Chapter 2822

side-kun frowned: "I really do not know what you are putting on airs, but just arrested a man molested a woman's, you need it so exaggerated it?"

"My people are Zhesi I got it and got it, but my mouth was as hard as iron. I was just a small punishment and a big sentence. I used some small punishments."

After speaking, Fang Kun glared at George Han viciously.

This slut didn't know what he said to Mr. Chai and his father, so that the two elders were so angry that when they passed the test perfunctory, I want you George Han to double it back!

Minor punishment? !

Mr. Chai and Fang Biao had their eyes wide open.

The feet are already pitch black as charcoal, is this still called a small punishment? !

Besides, they are all veterans in the desert world, how can they not know what kind of lynching this guy has used when he sees this symptom? !

If it's an ordinary person, it's fine, but this damned rebellious son has to be placed on George Han's body.

Mr. Chai thought more and more angry, even a sneer was drawn at the corner of his mouth, and he looked at Fang Biao firmly.

Fang Biao was also angry and anxious, but on one side was his son, and on the other was the Ice God and the old seniors in the desert world. They were all waiting for their own reply.

"Okay, you grasped well, you grasped very well." Fang Piao nodded heavily, then, he leaned slightly, and the next second, turned around, and slapped it vigorously!

"Pop!"

The sound of the slap in the face was even a bit loud in the prison!

"Father? Are you hitting me?" Fang Kun looked at his father incredulously, touching his painful and even red and swollen right cheek.

Since childhood, he has been the future of the Fang family. He has been watched by everyone and taken care of by his parents. For many years, let alone his father beat him, he has never even said a heavy word.

In his words, he is the heart of his father, so how can he be willing to be a father? !

But today, he not only said serious things, but even beat himself, and the purpose was only for an irrelevant person, no, it should be exactly his enemy.

“Hit you? I will not only hit you, but I will also wake you up!”

Fang Biao roared angrily, and the other hand suddenly lifted up in the next second, and then slapped it down. “Pop!”

Fang Kun’s left cheek was another hot pain!

The servants behind Fang Kun were dumbfounded. They had never seen the Patriarch like this, let alone the Patriarch to their Young Master.

He tried to kneel to intercede for the young master, academics side table suddenly drinking a cold voice: “Come”

! “In the”

“Fang Master in jail and torture him with what, to you, what punishment would be for him with, remember Staying is double!”

After saying this, Fang Biao stood on his back and raised his head slightly, not only to stop sorrow, but also to not want to see Fang Kun so as not to get more angry.

Hearing this, Fang Kun was dumbfounded, and he was even more panicked. He walked a few steps behind Fang Biao and shouted in disbelief: “Father? What are you talking about?”

“I am Your child.”

Several servants were too slow to start, standing by the side with embarrassed expressions, waiting for Fang Biao to change his mind.

But Fang Biao didn’t even turn back. He just yelled indifferently, “What? Are your ears useless? Can’t you hear me?” The

servants dared not neglect anymore and hurried to Fang. Kun’s side, escorted him down.

Seeing his father so decisive, Fang Kun was completely panicked at this time. Looking at George Han who was lying on the ground looking at him indifferently, he was almost

ashamed and angry: “Fangbiao, are you crazy? Tiger poison doesn’t eat children, you Even your own son has to be killed, are you worthy of my dead mother?”

Fang Piao closed his eyes heavily, because his beloved wife passed away and gave birth to the baby, so that he has an unusual love for this only son. It is not an exaggeration to describe it as a kind of pampering.

But where did he want to get it, it was this kind of pampering that made him have such a catastrophic disaster today.

Even though he, as a father, admires this

age- old son very much, but... “In the next life, we are doing the friendship between father and son.”

“Let’s drag it on.” Fang Biao sighed.

As soon as the voice fell, Fang Kun’s face showed horror, but the servants didn’t dare to say much, dragged Fang Kun and walked towards the rotten torture room next to him.

“Why... how could this be?”

Fang Kun stared at George Han in front of him, unbelievably slowly being dragged away..

Chapter 2823

, he took a sigh of relief, and Fang Biao turned his head slightly, looking at Fang Kun, who had been dragged farther and farther, with both reluctance and more helplessness in his eyes.

“Ice god, the evil son has been punished, if you still feel any dissatisfaction, Fang Mou is willing to be punished for the evil son.”

“Tomorrow, the son will be married. This is a happy event for the Fang family. Why bother to see blood at this time? What’s the fuss?” George Han smiled softly, and then slowly stood up: “I think so, remember this double penalty in advance, wait until he gets married, or when I am in a bad mood.

Get it back.” “How?”

Fang Biao’s eyes were full of shock when he heard George Han’s words . How could he expect that George Han would be such a good talker?

More importantly, this condition is profitable to the other party without harm.

Mr. Chai frowned slightly and looked at George Han strangely.

The person in front of him, although young, obviously made him, an old river and lake, unable to guess at all for a while.

So disrespectful, just forget it? !

Or... Is

he deliberately partial to the Fang family? !

He didn't know the answer to this question, but from the other side's point of view, the answer was extremely clear.

If it weren't for the Fang family, how could the Bingshen old man make major things smaller? !

Thinking of this, Fang Biao suddenly bowed slightly, showing a ninety degree: "Fang Biao represents Nizi, thank the Bingshen. After the wedding banquet is over, Fang Biao will definitely bring Nizi to apologize."

George Han smiled lightly and nodded. He nodded, got up slowly, and walked out of the cell.

"If Fang Kun asks, don't say too much. In addition, this kind of place is still seldom good, so as not to damage some of the yin virtue."

After saying these words, George Han slowly walked outside the gate of the prison.

Seeing George Han walking freely, Fang Biao and Chai Rong only reflected at this time, they couldn't help staring at each other.

Hasn't he been tortured by ice and fire? The effect of the ice torture was slow, so it was enough to not reveal it at this time. This torture burned his feet like that, and he was actually like a okay person.

He's a goddess! "What are you doing in a daze? Don't you hurry to save your wicked son? Also, Fang Biao, this misty place has been withdrawn quickly." After Chai Rong finished speaking, he quickly followed George Han. In his footsteps, he walked out of the jail.

"Withdraw!" Looking at Mr. Chai's back, Fang Biao seemed to answer him, and seemed to remind himself.

If this broken place is not removed yet, what's the use of keeping it? ! Almost angered the Ice God, and brought harm to the entire Fang family!

Not to mention that Bing Shen was unhappy when he looked at it, he is himself now, and he feels sick even in this chaotic place.

However, thinking of Bing Shen deliberately favoring himself at this moment, Fang Biao's originally rather solemn face suddenly filled with a slight smile.

Then, he hurried to the torture room to save his son.

Outside the jail, Mr. Chai caught up with George Han, and after a slight salute, he greeted him in a bad manner, and even George Han was in danger.

The pangolin had been waiting outside for a long time, watching Mr. Chai and George Han have a lot of fun. In the end Mr. Chai had to resign with George Han respectfully, and this guy hurriedly greeted him.

"Okay, George Han, how did someone put you in, so how did you send you out? By the way, what about that slut? Grass!"

"Don't let me see him, I must tear him up." You can't hide your skin."

George Han smiled and shook his head, and said, "When the sky is up, the bridegroom is the bridegroom. If you beat the bridegroom on the eve of the wedding, you won't be afraid that the bride will seek revenge from you? "

Damn, listening to what you mean, didn't you let the bitch Fang go? Thinking of his arrogant appearance, I am very upset."

George Han smiled slightly, in fact, he was also upset, but he The reason why he was willing not to pursue Fang Kun for the time being was because he didn't want to fall out with Fang's family, after all, he had to count on them for the Huazhou affairs.

Therefore, George Han did not want to do this.

Two, actually the most important one. To be honest, George Han is really looking forward to what kind of drama this guy will prepare for himself tomorrow!
