## Chapter 2632

“I want to give birth to you alone.” George Han drank coldly, and the next second, a little bit of jade sword, the cold light was approaching.

“It’s up to you whether we two have children or not.” Qin Shuang also gave a cold face, and the Sword Demon Sword was blessed by spiritual energy and hit the woman’s eyebrows directly.

But...

the attack with the power of two people is not invincible, but at least it is hard to find an opponent.

But facing this woman, there are double stabbings. The woman seems to be close in front of her eyes, but in fact she is far away. Even if they fly hundreds of meters, they are just stabbing loneliness.

The woman didn’t even move, she just looked at the two of them lightly and laughed, and for a while, they were suddenly embarrassed.

“Broken!”

Then, at this moment, the woman moved her hand and the piano sounded.

There was almost no time for the two of them to reflect, and the next second was directly shaken by the sound of the piano.

Just as the two resisted slightly and were about to attack again, suddenly, the sound of the piano that circulated gentle and swiftly became like a shadow of a sword and a sword.

What’s more frightening is that the sound of the piano is so violent, but there is no more piano wave, but the bodies of the two of them are completely imprisoned in place.

In the next second, the two men frowned almost at the same time. The pain from the soul not only made them unable to fight back, the long sword in their hands fell off, and the people held their heads in pain, almost unable to stand. Steady, the whole person can’t help but stagger.

However, the state of the two of them also began to change. One face was flushed, and the other’s eyes were blurred, as if someone was given some medicine to prevent the Buddha.

At this time, the blood of the two people seemed to be burning crazily.

“You bitch!” George Han yelled angrily. Although he had already transported his spiritual energy to stabilize his mind, the blood red in his eyes was still lightened brighter, and his will has always been beyond ordinary people, and he was a little bit at this time. Lost, under the chaos, his head almost cracked.

The whole person's blood rolled, and the inexplicable impulse began to infiltrate the whole body.

George Han is like this, Qin Shuang is not much better, his mind has long been confused, the whole person is in a trance, and he is not clear about what is illusion and what is reality. In the blur, it is actually affectionate. Looking at George Han, she thought of Amelia Su and all the things she used to get along with. She restrained herself desperately, so that the whole person cried out in pain.

But soon, the blood in her body became uncontrollably restless. She naturally didn't know what Lu Ruoxin had done to her, let alone what kind of state she had entered with the help of the piano.

Lightly open the neon clothes, and the jade shoulders are lightly exposed.

George Han's mind and body couldn't help feeling even more, and under the force of tolerance, a mouthful of blood spurted directly from his throat.

“Can you take care of your broken blood?” George Han roared in his consciousness.

“It's... it's my ass.”

Soon, the voice of the magic dragon echoed in his mind.

“Little mess with my mind, if it weren't for your devil blood in my body, could I have such a big reaction?” George Han roared depressed.

Although he was trying his best to control his body and calm his mind, the problem was that the blood in his body was like boiling water, completely restless.

Hearing George Han's words, the Soul of the Devil Dragon scratched his head in embarrassment. The dragon's nature was chaotic. At this point, he did not deny that the dragon blood did have an impact on George Han today.

“Fuck, can you control it?” George Han shouted depressedly.

“Hey... Although the dragon blood does have an effect on you, you can't blame me for anything special.” The dragon yelled aggrievedly, but the next second, he suddenly became interested: “But, I too Can help you carry the whole pot. Although the body of this chick is not as strong as the holy body, but she is beautiful and not too bad in body... Yes, go, as for your wife, when the time comes I will help you carry it.”

Hearing the shameless words of the Devil Dragon, George Han almost vomited blood on the spot: “You leave me alone, there is only Amelia Su in my heart, absolutely can’t pretend to be any woman.”

“If you don’t help, you can. , If Lao Tzu does something to sorry Amelia Su, don’t worry, George Han will certainly apologize to her.” George Han said coldly.

“You are paralyzed, are you playing so hard?” The magic dragon was taken aback...

## Chapter 2633

fell, George Han had already manipulated his remaining consciousness, and when he grasped the jade sword, he had to do it!

“Fuck, stop!” Almost at the same time, the dragon had already yelled depressedly in his mind.

If George Han’s body died, then as the magic dragon itself stored in George Han’s brain consciousness, it would be equivalent to death.

George Han is about to commit suicide, who did he stand by? !

“Damn, Lao Tzu has lived for hundreds of thousands of years. I have seen someone threaten others with his life to get someone else. But his grandmother’s is the first time I have seen someone threaten others with his own life and don’t want to get someone else. Yes, the point is, this is a fucking man. George Han, are you not normal?” The dragon was depressed.

“When you know what loyalty is that day, you won’t think it’s weird. However, it’s probably impossible for you to be a single dragon in this life.” George Han replied, “Stop talking nonsense and help me control what you don’t The blood of the face.”

“This is dragon blood, so noble blood, you talk about shameless blood, be careful that I and you die.”

But before the dragon said, George Han had already withdrawn from the “chat” at this time. !

When the dragon’s blood was suppressed, George Han quickly used the Qi of Chaos to trap his mind.

However, the situation began to move closer to George Han.

As if noticing George Han’s obvious changes, the woman was taken aback for a moment, a flash of startling light flashed in her eyes, and the next second, the piano played quickly.

The strong sound wave hits again!

But this time, after preparing for George Han, even in the face of a stronger piano sound, he still remained as if sitting on a Buddha.

“Is there any other trick?” George Han suddenly opened his eyes. The next second, the sky fire moon wheel in his hand recruited, and he no longer attacked on his own, but locked the woman in front of him.

Get up, sword up!

“Ignorance!” The woman chuckled coldly, obviously, she wanted to repeat the trick again and let George Han go straight into the air.

But how could George Han’s IQ fall twice in the same pit?

Moment, Nu Sheng a drink: “! Fire from heaven on wheels”

brush brush!

The Skyfire Moon Wheel, which had already followed the moment George Han got up, quickly outflanked the other two directions!the woman was shocked, obviously not expecting George Han to have other killer moves.

Even George Han’s sword was just a bleating attack, and the Skyfire Moon Wheel was the most active killer move.

boom!

But when she wanted to reflect it, it was obviously too late.

As the sky-fire moon wheel converged and exploded, the entire gray realm suddenly trembled.

Yellow sand all around the woman!

“To be honest, my temper is not so damn good.” Amidst the yellow sand, an angry male voice suddenly came out.

The voice is neutral, like a female voice, but clearly male.

At this time, the yellow sand was gone, and the place where the woman was located was finally seen.

It’s just that there is no beautiful woman, what remains on the ground is just a strange-looking creature.

It looks like a human body with four limbs, but carries a long armor on its back, like a human-shaped pangolin.

This is the real face of the great fairy Huangsha, right? !

“You guys, damn it, I finally found such a perfect body from so many sacrifices, but you ruined it.” His small eyes, like mouse eyes, were vicious at this time. Staring at George Han.

He was about to drink George Han’s blood and pump his muscles.

“Coincidentally, I was also looking for some shells recently. I think your body is ugly and deeply rooted in the hearts of the people, so...” George Han smiled coldly, his eyes full of anger.

It turned out that the body of the woman just now was a young girl who was sacrificed to him. She died tragically in his hands during the blooming season. He didn’t even feel ashamed of what he did, but killed others. The latter’s body is used as a capital to show off.

How can George Han not be angry?

This is called eating people without spitting out bones. I’m afraid, this shit pangolin turned into a yellow sand fairy, it is a thorough and true portrayal.

“Oh, by the way, I forgot to tell you something.” George Han suddenly smiled softly.

Seeing George Han smiling, the pangolin immediately felt a hint of foreboding, but it was still more confused: “What’s the matter?”

George Han cracked his mouth and smiled: “I am a person, and my temper is not very good...”

## Chapter 2634

“Fuck you!” The pangolin was furious.

This damn George Han not only destroyed his body, but also humiliated himself again and again.

Grandpa can bear it, but grandma can’t bear it.

“Look at the move!”

As he shouted angrily, in the next second, a mace suddenly appeared in his hand, and he jumped directly to his feet.

How could George Han make him wanton? After taking a look at Qin Shuang, at this moment, the body of this cargo was not there, and those piano sounds disappeared. Although Qin Shuang's eyes were still a little blurred, at least he had begun to recover.

At the moment, the jade sword crossed, directly blocking the mace he smashed down.

Boom!

Beside George Han, a series of explosions!

Immediately afterwards, the two retreated!

The pangolin's face was flushed at this time, and his expression was slightly distorted.

With that hammer, he almost used his full strength, but he never thought that he could not shake Han three thousand cents. On the contrary, because of the impact of the rebound, he felt very uncomfortable.

George Han was slightly tingling like a tiger's mouth. Although this pangolin is not particularly big, it is a tiger with a strong vigor when it beats people up!

"You kid, where did you come out? You still have some ability? It can break my confusion, and I still have such strength in my hands." The pangolin said coldly.

"From the village." George Han said softly.

"Since you want to stand up for them, I want your dog's head." As

soon as the voice fell, the pangolin leaped forward again, slamming his hands with fangs, tigers and tigers awe-inspiring, coughing momentum, and the air around him was in an instant against the Buddha. Torn.

Naturally, George Han wouldn't give too much. With a grasp of the jade sword, the 72-way divine sword stunned and fought back coldly.

"Boom! Boom! Boom!" The

entire space exploded, and the gray space began to tremble crazily. For a while, it seemed that it was about to break apart.

It's no match!

The pangolin is angry again!

The pangolin's offensive is swift and violent, and George Han has exquisite swordsmanship, moving like a rabbit, and calm as a virgin.

Between the two people, it can be said that the fighting between the thunder and the fire, if it were not for George Han, considering that Qin Shuang had not recovered, he did not want to destroy this place, and did not open it with all his strength.

Otherwise, I don't know what it will be like here.

However, even if he closed the fight, George Han couldn't help but secretly startled at the pangolin's ability. This guy is extremely fierce, and the more he fights, the more courageous he is, the more and more fierce murderous in his body.

And the pangolin on the other side, the inner shock is far more exaggerated than George Han. After all, whether it has been around the village for so many years or when he is traveling outside, it is almost impossible to meet with his ability. Such a difficult opponent.

It's all about being difficult, the key is that this kid is still so young.

Naturally, the pangolin began to be very curious about George Han, but when he stretched out a breath to probe, he couldn't help being shocked. What is this kid's cultivation base?

So low? !

If it weren't for the pangolin to be playing against George Han, he would really think that George Han's cultivation level matched his age.

But...

"Have you seen enough?" George Han smiled suddenly, his hands suddenly moved, and the power of Chaos suddenly opened up.

Seeing the extremely powerful Chaos Power suddenly released by George Han, the pangolin suddenly said badly. As soon as his voice fell, he suddenly pointed to Qin Shuang over there and shouted, "Look at it."

Almost took advantage of George Han. The moment he looked back, the pangolin suddenly attacked with a mace.

George Han chuckled coldly. Although he already knew that this product was deliberately disturbing himself, he really had nothing to worry about.

"Bei Ming Four Soul Formation!" roared angrily.

George Han's figure suddenly turned, hum!

One for two!

Look silly pangolin!

Two of four!

The pangolin's eyes went straight.

Four modernizations!

Pong!

Almost at the same time, the mace directly hit one of George Han's incarnations!

It was like hitting iron, only a loud buzzing sound was heard, and the pangolin only felt the pain in the arm to the point of numbness!

But what irritated him most was not this, but the eight George Han in front of him!

Eight, fuck!

He feels like he has been a chicken right now, suddenly falling among the eight hungry lions!

"What the hell is this?" The pangolin was stunned.

"Is it fun?" George Han smiled lightly, with joking in his eyes: "However, don't be happy too early, because it has just begun." The

pangolin suddenly felt a local cold...
