.” the grandmother turned towards Su Yimo and asked.

Su Yimo was sharp witted. If the grandmother was determined to punish Su Ruijin, she wouldn't have given her the choice. She said that because she couldn't bring herself to make the decision.

Not only that, Su Yimo knew that if she were to ask too much, it was a gamble if the grandmother would honor her words but one thing was for sure, she would definitely resent her.

“Grandma, I think you should be the one to decide.” Su Yimo said. Even if she was completely pissed off. She had no choice but to swallow it all in.

The grandmother nodded in the most natural manner and spoke to Su Ruijin, “You don't have to come to the company anymore for the time being. Stay at home and reflect on your mistakes.”

Su Ruijin lowered his head at his lips curled up. After he did something so serious, his grandmother simply asked him to reflect on his mistake. It seemed that his significance and importance to the grandmother was unshakeable.

“Grandma, I have learnt my mistake and I will make sure to reflect properly.” Su Ruijin said.

"I do not wish to hear anyone mentioning about this anymore." The grandmother spoke to the rest of the family members.

That was an obvious cosset. The old Madam didn't even bother to hide it.

Su Yimo drew a deep breath as she looked at the grandmother.

One day... One day I'll definitely prove to you that Su Ruijin isn't the best choice to inherit the Su family!

After the old Madam left the meeting room, the rest of the family members showed a fawning face.

"Ruijin, please don't mind what we said to you earlier. Under that situation, if we were to defend you, we might rouse grandma's anger."

"Yeah, you know her temper, right? The more we speak in favor of you, the more she would get angered."

Su Ruijin stood up and the man showed no expression of remorse. Not only that, he looked at Su Yimo smugly, "Su Yimo, you are just lucky this time that you are able to escape that fate. But you wouldn't be so lucky again next time!"

"You must be furious that grandma is showing me such favor, right? But what to do~ I am the person she favors the most and this is the difference between you and me."

When Su Yimo heard Su Ruijin's words of conceit, she gripped her fist tightly. Even someone with the best temper would get angry already.

"Su Yimo, don't you know it yet? You are just a tool in the Su family. If it isn't for the collaboration with Rumo, you don't even have the right to enter this meeting room. And you stupidly want to challenge us? What a joke!" Su Huiqi strutted towards Su Yimo and said tauntingly.

Four thirty o'clock in the afternoon, Han Jingru appeared in front of the hawker stall again. However, the hawker stall was still out of business. That gave him a bad hunch.

Could anything has happened to his family?
Why would he close his business so suddenly?

The moment the man picked Su Yimo up, he saw that the woman's face was puffed up like a goldfish. She was obviously angry and he asked with a smile, "What happened? Didn't grandma compliment you for handling the trouble?"

Su Yimo harrumphed in vex and said, "Ling Heng brought Cheng Gang over today and exposed everything Su Ruijin did. However, grandma simply asked Su Ruijin to reflect at home."

When Han Jingru heard that, he sneered in a cold malice.

In his opinion, the grandmother would definitely side with Su Ruijin but she would at least demote his position in the company or do something to show her intention to punish him. Reflect at home? That was simply laughable for the gravity of wrongdoings he had done.

The grandmother wasn't just siding with Su Ruijin but she completely disregarded Su Yimo's feeling. It simply reflected the fact that she didn't care about Su Yimo's feelings at all.

Did she think she had Su Yimo right in her grasp? Isn't she afraid that Su Yimo would just break ties with the Su family? What a vain old thing!

"By the way, I just found out that the man that helped me yesterday is Ling Heng. Why would he even help me?" Su Yimo looked at Han Jingru and 'interrogated' him. It was obvious that the man was the key to that happening.

"Umm... I spent a little bit to ask for his help." Han Jingru said in a most natural face.

"You spent a little bit? How much is 'a little bit?'" Su Yimo asked curiously.

"A hundred thousand."

"A hundred thousand?! Su Yimo looked at Han Jingru in shock. This prodigal man, spending a hundred thousand again!? That was her annual salary!

However, whenever she recalled how Ling Heng saved her from that man, the woman felt more at ease.

"Rich. You are just rich." Su Yimo pouted her lips jealously.

Han Jingru simply smiled. That is just pocket change. If Su Yimo were to find out the figures in his card, she might just have a heart attack.

When they reached the carpark of their

apartment, Han Jingru parked the car and bumped into Jiang Yan and Su Wenlun. The parents were just about to go out.

When they saw Han Jingru driving an Audi, they recognized that it was the one that parked right to theirs!

Previously they were wondering who the one that bought it was, and it happened that it belonged to their family!

Jiang Yan walked towards Su Yimo furiously and said, "Yimo, don't tell me you bought another car?"

Su Yimo knew that it was simply a matter of time before the cat is out of the bag. She looked at Han Jingru and nodded to admit, "Mum, I..."

"Aren't you afraid that your grandma would find out? And why are you buying two cars like this? Must you let him drive such a good car?" Jiang Yan glared at Han Jingru and continued, "Don't tell me he is the one that requested!"

Su Yimo hurriedly waved her hand and said, "This has nothing to do with Jingru, it was my idea."

Jiang Yan just wouldn't believe and she fumed at Han Jingru, "Have you done black magic on my daughter or something? Do you know that if grandma were to suspect her and checked on the accounts, she will need to suffer a severe

consequence?! Is your pride so important that you don't even care about Yimo's well-being?"

"Mum, stop it. Aren't you guys going out? Hurry then." Su Yimo replied.

Jiang Yan looked at the time and she realized that her movie was about to start. And the mother said, "When I come back, you must make sure to explain things properly."

After the parents left, Su Yimo sighed and looked at Han Jingru in vex, "Why don't you just tell them you are the one that bought the car?"

"If I did that, do you think they will believe it? Moreover, I did care about others' opinions." Han Jingru showed an undisturbed face. If they were to tell that he was the one who paid for the two cars, Jiang Yan and Su Wenlun wouldn't have believed it. Why bothered?

For the past three years, Han Jingru didn't care about anyone else's opinion. Most importantly, it was how Su Yimo thought of him.

"That made sense." Su Yimo had a powerless expression. It didn't matter if she tells them the truth. No one would believe her.

When they got back, Han Jingru told Su Yimo, "I need to go out tonight. Can I?"

"Will you stay if I say no?" Su Yimo asked back.

Han Jingru nodded unhesitantly.

"If you have something important, just go. But..." Su Yimo was hesitant to finish her sentence.

"But what?" Han Jingru asked curiously.

"It's nothing." Su Yimo hurried back into her room. She wanted to ask Han Jingru not to get involved with other women. But just the thought about that sounded weird.

Although they were husband and wife, they didn't have an intimate relationship. And Su Yimo was just not used to over interfering in Han Jingru's private life.

When Su Yimo sat on her bed and she lifted her pillow, there was a pair of scissor underneath. She had put that there for the past three years.

For the first year, Su Yimo would be holding the scissor to sleep. And after that she eventually lowered her guard. And now, she felt that it was time for her to finally remove the pair of scissors.

"I really didn't know how you managed to hold yourself back in front of a beauty like me." Su Yimo spoke to herself. She didn't even realize that she was blushing and she kept the scissor back into the cabinet.

Su Yimo then stood in front of the mirror and examined her own body. She had a pair of fair and long legs, firm and sizable bust and just about the most gorgeous face. But why wasn't

he attracted?

!?

“What was I thinking!?” Su Yimo’s ears were red and she was just embarrassed.

Only the two of them were left at home for dinner. Ever since Su Yimo became the project manager, the family’s finance had become better. And so, Jiang Yan and Su Wenlun would eat outside more often.

But that was a good thing as well, giving Han Jingru and Su Yimo more private space with each other.

After the dinner, Han Jingru stood up and wanted to do the dishes. But Su Yimo said, “You can leave first if you have something to do. I’ll do the dishes. Come home earlier.”

Han Jingru was stunned but there was a warmth filling his heart. The man said, “There’s no need, it takes no time to do this!”

Su Yimo simply glared at Su Yimo and fumed, “Hurry and go, stop nagging like a woman.”

Han Jingru giggled as he lowered the dishes on his hand.

“Then I’ll go first. I will be right back after I am done.”

After leaving home, Han Jingru got in the car

and called Ling Heng.

The hawker stall wasn't operating for a few days already and Han Jingru just had a hunch that something had happened to the shop owner. He asked Ling Heng to investigate the matter and the man just received the message from Ling Heng when he got home. Therefore, Han Jingru told Su Yimo that he needed to go out for the night.

"What happened?" Han Jingru asked.

"Mr. Jingru, it isn't convenient to say it over the phone. Shall I come over?" Ling Heng said.

"There's no need, I am reaching Mojo already."

The moment he reached Mojo and met Ling Heng, the man immediately reported, "Mr. Jingru, the man that you asked me to investigate is called Molan."

"Molan?" Han Jingru frowned as he replied, "This is quite the familiar name."

Ling Heng nodded, "The Yun city used to be ruled under a man called Molan. However, five years ago he disappeared into thin air and even his followers disappeared along. No one knew what happened and I suspect that he is the Molan from five years ago."

Han Jingru was shocked. The shop owner from the hawker stall was the Molan who shook the underground five years ago?!

But with his stature, how could he settle to be a simple shop owner like that?

All of a sudden, Han Jingru recalled something Molan said.

For his woman.

So it seemed that that man of greatness was willing to give up everything for his woman in his peak. The breadth of his spirit was simply admirable.

“Have you found out what happened to him?” Han Jingru asked. They had developed friendship for the past three years. Now that Han Jingru knew what happened, he wouldn’t simply ignore the man.

“According to my source, someone saw him in an underground casino, Changbing’s turf.” Ling Heng explained.

Changbing was the man that overlook most of the illegal casino in Yun city. Although he didn’t have as many underlings as Ling Heng, he was much stronger in finance and connection. The man could completely overwhelm Ling Heng in a sense. However, Changbing was simply involved in underground casinos and he didn’t have any business ventures and he wouldn’t conflict with the rest.

“Mr. Jingru, this Changbing isn’t an easy fellow. Although he didn’t have a big name in Yun city, I heard that he had strong connections with a lot

of influential people. I think we shouldn't interfere in this manner." Ling Heng reminded.

"Since when are you the one to make the decision?" Han Jingru said coldly.

Ling Heng hurriedly bowed down and apologize, "Mr. Jingru, I didn't mean that."
