

His True Colors Novel Chapter 2992 - 2993

Chapter 2992

George Han slowly raised his head at this time, closed his eyes slightly, and then...

“Yawn!”

A sneeze was suddenly shot out.

The big beautiful woman and the white-clothed man frowned almost at the same time. What kind of action is this? Could it be that this can also hurt people?

However, despite being confused, the big beauty still followed George Han's sneezing motion, and then looking back, George Han was rubbing his nose with his hands.

Her beautiful face showed ugliness, which was really unsightly.

However, she did not hesitate too much and did so.

The point is that the white-clothed man not far from the side was able to use this trick, so he was almost scared on the spot and stopped the attack directly and used his hand to cover.

However, at this time, the man in black had already rushed to the big beauty recklessly.

“Bang!”

When the people in white were silently squeezing sweat for the man in black, there was a muffled noise. The man in black unexpectedly slapped the big beautiful woman on the back and directly knocked the big beautiful woman back. After a few steps, among the fragrant lips, a puff of blood flowed down the lips.

She bit her lip uncomfortably, looking at George Han in a puzzled way.

George Han was also dumbfounded, and when he reached his head, he just sneezed, and even this she has to learn...

“Big Brother, what are you doing in a daze, come on!” The man in black yelled again when he succeeded in the blow. Attacked towards the big beauty.

The white-clothed person was also visibly stunned for a moment, only to wake up from the shouts of the black-clothed person, and immediately attacked the big beauty again.

George Han held his forehead helplessly, and sighed helplessly. At this moment, he could only move his hands hurriedly, sway Tai Chi heavily, and muttered softly: "Fantasy gossip, fight against thousands of people."

As soon as the voice fell, George Han moved his hands. The big beautiful woman followed his appearance. For a moment, she, who was originally injured and completely at a disadvantage, instantly turned the two offensive with her fists. At the same time, she followed George Han. With a fist, the black and white Shuangsha were directly bounced for several meters.

"Foot on the heavens and the earth, the qi breaks through the army." The

big beautiful woman listened to her, and after looking back, she learned George Han's footwork again, and rushed towards the white-clothed man.

Seeing the strange offensive of the big beauty, both slow motion and very simple, the white-clothed person frowned, but he heard the black-clothed person shout: "Big brother, you are afraid of what she does." At the

moment, the white-clothed person can only bite the bullet. Go, but just as soon as he took over, the person in white scolded the person in black for your mother's blood. This is a fucking pit!

This big beauty seems to be extremely slow in her hand moves, but it is always magical to catch her moves, and at the same time she suppresses herself madly. If it was a punch on the cotton before, then now it is a punch. Hit the cotton wrapped in giant iron.

Every punch not only can't hurt others, but also makes you feel very uncomfortable and passive!

"Bang!"

Suddenly, just as the white-clothed man was yelling in his heart, there, the big beauty had already followed George Han's momentum, turning the white-clothed person's hand with one backhand, and then suddenly punched. go.

The white-clothed person immediately felt a huge pain in his arm, but when he remembered the pain in his hand, the punch was already straight to the center. With the muffled sound just now, he took a step backwards, and a mouthful of blood spurted out of his mouth.

"Big brother!" Seeing that the white-clothed man was injured, the black-clothed man yelled anxiously, he wanted to do it.

The white-clothed man swept him coldly, his complexion condensed, and he endured the severe pain. One speeded up and flew in front of the black-clothed man, yelled and withdrew, and at the same time dropped a few iron beads in his hand, hurriedly pulling him to escape.

Boom boom boom! !

As the iron ball fell to the ground, the big beautiful woman suddenly exploded in front of her, and the white smoke suddenly rose. When the big beautiful woman barely emerged from the smoke and regained her sight, she had already seen the black and white Shuangsha escape far away.

She was about to chase, but when she looked back, she saw that George Han had already jumped off the boulder at this time. Then, she patted the dust on her body, and was about to walk down the mountain with a light smile.

The big beauty suddenly became anxious, so she just watched the two bastards just run away like this? They bullied themselves just now.

However, George Han was leaving. Without his help, he would not have been able to beat the two of them at all. Even if he caught up with them, it seemed to make no sense.

It's even just to find some humiliation again.

While hesitating, George Han over there has already gone farther and farther, seeing as he hurriedly rounded the bend and walked down the hillside.

But at this moment, a scent came from behind George Han, and then he heard a female voice drinking; "Hey, you, stop."

Chapter 2993

George Han stopped and turned around, only to see the beautiful woman a few meters behind him, looking at him angrily.

By the position of the terrain. Her figure was seen by George Han, and she was extremely tall, but she was still a terrifying nine-headed body, with slender legs and a slender waist, not to mention her stunning face. Just this invincible devil figure is enough for any man to go crazy for it.

I'm afraid it's no wonder the black and white Shuangsha guys dare to do this in broad daylight.

"Did you call me?" George Han asked,

"Is there anyone else here?" The beautiful lady bit her vermilion lips. Shell teeth are lightly exposed.

George Han smiled and shook his head helplessly: "This shouldn't seem to be the tone of your savior, right?"

"What savior, you..."

“If I just helped you, now, you shouldn’t be standing there.” Arguing with me here, it should be crying under the two of them, right?” George Han finished speaking, turned and walked down the mountain.

The big beauty turned blush for a while, she had never thought that George Han spoke so directly, but she didn’t understand what George Han said.

Watching George Han go further and further. The big beauty no matter so much, she hurried to catch up.

but. Perhaps it was the atmosphere just now, the big beautiful woman never knew how to speak.

After about a few more minutes, the big beauty finally couldn’t help it: “Hey, didn’t you plan to keep doing this, right?”

George Han did not reply. He replied: “I have heard of it, and I was saved. Naturally, I agree with my body, but I haven’t heard that the person who saves can also agree with my body.” “I...”

Followed a few steps. The big beauty bit her teeth and said, “The two people are heinous, why didn’t you chase them just now?”

“Poor Kou Mo chasing, haven’t you heard of it? Besides, you are the one who chased people. You chased the people, didn’t they? “The

big beauty is angry again. The whole person was so angry that he was about to vomit blood, and she was the one who ran away. However, without George Han’s guidance, she could only be beaten by those two people.

“You are really weird, saying you are not a good person. You clearly helped me just now, but you can be said to be a good person. In the face of that kind of vicious and wicked person, you don’t care about it and let the tiger go back to the mountain. I don’t know if there will be any in the future. More people have encountered their poisonous hands.” Looking at George Han’s back. The big beauty murmured. George Han smiled helplessly. He didn’t want to give the two wicked men a chance to escape, but the question was what could he do?

If it weren’t for this girl’s good foundation, what she lacked was poor experience, with George Han’s current unlucky situation, I am afraid that even her would not be able to help. Not to mention other things.

Suddenly, George Han stopped, but the big beauty didn’t respond in time, so she came to the rear end. His forehead just hit the back of George Han’s head, and he immediately covered his head in pain.

George Han was helpless to the extreme. I don't know which eldest girl is, she is so reckless and inexperienced in fighting that she dares to walk the rivers and lakes in places like Mozu.

"Why did you stop suddenly?" The big beauty rubbed her little forehead. Depressed to the extreme.

"People are gone, and you are fine, so should you go too?" George Han said calmly, ignoring her.

"You..." The big beautiful woman pointed at George Han, and she was speechless for a while. With a beautiful woman like her to accompany, how many men would be eager to ask, but this guy didn't say a word. , I'm actually going to drive myself away!

She grew up this way, and it was the first time she encountered this situation.

However, if you want me to go, I just won't go: "The road is not yours. I want to go how I want to go." When the

words fell, she raised her head high and looked at George Han proudly, but Unexpectedly, George Han just stayed in place and didn't leave.

He even smiled at her and gestured to her to invite first.

The big beautiful woman couldn't hold her face suddenly, she bit her scalp and walked a few steps forward, but even though she was walking forward, her body kept looking back at George Han in a very urban manner.

Seeing George Han looking at her indifferently, she went further and further, but her heart became more and more panicked.

With a slight smile in George Han's eyes, he saw that she had walked a little far away, and was about to escape by herself, but at this moment, the big beauty suddenly weakened and fell directly to the ground.
