Chapter 2958

“Crunch, crunch...” On the

withered old tree, because of the force, the involvement made a sound at this time.

And at this time George Han. Also because of the explosion of Fa energy, the muscles of the body collapsed tightly and the veins were exposed.

The evil gluttons in the distance were also restrained by the fire claws, roaring in anger.

If someone saw this scene, they would be shocked.

It's just a pity. Youming City has been occupied by the sea of fire, and there are no more living people. Since no one can see.

However, far away in the place where the desert world and the demons meet, on a flower boat, some people silently saw the flames rising from the layers of dark clouds.

Above the bow, the woman combed the cat in her hand slightly, looked at the faint flame hidden in the dark clouds, and smiled softly: “Amelia Su, Amelia Su, do you know this star in the sky, the reddest one? “It's

you, George Han's desperate star.”

“You, can never escape from my palm.” After

speaking, she slightly squeezed the cat's hand. Suddenly, the cat, who had just squinted to enjoy, struggled uncomfortably in an instant. But after just a few strokes, her life fell into her hands on the spot.

According to George Han's original plan, the pangolin smoothly passed through the foundation of the city wall tens of meters deep, and rushed out of the danger zone at the last moment of the destruction of the city.

but. He didn't dare to neglect in the slightest, and was still driving at full speed underground. All the way to the direction further north rushed.

The Eight Desolation Book in his arms was firmly held in his arms. He remembered George Han's trusting smile when he left, but he also remembered the complicated look in his eyes.

maybe. For him, he doesn't know whether he is alive or dead, but what he hopes is that he can take away this celestial book safely.

So even if it is lost. The pangolin will never let this book fall into the hands of anyone other than George Han.

In the world of heavenly books. Although there is no upside down in Youming City, some are just full of vitality. Some are just calm.

But the hearts of Amelia Su and others are no worse than the turbulent waves of Youming City.

How Amelia Su didn't know that George Han dismissed herself at the beginning, but when George Han did that, she could only pretend to follow his wishes and listen to his arrangements. Don't cause trouble for him, and don't want him to worry about it. Maybe, this is the only thing I can do.

"Haha."

Above the midair, among the clouds. Compared with the anxious people below, the two old men were at ease at this time.

Self is the incorporeal and sweeping old man of the Eight Desolation Book of Heaven.

"General." As the sweeping old man smiled lightly, he moved the chess, and after a moment, the chessboard seemed to be dead.

"The two horses are instigated, and the cannons are connected. You general, I am afraid that I will die." Bahuang Tianshu smiled indifferently.

"Why do you want your life? George Han, didn't you already send someone to send you out of the city? You and I are very safe." The sweeping old man stroked his beard. Leisurely smiled.

"Just let this kid fight the demon saint, are we too cruel?" Bahuang Tianshu smiled softly. With a move of Chinese chess, the general's cart of the sweeping old man was eaten immediately.

"Although the population of the Demon Race is small. With the help of this land, it can always breed capable people and strangers. What about a small demon saint? He will face far more than this in the future. He wants to smooth the sky. road, many more he needs to do so, could not bear children, and how to get set the wolf? "

After saying that, sweeping the old man raising his hand slightly, as the gun destroyed, although the car died, but also because replaced As a result, the defense of Bahuang Tianshu is more passive.

"This move is you, is very dangerous ah." Glorious heavenly smile: "If I flew back like earlier, you can double as a chain had lost a rampage of car ah."

“The so-called seek wealth and risk , How can you get a tiger if you don’t enter the tiger’s den.” The sweeping old man smiled softly.

” I don’t know if George Han, following you guys, should I laugh or cry. “As soon as the voice fell, Bahuang Tianshu smiled bitterly and shook his head.

“It’s not you, but us.” The sweeping old man smiled: “Don’t expect to get out of it. One day in the future, when the tide comes, you will also be a part of this ship. As for whether the ship capsized or set sail, then It depends on George Han

, the man at the helm.” “Hahaha, you old fellow.” The Bahuang Tianshu laughed loudly.

But at this time, compared with the happily smiling here, George Han over there couldn’t laugh at all.

Chapter 2959

With the sound of the dead tree almost bursting, almost when it seemed to be about to break, George Han over there finally couldn’t hold it anymore, and everything in his body was really capable of adding the blood of the dragon. Has reached the final limit.

boom!

There was a loud noise. The magma burst, and George Han’s whole person was suddenly pulled directly into the magma by the giant tree.

Suddenly, George Han felt like he was being ignited as fuel, hot, painful, and even suffering. He felt that his whole body was about to explode.

It was an almost indescribable pain. Every inch of skin is burning, like being bitten by all insects. The blood in the body also ran into the body like molten syrup, and almost every movement was heart-piercing.

Even if it is as strong as George Han, even if the Immortal Profound Armor and Frost Jade Armor shimmer and rush to protect the body, at this time, because of the extreme high temperature, it does not have much effect at all.

Super restrained, George Han’s struggle was almost fruitless, coupled with intense pain and super high temperature, George Han’s struggle was more like a welcome to death, just a dozen seconds, George Han’s Struggling will become weaker and weaker, if it is not the key protector of the Five Elements Divine Stone. Enveloping it with a faint light, I am afraid that George Han has already been completely ignited. Directly used as fuel.

However, the molten slurry like sea water, the super high temperature, even if the five elements are protected by the sacred stone. But it also seems extremely inadequate.

At this time, George Han was even faintly beginning to fall into a coma.

Hum!

It seems that danger is sensed. At this time, in George Han's body, the golden light began to flourish, and as the golden light strengthened, the blood of the magic dragon on George Han began to be greatly suppressed. The black energy on his body also began to gradually dissipate, and George Han's blood eyes began to recede slowly.

However, even if George Han's enchanted state began to diminish, his spiritual consciousness began to recover. But under such suffering, what he can do. The same is equivalent to nothing.

"Bang!" suddenly, with a muffled sound. George Han looked at the sound, frowning for a while, the lava outside was too huge, even if the Five Elements Divine Stone supported the shield, it was difficult to stop, and that sound. It was the sound of the shattering shield supported by the Five Elements Divine Stone.

"That's bad." George Han frowned and was anxious, but at this time, his hands were already tightly bound, and the giant tree guarding Buddha was not ignited by the fire at all. Therefore, it is completely useless to instill energy into the Five Elements God Stone.

And if there is no energy input from George Han, the Five Elements Divine Stone will not be able to generate much power before it is formed, especially in the face of such a sea of lava that can't be seen from all sides!

What should I do?

Is it possible to watch yourself and be burned to death?

George Han was naturally unwilling. But now, there is no way, he can't move even if he even moves, even if his will is strong. But it can't help anymore at this time!

Think of Amelia Su, think of Han Nian. Even though George Han knew it was useless, he was still full of unwillingness at this time.

He can't die. He must not die.

He still has a lot of things to do. He has to repair the estrangement between Amelia Su and Amelia Su. He has to take her to travel the world with her. He has to watch Han Nian grow up and even get married and have children. How could he just die like this? Woolen cloth? !

boom!

With a louder explosion, the shield supported by the Five Elements Divine Stone was completely shattered, and countless lava rushed towards us like a wolf, and it was about to swallow George Han thoroughly.

But at this time, a miracle happened.

The golden light of George Han's body soared to the extreme. This was the energy released by the golden body on his body when he was facing a fatal danger. There was nothing unusual about this.

But there is a miracle. At this time, a black energy suddenly spread across George Han's body. What is different from the previous one is that the black energy this time seems to be different..
