

His True Colors Novel Chapter 2698 - 2700

Chapter 2698

George Han suddenly bowed his whole figure with a palm of her back, and almost at the same time, a purple light suddenly popped out of George Han's body.

The next second, she retracted her hand, and the purple light suddenly flew into her hand.

"Indestructible Xuan Kai?" George Han was taken aback.

This woman could directly slap out the immortal profound armor with one palm, which is simply incredible.

"Although the armor is hurt, but it is not hopeless, go see your friend." After speaking, she suddenly disappeared. When George Han raised her eyes again, she had retreated hundreds of meters away, gently kneeling down, as before, can't see exactly what she is doing.

George Han frowned slightly, very strange. Although she had a powerful palm just now, she also directly shook out her immortal profound armor in an unbelievable way, but not only could she not feel the slightest strangeness, but even Not even a little pain.

However, since she asked herself to see the pangolin, George Han didn't think so much anymore, and quickly ran towards the pangolin in the distance.

Seeing George Han running over, the pangolin was trying its best to support himself, barely trying to stand up, and simply lay down on the ground.

"George Han, you fucking old bitch, you yin old man." The rogue was lying on the ground, howling.

"It seems that you ran into it?" George Han shook his head helplessly.

Such an impact is obviously still painful for goods like pangolins, but it will not cause fatal injuries.

"Okay, get up." After George Han finished speaking, he lowered himself to help him.

But the pangolin is motionless, and Sapo rolls around: "Damn, I obviously want to save you, but now I am still Laozi? I am hurting my body and my heart, so let me die."

"Then I'll tell her to go?"

“Damn, George Han, are you fucking human?” This guy suddenly stood up when he heard this, “Well, I was born and died for you, but you called that death.” The mother-in-law cleans me up?”

“But, if you talk about it, that bapo is really amazing.”

George Han nodded, more than just amazing, it's absolutely abnormal. Even George Han himself felt it in front of a person for the first time. A sense of powerlessness. “This person is mysterious and unpredictable.” George Han agreed: “The most amazing thing is that the immortal mysterious armor that is almost completely one with me will be easily taken out by her.”

“Damn, Are these eight women so awkward?” The pangolin frowned: “Damn, I'd better say a few words about these eight women. The hero doesn't suffer from the immediate loss.”

“After all, these eight women have the ancestor god of the silkworm clan.” The pangolin thought of this. , He couldn't help but give himself a like two hundred and five, and then he looked at George Han weirdly: “However, such an amazing eight-po, but he will respectfully call you the emperor, damn, George Han, What are you

coming from ?” “Me? There is a human from the earth.” George Han smiled helplessly.

“Nigeria yards, the blue planet is not producing lower organisms do what they also origin Niubi people??” Pangolin weird hand to his head, do not understand: “? Also, what is the emperor who”

“also Yes, what avenue do you want to complete? Damn, I'm so confused.” It's not

just pangolin confusion. Even George Han himself at this time is completely outside the situation.

“She said you are a descendant of Pangu, what kind of person is she from the five races, and what is the person of the five races?” Pangolin said.

“You ask me, who am I asking?” George Han asked strangely.

“Damn, one clan with silkworms is so powerful? What if it merges with the other four clan? My dear, I have followed the big guy.” The pangolin thought of this and couldn't help looking at George Han showing a madman. General crazy smile.

George Han ignored the goods, but thought in his heart, which five races this so-called five races are!

While thinking about it, suddenly, George Han's body suddenly flashed with purple light, and then raised his eyes, the woman had appeared in front of him, and George Han also sensed that the immortal mysterious armor at this time had returned to his own. Body.

More importantly, at this time, George Han felt that an extremely large force on top of the Immortal Profound Armor was faintly agitated.

“Why... how could this be?” George Han raised his head and looked at her fiercely.

But suddenly, George Han felt as if his body exploded. The intense pain caused him to lose control on the spot and fell directly to the ground...

Chapter 2699

“Damn, what did you do to him?” Seeing George Han like this, the pangolin suddenly yelled at the woman.

However, no matter how fierce the roar was, the woman glared back, and the pangolin was silent for a while.

It's not that he didn't dare to speak, but that no matter how he opened his mouth, he couldn't make any sound at all.

At this time, George Han was already rolling on the floor in pain, the severe pain even made his whole body tremble, cold sweats.

At that moment, George Han felt like being bitten by a thousand insects and a thousand snakes!

“The Qi of Chaos is the ancestor of Yin and Yang. It can transform all things and break through all qi, so the ancestor of all qi, but, emperor, do you feel that your Chaos Qi is not as strong as you imagined?” The woman smiled softly.

George Han endured the severe pain in his body, barely looked at her, and said with difficulty: “How do you know?”

Although the chaos did give George Han a certain advantage in the fight, to be honest, the advantage is not counted. How obvious.

It is indeed changeable, but the problem is that its power is not as strong as imagined.

“Do you know why?”

George Han gritted his teeth and shook his head.

“Although you have Chaos Qi, but you are the most trash Chaos Qi. If the Chaos Qi is divided into three levels, the real one is the superior, the second is the medium, and yours is the inferior.”

“What I call Inferiority is not just an inferior relationship on the surface, but an inferiority!”

Upon hearing this, George Han looked at it in surprise.

Breathing, that is, the turbid air in the belly, can also be called fart.

This chaotic air was originally absorbed in the belly of gluttonous food. Based on this, the chaotic air is really not strong enough. Someone can see this clue, it is already amazing, but what is even more unexpected is the present one. Women, not only can it be seen, but what is even more frightening is that they even know which level this chaotic air belongs to. “As the five clans of the sky, I know something about it. The emperor doesn’t need to be surprised.” After she said that, she smiled lightly, and then said: “The air of chaos can be all-encompassing, but it is also because of chaos. The Qi of Chaos is too all-inclusive, so all things return, so that the Qi of Chaos is extremely unstable.”

“Since ancient times, if the Qi of Chaos is to be stable, it is necessary to constantly use other forces to remove impurities before it can refine its essence. Purity. Therefore, since ancient times, all the great gods with such power have turned into nature and existed in nature.”

George Han nodded clearly, and at this moment, he suddenly realized that the pain in his body seemed to be beginning Slowly disappeared.

He can also stand up slowly from the ground.

“Mind and thoughts are in harmony, the yin and yang sect, the ancestor of all qi!” she said softly.

George Han nodded, closed his eyes, slightly condensed the power of his dantian, tightened his thoughts, two fingers and one finger.

“Bang!” On

the golden wall hundreds of meters away, there was a loud noise suddenly, and the whole palace trembled.

George Han looked at his fingers almost unbelievably, just now, that overbearing blow came from his hand?

“When I sew the indestructible profound armor for you, I have poured my power into the indestructible profound armor. Therefore, when the emperor puts on you, the chaotic air will change under the influence of my strength. , So that you feel a terrible pain in your whole body.” The woman smiled softly.

George Han was a little embarrassed: “I’m sorry, we blamed you just now.”

“It’s just doing things for my people, for my husband, and even for the Dao. The emperor doesn’t need to be like that.” After speaking, she smiled lightly. .

“Your husband? Who is he?”

She smiled mysteriously...

Chapter 2700

“Also, I really don’t know what the five races you are talking about.” George Han asked in confusion.

“Well, you will tell me that there are some things that can’t be said nonsense?”

Looking at the puzzled George Han, she nodded: “Some things are indeed prohibited by everyone’s consensus. You cannot tell these secrets, otherwise, the scourge will come.”

“The living will die, and the dead will never be resurrected, suffering from the cycle of thousands of years.”

“However, you are the emperor, naturally, even if you violate the prohibition, I will I’ll tell you.”

“The Great God Pangu opened up the world with the Pangu axe in his hand, so the world divided itself, and his old man was exhausted and transformed into all things, forming this world. At that time, there was a chaotic air between the world and the earth, so Vast Sky God was nurtured from it. Out, the upper part manages the nine-day blue sky, the lower part manages the nine layers of the netherworld, and the middle manages the mortal world.”

“At the same time as him, there are two other ancient gods, one is the candle dragon transformed by a certain part of the Pangu god, who is thousands of miles long. , And eyes open for day, eyes closed for night, inhalation for winter, exhalation for summer! Second, the god of thunder, the dragon’s body and the human head, bulging its belly, leaving footprints in Lei Ze, Hua Xu was born because of stepping on it Scaly Fuxi, snake body Nuwa.”

“From then on, the human race has appeared!”

“The corresponding ones are the five big families.”

“There are Chao family , Sui ren family , Shennong family , Jiuli family, Xuanyuan family!”

“I am ! Husband is the Yellow Emperor of the Xuanyuan clan.”

Hearing this, George Han and the pangolin were dumbfounded almost at the same time, especially George Han, because he had long suspected that the history of the Eight Desolation World might have been broken.

Too many antiquities appeared, but unfortunately, most of their records were only sporadic legends. Therefore, since then, George Han has been suspicious for a long time.

However, George Han had been suffering from no evidence to support this view, and the only Qilin Patriarch Shengran who seemed to know was also hesitant at that time.

“But I have a question, we know history are the three true God taking over the world, for what you say, few people know why this is so?”

“Three ancient gods to Earth, San Juan, and Chuan is located underneath and controls the world. Despite several wars, at least it can be considered orderly, and the Bafang world has also entered a stable life. But...” “Something happened and even the order collapsed. Since then, the Octagonal world has fallen into a world of chaos, and the decisive battle between the gods and demons has brought peace back to the world, but the two sides have long been powerless.”

“The last generation of the emperor, Using the last remaining power, the past of the Bafang World was sealed. From then on, the Bafang World has re-entered a new life.”

“That is what you call the Age of True God.”

“People born in later generations naturally don’t know these secrets before, so , from the time of birth, they believe that the three true God opened the era of the world, and thus coined many of God’s legend, create your after generation. ” “

and those of us surviving people of ancient times, the subject of Wong’s The fate and the seal are no longer allowed to talk about the past. Therefore, those who know these naturally dare not speak.”

“My five tribes are all conceived by the great Pangu god. You are my ancestor, and the emperor holds the Pangu axe. , Is the leader of the five clans.”

“If you want to know, even if I am scourge by the heavens, I still have to answer.” The woman finished softly.

George Han and the pangolin looked at each other after hearing this.

“Are those things that happened related to witches?” George Han asked.

She nodded gently: “It is not only related to the witch, but also related to the five-element sacred stone you are holding. Naturally, it is also related to this earthy orb.”

“It’s my business?” The pangolin pointed dumbfoundedly. Refer to yourself.

Ignoring the pangolin, she glanced at George Han lightly, and then said: “Emperor, time is running out, I still need to do one last thing for you.”

“Time is running out, what do you mean?” George Han frowned and said: “What else do you have? Let me talk.”

“Emperor, take that thing out, I’ll help you.”

Thing? George Han was slightly taken aback.

“The emperor can find here, of course, you have it, otherwise, you can’t be here.” She smiled softly.

“I’m here...” George Han was stunned. Wang Simin brought this here. However, he quickly reflected. With a move in his hand, the dragon plate appeared: “You mean it?”
