Chapter 2912

But just as Qin Shuang was about to kiss George Han's chest gently, suddenly, after a trace of blood flashed in her eyes again, her brows wrinkled fiercely, and then her hands Holding his head, bursts of intense pain appeared on his beautiful face, and the red light on his body began to loom!

She endured the seemingly extreme pain, her right hand suddenly condensed two fingers, and then used her last strength to put a little bit on her chest, and her body suddenly became red, and her whole body was suddenly weak, and she fainted in George Han. Thousand's body.

One night passed, the sky was clear, and the overnight cleanup on the deck had already come to an end, and the early peace was restored.

However, without the orders of George Han or Qin Shuang, Su Yan still did not open the door on the second floor.

At noon, Su Yan couldn't help but want to ask Qin Shuang, but what happened was that George Han's door was locked, and she had no choice but to find Amelia Su.

But Amelia Su was in a bad mood, and the only one who spoke was to ask Su Yan when the people from the Su family would arrive. After Su Yan replied, after the Su family members had already waited at the desert border, Amelia Su never said anything.

This made Su Yan extremely depressed, and I don't know what happened to each of them on this ship.

However, doubts turned to doubts. After two days of traveling, Huazhou could reach the border of the desert world by traveling for one more day and one night. Su Yan didn't think so much, and went to the bottom of the dock to help.

One afternoon passed quietly.

When the sunset came down, Su Yan was a little anxious. While ordering Huazhou to move forward quickly, she wandered around the entrance of George Han from time to time, or listened to whether there was any movement in the house, but what made her even more anxious was that, There has been no movement in George Han's room all day.

The night is approaching. If George Han hasn't moved yet, what should he do if there is another enemy attacking him? ! What's more, Su Yan also worried about George Han's safety.

Although George Han didn't say anything else last night, with Su Yan's IQ, after contacting Qin Shuang to enter the house, she had already guessed that George Han might have been injured, and the injury should be serious.

But just when she couldn't help knocking on the door, suddenly there was a burst of noise in the house. Even though the voice is so subtle that ordinary people can't hear it, Su Yan is just right.

After listening carefully, it was George Han's voice. Su Yan finally let out a sigh of relief before returning to the bottom of the dock to help.

In the room at this time, the sound Su Yan heard was basically unknowing to George Han himself, but it was just a murmur that suddenly awakened after being in a coma for a long time.

Opening his eyes in a daze, George Han felt that his whole body was rusty against the Buddha. The severe pain in his whole body extended all the way from the surface to the bones, and the body seemed to be overwhelmed by something. The blood was not flowing so that it was a little bit. paralysis.

He opened his eyes in a daze, still in his room, but when he lowered his eyes again, he suddenly saw Qin Shuang who was riding on him but lying on his chest, and George Han was suddenly big. Shocked, the whole person was like an electric shock, completely ignoring the pain and numbness on his body, and suddenly withdrew and retracted.

Because Qin Shuang's head suddenly disappeared, he slammed the entire bed on the bed, abruptly slamming...it's

always been the only one who pityed and cherished the beauties, but it was the first time that George Han made such a fierce work. See.

Because of the severe pain, Qin Shuang at this time also rubbed his eyes and touched his aching head, and woke up faintly.

At this time, George Han, already shrank in front of the bed, looked at his shirt that had been untied, and quickly glanced at his pants in panic!

No way? !

George Han tried his best to recall the previous events, but he felt a headache, and couldn't remember for a moment whether he had ever had something like that with Qin Shuang.

At this time, Qin Shuang also slowly raised his head, looking at George Han's disheveled clothes, and then lowered his eyes to see that the belt he tied around his waist was also flying away, his entire beautiful face There was also a hint of panic, and he looked at George Han, who had already opened his eyes wide, unbelievably!

The eyes are facing each other, so shocked!

The two of them stared with small eyes like this, and at almost the same time, they each covered their chests and stepped back beside the bed...

“We?” George Han opened his mouth, pointed at himself, and pointed at Qin Shuang... ..

Chapter 2913

Qin Shuang was stunned for a moment. The next second she tried her best to recall everything that had happened before. While taking a breath, she was very disappointed: “It seems... as if not. “After

hearing Qin Shuang’s words, George Han finally let out a sigh of relief.

Seeing George Han look like this, Qin Shuang’s disappointed heart became even more disappointed for a while. I am afraid that thousands of men will sigh and nothing has happened to him, but for George Han, it is a kind of rejoicing.

Isn’t this a kind of sorrow for Qin Shuang himself? !

Reluctantly squeezing out a smile, Qin Shuang opened his mouth: “Seeing you are so nervous, what if we really happen? What will happen to you?”

George Han quickly got up and put on his clothes, and replied: “Except I apologize for death, what else can I do? I’m sorry for you, and I’m sorry for Amelia Su.”

Seeing George Han’s answer with extreme earnestness, Qin Shuangfang heard his heartbroken voice.

Maybe, if that happened, he would really die to apologize!

“By the way, you are obviously healing me, why did I faint?” George Han frowned suddenly: “I suddenly remembered that you can give me a potion. At the beginning I still felt good, but suddenly This Dao can really become very irritable. Not only did it not help me to repair it, but it still smashed in my body, so that I...”

Thinking of this, George Han suddenly frowned: “Senior Sister, what happened to you? “

Qin Shuang shook his head: “I don’t know, but every time...”

When it comes to this, Qin Shuang is unwilling to continue. In fact, when he was fighting pangolins in a small village, Qin Shuang faintly felt that his body was wrong. , It seems that every time you use your full strength, a strange energy will suddenly be produced in your body, which will make your body hot for a while, and even fall into a coma completely due to excessive heat.

But this kind of coma is just a kind of coma that Qin Shuang admits to himself, because every time she wakes up, her position seems to be close to before she fainted, but it doesn't seem to be completely right.

Just like Zhi George Han, if she faints, she should be by the bed, but it doesn't seem to be on the bed or George Han's body.

"When you were with Lu Ruoxin, what did she do to you?" George Han asked Qin Shuang was injured, and George Han wanted to be treated, but all failed. Fortunately, she has been adjusting her interest rate for so long, and Qin Shuang herself hasn't had a big problem, so George Han didn't care too much.

But now, Qin Shuang seems to have another problem.

Qin Shuang shook her head. She couldn't remember what Lu Ruoxin had done to her, or that Lu Ruoxin seemed to have never even seen her from beginning to end.

"If you can't remember it, you don't need to think about it." For Qin Shuang's safety, George Han didn't want her to continue thinking about it.

"You just woke up, would you like something to eat?" Qin Shuang blushed and fastened his belt, then asked George Han.

George Han shook his head and calmed his mind: "No, go back to the house first, I will adjust it by myself."

"Oh." Qin Shuang's eyes flashed with disappointment, nodded, and walked out.

And George Han was no longer idle, returned to the bed and sat cross-legged, and entered the default pranayama.

When the heavens revolve, the chaotic qi in the body and the five-element divine stone in the body are slightly circulated, internally repairing the meridians, and externally regulating the body, for a time two-pronged approach, and the body is full of long black and gold qi.

An hour passed.

Two hours passed.

When the time has entered the dark night from dusk, the injuries on the surface of George Han's body have been basically repaired, and the speed of the black gold airflow on his body has also begun to slow down. However, just when George Han was about to open his eyes, at this time But the voice of the magic dragon rang in his head.

"When you were in a coma, you almost got what happened to your senior sister, isn't it a pity?"

George Han was depressed when he heard this, and rolled his eyes: "Don't talk nonsense."

"I'm not talking nonsense. Lao Tzu that girl has lived such a long time, and she must be praised for being the best of the best. It's a pity that this old saying is so good, beautiful women are all prickly, beautiful women are troublesome." Molong smiled. road.

George Han was lazy to deal with this stuff, trying to directly shield him from retreating from consciousness, but listened to the magic dragon, and said faintly: "This red light on this woman looks extraordinary, even you George Han Qian Ye got the move along with him, don't you want to know about it."

Upon hearing this, George Han stopped immediately: "What do you mean by this?"
