

His True Colors Novel Chapter 2868 - 2869

Chapter 2868

George Han turned up from the bed, opened the door all the way up to the deck, looking at the desert like the night, then slowly sat down in the attic, about to reach out and pour a cup for himself Tea, a jade hand has been stretched out, holding up the teapot and slowly pouring a cup for George Han.

George Han smiled slightly: "Senior Sister."

"Worried about any changes?" Qin Shuang said, pouring himself a glass, and sat next to George Han, looking around, except that the starry sky was brighter. What's the clue? !

George Han tasted a sip of tea, smiling and not talking.

Qin Shuang looked at this guy strangely, waiting for his answer.

"Always a little restless." George Han smiled bitterly and looked at Qin Shuang, "Seeing that you are in a good mood. Did you apologize to

Amelia Su?" Qin Shuang nodded, and the beauty of Bingshan showed a slight faintness at this moment. Smile.

The guilt that has been accumulated in my heart for a long time, when I really say it, I am forgiven by the person involved, this feeling is naturally relieved, and I even feel that the sky above my head has become a few points brighter.

George Han smiled slightly and nodded.

"She was a little thin, but with the feast of love that you personally made by your daughter, she has a good appetite today. I'm afraid that she can get fat after waiting out of this desert world." Qin Shuang laughed softly.

With her cleverness, she naturally discovered the clues of the two when she saw Amelia Su, but George Han didn't mention it, and Qin Shuang didn't intend to say anything, but instead conveyed some of his concerns for George Han in another way. problem.

George Han nodded, picked up the teapot and filled it with Qin Shuang, and then smiled: "It's not because of Miss Su."

"I never mentioned that lady." Qin Shuang smiled and picked up the teacup that had just been filled. Pico entrance.

For George Han, Qin Shuang naturally understands that empathy will never happen to him. In other words, Qin Shuang is still very confident in himself, even he can't make George Han change his heart, let alone other people! !

Although the beauty of that Miss Su is not inferior to herself, although her temperament is equally outstanding, even though she is gentle and well-knowing.

"Is there someone in the heavenly book?" Qin Shuang suddenly changed the subject. George Han frowned, wondering what Qin Shuang was talking about. However, before he spoke, Qin Shuang first sealed George Han's mouth: "I said, not us."

George Han For a moment, but then nodded, Senior Sister Qin Shuang was naturally someone he trusted, but he didn't know why she suddenly asked this, or how she noticed it.

"After we stayed in the celestial book for a long time, the entire celestial book became extremely hot for a long time. Even if all of us joined forces to resist, it would be difficult to resist the result of being melted."

"However, the critical moment. , Suddenly an extremely huge white mist appeared in the mid-air of the book of heaven. It was the existence of these mists that the terrible heat finally subsided, and we could barely escape from the danger."

Hearing this, George Han patted his head and scolded himself secretly.

This heat, almost no need to think about it, must have been caused by being caught in the supreme fire at the beginning.

Although there is no cave in the sky book, the body of the sky book is always on my body. When I am surrounded by fire, although the treasures such as the sky book will not be melted, the temperature inside...

Thinking of this, George Han regrets it. After all, he was so negligent for a while that he neglected such an important matter.

As for the person Qin Shuang said, George Han believed that this should be the man and beast he released from the heavenly book in danger.

"But I always feel that this person is not a phantom from the heavenly book, but... another person. Because the breath of white mist is completely different from the breath in the Bafang world." Qin Shuang shook his head.

"Another person?" George Han frowned upon hearing this.

In the book of heaven, except for the book of the Eight Desolations, all people and things must have been brought in by himself. Apart from that, there is no one else, but now Qin Shuang said that there are other people?

How can this be! ?

“The breath of white mist.” Speaking of this, Qin Shuang suddenly looked at George Han very seriously: “Seems familiar.”

“Do you remember, the top of Qishan?”

Chapter 2869

George Han suddenly felt extremely unbelievable, and blurted out with Qin Shuang almost at the same time: “Old man sweeping the floor!” I was

able to meet with Senior Sister Qin Shuang at the top of Qishan, and There may be only one person who can resist the so-called supreme fire with his own ability, and that is the old sweeper who taught himself.

But one thing that George Han didn't understand was that even though the old man who was sweeping the floor knew the book, they often stayed together when they helped him reshape his body.

But the essence of the question is, how did he enter the heavenly book without knowing it? !

Moreover, conceal it and haven't found it yet?

What is his purpose for staying in the book of heaven?

A series of questions suddenly rose in George Han's mind.

Qin Shuang said slightly: “If you have time, you'd better check it, I'm not sure if it's him.”

George Han nodded, he will definitely check this out, but the top priority is not now, because he said In the end, the sweeping old man didn't have any malice towards him, but at the moment, another thing was approaching him with danger.

Almost at the same time, the two stared at each other. With George Han's hand, the Skyfire Moon Wheel appeared immediately, and Qin Shuang's Demon Sword appeared, and without thinking, he went directly to the cabin.

The tacit understanding with George Han and the understanding of George Han made it hardly necessary for George Han to say that Qin Shuang knew that the biggest thing she could help George Han was to protect Amelia Su.

boom!

Suddenly, the hull shook violently, and everyone in the ship shook suddenly. Those with a lower repair base were even thrown out on the spot and hit the hull heavily.

Su Yan and Luzhu heard the movement and hurried out of the house at this time. The two women almost subconsciously ran all the way to the bottom of the dock.

Almost all the bottom layers of the dock are craftsmen, which not only ensure that a certain amount of the ship needs to be manufactured and produced, but more importantly, ensure the travel and direction identification of the entire ship.

For the entire Huazhou, although the bottom of the dock has the lowest position in the Huazhou, it is the heart of the entire Huazhou.

Unexpectedly, the two women carried energy in their hands, and then quickly released the method. After all of them were temporarily stabilized, Su Yan's servants and maids also rushed over, and they released a huge force again. Yes, it protects all the craftsmen like a sponge. Often walking in the desert, it is inevitable that they will encounter various critical situations, and the women can handle them with ease.

At almost the same time, the pangolin suddenly ran onto the deck and went to help George Han.

Qin Shuang had already arrived in Amelia Su's room from the attic. Amelia Su was also obviously frightened because of the sudden violent shaking. He held Han Nian tightly and was about to go out.

Seeing Qin Shuang, Amelia Su said anxiously: "Senior Sister, what happened?"

Qin Shuang held a long sword and shook his head: "I don't know."

Amelia Su looked worried. Seeing that there was no one behind Qin Shuang, she thought for a moment. ,

She still said: "Three thousand." Although Luzhu privately told herself that the boat was George Han after getting on the boat, Amelia Su did not have any resistance in her heart. She did not love Han. Three thousand, just...

"I don't know, but..." Qin Shuang's face was slightly taken aback when he said this.

Hearing this, Amelia Su's whole face was as paperless for a while, and there were even tears in her eyes when she looked at Qin Shuang.

"We were drinking tea, and the boat suddenly shook violently, and then three thousand he...he was thrown out of the flower boat."

"What?!" Amelia Su heard the news, and the whole person was about to go crazy immediately. Ran out of the cabin.

Qin Shuang grabbed Amelia Su's arm, and then shook his head at her: "The situation is urgent. Three thousand will deal with it. I will come down to protect you."

Amelia Su was taken aback. This reflected that Qin Shuang was only deliberately testing herself with a slight face. No, I don't want her to see her worried appearance. When her emotions stabilize, Amelia Su said softly: "Senior Sister, I can take care of myself and Nian'er. You can help

George Han ." Qin Shuang smiled and looked at Amelia Su: " Since you are so nervous for three thousand, why bother with him..."

Amelia Su raised her head, looked at Qin Shuang, and stopped talking for a while, but almost at this time, a more violent shaking followed.

boom...
