

His True Colors Novel Chapter 2936 - 2937

Chapter 2936

“Which hand is coming?”

Which hand? !

Toad immediately stretched out his right hand subconsciously, because just now, he wanted to touch Amelia Su with his right hand. This is not toad's honesty, but the most tangible move under fear.

It's just that the moment the hand just stretched out, Toad's liver and gallbladder burst...

Which hand?

Isn't this the rhythm of which hand is stretched out and which hand is lost? !

After the reflection, Toad suddenly panicked.

Toad magic is the foundation of the body. If you don't have your hands, how to use this toad magic? ! If it can't be used, there will only be one ending in a place where the devil races the weak and the strong!

die!

In the Mozu, no one will give a disabled person any living space, all it brings is bullying.

And bullying is death!

“Master, no...no, I'm wrong, I'm wrong, I'm wrong, okay?”

“Okay.” George Han smiled calmly: “However, I want to ask you if it's someone else. If you beg you like this, will you let him go?”

Toad's face is cold, if others beg him like this, will he let others go?

Of course not, even he would only kill him more ruthlessly and mockingly!

Thought here, Toad hurried directly to South Korea three thousand knock his head from:
“I will, uncle, I'll let him, seeking a way out uncle to me, after after I no longer dare recklessly”

words After that, he kowtowed his head desperately, without stopping in the slightest.

“Put down your right hand, you can go.”

George Han finished speaking coldly and got up slightly.

A bite, it seems toad under a lot of determination: "Well, sooner or later are to repay the mix, but the hand is nothing, at least I'm not dead."

"I give you!"

After saying that, a direct toad With a volley, he grabbed a big knife from someone else's waist, raised the knife, closed his eyes, and slashed.

The female generals Su Yan turned their heads to one side and couldn't bear to look straight. At this time, George Han also turned slightly and walked towards Amelia Su.

He has no interest in these, because he himself has no interest in hurting or killing people. It's just that this guy is really too much, and he has provoked himself again and again, especially when he stretched his hands to Amelia Su here, Han How can three thousand not be angry? How could you not teach him a little lesson? ! However, just as George Han turned around and was about to leave, Toad's closed eyes slowly opened at this time. There was no softness like the previous wagging tail, some only left cold. Cold insidious.

He slowly moved his gaze to the tortoise on the other side again, and the tortoise's gaze was fixed on his side.

The two exchanged their eyes, and then nodded to each other. The next second, the two figures suddenly attacked George Han.

"Three thousand be careful."

Headed by Amelia Su, several women shouted anxiously at almost the same time.

George Han frowned. Even if they didn't need their reminder, he knew that behind him, there were two forces that really hit him.

Once, twice!

George Han always gives these people opportunities, but these people not only don't cherish them, but even more nasty sneak attacks!

He shook his head helplessly, enough, enough, everything is enough.

"Since you don't want to live, I'll send you to the west." He bit his teeth, killing his heart.

Almost when the two rushed behind George Han, George Han didn't even turn his body, and didn't even move a step with his feet. With a cold drink, his true qi suddenly burst from his body, and he only heard "Om." "With a sound, the two rushing toads and tortoises instantly hit an iron wall, and then a violent burst of indignation came from

George Han's body. The two didn't even understand what was going on. The body has been directly rebounded for a few steps, retreating heavily to the ground.

"Wow!"

A group of monsters opened their eyes wide.

For them, the toad and tortoise man's raids were already fierce enough, almost a sure blow, and George Han did not dodge, and even handed his back to them all the way, which was equivalent to seeking death.

But who can imagine that the outcome of things is not what they thought? !

On the contrary, Toad and Turtleman were directly bounced back!

The toad and the tortoise who came back looked at each other, and in the next second, the duo's eyes were again ruthless, and they suddenly raised their eyes to look at George Han.

At this time, George Han slowly turned around, and his faint eyes were filled with deep coldness...

Chapter 2937

"Brother, come on!" Toad snorted coldly, and in the next second, he took the lead in blessing and rushed towards George Han again.

The Turtleman over there was also unambiguous, and with an acceleration, he suddenly attacked George Han.

Although Toad was defeated, his strength was still there. Although the tortoise shell was gone, the only thing he lost was defense. He was still intact on the offensive.

As the two attacked George Han together, the entire room was lit up for a while, the energy moved slowly, and the air pressure dropped steeply.

Happiness!

Almost at the same time, the surrounding tables and chairs trembled violently, and the floor cracked wherever they passed, which was enough to show how powerful they were at this time.

"The eighth form of toad magic."

"The power of turtle waves."

Boom!

Raid left and right!

Two huge energies blasted straight out.

“Although this kid has the absolute upper hand just now, it is a pity that he calculated a wrong move. The toad’s attack itself is strong enough. In addition to the invincible defense of the tortoise, this turtle man also has a certain offensive power. That’s all, let them join hands.”

“Bodhisattva-hearted people are destined to end badly. I hope this kid will be clear in his next life. To be kind to the enemy is to be cruel to himself.”

“I feel sorry for him. The girl who is so fucking beautiful, it’s a pity that she followed an idiot.” In the

killing world, there is no mercy, and no one will appreciate your pity, because compassion is in their eyes, that’s an idiot. Some behavior.

And George Han was this fool.

To be precise, George Han was softhearted. In his eyes, even though a few people molested Amelia Su had made him furious, it was enough to remove one arm if the crime was not deadly.

But I don’t know, these guys are almost the same as the original Liu Gongzi, with bones in the back of their heads, and they don’t know how to advance or retreat.

At this time, facing the vicious and vicious attack of these two men, a glimmer of coldness flashed in George Han’s eyes. The next second, his fists clenched, the sky fire gathered in his right hand, and the moon wheel gathered in his left hand.

“Bang!”

A right fist was suddenly directed at the toad that struck, just as if he had just used the toad magical power to hit him, suddenly he punched him crookedly to the wall dozens of meters away, and the whole wall cracked. , The toad fell heavily to the ground. painful, extremely painful, even because of the blessing of the sky fire, the chest of the fist in the toad was burned in darkness, and his mouth vomited blood, but there was no pain at all on his face. On the contrary, There was still a slight sneer.

He was beaten almost as expected. He never expected that he could beat George Han suddenly.

What he wants is to make a noise!

“You can hide from the left, do you still have the ability to hide from the right?” With a wicked smile, Toad’s eyes were bright.

The Turtleman is extremely fast, and his attack is not bad at all. He pretends to attack George Han's left, which will inevitably make him unable to resist the right with the loss of the other.

Although he seems to be more ferocious on his side, it is the Turtleman who actually hides the ultimate move.

"You're not dead this time?"

Following the turtle man's gaze, on the right side, the turtle man has rushed to the far right of George Han, and at the same time, he suddenly struck with a spike in his fist.

"That's bad." Su Ziwu yelled anxiously, and the whole person was very worried.

The opponent was fierce, and at this time George Han had just repelled the toad, obviously there was not enough time to turn back and defend the tortoise man's attack.

Not only Su Ziwu, but even Qinglong and other good players, seeing this situation couldn't help but squeeze a cold sweat for George Han.

It doesn't matter how clever the tortoise man's offensive is, but based on the current form it has become extremely fierce, George Han's situation is extremely dangerous and deadly for anyone who has experienced many battles.

But is that really the case?

Perhaps, the whole world has this kind of thinking, but for George Han, yes, it is true that he attacked extremely well, but how could George Han not think of these before he started?

If he didn't have an IQ to think of these things, let alone an outspoken link with Ye Gucheng under the Wuzong Mountain, even on the earth, George Han would have already been battered.

It's just that it's one thing to think about it, and it's another thing to be willing or not to care about it.

And George Han, obviously belongs to the latter.

That's it? !

With a sneer, the suffocating limit operation appeared...
