Chapter 2886

“What are you doing in a daze!? Go!” Green Zhu hurriedly yelled, and then forcibly pushed Amelia Su all the way down the cabin.

Amelia Su was confused, because she knew very well what the signs in front of the people in black represented, and what it meant!

Her heart was like being hit by a stuffy stone!

On the deck, in the attic, the fight was fierce.

George Hanyi took the lead, like a tiger descending the mountain, the sword and the soul of the sword rose under the Seventy-two Divine Sword!

Naturally, Qin Shuang's force was not as brave as George Han. Facing the attack of a dozen people in black, relying on the practice of the Zhenyao Divine Sword for so long, he was able to cope with it for a while.

But what obviously troubled them was that more and more people in black jumped into the boat like ants, so that the two of them killed one and fell down, and the others were continued.

In terms of the size of the Huazhou, it is so large that the deck alone can contain a thousand people, but now the deck is crowded, and it is even more imaginable how many people in black have come.

What's even more desperate is that the people in black are still madly influx from the outside.

George Han threw out the sky fire moon wheel, barely squeezing out the space, and looked into the attic.

There was still a sea of people in the attic, and it was vaguely visible that Qin Shuang persisted at the entrance of the attic to the cabin.

“Fuck me, get out of here!” As soon as the voice fell, George Han's energy suddenly exploded, directly stunned the people in black who were several meters in radius, and then George Han leaped one by one with the jade sword. After opening the way with the Skyfire Moon Wheel, and flying directly into the attic, after the number of swords cleared the people almost, they finally merged with Qin Shuang.

At this time, Qin Shuang is already sweating, and these people in black are quite good, although for people with high cultivation skills like Qin Shuang, it is not a problem to deal

with dozens or even hundreds of them in one breath, but if it is With a steady stream of hundreds of people, that's completely different.

"It's okay." George Han asked Qin Shuang anxiously while guarding Qin Shuang behind him.

Qin Shuang panted and gritted his teeth: "I'm fine."

"You go down first and hand it to me here." After George Han finished speaking, he pushed Qin Shuang directly to the stairs, squeezing the chaotic air in his hand and blasted directly towards him. The man in black in front of him. "Three thousand, I'll be with you!" Qin Shuang was unwilling to leave.

"You go help me take care of them in Amelia Su, I have no problem."

Although the Huazhou is very sturdy, and the only entrance to the cabin is the attic, the Huazhou is made by the Fang family, and George Han is worried. There will be something the other party has missed.

Seeing George Han's sincere eyes, Qin Shuang nodded and withdrew back to the cabin.

With no worries about Qin Shuang, and Qin Shuang can protect Amelia Su, George Han is completely free of restraints, and with a sudden movement in his hand, the eight golden bodies are directly pulled away!

In the next second, fight frantically with the men in black who are constantly swarming up!

For a time, weapons ping-pong, screams and roars were endless, and in the attic that was safe and sound, the shadows of swords, lights and swords flew everywhere!

George Han stood at the entrance like a door, with one man acting as the gate, and Wanfu not opening.

"It's the Fang family, senior sister, it's a member of the Fang family."

Amelia Su, who returned to the house on the second floor of the cabin, was still in shock on her face. Seeing Qin Shuang's return, she said suddenly.

Fang family? !

"The Fang family is the most powerful in the desert world. There are tens of thousands of soldiers under them. What's more, the Liu family, another big family in the desert world, often messes with them! There are many elites in the two families, no... not good. Deal with it." Su Yan explained that Qin Shuang didn't know the situation in the desert realm.

Hearing this, Qin Shuang frowned: “No wonder the people in black are endless on the deck...”

Amelia Su’s complexion sank, the people in black? At this time, she paid attention to Qin Shuang’s body at the same time.

Qin Shuang, dressed in white, was already dyed red with blood. Think about Qin Shuang

’s behavior , and think about George Han who is still on the deck, and even only himself is left... Suddenly, Amelia Su made a move that made Qin Shuang incredible and shocked...

Chapter 2887

“Bang!”

With a loud noise, Qin Shuang hadn’t reflected yet. Amelia Su was already kneeling heavily on the ground, tears in her eyes.

Qin Shuang was anxious and quickly bent over to pull Amelia Su up, and said anxiously: “Amelia Su, what are you doing?”

Amelia Su was not moved at all, but looked at Qin Shuang with tears in his eyes!

Qin Shuang couldn’t do anything about it, and he simply knelt in front of Amelia Su: “Amelia Su, what’s the matter?”

“Senior Sister Qin Shuang, Amelia Su has never asked for help. Today, Amelia Su wants to ask you to help Amelia Su. Matter.” Amelia Su said bitterly.

“You want me to help Three Thousand, right?” Qin Shuang said.

She also wants to help, but she also understands better that protecting Amelia Su is the greatest help to George Han!

Amelia Su shook her head unexpectedly, looked at Qin Shuang, and said, “I want Senior Sister to send me out.”

“Send it out?” Qin Shuang was surprised.

Amelia Su nodded: “Since the visitor is from Fang’s family, it is obvious that the other party is coming for me. Actually, I am not very surprised about this.”

Su Yan did not speak, at least she could not refute Amelia Su’s point of view. .

As a witness to the incident, Su Yan also knew that the Fang family was likely to find a way to retaliate.

After all, Fang Kun died tragically and his daughter-in-law was also robbed. Although the Fang family might have been shocked by George Han's might at the time, the anger in his heart waited until George Han left the city. They had no worries to retaliate. It was normal.

Looking at Amelia Su so seriously, and looking at Su Yan again, she was silent. Although Qin Shuang didn't know what happened, he knew that what Amelia Su said was true.

Qin Shuang also began to understand that Amelia Su was always guilty of being attacked by George Han, and even jumped off the boat and left.

She was afraid that she would hurt George Han!

And now, the same is true!

"You want me to hand you over to the other party quietly, even, don't you know about 3000, right?" Qin Shuang said bitterly.

Amelia Su nodded.

"Then if George Han knew about this, guess he would kill me?" Qin Shuang said.

Amelia Su was startled, but the next second she shook her head: "George Han has already regarded you as a close relative. I know George Han best in this world. Either you will never be able to enter his heart, or once you enter his heart, He will love endlessly." "So what? Three thousand will never want to talk to me in this life, right?" Qin Shuang smiled bitterly.

"But this is also for the safety of the three thousand. As Miss Su said, the Fang family is crowded with thousands of people, plus Liu's words, it is even more crowded. Under such circumstances, you let three thousand one What is the difference between someone staying there and letting him die?" Amelia Su said anxiously.

Qin Shuang smiled coldly: "Amelia Su, you still know George Han best for what you said? If you really know him, then you know better than anyone else!"

"George Han would rather die outside in battle. I am absolutely unwilling to give you up!"

"You have gone through a lot of hardships. It shouldn't be you who said this!"

"Just because we have experienced so much together, I know that living How important is Three Thousand! He has outstanding talent. If he can develop safely, who can predict his future?!" Amelia Su replied calmly.

“Senior Sister Qin Shuang and Miss Su should be very clear about this, right?”

“But my existence will only continue to threaten his life as he grows, and a rising star in the future will be caught in the middle. Don’t you feel a pity for destruction?”

“If you stay with the green hills, you will not be afraid that there will be no firewood, Senior Sister!”

“Today’s hardship, isn’t it a kind of growth experience?” Qin Shuang frowned.

“But this kind of experience should also be divided into seriousness. If it continues to bring death threats, is it really a perfunctory experience?” The

two competed and each had their own reasons. Su Yan was stuck in the middle, not for a while. Know how to speak.

But almost at this moment, a strange smell suddenly struck, and at the same time, a great pressure came quietly. The three women looked at each other in shock, and couldn’t help but looked at the ceiling above their heads with worry, George Han. The direction...
