

His True Colors Novel Chapter 2758 - 2760

Chapter 2758

the pangolin replied subconsciously.

Hearing the words of the shopkeeper, his brows were frowned for a moment, this... Isn't this right?

"Ah, he is..." The pangolin was taken aback and replied.

Then, the shopkeeper cast his gaze to George Han, and he suddenly uttered an ouch, which was shocked.

Isn't that... Isn't that Young Master Liu?

However, the other party can treat Liu Gongzi like this, and the giant and the thin monkey are knocked to the ground, how can the treasurer of the essence not know what happened?

Although I don't know the specifics, I can guess it, and dare not say more. Looking at George Han, he bowed respectfully and said, "Master, you are the uncle pangolin?"

George Han nodded, and then, slightly in his hand. Once loose, Liu Gongzi let go.

Liu Gongzi suddenly sat on his masterpiece "Water Beach", and at this time he didn't care about the common etiquette, but was gasping for breath, enjoying the nourishment of the air that was not normal.

"I see." George Han replied, and then casually glanced at Young Master Liu on the ground, and then walked towards the shopkeeper slightly.

The pangolin is not nonsense, following George Han, under the guidance of the shopkeeper, slowly walked towards the hall.

Even though George Han and the pangolin were gone, the scene still fell into deathly silence.

If it's usual, this group of people will definitely help Young Master Liu diligently, or ask for warmth.

But today, all of them chose to sit on the sidelines.

Obviously, Liu Gongzi's status has fallen from the world to the underground. From everyone's desire to fawn, to now everyone wants to distance himself from him.

One is that he is not that important, and the other is that in this barrier, who wants to stand on the opposite side of the young man?

“Look, see, it’s your mother, get out of here.” How could Young Master Liu couldn’t understand this from everyone’s eyes.

The loss of status and the loss of dignity caused him to collapse. In front of George Han, he didn’t dare to make a mistake, but above this group of crooked melons, what did he dare not? !

Everyone looked at me, and I looked at you. While afraid, I couldn’t find an excuse to leave. As Liu Gongzi shouted, a group of people crowded and hurriedly left. You won’t let us stay, we don’t want to stay here yet.

It’s just the prestige of the Liu family, many people dare not do it to the face.

The best opportunity nowadays, of course, is to hurry up to curry favor with the young man, and want to see what kind of VIP is going to invite him.

Looking at the people who left, Gongzi Liu was anxious and angry.

Obviously, he didn’t want everyone to look at him as ugly, but he didn’t want to be the focus of the crowd all the time, but at this time he was abandoned by the crowd.

The clenched teeth creaked, but fortunately, a few people in the crowd remained.

The first to bear the brunt is Yuan Gongzi.

After seeing Gongzi Liu looking at him angrily and the other people around him also leave, Gongzi Yuan walked over only a few steps and tried to pull Gongzi Liu up.

“You fuck, blame you, you fuck me.” Gongzi Liu opened Gongzi Yuan with an angry palm, and his whole person was furious. If it weren’t for this bitch, how could he have such a field?

Gongzi Yuan sighed, and still chose to walk over again, forcibly picking up Gongzi Liu: “Master Liu, this...I can’t blame me for this matter. I have already said before that this kid is extremely difficult. “

I...I just didn’t expect that the kid wouldn’t even

save you face.” Hearing this, Liu Gongzi’s anger disappeared a lot, and Yuan Gongzi did have some truth in what he said. , And how could you ever think that he was a wise one but capsized today?

Even his Liu Gongzi’s face is not sold, this person is simply arrogant to the extreme.

“Master Liu, we can’t just leave it alone like that. You can’t get revenge for me. The most important thing is, how can you lead this desert area in the future?”

As soon as he said this, Liu Gongzi frowned and looked at Yuan Gongzi, full of doubts.

“I have a plan to help you grow a sigh of anger.” Yuan Gongzi let out a cold voice, and then softly attached to Liu Gongzi’s ear and whispered something.

After a while, there were bursts of cold voice on Liu Gongzi’s face.

At this moment, in the hall...

Chapter 2759

When George Han and Pangolin followed the shopkeeper back to the lobby, there was almost no one in the lobby at this time, only the small attic in the center was equipped with a table of sumptuous dishes.

Beside the table, the rockery and flowing water are so beautiful.

Several female names stood respectfully around, dressed beautifully and people were more beautiful, making the place even more beautiful invisibly.

At the table, a woman was sitting there, waiting quietly.

Despite her veil, her superb eyes are still breathtaking.

George Han smiled softly, without guessing, he already knew who it was.

“Han...Pangolin Master.” Seeing George Han and two of them walk in, Su Yan stood up gently and greeted enthusiastically.

This is almost never seen in the history of Lvzhu maidservant.

The figure and appearance of the young lady are almost unmatched, so there are many suitors in Ji Lai. In addition, the young lady Shang Lai is gentle and delicate, so let alone take the initiative to greet others, even in normal times, she usually takes herself behind the bead curtain, thinking What you want to say is mostly by yourself.

But this time, not only was it upside down, it even came upside down.

Lvzhu sighed helplessly, she understood that Miss Chun’s heart had moved.

What makes people feel helpless is that the young lady has never liked a man, and she is even willing to use her time to select her husband.

But this is such a boring lady, but now, she suddenly changed her normal state.

If it were put on any other man, it might be something that you can wake up with a smile in your dreams, but that guy, not only did not laugh, but directly rejected the young lady...

Thinking of this, Lu Zhu gave a white glance at George Han: "My lady knows that you are in a restaurant, and I am afraid that you two are not familiar with each other, so I didn't eat the special banquet made in the garden, so I went to this shabby place to accompany you for dinner. "

The subtext of this statement is just about telling George Han directly to see how nice our lady is to you.

George Han understood naturally, smiled slightly, and sat down: "Why is it so troublesome."

"You..." Green Pearl became angry.

But Su Yan smiled softly: "Eating alone is also eating, eating together is at least lively." George Han nodded and said nothing.

Su Yan was able to do such a thing, naturally, he was worried that George Han and others were unfamiliar with their lives, and all the considerate and caring, George Han was of course grateful.

But sincerely grateful, since George Han knew Su Yan's heart, he couldn't show it to the surface, so that it would be even worse if she misunderstood her.

He only loves Amelia Su.

"Huh? Isn't that the unique green bead of the Su family?"

There, the crowd coming from behind recognized the Su Family Zhimei Green Bead with a sharp eye.

Although she was only a servant girl of the Su family, her outstanding appearance was already quite famous in the desert world.

However, when he saw Lu Zhu there, he was still standing, and someone suddenly had a terrible idea!

"Damn, the one sitting there... is it Miss Su Family?"

"The woman who can make Lvzhu stand, besides Miss Su Family, the more beautiful woman in the legend, who else is there? Have this qualification?"

"Fuck, it's impossible, Miss Su Jia is beautiful in the world, but the door is always not open, the small door does not move, ordinary people never see her. Even if she comes

out, most of them are guarded by someone. , And after living in the Pearl Curtain, today...”

“I ran into this downtown today? And... and eating with others?”

“Damn, it’s a damn wonder in the desert world.”

” strange strange, first, the mighty Liu Gongzi turned the boat, now, there are unprecedented Miss Su home down to earth, this special What has changed is the world’s Octagon day, I still dream of waking up ah? “

Barrens The two things that are most unlikely to happen have appeared today for the first time, and they are still two at a time. How can they not be shocking? !

However, this does involve a bigger question.

That is...Where is the young man who can make the desert world change into the sky twice? !

And now...

Chapter 2760

most magnificent part of the desert city is the City Lord’s Mansion, which covers an area of 10,000 acres.

Adjacent to the majestic City Lord’s Mansion is a mansion dominated by black and white as a whole. Although it is not as brilliant as the City Lord’s Mansion, it is unique in its momentum. The two jade lions in front of it further demonstrate the low-key luxury of this mansion.

This is the young master’s mansion of the Fang family. However, today there is no young master from the Fang family. Because the big wedding is approaching, Young Master Fang has already temporarily stayed in the city lord’s mansion, and this young master’s mansion was naturally given to him. The Fang family is the most powerful or, in other words, the family closest to the Fang family.

Liu family!

At this time, in the hall of the Young Master’s Mansion, the Liu Family Patriarch was sitting on the floor with several elders, although the neighboring City Lord’s Mansion had already been lighted up, and in the Young Master’s Mansion, one could hear the laughter and laughter in the City Lord’s Mansion.

However, at this moment, everyone in the young master’s mansion was full of sadness.

“Report!”

A servant hurried in, knelt and shouted.

“Get up.” Liu Tao, the head of the Liu family, drew his eyebrows lightly.

“Yes.” The servant got up, and then respectfully said: “The spies from the eight teams have come.”

“Very good, please come in quickly.” Liu Tao said anxiously.

When the servant retired, Liu Tao smiled at the elders.

“The desert is getting hot every day, and it continues to rise almost every year with a terrifying degree.”

“The annual temperature may seem to be insignificant, but in fact it is terrifying.”

“Frogs boiled in warm water, today’s The desert is turning into warm water, and we are poor frogs.”

Once a year, it does not seem to be too hot. Ordinary people will not even notice the difference in three to five years. However, if it is established in a desert area, it will only rise by one point in thousands of years, and this will be an instant It’s amazing.

“If this situation continues, it won’t be long before there will be any living creatures in our familiar land.”

“The spies from the eight teams have returned, I believe it should have brought some good news.” Liu Tao nodded, his face relatively relaxed.

Almost at this time, eight young men dressed in black walked in quickly.

“I have seen the Patriarch and the elders.” The eight people were well-trained, kneeling down almost uniformly, and said in unison. “It’s all my own family, why don’t you need to be polite, get up quickly.” Liu Tao hurriedly said.

The eight looked at each other and quickly stood up.

“You have been out for nearly three years, are there gains?” Liu Tao said with joy softly, his eyes full of desire.

When he first went out, Liu Tao had already given death orders to eight teams. If it weren’t for the news that he hadn’t found for a day, he wouldn’t reply a day. Now that the eight teams are back at the same time, there must be some good news.

“Report to the Patriarch that we have travelled through mountains and rivers in the past three years, and have searched almost deserts and places with a radius of thousands of miles, but we have never found its whereabouts, so we have never returned to Liu’s house in the past three years.”

“Very well .” Regrettably, today, three years later, we still haven’t found it. But...”

“We have its whereabouts.”

Upon hearing the first half of the passage, Liu Tao and the elders were already ashamed, but after hearing it in half a sentence, I finally saw a glimmer of hope in despair.

It’s good if there is news, at least it is much better than sinking into the sea.

“It’s strange to say that in the past three years, we have spread the eyeliner all around, but we have not been able to sense its breath. Until a few days ago, we found an abnormality in a village.”

“Village?” Liu Tao frowned.

“It’s already far out of the desert.” The subordinate explained.

Liu Tao nodded: “Then what’s next?”

“We are limited in manpower and cannot be stationed everywhere, so when we found something, we rushed over immediately, but the strange thing is that we detected that a few years ago. The village I passed by suddenly disappeared.” The subordinate said.

“Is there such a weird thing?” Liu Tao frowned: “Could it be that the people in that village also knew that you were past, so they hid it?”

“People can hide, how should the buildings of the village be hidden? The village anti-Buddha has ceased to exist overnight, and even the ground has grown a lot of green grass overnight, and there has never been anyone living in the anti-Buddha area.”

“There are such strange things?” Liu Tao frowned.

“The strange thing is strange, but what’s even more strange is that the breath did not disappear with the disappearance of the village, but came all the way towards the desert city.” The subordinates finished speaking and looked at Liu Tao.

“What?!” Almost at the same time, Liu Tao and the elders stood up nervously.
