

His True Colors Novel Chapter 2832 - 2833

Chapter 2832

Il kinds of silk, silk, jade, and gold are dazzling and overwhelming. In the city lord's mansion of Nuo Da, there is a golden wall with brilliance and red scenery all over it.

“Come, come, please inside!”

Fang Jun, the elder of the Fang family, led a group of elders of the Fang family, and welcomed the crowded guests.

The Fang family's ostentation is not insignificant, but every guest who enters the door will be greeted all the way from the door to the outside of the hall by a concierge and servant, who will accompany you throughout the whole journey, accompanied by fireworks in the distance.

The guests may not necessarily be close to the Fang's family, but such ostentation still makes the faces of all the guests a lot of face.

As time went by, beside the gate of the city lord's mansion, the welcome area was full of gifts, and a large number of guests arrived, adding countless excitement to the celebration.

In front of the hall, in the playground, there are tens of thousands of tables. The tables are made of white jade and covered with red cloth. Several kinds of exquisite cold dishes have been placed on the tables. In the back of the hall, hundreds of chefs are busy today. feast.

Fang Biao led a few concubines, standing in front of the main hall of the hall, looking at the guests, with a satisfied smile on his face.

At this time, a courtesy officer slowly walked over from the back: “Enjoy the Patriarch, it's almost a good day.”

“Okay, how is Kun'er preparing?”

“The young master has already received a large number of gifts as agreed. A total of 48 horse-drawn carriages and a total of 48 horse-drawn carriages wait at the Yuxi Gate. As soon as the gate is opened, you can enter to welcome your relatives. After that, you will go out from the south gate, and after going around the city, you will enter through the gate of Zhengdong to start the formal wedding ceremony.” road.

Fang Kun nodded: “Okay, Fang Yuan.”

“Patriarch, here.”

“It’s almost time, you go to the west gate to open the city gate.”

“Yes!”

As soon as the voice fell, the man named Fang Yuan quickly retreated with a few people.

Fang Biao raised his head slightly. Today’s weather is clear and windy. It seems that the day has chosen a good day. I hope that from now on, God bless us to protect our Fang’s family on this road of prosperity and eternity. Change.

“Follow me to welcome the guests.” Fang Biao thought about this, smiled slightly, and slowly walked towards the playground with a bunch of concubine family members.

In the backyard, after Su Yan’s hard work, under the makeup, Amelia Su’s paleness and inability to cover up were excellent. If it weren’t for staring at her eyes, it would be difficult to find that she was poisoned at this time.”The West Gate is open, and the wedding party is about to arrive. I will cover you with a hijab.” Su Yan said.

Amelia Su nodded and smiled as a sign of gratitude.

Su Yan rushed to Lvzhu’s eyes and motioned, Lvzhu nodded, lightly opened the door halfway, and summoned the daughters of Dongju in, ready to welcome the arrival of the family.

And almost as soon as Luzhu opened the door, the door of George Han’s room opened gently. Surrounded by four girls, the pangolin walked slowly with a satisfied smile on his face. Came out.

The four girls are also deliberately attached very tightly. If they leave, it is really enviable for the pangolin.

However, Lu Zhu looked at her with anger in her eyes, especially when she saw George Han walking out of the house immediately afterwards, the anger on the girl’s face became even more difficult to dissipate.

“Scumbag!” Green Zhu cursed.

Su Yan and Amelia Su were taken aback by the sudden anger, and they raised their heads to look at Lv Zhu. It was at this time that Lv Zhu finally realized his gaffe, sticking out their tongues and showing an awkward smile.

Seeing Amelia Su puzzled, Su Yan smiled lightly and said: “She’s talking about Ice God!”

“Ice God?” Amelia Su was puzzled.

Su Yan shook her head, not wanting to mention other people's mouths too much, but Green Pearl, angrily said: "On the surface, it looks like a gentleman, but in fact, it's just a jerk."

"The mouth says no, body. But it's very honest. It doesn't seem to be close to women. In fact, we are too naive, not close, but we don't think we are too small. People, you have to have several at a time."

Hearing this, Amelia Suqing With a light smile, in a world where strength is respected, being rich and powerful will always inflate people's desires, and naturally do a lot of moral depravity.

Thinking of this, it's better for George Han, who always surrounds himself and regards himself as the only one.

And almost at this time, following the tumultuous gongs and drums rang into the sky, the Naruto drum on the side of the west gate rang, and the welcoming team officially set off!

Chapter 2833

George Han also heard the buzzing noises, looked at the west of the sky, and smiled softly.

Big gift?

Have you started to prepare too? !

Wei Wei glanced at the pangolin, playing enough, and making noise, obviously it's almost time to let go.

With the beautiful woman, the single dog 10,000-year-old tree is blooming, where can you still be satisfied? Looking back at George Han eagerly, telling the misery and misery of how many years he was single.

George Han glanced at this guy helplessly, sighed, nodded, and asked him to take the four women away first, which would count as a complete guy.

With George Han's signal, Pangolin Le's fart rushed to George Han's praise, and then, surrounded by four beauties, walked toward the front of the main hall first.

George Han shook his head bitterly, looked at the pangolin's extremely excited back, and smiled bitterly: "This guy..."

However, although he doesn't catch a cold with beautiful women, the scenery here is pretty good. Wei Wei relies on the long trees by the stream. , See the fish under the water in pairs playing in teams, and see the white cranes nestling in the water, even the birds on the tree next to each other.

Such beautiful mountains and beautiful rivers, if there is Amelia Su here again, that would be great.

“On the wedding day, they are all in pairs. Even the pangolin is now accompanied by four beauties.” As if saying to himself and facing the fish in the water, George Han said leisurely.

At this time, as the west gate bell rang, Fang Kun was dressed in happy clothes, stepped on a horse, and a gentle hat. The whole person was majestic and majestic. Amidst the cheers of many people who had arranged to enter the venue, Fang Kun carried him behind him. Dozens of convoys slowly entered the mansion, the car was noisy with gongs and drums, and the waitresses sprinkled flower gifts. The flower gifts not only contained all kinds of flower petals, but even gold leaf. It is not engraved to show the luxury and wealth of the Fang family’s century wedding.

“Style, the people of the Fang family are really stylish.”

“That’s not the case, the young master of the Fang family is also very handsome today, handsome.”

Many people shouted in joy during the carnival, and Fang Kun who was riding on the horse listened. He was extremely comfortable, and a rare faint smile appeared on his face.

He was very depressed about what happened last night. His father didn’t know what George Han slander said, and he actually made himself think that he wanted to kill his relatives righteously. Fortunately, at the last moment, he let people let him go. When

Lao Chai had already left at that time, Fang Kun asked his father why he was so true and his father did not answer. He went back last night and thought about it all night. I was afraid that George Han said something in front of Lao Chai. What? Although Mr. Chai is very famous, he is a senior after all. He may have heard some of his slander and believed it for a while. Because of his anger, he even changed his mind about accepting himself as a disciple.

Because of Chai Lao’s face, his father can only pretend to be selfless with iron face, with the prestige of the square family.

This point can also fully explain why his father punished himself mercilessly, but released himself directly after Chai Lao left.

However, fortunately, Fang Kun believes that with the return of the ice god after today’s big wedding, he will participate in his wedding today, and Fang Kun will be more glorious.

At that time, even if Mr. Chai was dissatisfied, he would disappear, and he could still worship him as a teacher again, and his Fang family would be more prosperous, and everything would belong to him Fang Kun.

However, although nothing happened now, George Han, a damn slut, almost hurt himself after all, and he will definitely humiliate and humiliate this guy when he stays.

Those who dare to make Fang Kun feel unhappy will surely regain his Fang Kun doubly.

Thinking of this, Fang Kun's smile carried a kind of vanity that was exalted by everyone, and there was also a touch of coldness.

As the long road to the west passed, the welcoming team slowly walked into the backyard from the side door and walked all the way towards the bride's room.

At this time, George Han, leaning slightly against the trees of the stream, heard the noise of the gongs and drums behind him, and looking back, Fang Kun was already surrounded by a group of people, all the way to the door of the bride's room.

Inside the door, Dongju and Luzhu's daughters gently closed the door from half open.

In accordance with the rules of the desert world, Fang Kun lightly buttoned the door three times, dropped several red envelopes, and kicked the threshold with his foot. Firecrackers blared outside, and the bride slowly walked out with the help of Dongju's daughters...
