Chapter 2761

“Is it coming all the way towards the desert city?”

“This...”

A group of elders looked at each other, but soon, all of them showed happy smiles.

“So, let’s get to it is to no effort?”

“Going around in a big circle, the result directly in front of our own.”

“This is really God bless, God bless ah.”

A bunch of People are happy, but there is no such thing as the caution and seriousness that elders should have.

“Is that serious?” Liu Tao was also very excited, looking at the eight people in a hurry.

The eight people looked at each other and nodded: “We tracked its breath all the way. We are basically sure that it is absolutely right in the desert city.”

Hearing these words, several people A glimmer of joy flashed in his eyes, and Liu Tao slapped his hand: “Well, in that case, it can’t run this thing.”

Desert City is their territory. In their territory, there is nothing that can’t be obtained. Woolen cloth?

“It’s been three years, and it’s been three years after all. Now, I can finally sleep peacefully.”

“That’s right, Master Fang’s wedding is coming soon, and now its whereabouts are clear. It’s simply It’s double happiness coming to the door, God Blessing, God Blessing.”

“Haha, great, great.”

Liu Tao smiled with satisfaction and said: “Third Elder, you go and tell Brother Fang the good news immediately.”

“Yes.” Hearing this, the elder retreated happily.

“Okay, I’m overjoyed today. Let’s go and rest early. I also have to take a good rest.” Liu Tao said happily.

For three years, day and night, he could not sleep almost every night. With it, the temperature of the desert city can be controlled, and with it, the crisis in the desert city will also be lifted.

Once the situation is stable, the Fang Liu family's big plan will really fall on the nails, otherwise, everything will be empty talk.

Fortunately, everything settled down.

The patriarch Liu Tao was happy, and the elders were naturally very happy, but just as they were happily preparing to retire, at this time, a family rushed in.

"Master, it's not good, the big thing is not good." Jia Ding gasped, looking panicked. Liu Tao was on his head. He was a little angry on the spot by this Ding Yi. He said slightly angrily: "Even if the sky is falling now, the old man will definitely not think it is such a bad thing, panicking. What kind of style is it?"

The Ding

was taken aback, thinking about it, and still anxiously said: "Young... Young master, Young master was beaten by someone?" "Young master was beaten..." Liu Tao repeated half a sentence nonchalantly, and suddenly remembered. What, the whole person suddenly turned pale: "What? The young master was beaten?"

Almost at the same time, outside the hall, the young master Liu was being held by two family members, and the giant and the thin monkey behind him were also beaten. A few people carried it, and walked over in a miserable and miserable manner.

Seeing such a scene, not only Liu Tao panicked, but even all the elders present could not help but frown.

The young master of their family was beaten by someone? !

"Luer, Luer, my Luer, this...this..."

Before Liu Lu and others entered the hall, Liu Tao personally led a group of elders to the door of the hall and looked at Liu Lu. With scars everywhere on his body, as well as the giant's broken right arm, the skinny monkey almost vomited blood all over his body, all of which were shocked.

"Who is it, who hurt my Lu'er like this?" Liu Tao hurried over, grabbing his son, while shouting angrily.

"Yes, who is such a big dog who dares to hurt the son of my Liu family? This is simply looking for death."

"Master, but you say it's okay. Even if it's that god, we will definitely help you out of this bad breath." ."

A group of elders were also filled with righteous indignation. For them, there is no right or wrong. Only when someone in the Liu family is hurt, can there be right or wrong.

“Father, forget it, don’t talk about it.” Liu Gongzi said with a look of bitterness that he shouldn’t be too realistic, and he said, “It’s a guest of the Fang family.”

“I don’t care who is the guest of his Fang family, even if he is the king of heaven, I dare to move my son, I want him to walk around without eating.” Liu Tao roared angrily.

Hearing Liu Tao’s words, Liu Lu’s eyes showed a smirk: “Really?”

Chapter 2762

“When did my father lie to you?”

“That’s right, Master, if you say who he is, and the person who beats my Liu family, you don’t put my Liu family in your eyes. This kind of person , Kill it and then quickly.” Several elders also appropriately helped.

Seeing this, Liu Lu nodded, pretending to be seriously injured: “Actually, he should be taught a lesson.”

“I didn’t want to be familiar with him, but he really deceived people too much. First hurt my friend Gongzi Yuan. Then he hurt me again. Even if I reported our Liu family’s name, he didn’t take it seriously.”

“Even...”

“Even what?” Liu Tao said angrily.

“Even the supreme fire of our Liu family has been humiliated by him in public.” When it comes to this, Liu Lu looks rather guilty: “That guy has some skills, but the child is dull and lacks mastery of the supreme fire. So the supreme fire not only didn’t hurt him, but after he was blocked by him, he was publicly humiliated, saying that the supreme fire of our Liu family was just a fire of garbage, and even the firewood in the wood house was not burning enough.

” What!” Hearing this, Liu Tao’s nose burst into smoke.

The Supreme Fire is the signboard of the Liu family, the legacy left by the ancestors, but now he is so humiliated by others, how can this be tolerated?

“Patriarch, this person is really arrogant. If you don’t kill him, it will be difficult for God to tolerate it.”

“That’s right, what’s the face of my Liu family from now on ?”

Liu Tao nodded abruptly as he looked at the indignant elders: “Lu’er, tell father, Who is the last name of this beast? Dad will help you to vent your anger today.”

“I don’t know who his surname is, but Dad, I heard that he came with Miss Su Jia. This meeting is in the Juying Pavilion. What about dining.”

“Miss Su’s family?”

Hearing this, the elders who were still filled with righteous indignation were taken aback for a moment, and then one by one suddenly stopped making a sound.

The Su family is also everyone, so the strength should not be underestimated.

“Huh, Miss Su’s family would actually eat out in a place like Juying Pavilion with others. For this reason, why shouldn’t the old man teach the younger generation for the Su family?” Liu Tao’s guardian was eager, and she was just stunned when she heard that Miss Su’s family. After a while, he quickly found the reason. “The owner of the Patriarch is right. As the eldest lady of the Su family, she didn’t want to be in her boudoir, but she ran out to show her face. With such a serious influence, it is time to take care of the Su family.”

Hearing that there was an excuse, a group of elders followed suit again.

In the face of people like the Su family, as long as you take the handle and gain the upper hand, you will be famous when you learn from it, and it doesn’t matter.

“It seems that, in public and private, we can’t get out of this tone. Everyone knows that our son is interested in Miss Su, but Miss Su is showing his face outside for other men. This makes my young master’s Where do you look at your face? When we go, one is revenge, and the other is to stun the tiger so that Miss Su understands that women should obey the way of women.” A

group of people talked about how morally depraved others are. In fact, he didn’t know how dirty he was and how disgusting he was.

“Come here!” Liu Tao shouted loudly.

“Yes!” You all responded at the same time.

“Let all the elites in all the mansions be dispatched, I want to see who, with such a big courage, dare to hurt my son first, let alone my Liu family.”

“This battle, I am. Not only must the animal learn the lesson of blood, but also let Miss Su Jia and everyone open their eyes to see that the prestige of my Liu family, like a tiger, can be provoked by the pan-rats at will.”

Speaking of this, Liu Tao suddenly With a sneer: "Speaking of it, the old man hasn't let the world regain it for a long time, and has a good taste of the domineering and holy power of the

Liu family ." As soon as the voice fell, Liu Tao waved his hand, leading the family and a group of elders, there were hundreds of people. There were so many that he left the Young Master's Mansion in a mighty manner, and went directly towards Juying Pavilion all the way to kill.

Passers-by were shocked wherever the Liu family passed, and many rushed to Juying Pavilion upon hearing the news.

In the Juying Pavilion at this time, George Han, Su Yan and others were eating.

Suddenly, the shopkeeper hurriedly ran in from the gate: "It's not good, it's not good, the big thing is not good."

several waitresses took a step forward and stopped him two meters from the table.

The shopkeeper knelt on the ground with a plop: "Miss Su, and a few masters, let's go quickly, something has happened, something big has happened."

Lu Zhu frowned, suddenly dissatisfied, and yelled softly: "It's damn panicked. , Interrupting my lady's meal, do you know the death penalty?"

Su Yan waved her hand gently, indicating that Lv Zhu needn't be like this. Then, looking at the shopkeeper, she said softly: "The shopkeeper, why is it so flustered?"

Gentle and reasonable, the voice is extremely sound. Rou, really deserves to be Miss Su Jia, even at this time, people can't help but feel soft.

"Miss Su, outside... it's all noisy outside. The Patriarch of the Liu family with a group of elders and hundreds of elites is rushing to this side murderously."

"I think it looks like this, 80% of it is because of this. Mr. Liu was beaten by this master just now, and the Liu family came to seek revenge."

"The so-called heroes don't suffer from immediate losses. Before they arrive, you can go quickly." The shopkeeper eagerly persuaded.

Su Yan frowned slightly, her eyes seemed to be thinking about something. After a while, she looked at George Han and whispered: "Or, go to the other courtyard first."

"Although it is the place of Fang family," But that was left to the Su family. I expect that the Liu family

, no matter how bold they are, would never dare to break in.” After that, regardless of whether George Han agreed, Su Yan glanced at Luzhu and motioned her to open the way first.

When the shopkeeper saw this, he nodded again and again, but just as he was about to get up, suddenly, a strange force suddenly struck from behind. Before he could react, his body had already fallen violently because of his great inertia. Got out.

With only a bang, the body of the shopkeeper has directly smashed a table next to it, and then a big foot ruthlessly stepped on the back of the shopkeeper who was struggling to get up.

“Do you know what the Liu family hates most?” Looking up, a sturdy middle-aged man in his forties was stepping on his back with disdain, drinking coldly. Hearing this and seeing this man, the shopkeeper suddenly burst into tears without tears. It was late, and everything was late.

“The most annoying is your kind of whistleblower dog.” As soon as the voice fell, the middle-aged man’s feet pressed slightly, and for a while, the shopkeeper under his feet couldn’t even make a sound, only the body was constantly struggling. , His hands slapped the ground violently to express his endless pain at this time.

“Enough.” At this time, George Han stood up fiercely: “You came to me and took some ordinary people to exasperate, don’t you need it?”

Seeing George Han’s voice, Su Yan was anxious. But at this time, George Han’s eyes were firm. She sighed slightly. It seemed that a big battle could not be avoided.

However, for some reason, she who has never liked to kill, but at this moment, there is still a little expectation.

She had already seen George Han reveal himself, but it was obvious that George Han seemed to be very restrained on the Huazhou last time, and she was a little disappointed. If he did his best, what would it be like? Woolen cloth? !

She is looking forward to it.

But she is also very worried, because she, who is also a desert clan, knows very well how powerful the Liu family is and how powerful the Liu family is.

Moreover, I heard from the shopkeeper that this time the Liu Family Patriarch not only came here in person, but also a large number of elites.

Mo said that George Han alone, even the Su family, may not be able to compete with them completely.

“Are you that beast?” The middle-aged said in disdain when he saw that George Han was just a young man.

George Han sneered, arguing with him lazily because of the argument, and glanced at the shopkeeper at his feet indifferently: "Let him go."

At almost the same time, the head of the Liu family also brought a group of people, formal Stepped into the Juying Pavilion...
