Chapter 2683

“It’s you.” Seeing Ningyue’s gang, George Han was also stunned.

He never dreamed that there would be Ningyue gang in this tomb.

“Damn, let me tell you, you guys are really here to rob the house. But don’t worry, I won’t talk about you, anyway, I’m with you now.” The pangolin said with a smile.

“You idiot.” George Han cursed, no longer talking nonsense, the sky fire moon wheel has been out, and he immediately flew away.

Bang bang bang!

The Jinjiaoshi people around Wang Simin and others were immediately knocked off by the sky fire moon wheel.

“Swipe!” The

jade sword had already flown out, swept directly around the three of Ningyue, and after a while, several besieging Jinjiaoshimen fell down again.

George Han accelerated one by one, and in the next second, only an afterimage was left in the air, and he himself was already standing in front of Ningyue and the others.

George Han had already moved, and the pangolin could only rush down, and opened the golden armored soldier in front of Wang Simin and others with a few punches.

But...

after a few punches, the pangolin suddenly froze... the

punch was so painful and crazy, if it weren’t for a few beauties here, he really wanted to open his mouth, screaming angrily!

And George Han took the jade sword back, and after he swept away several golden armored soldiers, he couldn’t help but frowned: “Stone?”

The person who was beheaded by George Han fell to the ground, but only What appeared was a stone statue as if it had been smashed to pieces.

“Three thousand, be careful, these things are very evil.” Ningyue shouted.

At almost the same time, the erect-eyed giant had quietly struck behind George Han.

George Han frowned, and the jade sword blocked his body, and the chaotic energy suddenly released from his body.

“Broken!” The

jade sword blocked the vertical-eyed giant’s attack, and the breath released by the body also bounced the vertical-eyed giant away several meters.

George Han only had the skill to look at the guy in front of him.

Looks so weird!

“Zhumu, Da Er, George Han, that is the silkworm family.” In the distance, the pangolin also found the erect eye giant and shouted at George Han “Is there a clan?” George Han was taken aback.

But before George Han could react again, the erect-eyed giant had already glowed with golden light in his eyes, and suddenly struck again!

The pangolin reacted very quickly. With a palm, several golden armored soldiers in front of him were repelled, and one of them rushed over at an accelerated speed, directly on top of the erect-eyed giant, to help George Han a favor.

“Don’t look into his eyes.” The pangolin snorted anxiously.

As soon as the voice fell, his eyes with golden light suddenly shot out a golden light.

George Han dodged slightly to one side, and the golden light immediately brushed past his face, and the hard rock exploded directly behind it!

“What a powerful force!” George Han couldn’t help but exclaimed, looking slightly.

“Do you know how strong you are, why don’t you come to help? I can’t stand it anymore, brother!”

George Han didn’t neglect when he heard the shout, and he shook the jade sword and rushed straight up.

“Om!”

Almost at the same time, while the vertical-eyed giant fended off the pangolin, he held the golden scepter in his hand, shining brightly, and at the same time, a strange sound suddenly appeared.

“Fuck, that’s another trick!”

“George Han, be careful!”

Ningyue and others quickly reflected, but obviously, for the unsuspecting George Han and the pangolin, these words are too late... ..

As the two guys stared at each other almost at the same time, the next second, George Han had already pierced the pangolin.

“I’m top!” When the pangolin suddenly noticed a strange sound, when George Han was in front of him, he chose to abandon the attack, shrank his body, and directly chose defense with the thorns on his back...

“Shoo!”

With a sound, an object suddenly flew out...

“I’m like your sister...”

Accompanied by someone’s miserable abuse...

Chapter 2684

looking at the pangolin directly thrown away, and then with the rumbling of the pangolin inlaid on the rock wall above the cave, George Han frowned slightly, retracted the jade sword, and stared indifferently at the re-condensation of the real body. Vertical eye stone man.

“Transformation?” George Han thought slightly.

This is interesting!

“Three thousand, this guy can suddenly change everyone’s position, you have to be careful.”

“Yes, the three of us just let him attack each other in this way, and then we will be seriously injured.”

Hearing the persuasion of a group of people, George Han nodded.

Released his right hand, Yujian suddenly volleyed slowly, gently rotating around George Han’s body, George Han stared at the erect-eyed giant with his eyes, and observed this guy seriously.

In the next second, the corners of George Han’s mouth suddenly cracked and smiled.

“Bei Ming Four Soul Formation!”

Om!

The eight golden bodies suddenly appeared, staring at me!

“What is George Han doing? Is he crazy?” Zhong Beihai frowned.

Since the opponent can change their shape and shadow, it also means that the more the number of people is, the more chaotic the situation is, and this guy has an advantage because it can change everyone’s position at will.

So in this way, people will be messed up by him, the attack will be more chaotic, and then it will be more beneficial to him.

Even Zhong Beihai himself knew this very well. Naturally, George Han should also understand it. But why not only did he not, he even went the opposite way and made eight incarnations? !

“George Han, I said, this guy can change shape...” Ningyue obviously also discovered this terrible point, but just now, George Han had already shot out directly over there.

The true body of Paldao is naturally active and broad, and there are almost no dead ends in the entire attack.

But as Han Sanqianbadao’s true body was killed, at this time, the golden scepter in the hands of the vertical-eyed giant was still shining brightly!

Hum!

The peculiar voice sounded again.

But at about the same time, George Han suddenly yelled: “No phase magic!”

Wow!

Suddenly, the two golden rays of light suddenly converged!

The light was so huge that the entire cave was shrouded in golden light in an instant, almost everyone couldn’t open their eyes at all, so they lightly covered it with their hands.
|

don’t know how long it took, the light dissipated, the afterglow began to disappear, and everyone opened their eyes slightly.

Everyone was surprised when they opened their eyes...

George Han had already dissipated eight golden bodies, leaving only one real body standing there. At the same time, he did not know when he took the jade sword in his hand again, and slightly grasped it. , The sword points forward.

Shun Yujian looked at the cold body of the sword, and the neck of the erector was standing there, less than a minute in front of the tip of the sword.

“This...”

“This...”

“Three thousand he won?”

“How did he do this? Just now the guy clearly replayed the old trick and used the technique of transforming shadows, why now...”

” Is it possible that this guy’s transformation has no effect on George Han?”

“No, no, no, impossible, absolutely impossible. The strange sound and golden light have already appeared, which means that he has already used it. “

Could it be that this spell has no effect on Han

George Han ?” A group of people coveted, and they couldn’t believe what they saw before them.

Although George Han was perverted, of course he would not be so perverted that he was completely immune to other people’s spells.

Even at the beginning, George Han was also shamed by this guy, and directly shot the pangolin away.

But how rich is George Han’s combat experience, and how fast is his brain turning? !

Therefore, he quickly thought of a countermeasure to the enemy.

The appearance of the eight real bodies naturally didn’t mean that George Han was crazy, but just to make sure that he had more confidence that he could hit this guy.

When George Han fought this guy for the first time, he had already discovered the characteristics of this guy’s extremely fast speed.

So now, it is natural to respond with the eight real bodies.

As for this guy’s change of form, what George Han dealt with was the non-phase magic.

In the way of the other, return to the body! This is also the root cause of the simultaneous appearance of two golden lights.

You change my place, I change your place!

Under the offset of the two, naturally, the position is completely unchanged.

And the eight jade swords also stabbed the stone man at the same time.

Then, after George Han confirmed the success, he retracted the other seven real bodies, leaving only the body with a sword to seal his throat!

In the next second, George Han frowned coldly and left with a sword. Something surprising happened...

Chapter 2685

With Han Sanqianyi's sword sealing his throat, a sword mark suddenly appeared on the throat of the vertical eye stone man.

boom!

Countless white air suddenly burst from the wound in the throat!

George Han frowned, his figure moved, and immediately dragged away Ningyue and a few people next to him on the spot.

And almost as soon as the few people left, the white gas that gushed out of the stone man's throat wound also began to spread.

As the white gas covered, another puff of white smoke began to appear on the ground, and it was clearly visible to the naked eye that the ground was constantly being corroded crazy like it had been watered with sulfuric acid!

"Qi burst!" With a shout of anger, George Han's chaotic qi exploded directly. The stone men on all sides suddenly flew out as if hit by a giant tank, even leading the people behind him, smashing into chaos. .

"What are you doing in a daze?! Let's go!" As soon as George Han's voice fell, he directly rolled up Ningyue and the other three people on the spot, moved his feet and flew directly into the sky.

When Wang Simin and the others heard George Han's words, they stopped talking nonsense. They took advantage of George Han's dispersal of the surrounding stone people, and they flew with luck.

Almost as soon as a group of people flew into the air, the white gas gushing from the stone man's throat has also continued to spread to the entire Golden Armored Soldier camp, and spread all the way...

until more and more. , Getting bigger and bigger, and finally, the entire floor of the cave was completely enveloped by white gas, and the corrosive sound continued to sound. The evaporated white gas and the ejected white gas mixed together, spreading to two Mi Yu Gao.

All the “stone men” are shrouded in white air, no one can see what is going on inside!

“What the hell is this?”

“How can that guy spit so much gas!”

“What are these gases?”

“My dear, if we fly up a little later, we shall not be covered by white air like those guys?”
As

soon as this was mentioned, everyone couldn't help but close all of them. Mouth, even breathing stopped suddenly.

After all, there were just a lot of violent stone men. At this time, in the white smoke, there was no sound, only the more violent screaming and the surrounding area of the ground source, and the air bubbles in the white gas edge. George Han frowned, did not speak, and stared lightly at all changes below.

Gradually, the white smoke settled, and the sizzling corrosion on the ground began to settle down, and everything became extremely quiet.

“Why, why is there no sound?” Mo Yang frowned.

“Could it be that everything is over?” Ningyue also asked strangely.

“Don't act rashly, there is white air below, and you can't see what's going on inside, so you rush to make an ambush for fear of the enemy's ambush.” Jianghu
Baixiaosheng warned.

Everyone nodded their heads, and a few of them drew their swords directly, staring at the situation underground, and didn't even dare to breathe.

However, as time went by, even if a group of people stared at the bottom with breathlessness, the bottom did not respond to the top without any reaction at all.

For a while, it seemed to have fallen into a dead end.

“Ache!”

Suddenly, Dao Twelve sneezed out, and all the silence was instantly broken.

“Damn, you scared me!”

” You’re going to die, when are you...”

“Next time you fight, can you tell me something in advance.”

Several people turned their heads and stared fiercely. He glanced at this guy, each complaining, Dao Twelve also knew that sneezing was very wrong at this time, and smiled embarrassingly, but the problem was that when he wanted to sneeze, he wanted to bear it, but couldn’t help it.

But no one knows that it was the sneeze of Dao Twelve, which directly broke the deadlock, it is indeed a stroke of God...

Perhaps under normal circumstances, his spray and the slight movement of the airflow are nothing, but in the relatively closed and peaceful crypt, the flow of this airflow is infinitely amplified.

Just like a domino effect, a slight airflow rotates, driving the surrounding airflow to rotate, and even passes slowly, all the way to the bottom, and a faint wind is formed.

It is also this kind of wind energy, and there is a white air mass more than two meters high below, and it starts to rotate slightly, revealing the real situation hidden in it, everyone’s eyes are big...
