

# His True Colors Novel Chapter 2944 - 2945

## Chapter 2944

black clouds are densely covered and pressed in layers, like a huge black hole condensed in the sky.

Below, an ancient and deep old city stands slightly.

The old city is old, and the dark brick body is under the dark clouds. It is even more dark and adds a bit of weirdness to the old city. In addition, the shape of the old city is like a fierce beast. The light was like wolf eyes gazing in the dark night, and it gave it a breath of horror.

When the man sneaked out of the city, the gate was not guarded, except that when the man arrived, the gate of the old city opened slowly and crunchingly.

The man didn't neglect, let alone amazed, and walked into the old city with ease.

In the old city, the rooms are extremely tall, and people walk inside like ants. Even though people in the land of the demons are at least a few times larger than ordinary humans, they still walk in them.

The city is deep, secluded, and even the faint fire jumping makes the city look extremely gloomy.

This person walked through the long corridor, and then stepped slowly up to the second floor. At this time, he finally heard human voices.

In the big room at the end of the second floor, he heard the laughter of several women, both sharp and full of desire. He lowered his head and walked silently in the direction of the sound.

In the big room at the end of the second floor, compared with the gloomy outside, although the house has luxurious decorations and gloomy lights, it looks even more gloomy.

Because most of the decorations in the house are all kinds of skulls, all kinds of beasts, or all kinds of human races, or all kinds of demons, they are hung in rows around the house. In the center of the house, a long rope was used to hang several female corpses from the roof that seemed to have just died. They were covered in blood and bruised all over. Obviously, they must have suffered all kinds of inhuman torture before they died.

In front of the hall, there is a large white furry carpet. In the center sits a big fat man weighing four hundred catties. His body is wide and fat, and he has reached the point where it is daunting and evil.

This person has a weird appearance, fat ears, big eyes, and a face full of flesh. The circles of fat on his body are like a swimming ring. It is not clear whether it is the leakage of grease or the liquor from the mouth, looking from a distance. , Is shiny and disgusting. beside him, several women dressed in fruit dew are gently cuddling beside him, welcoming them with smiles, or filling him with wine, or feeding him food, and Or gently massage his thighs.

At this time, the man finally came to the door and knocked gently.

The fat man's mouth was stuffed with food, and he let out an acknowledgment from his throat, the man walked in obediently, and then he obediently knelt down.

The fat man glanced at him, without even lifting his eyebrows, he took a spoonful of maggot-like and squirming food from the woman next to him, and chewed in his mouth with satisfaction, many living things like maggots. , And even crawled out of his mouth occasionally.

“What's the matter with me?” He chewed.

“There is good news, and there is bad news.” The man lowered his head.

“Say.” The fatty man whispered.

The man nodded: “The good news is that there is a big beauty in the city.”

Hearing this, the fatty man stopped chewing, he was taken aback, and then slowly sat up: “How beautiful is it?” “

The man raised his head slightly and glanced at the several women next to the fat man. Although these women are in shape, their skins are black, bronze, and other colors because of the relationship between the demons. But none of them have anything to do with Baixi, and it can't be beaten by a bomb.

As for the other aspects of equal length, and if he if not previously seen the beauty of the human family, he would think that a woman must belong to this group of good, but because of the beauty seen that, for this group of women, he thought .....

disdain smile, Said: “Compared with her, these women are all rubbish in rubbish.”

Hearing this, the fat man suddenly became angry. After all, these are the women he is playing with, and they are so ironic by his men. Naturally dissatisfied.

However, when he saw the confidence in that person's eyes, his anger instantly turned into joy.

“Okay, you have merit. Let me tell you the next news.”

“The toad and the tortoise man were killed.”

“What?!” Upon hearing this, the fat man was shocked, then furious, he got upright: “Who?”

## Chapter 2945

“I don’t know, a humanoid kid, seems to be called George Han.” The man lowered his head and said calmly.

“George Han?” Hearing this, the fat man was furious at the same time, but he was shocked: “You mean, a human kid killed the two of them?”

The man nodded heavily. “That kid looks ordinary, but it’s amazing. Whether it’s a turtle man or a toad, he can almost say that he has no power to fight back under his hand.”

“Doesn’t the turtle man have the hardest tortoise shell?” The fatty man said coldly.

“You may not believe it. When the man flew towards the sky and fell towards the ground, he smashed the tortoise shell into pieces.” After speaking, he continued: “The toad is also there. Obviously, he has successfully sprayed the poisonous gas. That person’s face, but it’s strange to say, that person is not only okay, but even...”

“Even what?” the fatty man said coldly.

“He just tapped two drops of blood and bounced them into the bodies of the toad and the tortoise man. At this moment, the toad and the tortoise man turned into two pools of blood.” Speaking of this, even now, the man still has a heart. There are lingering palpitations.

The fatty man frowned fiercely, and fell into contemplation for a while.

Just two drops of blood can cause the toad and the tortoise to die tragically. What kind of horror is this?

You know, in this Youming City, although the toads and turtle people are not their own capable subordinates, they are somewhat recognized by the fat guys for their skills and abilities, otherwise, they will never have their status.

Under the circumstances that this person said, it would be horrible to be tortured and killed like this!

“That extremely beautiful woman is the one carried by this Human Race man.” The man lowered his head even after speaking.

Hearing this, the fatty man frowned even more tightly.

Obviously, he already knew the root cause of the conflict between the toad and the turtle man.

“You mean...” the fat man asked slightly.

“In Youming City, everyone knows that toads and turtle people are your subordinates. They were killed. If you don’t have any response, what about your prestige in Youming City in the future?”

“I mean, anyway, our revenge is imperative. If the woman can be grabbed, is there any need for these vulgar fans?The

fatty man nodded, which made sense.

“The most important thing is that a man, no matter how strong he is, but in the end, but can’t get the most beautiful woman, what’s the use?”

If we say that the previous words are rationalizing for fatty men, so that he cannot refuse from reason. If that is the case, then the following sentence directly hit the fat man’s heart.

There are two great things in life, one is power and the other is sex.

Countless people have fought for it, and countless people have given their lives for it. Isn’t that the way it is?

Even Quan will eventually serve sex in the end.

But for a fat man, as he said, empty has its power, but even if you don’t know what a beautiful woman is like, how can it not be a pity in life? !

“Okay, according to what you said.” As

soon as the voice fell, the fat man suddenly raised his hand and knocked several women around him flying, exposing a small spar on the blanket, followed by a slight touch with his hand. , The spar slowly turns red!

What followed was the black cloud above the head of the entire old city, also extremely blood red in an instant.

Almost at this time, it was still very quiet before, deep in the dark old city, in the dark corners around the city, slowly walked out of countless soldiers wearing gold armor and holding spears. Their helmets were tightly strapped, although they were invisible. , But you can see their red and green eyes through the risk of the helmet.

The first floor is like this, the second floor is the same, the third floor, the fourth floor...

Even in the courtyard of the old city, countless soldiers walked out one after another. For a time, the blood red over the entire old city became more gorgeous.

At this time, on the third floor of that old house, even though the third floor has almost collapsed in half from the appearance, the interior should be dilapidated, but in fact it is not the case.

To be precise, the interior of the third floor is an extremely luxurious suite. Everything is made of gold and jewels, which is quite exotic and gleaming at the same time.

A group of people each lay on a comfortable sofa, drank the wine and berries that they brought up, and were in a good mood for a while, inadvertently leaned out the window and suddenly stood up...
