

# His True Colors Novel Chapter 2755 - 2757

## Chapter 2755

thin monkey attacked first, and the Supreme Fire assisted the attack again, with the giant's heavy punch, completely sealing George Han from the top, the middle and the bottom.

"Be careful." The pangolin yelled eagerly, but it was clear that it was already too late.

That huge fist blasted directly to George Han's face.

If this punch goes down, it must become a meatloaf.

When he wanted to hide, George Han also understood that it was too late.

"Bei Ming Four Soul Formation!"

Om!

The eight golden bodies suddenly unfolded, and then with the strength of the body, they directly attacked the three people in one breath.

boom!

At the same time as the punch hit the flesh, the supreme fire suddenly struck!

George Han took all the orders, and while holding the skinny monkey's hand, he hit directly with a sudden force.

boom!

The thin monkey flew for several tens of meters, and as the ground vibrated enormously, driving countless dust, the three thousand and eighty figures of Han also retreated slightly over there, and at the same time, each figure flickered with a faint golden light.

Although George Han was successfully attacked by these three shameless people with such insulting methods without much preparation, it has to be said that when the Badaojin body was stabilized, everyone present was the same. The shocked mouth opened wide.

What the hell is this?

Directly?

Moreover, it is still a master like the giant?

The key is, you can carry three at a time, and you can fly one at the same time?

This is not a question of whether people can make it, but something that no one dares to even think about.

After all, anyone present who can be undefeated under the full blow of any of the three of them is already the brightest moment in life.

But this guy simply played the highlight moment three times at once.

The most important thing is that that guy can open eight figures in an instant.

A group of people are both dull and stunned, and by the way they are extremely shocked.

“Puff!”

Over there, the thin monkey spit out a mouthful of old blood, and he couldn't move anymore.

In the previous attack, George Han kept his hands once, but this time, George Han did not.

made the skinny monkey feel that his whole body was rolled aside, and his pain was so hot that he almost numbed him.

And Young Master Liu and the giant over there looked at George Han who retreated almost in disbelief.

How could this be? !

“Fuck, you guy, you are really the most domineering person I have ever seen. You are actually hanging more than I thought.” The pangolin looked at George Han and couldn't help shaking his head and sighed: “I'm sorry I I'm a man, or I will fall in love with you.”

“But, think about it, the internal force can be compared with Xiao Xian'er, and the external force can make Peihu eat people who are suffocated. I should have wanted it a long time ago. You are crazy. The capital.”

Thinking of this, the pangolin at this time suddenly felt that he was suddenly a lot, at least he had been chasing Xiao Xian'er for seven years without success, but this guy could capture her heart in an instant, he was downplayed.

If she is Xiao Xian'er, this kind of multiple-choice question is really not difficult to choose.

It's not that his pangolin is not good enough, but it is actually George Han who is so good that it has been criticized.

“Even children know how to choose.” The pangolin gave a wry smile.

At this time, George Han’s eight golden bodies suddenly swayed and turned into a single figure. In his eyes, the previous indifference was no longer there. On the contrary, it was infinite anger.

Even the people present felt a terrible breath from death in his eyes.

George Han was angry.

Gongzi Liu and the giant looked at each other. At this time, they said it was impossible, and even their feet began to tremble slightly.

Suddenly, George Han smiled, smiling very coldly, and slowly walked in towards the two of them.

Gongzi Liu retreated unconsciously, his eyes signaled the giant to block it first, but the arrogance got used to the giant, but at this moment, he unconsciously retreated step by step...

## Chapter 2756

One step, two steps, three steps...

Even after staggering to the ground, he still stared at his legs, and kept backing away in panic, trying to keep himself away from that guy, because obviously, every One step closer, the two felt that they were one point closer to Death.

“Fat tiger, block, block...” Liu Gongzi was panicked, even though he had always been spoiled for decades, had always humiliated others arbitrarily, and never knew what he was afraid of.

But now, he was scared, and even uncharacteristically, he copied what he usually humiliated others wantonly to himself.

Although this is extremely insulting and great irony, does he have other choices at this time? !

Hearing what his son said, Fat Hu moved forward subconsciously, but the next second, when he saw George Han getting closer and closer, his body still kept moving back honestly.

block?

Now it’s just blocking loneliness!

“Don’t come, don’t come, do you know who I am? I am the young master of the Liu family.” Liu Gongzi shouted anxiously, shaking his head desperately at George Han.

George Han smiled coldly. As far as George Han is concerned, everyone in the world is equal. It is not that the opportunity has not been given to him, but he doesn’t cherish it, and even attacked himself with such despicable means.

That is, if you can block this sneak attack, what if it is an ordinary person?

I’m afraid that I will let them go, but I am in danger, and this group of dog thieves will beg for mercy like this again? I am afraid that they will only be extremely proud and domineering now.

So, how could George Han pity this kind of waste?

With a cold smile, the next second, he suddenly raised his leg, and the giant who was blocking the front was kicked into the air by George Han. The only thing Liu Gongzi looked terrified was only half of Ah’s voice, his hand like an iron hand. He was stuck in his throat.

Immediately afterwards, all the power was gathered on his throat, and his body began to lighten, and continued to rise slowly.

Everyone was shocked.

Gongzi Liu was directly stuck in his throat with one hand, and he was lifted up like a crocodile.

This is not only a symbol of strength, but more importantly, as Mr. Liu, who would dare to do this? There is absolutely no second person in this huge desert.

George Han was the first, and will always be the first, unless the Liu family collapses, and unless the Fang family is annihilated, and the desert city ushered in a new pattern of change.

But these two unless, it is idiotic dream.

“Let... let go, okay... so uncomfortable, I... I almost can’t breathe.” Liu Gongzi’s face was already flushed, and the uncomfortable breathing made him almost feel the fear of death right in front of him.

Upon seeing this, the giant and the thin monkey looked at each other anxiously. They knew that if the son had any accident, all waiting for them would be death, but it is a pity that the thin monkey is now dying, and it is difficult to protect himself, so how to take action ?

“I fucked with you.” The giant roared and got up from the ground, with a body like a mountain, swinging a huge fist and hitting George Han directly.

At this time, George Han, unwilling to even take a second look, clenched his free right hand into a fist slightly, and then he concentrated slightly, gathered his strength, and straightened his fist.

Suddenly, George Han carried Liu Gongzi with one hand, and blasted the giant with one fist.

Arrogant and arrogant, with a hint of domineering in the arrogance.

“What is he doing? One-handed strength to compete with the fat army?” someone exclaimed.

boom!

Almost as soon as the man’s voice fell, there was a muffled sound and two fists collided!

Ga...

Another weird noise!

At this time, almost everyone’s eyes widened, and they looked at the two people facing each other in horror. To be precise, it was the arms of the two people.

One hand is relatively fine, but the muscles are clear, while the other hand is very thick, every muscle is like a boulder, which makes people feel the power.

From a visual point of view, if one is Mount Tai, the other is a thing of eggs and eggs. There is no comparison between the two.

But at this time, they smashed into each other tightly, and what was even more shocking to everyone was that the incomparably fine arms were still intact, but the thick arms like a huge mountain...

“What?” People can’t help but take a breath...

## Chapter 2757

that thick arm, at this moment, has a serious twist that makes the scalp numb.

Even the bones in the arms have pierced the incomparably thick muscles, revealing silky white bones, mixed with blood flowing out, making people look creepy.

“This...”

Everyone was stunned. The bones of Jushan’s hand were already far thicker than George Han’s entire hand, but who could have imagined that such a thick arm would almost fall down. Breaking directly in the battle of dimensional strikes?

“Puff!” The

giant squirted out a mouthful of blood, with horror and disbelief in his eyes.

He...he was exploded in the face of the proud power.

On the right hand, Young Master Liu, who was pinched by George Han by his throat, was also stunned at this time. In his eyes, George Han is nothing but George Han, clearly unfathomable and extremely profound. Terrible demon!

“Get out!” With a soft drink, George Han’s right fist suddenly moved, and an extremely strong force instantly hit the giant’s arm that looked like a mountain but was actually soft as cotton. The guy was immediately kicked back a few steps. , With unwillingness, fell back heavily on the ground, the ground shook and dust was everywhere.

Everyone was silent, and was completely shocked for a while.

Horror, it’s too scary.

“In terms of speed, the thin monkey is not its opponent. In terms of strength, the fat army is also completely crushed. In terms of cultivation level, this guy can even get out of the supreme fire of the Liu family. This...”

“It’s not Liu Gongzi and the others. It’s him who is really hitting the dimensionality reduction.”

“Who would have thought that a person who swallowed his breath would be such a god-man? This great world is indeed a master.”

“The so-called high man, the small hidden in the mountains, and the big hidden in the city, is the truth.”

“This person dresses up, is not a person from the desert, and is more like a person from the Central Plains. Haha, this Central Plains area. As expected, it’s a hidden dragon and crouching tiger.

Don’t be underestimated.” “This matter also tells us a truth. Don’t show it first. You need to know that there are people outside the world. If you take it, if you take it, I really take it.”“At a young age and so overbearing, it seems that people like me in the desert really have little knowledge, missed the pearl, and was blinded by the wind and sand.”

“That’s right. , In time, no one knows how perverted this guy can become.”

After the shock, several people talked. As for those women who were born with admiration, stars were staring in their eyes at this time. The desire came, and they were even willing to give birth to George Han a monkey on the spot.

“Tick, tick.”

Suddenly, at this moment, the crisp and subtle sound of water droplets broke the whispering and dullness on the scene.

Everyone looked for their reputation, only to see the subtle sound of water coming from Gongzi Liu.

One drop, two drops...the

“water” kept dripping down the corners of Liu Gongzi’s pants, hitting the ground, forming a small puddle.

Pee.

Almost after shaking away the giant, this guy was completely scared to pee.

He knew that he had completely lost any hope, because his two biggest helpers had been completely maimed, and he had no ability to resist, especially in the face of demons like George Han.

He regretted what he did today, otherwise, instead of being stuck in his throat and waiting to be declared dead, he was sitting on the third floor with good wine and food.

He is still the Young Master Liu who everyone respects, not like he is now, like a downy and panicked dog.

But is regret still useful? He even lost his last chance.

“No, don’t kill me, you can do whatever you want, I can give you money, or other things, in short, as long as you don’t kill me, you can say anything, please, please.” Gongzi Liu Desperately begged.

At this time, he lost his dignity. In other words, he was scared to pee in front of the public, and he didn’t need dignity.

George Han stared at him coldly, thinking about the credibility of his words, but at this moment, behind the main hall, the shopkeeper suddenly ran over in a hurry: “Which...Who is the pangolin master? ? Yes... a VIP is looking for you!”
