

# His True Colors Novel Chapter 2653 - 2655

## Chapter 2653

Under everyone's attention, the two quickly collided.

Suddenly, the heavens and the earth changed color, and the entire world Anti-Buddha shivered slightly because of the explosion of the two.

The blood-colored light and the purple-blue light interlaced and danced with each other, forming a huge and peculiar halo. The halo, centered on the collision point, continued to spread wildly around.

From the sky burst to the earth, and from the earth, it continued to hit this side, wherever it passed, the trees were destroyed, the rocks were shattered, and even the huge enchantment supported by the Qilin clan began to crack slightly at this time.

The sky fire moon wheel and the blood moon were in a complete stalemate, squeezing and obliterating each other, and no one could do anything else. Only the halo left by the fighting between the two spreading around, shaking the sky and shaking, the world changed color.

A group of people collectively dumbfounded, and such a scale of battle is almost unseen and unheard of. The battle between the two outlines the shocking scene of Mars touching the earth.

"Boy, do you really think you are an ancient god? You also learn from others who want to shoot the sun? I yeah, today, I will let you see what is meant by painting a tiger or a dog! Give it to me!" He shouted angrily. This guy suddenly blessed countless energies above the blood moon.

Suddenly, the light on the blood moon was more radiant.

George Han's complexion condensed, and the pressure suddenly struck, so that George Han couldn't help taking a step back into the air.

Seeing George Han doing this, Pei Hu smiled coldly, his smile full of pride and confidence.

But obviously, he laughed a little early.

George Han endured the tremendous pressure, frowning, and fighting away with the power of Chaos, he was bound to fight with Pei Hu's blood and moon to death and death.

“Still doing indifferent struggles? Sometimes, if you want to imitate others, you have to look at yourself first. If you want to shoot the sun, I melted your broken arrow!”

As soon as the voice fell, he suddenly increased his strength again.

The blood moon is more prosperous, and the world is completely blood red.

At this moment, even George Han was sweating coldly on his forehead at this time.

He somewhat regretted using the Skyfire Moon Wheels to fight, not that they were not strong enough, but that his control and cultivation of them were not at a level. In the past, the Pangu Axe's main attack and the Skyfire Moon Wheel's auxiliary attack may indeed be all right, but without the control of the Pangu Axe, when the Skyfire Moon Wheel encounters a master tit-for-tat, the shortcomings of their instability will be revealed in an instant. Come out.

George Han glared at Pei Hu anxiously. He already felt that the Heavenly Fire Moon Wheel, which was originally equal to the Blood Moon, had undergone two more energy blessings, and the situation had changed abruptly.

The immense pressure of the blood moon slowly gained the upper hand, and it continued to surround the sky fire moon wheel, step by step trying to swallow the sky fire moon wheel.

Even if George Han has the blessing of Chaos Qi, the effect is obviously not as good as Pei Hu's blessing of the blood moon. In other words, Pei Hu's proficiency in the secret technique of the blood moon is far greater than that of George Han to control the sky fire moon wheel. Many.

Naturally, the energy purity is not as good as George Han, but at least it gets twice the result with half the effort.

On the contrary, George Han has pure energy, but how much can he help the Skyfire Moon Wheel? !

The induction of the Skyfire Moon Wheel has become weaker and weaker. George Han tried to bless the energy several times, but with little success.

“Haha, hahahaha, brat, I see what else you can do.” With a grinning smile, Pei Hu was full of pride and arrogance.

George Han didn't have the time to pay attention to him. The Skyfire Moon Wheel was already under the attack of the Blood Moon, swallowed crazily, and the body had even begun to be extremely unstable.

“Sky fire, moon wheel!” George Han raised his head feebly, looking at the sky fire moon wheel shrouded in halo and blood, feeling uncomfortable.

He is sad, he regrets!

He blamed himself for not being good in his studies, but he wanted the sky fire and moon wheel to die in vain.

If possible, George Han would rather replace the Skyfire Moon Wheel by himself!

As it became lighter and lighter, the blood moon melted almost two-thirds of the sky-fire moon wheel into its own body.

Pei Hu laughed crazy!

George Han closed his eyes uncomfortably, but almost at this moment, a strange thing flashed in George Han's mind.

"I understand." In the

next second, a smile suddenly appeared at the corner of George Han's mouth...

## Chapter 2654

you laughed when you were militant?!" Seeing George Han closed his eyes and smiled, Pei Hu scolded coldly.

However, George Han didn't have any reaction, but he was united in his mind, and the situation was like a mountain.

For a long time, George Han had set the Skyfire Moon Wheels in the wrong position. From the root, they were spells. This was already confirmed when the old sweeper handed them to him.

But sometimes, they are like weapons.

But George Han knew that all this was wrong.

When the Skyfire Moon Wheel was swallowed by the Blood Moon, George Han regretted his recklessness and blamed himself for his inadequate practice, but at that second, George Han also felt heartache.

It's like the heartache of losing a brother and losing a friend.

And it was in this emotion that when he closed his eyes in discomfort, he sensed the call of the sky fire moon wheel.

"Heart-to-heart!" The

swordsman, the man and the sword are one.

Therefore, the magic sword is psychic, human is like a sword, and the sword is human, one body and invincible.

The same is true for the Skyfire Moon Wheel and himself.

They are spells, so you can refer to them.

But they are also a special kind of “life” existence.

The essence of a day, the bloom of a month!

Therefore, they can respond immediately!

“Boom, boom!”

When George Han wanted to understand this, he suddenly heard the beating of his heart, from beating once to twice beating once.

“I sense your existence.”

“We are one.” George Han smiled slightly.

At this time, his outer body, the black and gold aura began to spread slightly, and the wind jin blew his blood-red hair, like a peaceful demon!

In the blood moon, the blue and red rays of light faded to faint and began to shine again.

Everything began to change.

Pei Hu was shocked suddenly, looking at George Han in astonishment, and then at the growing blue and red light in the air.

In the blood-red world, mottled red and blue began to appear...

“George Han started to exert his strength?” The elder of the Qilin clan mumbled as he looked at the sky and said softly.

“Do you want to fight back in the Jedi?”

Hearing the words of the elders, the already somewhat lost pangolin suddenly raised its head. When the red and blue light in the sky had become larger and larger, the whole person was shocked and speechless!”This...what is this?” The Fifth Elder Fifth, who was a little happy, was also dumbfounded at this time.

Obviously it has been completely suppressed, why would such a prestige suddenly explode?

“Hu’er, be careful, don’t be careless.” The Fifth Elder shouted anxiously.

Pei Hu gritted his teeth fiercely, and didn't even take the words of the five elders into his heart.

His eyes are full of disdain and anger!

This guy, even now, still has the courage to resist himself.

This is simply challenging his authority and challenging his victory, which is no different from looking for death!

"You still dare to resist, I want you to die!" As soon as the voice fell, Pei Hu's eyes showed hideous, and the next second suddenly energy blessed the blood moon at the same time, a pair of big hands suddenly slapped George Han!

It will destroy your broken arrow and your body!

George Han did not open his eyes. Facing Pei Hu, he pursed his mouth and smiled slightly.

"Skyfire, moon wheel, you and I are one!" With a soft drink, the power of chaos in George Han's body began to wander.

boom!

Suddenly, there was a sudden explosion in the blood moon!

The blue and red light suddenly shined, and the next second, the thunder covered it, and it was broken with one arrow!

Hum!

The blood moon is broken!

"Puff!"

Affected by the blood moon, Pei Hu almost rushed to the distance of less than five meters from George Han. The whole person was suddenly backlashed, a mouthful of blood was sprayed directly from his mouth, and the whole figure flew upside down quickly.

If it weren't for the five elders to discover that the situation was not right, they would fly into the air to pick up Pei Hu in time, fearing that he would only fall to the stars and hit the ground.

"Let go... let me go." Pei Hu struggled to stand up from the arms of the fifth elder, but the more he moved, the blood in his mouth continued to gush out involuntarily.

He is not reconciled, he is not reconciled, he has clearly secured the victory, but why would the kid George Han suddenly turn defeat into victory?

“Enough!” The Fifth Elder lowered his head and drank softly. Then, he looked at the unwilling Pei Hu, and sighed: “We... lost!”

At this time, George Han, Tianhuo Moon Wheel Big Blood Moon, Already flew back to George Han's hands.

One left and one right, the lights flashed beautifully, with George Han's sassy posture, like a god of war, overlooking the world! ,

But what is even more surprising is...

## Chapter 2655

The sky fire was red to light, like the fire of the void.

The moon wheel is also purple and blue even worse, just like Xuan Ming.

The two have a sword and a sword, while the red and blue are shining with each other, they are also like things in the void.

George Han smiled lightly, his body moved, not falling down.

And almost before George Han raised his hand slightly, the Skyfire Moon Wheel had quickly transformed into two streams of light, wandering around George Han's body.

Like gods with thunder and lightning and sky fire.

Shenglian removed the barrier that was almost broken, laughed, and hurriedly led the Qilin family to greet him, and said: “Awesome, amazing, the young man is not showing his face, it is really eye-opening.”

“Yes .” Ah, although it seems to be a counterattack from the Jedi, but in fact it is a matter of accumulation. It is wonderful and wonderful. It is really wonderful.”

“It is true . It is true that the waves behind the Yangtze River push the waves forward. The young hero is now young, so he cultivated. So strong, admire, admire.”

Several elders of the Kylin tribe, at this time, also complimented and laughed.

“Fuck, you guys are talking nonsense. You fucking bitch, you've already been defeated just now, but I was careless to make you bitch get a bargain. If you want something, come back.”

See The Qilin clan's compliment to George Han suddenly felt that Pei Hu couldn't stand it any longer. Despite the five elders' dissuasion, he dragged his body full of blood, staggered, and rushed over in anger.

George Han looked at him indifferently: "Okay, I also have an account to settle with you." As

soon as the voice fell, the Skyfire Moon Wheel no longer needed George Han's order, and it had automatically turned into George Han's with one sword and one sword. Hands.

"Peihu!" Shengran saw this, and quickly stood up: "Your competition is divided. What do you want to do?"

"This is my business. I want you to take care of it and get out of it." Pei Hu shouted angrily, and at the same time his body shook, and the fifth elder who was holding him directly shook aside, set his posture, ready to attack at any time.

"You are in the land of my kylin clan, naturally it is my kylin clan's business, why can't I care?" Shengran said angrily. "Holy Burn, do you dare to talk to this young master like this?" Pei Hu became even more angry. For a long time, the poor patriarch of the Qilin clan only dared to make a smile in front of him.

But today, he actually dared to be furious with himself.

Not only was the high position being challenged, but even at this time, being scolded by others, even his dignity was almost gone.

"Why? Shengran, someone is backing up and speaking hard?" The Fifth Elder frowned, and a cold light appeared in his eyes.

"So what?" Shengran said coldly, then glared at the Fifth Elders: "The so-called winners and losers, isn't this an unchanging truth in your family?"

"That's right, I didn't see it. Is there a good match between people and Xian'er?"

"People are just so handsome, but some people have gray

heads and faces, old blood vomits madly, and high judgments." Several elders saw that the patriarch's words had ended, so naturally they no longer You are polite, and they said quietly.

Hearing this, Xiao Xian'er lowered her head slightly, but her face was full of shyness.

"You guys!" The five elders turned blue, their teeth clenched.

However, he also knew that their strongest Pei Hu was defeated, and the number of people was not dominant. If too much consumption continues, they will always suffer.

“Master, stay with the green hills. I’m not afraid that there is no Shao Chai. They are already a nest of snakes and rats. Let’s withdraw first.” The Fifth Elder sternly shouted in Pei Hu’s ears.

Looking at the attitude of Xiao Xian’er and the attitude of the Qilin clan, Pei Hu was very irritable and unwilling.

However, the words of the five elders were harsh and strict, and he had to listen.

Moreover, he also knew that if even the Qilin clan were on George Han’s side, then once the fight started, they would only suffer.

“The mountains and rivers have met, you guys wait and see.” He threw a word viciously, and Pei Hu turned around and took the person to leave.

But as soon as he left, there was a sudden blow at his feet, and the whole person lost his center of gravity, and suddenly fell to his knees on the ground.

“Did I say to let you go?” George Han said coldly at this time.
