Chapter 2816

Mr. Chai Rong did not immediately answer, but frowned, as if he was thinking deeply about something.

When Fang Biao saw this, he was a little impatient, but he didn't dare to interrupt him for a while.

I don't know how long it has been. Perhaps in Fang Biao's current mood, even if it's a minute, I'm afraid it's a year. At this time, Mr. Chai frowned and slowly looked at Fang Biao, "Don't you think it's strange? "

Senior Chai, what's so strange?"

"I mean Ice God." Mr. Chai frowned.

"Ice God?" Fang Biao was puzzled.

"The City Lord's Mansion is heavily guarded, especially today's big banquet in the mansion. Isn't it easy for anyone to forcefully leave? Even if the Ice God is superb, it is impossible to leave silently if he wants to leave."

"I also understand this. , So I am puzzled." Fang Biao thought he was going to say something, but when he heard that, he felt helpless.

"Secondly, what reason does the ice god have to leave?"

"Lao Chai means..."

"I mean, the desert city is hidden in the desert, if it is not for breaking the barrier of the city or opening the city gate , Otherwise, I want to get out from here..."

"How easy is it?" At the end of these four words, Lao Chai almost looked directly at Fang Biao.

"I understand." Fang Biao nodded: "What Mr. Chai wants to say is that the old man of Ice God must still be in the desert city. It can even be said that he is still in Fang's mansion."

Mr. Chai was affirmed. Nodded, there are too many doubts, so the final result will only be one.

"But the problem is that you have also seen it. Since we were preparing for the apprenticeship banquet, a whole number of hours have passed until now. In this city

lord's mansion, I have also sent people around, almost the inside and outside three floors have looked for, but No trace of it."

"Lao Chai, could it be that we provoke the Ice God and his old man is upset, or the feast is too noisy and the Ice God deliberately hid it?" Fang Bian asked in confusion.

"Although it is only a one-sided fate, he not only does not have the slightest arrogance in the words and deeds of Xin Bing Shen, but on the contrary he is a relatively low-key and gentle person, unlike him." Chai Lao said.. Indeed, if the new ice god is such a stingy person, Liu Tao's big family will have the time to eat at the banquet.

Even if the Ice God is unwilling to do it, he can just make a gesture at will to make his house jump!

"Couldn't..." Fang Biao suddenly thought of something, and his eyes became fierce.

Wouldn't they see the power of the Ice God, the Su family also had bad thoughts, relying on their relationship with the Ice God, deliberately hid the Ice God.

Everyone is a big family, and there is a possibility of being big, so it is very possible to use a trick behind the scenes!

There is no need for Fang Biao to say more, Mr. Chai already understood what Fang Piao meant, and he shook his head helplessly after a moment of contemplation.

"Impossible!"

"Why? Lao Chai, don't forget that the Ice God is extremely important to any family!"

"What's more, maybe it doesn't make much sense for other families to be favored by the Ice God, but they are also four. The Su family of the big family..."

Lao Chai smiled bitterly, shook his head, sat down slowly, sighed, and said, "Fang Biao, as the Patriarch of the Fang family, it may even be the realm of the desert in the future. The leader of, you have to be bigger."

"At the same time, you have to learn to watch your words and colors."

"Senior Chai, what's this...what's the answer? Seniors please give me advice."

"The Ice God is missing, although Miss Su Jia The wind is clear on the surface, but Patriarch Fang, a person's eyes cannot be hidden."

"Su Yan's eyes clearly have extremely strong loss and worry, what does this mean?"

Recalling Su Yan's eyes carefully, Fang Biao Nodded, it seemed that Su Yan's eyes seemed to be the same.

However, if it is not even the only hope of the Su Family, then...

then where will the Ice God go? !

Fang Biao turned his head in confusion, but saw that Mr. Chai smiled slightly at this time, and took a sip of tea leisurely. It seemed from his expression that he already knew the whereabouts of the ice god, he already knew something. generally.

“Patriarch Fang, maybe, I really know where the Ice God might be!” Mr. Chai said slowly as expected.

Chapter 2817

Fang Biao's brows suddenly wrinkled, and he said anxiously: “I would like to ask Mr. Chai to tell.”

“If you want to be the head of the family, your talents are more than enough. However, I want to Become the commander of a realm, or lead my desert clan back to the Central Plains in the future, Patriarch Fang, you are not enough right now.”

If others say this to himself, Fang Biao will naturally not be happy, and even become angry.

But this was from Chai Rong's mouth, but Fang Biao had to accept it humbly.

“Senior, please give pointers.”

“The so-called big things are not limited to the trivial, and those who become big things should be cruel.” He said, he got up and smiled, came to Fang Biao's side, and then patted him with his hands. On the chest, Mr. Chai shook his head and smiled bitterly: “You have a heart, or something.”

“My heart?” Fang Biao frowned.

“King, doubt, you really trust people too much, especially those around you.” Mr. Chai laughed.

“People around me?”

“Don't you think that it is strange that the Ice God suddenly disappeared, but it just so happens that the young man in your mansion caught two people today?” Mr. Chai stared sharply at Fang. surface.

This caused Fang Biao to be a little confused, and hurriedly said: “However, Kun'er has already said that what he caught is just a shameless person who molested women. How can the ice god be so nasty? I mean it. Put him in the land of my concubine in my backyard, I'm afraid he will look down on which woman.”

“Hehe, your son said he is a shameless man who molested women, he is a shameless man, I will ask you if it is not. What?” Mr. Chai’s eyes were still sharp.

Hearing this, Fang Biao’s expression was suddenly shocked.

If so, as Mr. Chai said, if Kun’er is arrested here is not a shameless person, but the Ice God and his friend...

Then...

thinking about this, Fang Piao couldn’t help but breathe in the air, wouldn’t he? !

Damn it, right? !

Kun’er has always been mature and steady in her work, and it is definitely impossible to be so confused.

“Is it right? You can tell if you go to the cell and have a look?” Mr. Chai smiled softly.

Fang Biao was taken aback. He believed his son, but Mr. Chai’s words were not without reason. What’s more, this matter is of great importance. If the arrested person is really the words of the Ice God, wouldn’t it be the result? Blunder? ! “Come!”

roared, Fang Biao didn’t dare to neglect, so he hurriedly invited Mr. Chai, and asked his servants to set off quickly.

A group of people came out of the main hall, passing the Yin and Yang Division almost non-stop, crossing the sheep road, and reaching the gate of the prison.

Several jailers were sitting in the jail, drinking and chatting, but unexpectedly they thought that the door was suddenly kicked open. When a few people were about to get angry, they suddenly looked at the people and stood scared one by one. Get up, clamp your legs, put on your hat, and quickly stand up.

How could it be the Patriarch of the Fang family? !

It should be understood that there are very few people in the prison, let alone the Fang family’s head from here, even in ordinary times, apart from the Fang family who is in charge of the prison, the other Fang family’s senior management rarely come to this place.

One is that this place is really messy, and the other is that this place is very unlucky.

But it’s better today. First, the Prince of the Fang family will come, and now the Patriarch of the Fang family will go out in person.

“Home... Patriarch, you... why did you come here?” The lead jailer trembled and asked cautiously.

Fang's face was cold, but his eyes were looking at each cell. However, there were so many thieves in the city and the prison was overcrowded. For a while, I couldn't find the Ice God and his friends.

"Patriarch, you are here, but you really make this flourish." The jailer said with a flattering smile.

Fang Biao gritted his teeth: "Don't flatter me here and let me out."

"Ah? Let... let go?" The jailer was dumbfounded.

"I'm talking about the person arrested by Master Fang Kun today."

Upon hearing this, the jailer understood in no time, and he nodded his head well, and then he was going to let people go inside.

Suddenly, Fang Biao sipped softly: "Wait a minute."

"Let me ask you again, today Master Fang Kun arrested how many people came in, are they two?"

"Report to the Patriarch, there is only one person."

Hearing this, Fang Biao's heart collapsed finally let out a sigh of relief. Waving his hand, the jailer hurriedly released the people.

It's just that he didn't take a comfortable breath, and as the jailer brought the prisoner out, Fang Biao almost fainted and died on the spot...
