

His True Colors Novel Chapter 2934 - 2935

Chapter 2934

fell off, that pair of disgusting hands was gone.

Amelia Su instinctively hid behind her, but she also knew that there was a counter behind her, and even if she quit, there was nowhere to go.

However, just when the big hands were about to approach Amelia Su, suddenly, it stopped steadily.

Toad frowned and tried hard, but his hand still stayed there, not moving at all.

When he raised his eyes, he saw George Han at this time, a hand that was much smaller than him, and his arm was stuck tightly.

“You fucking dare to fight back?” Toad was angry. Unexpectedly, at this meeting, someone would dare to stop him, and the thing that shouldn’t be done was this waste that had been poisoned by him.

“I’m going to your mother.” With an angry shout, Toad directly raised his hand and tried to fend off George Han.

It’s just that, with such a block, George Han who grabbed his hand didn’t even move at all!

“Oh? Are you so fucking fun? I killed you.” As soon as the voice fell, Toad directly lifted his foot and kicked George Han.

As George Han hid slightly, only to hear a boom, the counter next to George Han was directly kicked out of a big hole.

When George Han looked back, the leg kicked out by that guy had already retracted.

Speed and strength are both good hands.

Unfortunately, it was precisely in these two aspects that they met the stronger George Han.

Just with a move of his hand, a punch hit the toad’s strong muscles. With a muffled groan, his body suddenly retreated a few steps before he slowly stood firm.

Seeing this, several monsters ran over on the spot.

Toad waved his hand and signaled that he had no problem: “Huh, fight with me, he has been poisoned by me, and he can’t hold it for a long time, toad magic!”

As soon as the voice fell, the product suddenly fell on the ground like a toad. The face and cheeks expand, shrink, and expand in an instant!

“Haha, this kid, annoyed the toad. This toad has magical powers to fly to the sky and is omnipotent.”

“Isn’t it, before being poisoned to death, I have to be beaten so violently by the toad. I think this kid feels for him.” Poor.”

“Hey, it’s tragic.” several demon mobs chuckled softly and said sympathy, but their eyes were full of jokes.

George Han shouldn’t at all, just like watching a jumping clown, looking at the somewhat disgusting toad lying on the ground.

“Qua!”

With a toad cry from his throat, the next second, his whole body flew up like a spring. Everyone raised their eyes on the roof, but only black shadows ran across the roof, unable to lock the roof at all. His specific location, only knows that he is attacking George Han.

The extremely fast projectile speed, coupled with the speed of leaning down from the sky and the indistinguishable position, may be as difficult as reaching the sky for others, and even fall into a panic and bewildered.

But for George Han, he even took a lazy look, just staring indifferently at the front, as if nothing had happened.

“Fuck, stinky waste, you dare to despise me, I want you to pay the price! Toad magic first style!” On the

roof, the toad drank coldly, and the next second his body slammed on the roof at a very fast speed. After a few strokes, he increased his power and rushed straight down!

The speed is staggering!

Almost at the moment when the toad rushed in front of George Han, George Han over there just raised his leg suddenly, and then cheated down!

“Bang!” There was

a loud noise, followed by dust billowing!

Toad’s huge body was hit by a leg and hit the ground heavily!

“Wow!” A

mouthful of green blood spurted out of his mouth, and the toad was stunned, feeling the stars in his eyes.

However, how could he be willing to insult him so much, a trace of cruelty flashed in his eyes, and he shouted angrily: “The second way of toad magic!”

In an instant, he saw his body spinning wildly at three hundred and sixteen degrees, and in the next second, he bounced off again, and then dived again at an extremely fast speed!

“Fuck you.” George Han didn’t even move while standing still, but when he lifted his foot, he kicked directly into the abdomen of the swooping toad.

“Boom!”

A huge body soared directly into the sky this time, slamming into the ceiling of the roof...

Chapter 2935

Is not visible, only to hear a voice that is both painful and extremely angry from the huge hole smashed out of the roof.

“The third style of toad magic!”

Wow!

In the shattered roof, another divine shadow rushed out!

Immediately afterwards, the toad’s figure quickly rotated crazily in a circle around George Han.

When the speed reached the peak, there were four toad figures beside George Han, but just after these four figures, the other figure quietly retreated.

Then, he suddenly killed Xiang George Han.

Little Phantom, it might be useful to change it to someone else, but to George Han, it was just a fart. Almost as soon as the real body of Toad was withdrawn, George Han had already kept it all in sight.

As the goods rushed, George Han remained motionless, only when he was about to rush to George Han, George Han slapped his backhand.

“Oh, mother!”

Bang!

It seems to be just a slap, but hitting the toad is like the top of a mountain. The rampage on the spot is changed to a straight fall, and then it hits the floor heavily! !

“Ah!!!”

“Fourth style of toad magic skills!”

“Fourth style, right?”

“Bang!”

“Toad...”

“Fifth style, right?” The

dust billowed, and there was a burst of noise, and all the monsters were dumbfounded. I can hardly believe my eyes.

There is no such thing as imagined that the magic of toad flies into the sky, killing the enemy invisible, on the contrary, the toad under the magic of toad, like a stinky ball, was beaten by George Han with left and right kicks, left and right punches. Dizzy, staring at Venus.

What the hell is it to torture and kill others, this is obviously to be played as a chick by others.

Also just brilliant toad, this time it has been disgraced, and again as he or she does not know how many times on a hit inside the ruins, he barely struggled up: “clam

word was out of a , Looked up in despair, but saw that George Han was already squatting beside him, and the clam word was also abruptly broken in his mouth.

“What style is it?” George Han said softly Toad panicked. Although his face was pretending to be strong, it was obvious that his mentality had fallen out of the sky a long time ago. It was the eighth formula, but he bluntly did not dare to speak.

Because at this time, he had already discovered that what a fucking ghost toad magical skill, it was not used to kill the enemy at all, it was completely upside down, and it was used by the enemy to beat himself.

In the first seven poses, I was beaten seven times, and I didn't have any tears when I wanted to cry.

The crowd was very quiet, even a few timid, or the loudest yelling just now, it was already you who gently pushed me down, I gently pushed down you, the soles of my feet felt like oil, and they moved quickly. Retreated outside.

Even the toad was beaten, and even my mother almost didn't know him. How can their gang of young men dare to compete with George Han? Don't slip away at this time, when will you stay? !

"Why? You were arrogant just now, why don't you speak anymore?" George Han squatted down, but it was just this movement, but the toad retreated abruptly as if he lost his soul.

Arrogant? !

This toad said it no longer exists, or how arrogant it was just now, how dogged it is now.

"Hey...hey!" Toad said with a smile, and was about to take off embarrassingly for a while.

However, it seems that there is only this method right now, which may be able to barely calm George Han's anger.

"You smile so ugly, hasn't anyone told you?" George Han frowned slightly.

Upon seeing this, Toad's smiling face suddenly revealed the most true emotions, and wanted to cry!

It's just that this crying and laughing look is really ugly in the ugly: "Master, I...I was wrong, I was wrong."

"Wrong?" George Han smiled and shook his head: "You are so Arrogant people should never be wrong."

"By the way, didn't you just want to reach out and touch her?" George Han turned sideways slightly, letting out his gaze so that Toad could see Amelia Su.

But as soon as he saw Amelia Su, George Han's words made Toad's liver and gallbladder split on the spot...
