

# His True Colors Novel Chapter 2791 - 2793

## Chapter 2791

she finally agreed to Dongju.

Although she didn't intend to have a banquet, she also knew that if she didn't go, Dong Ju and others would not be able to deal with Fang's Patriarch, and Dong Ju and others would naturally be punished by that time.

Although unintentionally, Amelia Su did not want innocent people to be implicated.

"My grandmother is so beautiful."

Amelia Su promised to attend, but Dong Ju and others were so happy that they couldn't help but praise them one by one.

At this time, Amelia Su, although she was a little girly, her face was still more beautiful than the sky.

Amelia Su unintentionally listened to these words of praise, and looked up. Above the door of the room, Fang Biao had just left, and the pangolin seemed to feel Amelia Su and others appearing at this time, and couldn't help but look up.

The two eyes met, the pangolin was curious, but Amelia Su was more desperate.

"Is that where the so-called Ice God lives?" Amelia Su asked softly.

Dong Ju nodded: "Exactly."

Although there was a faint smile on her face, Amelia Su's heart was already broken, and sure enough... it wasn't him!

"Dongju!" Amelia Su said.

"

Yes ." "Put the hijab on for me."

"Yes!"

Dong Ju nodded, picked up the hijab in his hand, and gently placed it on Amelia Su's head, as the bride who is about to get married, even if he needs to attend. Banquet, but before the wedding ceremony, the head should also be covered with red cloth, which is the most basic etiquette.

Then, she gently supported Amelia Su and walked slowly toward the front yard.

The pangolin didn't have to look at it, his head shrank, and he returned to the room, closing the door.

"Are you done?" George Han stood in front of the window, turning his head almost when the pangolin had just closed the door.

Through the cracks in the door, he could barely see clearly that there was a red dress passing by, but it was too far apart and he couldn't see anything clearly.

"It seems to be the bride of the Fang family who is going to pass tomorrow. Haha, this Fang family has taken a lot of money for you, and even the daughter-in-law who has not passed the door has been called out." The pangolin finished speaking, and sat down on the bench in front of the table. Go up, grab the kettle and take a sip George Han smiled bitterly. He was not interested in any ice gods at all. Let alone the unborn daughter-in-law, even if he brought his unborn granddaughter and daughter-in-law, George Han would also Will not waver.

"I just took a look. It's pretty long. But luckily you didn't go out just now. It doesn't matter if you hurt Xiao Xian'er and Su Yan. Even Fang's future daughter-in-law was harmed by your scumbag. If you don't, that's bad." The pangolin said nonchalantly.

"One is about to be married, and the other is just a young girl. It's not the same." After the pangolin finished speaking, he looked at George Han sideways, expressing the envy and dissatisfaction in his heart.

George Han shook his head helplessly: "I don't need to remind you, I know that I need Huazhou, so I should try my best to maintain etiquette with Fang's family, otherwise, I won't let you really be unable to refuse the Fang's invitation to a big banquet. It's said that we'll sit down at will."

"Damn, you are really a real person. Such a huge banquet is specially set for you. If you don't go out and blow the ridiculous criticism, you will get the wind down, but you'd rather stay behind. Don't you know that being too low-key is just showing off?" The pangolin said depressed.

"People are afraid of being famous, and pigs are afraid of being strong. I don't mean this place. Naturally, there will be less right and wrong." George Han smiled bitterly.

"Then there is no need to make fun of my five internal organs temple, right? After Juying Pavilion was harmed by a brute, I didn't have anything to eat here. When should we leave? Although we were seated at will, it was too late to eat. Do people eat leftovers?" asked the pangolin.

George Han smiled slightly, glanced at the pangolin, and then smiled slightly. One of them lay down on the bed with his eyes closed, seeming to sleep as if he was rested, and said slowly: "What's the hurry?"

At this moment, the other side...

## Chapter 2792

The door beside George Han opened gently, and Lu Zhu followed Su Yan's footsteps and walked out slowly.

"Miss..." Looking at Su Yan eagerly at the closed door of George Han's house, Lu Zhu stopped talking with a little distress.

She and the young lady have grown up almost since childhood. Not only are they in love with their brothers and feet, but they are actually more eloquent. Moreover, at the same time, they like a man. What kind of thinking is Miss now, how can she feel differently? !

Although the young lady is not an outgoing person, she has always been knowledgeable and reasonable, understanding her intentions, and she is also an optimistic and open-minded person. However, she has been with such a low mood for so many years and has never seen her.

"Should you call them?" Luzhu asked.

Although they had just said what they said, the two girls had already heard clearly and clearly in the room, but seeing the young lady like this, Lu Zhu couldn't help but ask softly.

"You can't keep the things from yesterday." Su Yan shook his head lightly, and shook his head slightly: "Let him go."

"But..." Lu Zhu wanted to say something, but Su Yan had already retracted his bitter eyes. , Slowly walked towards the outer hall.

Who could have imagined that a goddess who would be filled with joy for any man to see, and who was enshrined as a god by them, would still be sad for another man.

Above the front hall, laughter and laughter filled the entire hall.

The Fang family's politeness to George Han was considered to the point. Not only did they set up a thousand tables, but the front hall was neatly filled with thousands of acres of land, and it also invited almost all the people from the desert city to come and worship.

In the desert city, no matter high officials, nobles, or civilians, they can enter it and sit down according to the corresponding level.

Naturally, the higher the status, the closer to the main hall, and naturally the closer to the elites such as the Ice God and Fang Family Patriarch.

In front of the main hall, besides a hundred tables, there are many high-ranking officials dressed in silk satin, and a group of people are chatting and laughing.

Especially beside Fangbiao, there is a group of prominent gatherings. If the people of this desert world can be here, they will definitely be excited to discover that these prominent figures are actually legendary figures in the desert world.

Either the head of the family, or the genius of Tianzong, any person's name in the desert world is a resounding existence. "Congratulations, Chief Fang!"

"Yes, the Fang family was originally a large group, ranked the most among the hundred clans. Now, the double happiness is coming, it is like a tiger with wings. It seems that in time, The Fang family is not only the top of the hundred races, but also the head of my hundred races."

"Haha, this double happiness is simply incredible. If the family can be very fascinating in the future, haha, let alone dominate the desert world, even if it is the Central Plains region, it will be just around the corner."

"When the Fang family is in full bloom, old friend Fang, don't forget us. "A

group of people talked freely, and Fang Biao laughed and laughed at these rainbow farts.

"It's really scary to have a true god, but that's the future. The appearance of the ice god not only alleviates the crisis in the desert world, but also the most important thing is the present."

"Everyone knows that the ice god now lives in the Fang family, and the Fang family It also represents the banquet set up by the old man of Ice God. It is unnecessary to talk about the relationship between China and China."

"Daughter-in-law decides the future upper limit of the Fang family. Now there is the Ice God holding the bottom of the Fang family. What does it mean to sit firmly on the Diaoyutai? . " "

even the long-lost Mr. Chai personally offered his congratulations, which also used to say it? " "

say say. "side table very happy, this is indeed present and future are two very good things.

Although the Fang family's wedding is indeed a happy event, it is clear that this year there are so many distinguished guests from the Fang family, even as they say Mr. Chai.

What this shows, it shows that the Fang family's growth is visible to everyone in the world, and because of this, there is a big event in the family, and all parties come to congratulate.

This makes Fangbiao more full of expectations for the coming future and the present.

After looking back, by the side door of the main hall, Dong Ju slowly walked out with Amelia Su's support. The special dress obviously attracted everyone's focus for a while.

And almost at the same time when Amelia Su appeared on the stage, Su Yan took the green beads and Mr. Chai slowly walked into the main hall in new clothes. After a short time, the three parties went out together, and the crowd was agitated...

## Chapter 2793

"Is this the wife of Young Master Fang who hasn't been through the door?"

"Although it is covered by the sky, just by looking at this mysterious posture, you already know that this is definitely a top-notch beauty. "

Nonsense, Young Master Fang's vision must be one in a million. Can the woman he likes be worse?"

"Damn, can conceive the body of the so-called true god, tusk, it really makes Laozi drool."

When Amelia Su several people passed the hall. When she stepped onto the special bead curtain position, people on the side of the road looked at her surprisingly.

On the other two ends, the momentum is even greater.

Although Su Yan still covered her face with a veil, she couldn't hold back her perfect facial features. It was just a glimpse of her charm. It attracted countless men to bend their waists. With the pair of electric eyes, they almost wiped out the souls of the men present. NS.

Behind him, Lu Zhu was also a top beauty, and followed Su Yan slowly towards the main table.

A group of souls flew twice, forgetting to return to their senses.

Over there, Mr. Chai also arrived in high spirits. For this legendary character in the desert world, most of them only heard of his name but never met him. Now, when he sees the deity's demeanor, he has also cast various worships. Look.

"Su Yan has seen all the elders."

“Lv Zhu has seen all the elders.”

“We have seen senior Chai.” The

three parties gathered together and greeted each other. As Mr. Chai smiled, he waved his hand. Everyone sat down at the main table and several guest tables from the side.

Fang Biao was naturally at the top of the main table, Mr. Chai on the left, and Liu Tao on the right. Now, Su Yan is sitting, and Liu Tao is placed in two positions below Su Yan.

Among the rich, relatives are naturally a strong alliance, but if it is related to interests and family affection, it is nothing more than paper.

The Fang family has always supported the Liu family, and now, naturally, they can also beg for the Su family.

“Old Mr. Hahachai has arrived, and the future daughter-in-law of Fang’s family has arrived. Everything seems to be ready, except that he still owes the ice god his old man hasn’t come yet.” As soon as he sat down, a middle-aged man with a stubborn body drove away. Uttered.

“The Bing God likes quietness and does not like to make trouble. Today, he will attend and will not attend.” Fang Biao smiled lightly.

“Patriarch Fang, what do you mean by this? This is the rule, if you don’t, you don’t. What does it mean if you don’t?” The person asked in doubt. the

other guests also nodded one after another, and they really didn’t understand the meaning of Fang’s words.

Fang Biao smiled lightly, glanced at Mr. Chai Lao, then looked at everyone, and said: “The new ice god is still young, he is more playful and low-key, so he will come to the world banquet and drink with you. However, he will confuse among thousands of guests with the appearance of an ordinary person.”

“Not only is he respecting everyone at the table, but at the same time, he can also enjoy a leisure time.” Fang Biao finished.

Hearing this, everyone was even more stunned. Is there anyone else playing like this? ,

Touches Chai old man, then froze over, is suddenly laughed:. “This new ice God touches some meaning, although a bit eccentric, but the loss is not a person of conservation,”

“do not like fun, but it will still be With such a wise taking care of you, sitting with the king, the desert world has such an ice god leader, and the future can be expected.”

Chai Lao’s remarks meant not only to make ends meet, but obviously also to praise.

After hearing Mr. Chai's words, you all nodded.

"This is also true. The ice gods of the year were all in love with each other. Although they would sit at the same table with us at the big banquet in the world, most of the time they were arrogant and arrogant, not to mention taking care of our face. As long as he doesn't make things difficult for us, it's the blessing of everything."

"I agree with this point. Although the New Ice God's approach is a bit strange, as Mr. Chai said, this compromise method is not bad. It really highlights the low-key and wise of the new generation of ice gods."

Fang Biao finally took a breath after hearing this.

It is of course important that the Ice God can come to the world feast, but more importantly, the Fang family can take the opportunity to advertise the relationship between himself and the Ice God and gain prestige.

Obviously, when the Ice God is not present, everyone can show understanding, then the other things are no longer important.

"Since everyone can understand, come, everyone raise their glasses to honor the new ice god."

At Fang Biao's greeting, everyone raised their glasses and the banquet officially began.

At this time, in George Han's room, the pangolin was pacing almost in place so that the soles of the feet almost passed through, and George Han opened his eyes slightly...
