Chapter 2864

even the first beauty in the desert world, at this moment, can't help being deeply shocked by the beauty of the people behind him.

That is a kind of ice-cold beauty, a snow lotus on the top of the Buddha-defending snow mountain, standing proudly in the wind and snow, and embellished in a vast expanse of whiteness.

She is so beautiful!

She had a pair of cold eyes, looking at George Han quietly, seemingly cold and tender, like a woman, Su Yan almost didn't need to think about it, she faintly felt that this woman was just like herself, and she liked it. George Han.

"Senior Sister Qin Shuang!" George Han, who was busy preparing food, just raised his head and smiled slightly.

Returning to the kitchen, busy with the most usual things before, I thought that when I was on the earth, I was doing such things in Su's house every day. Although the days were frustrated and peaceful, but the victory was to welcome the summer. With Han Nian, she missed those things unknowingly.

"This time, I want to go out with you." Qin Shuang's words were simple, without the slightest twist.

George Han smiled softly. After being with Qin Shuang for so long, she knew her personality. Although her appearance was as iceberg as snow, her heart was actually very soft and kind. Amelia Su had been guilty for the disappearance of the City of Flint. Yu Xin, now that Amelia Su came back, George Han naturally knew what she wanted to do.

"Is there any difference between your personality and mine?" George Han shook his head, seeming to be discussing with herself, but in fact she just told herself.

Qin Shuang didn't speak, but after receiving George Han's answer, he turned around and left directly.

Su Yan looked at these two people in shock, and couldn't reflect it at all for a while. Isn't it too cold to speak? ! Obviously the beautiful girl looked at George Han's eyes full of tenderness...

"What are you doing in a daze? Eating." While she was in a trance, George Han urged.

Su Yan recovered, she also helped George Han carry out the food, who had never been exposed to Yang Chunshui.

As the food was on the table and the fragrance overflowed, a group of guys from the Mysterious League gathered together, and Ningyue couldn't help but smile with chopsticks into his mouth.

Su Yan also couldn't wait to take a bite. Growing up from the delicacies of small mountains and seafood, she originally expected George Han's cooking skills to lower her requirements, but what she never expected was that George Han's cooking fared far. Beyond her imagination. is

even better than the top officials in her family.

Thinking of this, Su Yan looked at George Han's eyes, and couldn't help but feel more tenderness and expectation.

Going to the battlefield and going to the kitchen completely refreshed her knowledge of George Han again and again!

When everyone saw Su Yan's appearance, they couldn't help but shook their heads and chuckled. For them, this seemed strange, and they had long been accustomed to it.

After eating, George Han helped Su Yan to make a contract with the strange beast he had chosen. He took the packaged meals and Han Nian and Qin Shuang to bid farewell to everyone. With a white light, the next second, When Su Yan opened her eyes, she was already on top of the flower boat, in the attic.

However, what surprised her even more was that when she entered the place just now, she was eating and choosing beasts. It was delayed for several hours, but the scene in front of her was still shining in the sun. Walk out of the city in general.

How is this going? !

She looked around in surprise, and George Han handed the packaged things into Han Nian's hands. Then, squatted down and looked at Han Nian: "Mom is in the room downstairs. When you see mom, remember Stay with your mother more, and tell your mother to eat all these things, okay?"

Han Nian nodded obediently: "I know, but won't my father accompany Nian'er to see my mother?"

George Han was embarrassed. surprised a moment, was about to speak, read shrewdness child will be placed with a grimace: "hee hee, my father is not mess with mom upset?" "Do

not worry, read to the children, read children for mom and Dad to coax happy, How is it?"

George Han smiled warmly and nodded: “Dad, thank you Nian’er in advance?”

“Hey, that dad should bring Nian’er to play more fun and eat more delicious food.”

Han Three thousand nodded.

“Lagou!” Han Nian stretched out a small hand.

George Han smiled, followed her with a hook, then touched her head, and smiled dotingly: “Go.”

“how? Three thousand?” See Han three thousand is not right, Su Han Yan hurried to the side three thousand, three thousand along the Han eyes looked surprised to find the front but still desert , Don’t say anything wrong, but the scene doesn’t change at all.

George Han did not speak, but stared quietly into the distance. After a long time, he turned his head slightly and looked at Su Yan next to him: “How long will it take to get out of the desert world?”

“At the current speed of Huazhou We can reach the border in five days. However, at that time we also officially entered the territory of the Demon Race. The extreme north of the Demon Race is extremely large, and the road to the Burning Bone City is quite long. If everything goes well, I’m afraid It also takes about a month as I told you earlier. By the way, why are you asking this suddenly?” Su Yan asked in a puzzled way.

“There is a saying on our planet. Even though the walk-and-go trip looks very cool, the price paid is also extremely expensive. Therefore, we must have a plan in advance.” George Han said softly, “It seems In five days, it is inseparable from this desert world.”

George Han smiled, then got up and walked towards the stairs: “It’s still early, rest early.”

Su Yan looked at George Han stupidly. Qian, I’ve heard that it’s late and rest early. It’s still early. This is the first time she heard that she wanted to ask him, but when the words got stuck in her throat, George Han had already left a sentence. Then, down to the attic.

“At night, I’m afraid it’s not easy to rest.”

Su Yan frowned slightly, and couldn’t help looking at the desert where there was nothing in the distance. She shook her head depressedly, and then obediently went down to the attic and went back to the cabin to rest.

As soon as they landed, they hurried over and knelt on the ground: “Report to Miss George Han and the others are leaving, but... the Fang family did not send troops out of the city as agreed.”

Lu Ruoxin frowned upon hearing this. He wrinkled and opened his eyes: “Why?”

“George Han handed a bead to the Fang family, and Fang Biao and Chai Rong are surrounding the bead in the city.”

“Bastard!” Lu Ruoxin slapped the bedside fiercely, and said angrily. Drinking, scared a few people suddenly shivered.

“Jade Bingzhu! Slow strategy! Good you George Han!” Lu Ruoxin’s eyes flashed a cold light, but then there was another sneer: “It’s really the man I like, call the city, open the door.”

“Yes!”

Several people nodded hurriedly, turned to the side of the boat, and then picked up the horns on the boat and blew them to the sky.

As the whine shook the sky, soon, there was a big movement in the desert, and the castle of the desert city slowly appeared again.

Chi Meng hurried up from the second floor of the ship. Lu Ruoxin had a look in her eyes. She immediately understood that she stood still, nodded respectfully, and watched Lu Ruoxin slowly walk off the ship with a group of entourage.

After that, when Lu Ruoxin and the others officially entered the city, Chi Meng waved his big hand, turned around with Huazhou, and walked slowly towards the Central Plains.

Although Lu Ruoxin was missing from the Huazhou, there was an extra corpse on the way back.

In the desert city, the Lu family eldest lady came and exploded the big city that had just fallen into peace because of George Han's departure like a blockbuster.

Inside the Fang family mansion, he was busy again to welcome Lu Ruoxin.
