

His True Colors Novel Chapter 2952 - 2953

Chapter 2952

I saw George Han suddenly ran in the opposite direction, so fast that it was almost impossible to catch him.

Taixu Shenbu George Han had already opened it to the extreme, and it was inevitable that it would be fast.

“He... what is he going to do? Is he running away?” The fat man opened his eyes wide, and looked at George Han’s figure in disbelief as he began to drift away. He still hasn’t reflected it until now.

He was a little confused.

After all, George Han is already breaking through his own armored formation, and even allowed himself to transfer the position of armor twice, which may have been quite an awesome feat for anyone.

But...

in such a good situation, this guy... this guy suddenly stopped attacking, and he twisted his butt and turned and ran away? !

Even though he has fought many battles, even if he has faced countless enemies, but such a show operation still made him stupid in place.

“Is it poor? Or is this guy in ambush?” The messenger also frowned.

The fatty man who had been slowed down yelled: “He is just a mere man. I don’t care about him ambush and chase me!” As

soon as the voice fell, the fatty man suddenly moved in his hands, and a large number of soldiers accompanied him. Holding his mahogany chair, he immediately rushed in the direction where George Han rushed.

At this time, George Han, ignoring the pursuit of soldiers behind him, suddenly speeded up, and kept rushing towards the front.

After a while, George Han had already arrived at the wall of Youming City.

As he expected, even around the city wall, there are many soldiers.

George Han turned around and looked at the mighty army of soldiers behind him.

“Run, keep running.” Seeing George Han lost his way, the fat man slowly stopped, his face full of humorous expressions.

“I knew you would run a long time ago, so I have already closed this city, and there are a lot of people around.”

“Especially on the front entrance, where the elite are all there.” The fatty man said this, with a cold voice.

Not only must it be touching, but of course it must be foolproof, and the defense at this point is naturally extremely heavy.

George Han smiled: “Opposite the main entrance is the place where you live. Naturally guarded, but, I didn’t expect you to have already laid down heavy soldiers even at the main entrance.”

“Such a simple truth, do I need to say more? The main entrance is. My only exit from Youming City, you want to escape, what else can you do besides this?” “So, there is no defense on the south and north sides, right?” George Han smiled.

“The south and the north are high walls, why do I need to guard it?” The fatty man sneered.

George Han nodded: “This way, I’m relieved.”

“What can you worry about?”

George Han didn’t answer naturally. It’s normal to export defense, so with the pangolin, George Han never thought about letting him. Frontal breakthrough.

When George Han took the initiative to go up to the roof to meet the enemy, the pangolin had already hidden in the dark according to George Han’s instructions.

According to George Han’s plan, when he moved most of the enemies, the pangolin would also go directly through the city from the south according to George Han’s instructions.

Although there is no door over there, as far as the pangolin is concerned, he can go deep underground.

In terms of time, there was evil gluttons making trouble on the spot, and there was another person who led a large number of soldiers to the other side. Everything went very smoothly, so the pangolin should also be out of the city at this time.

Thinking of this, George Han smiled slightly: “It’s nothing, but I can rest assured and have fun with you.”

Hearing this, the fatty man frowned slightly, and he was blocked by himself. , Actually still saying these things brazenly, are you sick?

However, his instinct told him that things were never that simple, could it be...

“Fuck, turn the tiger away from the mountain!” The fat man screamed, his hand moved, and a group of soldiers behind him turned around and tried to kill him.

But almost at that moment!

boom! ! !

In front of the gang of soldiers, a fierce fire has exploded!

Immediately afterwards, a black shadow suddenly jumped over, and in the blink of an eye, hundreds of soldiers disappeared into ashes.

The fat man turned his head fiercely, George Han, who was just in front of him, appeared in front of the armored soldier who turned back behind him.

He shook his eyes, as if he was looking away from him, because at this moment, the George Han who was behind...

seems...

is not the original appearance!

“Magic!!” The fatty man opened his eyes in horror.

Chapter 2953

, George Han was full of black energy, his eyes were blood red, his hair was already silvery white, his body was full of ghosts, and there seemed to be a strange beast totem looming behind him.

Where is this kind of human race, it is clear... it is

clear that it is a complete demon god!

“You...” Looking at George Han, the fat man frowned, his heart was momentarily shocked: “Are you a man or a devil? Are you a god or a ghost?”

“For my own friends, it is a god, for As far as my enemy is concerned, it is a demon.”

“The killing begins!”

With a wicked smile on George Han's pale face, the next second, George Han, who was boiling with demon blood, was already like a harvesting machine, directly drilling. Into the armored group.

All of a sudden, black smoke appeared in the ferocious armored group, which also meant that countless armored soldiers died under the attack.

"This guy!" The messenger was surprised and couldn't shut his mouth. If the previous George Han was quite fierce, then the current George Han can only be described as fiercely abnormal.

No one can stop all the way.

The boiling of demon blood, coupled with the killing air absorbed by the earth fire, made George Han at this time enter a runaway mode after the first move, like a crazy killing machine.

On the other side of the building, black energy was also surging, and the gluttony of evil was like a tiger that had been hungry for a long time, suddenly entering the food group, both madness and greed.

The fat man was completely stunned, and what was even worse was that the crystal in his hand was declining rapidly at this time, which also meant that his armor was declining crazily.

"Roar!!"

Suddenly, just at this moment, a deafening roar suddenly struck, and the entire Youming City Anti-Buddha quake was shaken, and the fat man and the messenger's eardrums ache.

After the time came, the two of them couldn't help looking for fame.

At this look, the two people's hairs stood upright, and they couldn't help but froze for a while.

In the mid-air of the building, a purple black gas had spread all over the sky, and compared with the blood-red clouds, it was not inferior at all.

What's even stranger is that in the purple black air at this time, there is a huge figure shaking, and a more low-pitched voice sounded. At the same time, the pressure it releases even if it is so far apart, it can make the fat man and that The messenger felt cold sweat on his forehead for a while.

hurriedly looked, but the evil gluttonous figure was no longer visible.

"Could it be..."

“Could it be?”

Boom!

Suddenly, at this moment, with a sudden explosion, the purple black air suddenly exploded, and the resulting air wave was actually destroying the house when seeing the house and destroying the house by seeing things.

Within a few tens of meters of the week, almost all houses were destroyed at a time. Even though many monsters hiding in the house watching the excitement, many of them were directly shocked and passed out on the spot.

The fat man and the messenger, one hurriedly resisted by luck, and the other clung to the fat man’s mahogany chair, but even so, the two who were still blowing by the strong wind could hardly even open their eyes.

When the strong wind passed, and the two opened their eyes again, they saw a huge and extremely ferocious monster in the dissipated gas, hanging in the sky, looking down on everything.

Like the body of a unicorn, it stands on all fours, with joints like the head of a lion.

He took a look, and Qilin still had a man’s head on his body, glaring at him, his mouth opened like a roar, but when he took a closer look, the man’s head was just a bite on his belly.

Going up with the mouth, the upper body is full of muscles, burly vocals, headless, holding a huge pillar in his right hand, invincible, domineering!

“That...that is!” The

fat man and the messenger stared at the beast, but at this time, his legs trembling involuntarily, not only him, but even the house that was overturned without being overwhelmed. The demon monsters who stunned, looked at the beast at this time, shivering!

The sky is not afraid, the ground is not below, and even a group of demon men who are fighting at the cost of their lives, but at this moment, the eyes are full of fear.

“Evil... the gluttony of evil, that is the gluttony of evil!” I

don’t know who roared in horror, so that everyone was even more frightened for a while, even the fat man and the messenger were frightened at this time. I couldn’t help but step back a few steps, terrified: “Really...really a gluttony of evil!”
