

His True Colors Novel Chapter 3000 - 3001

Chapter 3000

his brow furrowed slightly, so at this time he clearly felt that something was wrong with his body.

There was a faint pain in his stomach, and the whole body seemed to twitch slightly. He turned his head back inconceivably and looked at Xia Wei: "What

did you eat for me just now?" "I didn't eat anything, just the meat you grilled for me" Xia Wei replied innocently.

However, although she is quite innocent on her face, she actually has a faint smile on her face.

George Han frowned. It was obvious that this girl moved her hands and feet in the flesh just now. When she was about to take a step closer to ask him, she suddenly felt a fever in her throat, as if some magma was about to erupt, she hadn't waited yet. His hand touched his throat, his eyes suddenly became dark, and the whole person fell directly to the ground with a bang.

Seeing George Han fall, Xia Wei was visibly taken aback. In the next second, she ran up to George Han in a panic, squatted beside him, touched him slightly, and asked cautiously: "Hey, are you okay?!"

George Han didn't respond at all.

Xia Wei glanced at him worriedly, her eyes became more complicated, she was more worried about George Han's safety, but still felt that George Han was playing with herself.

Finally, she couldn't help but stretched out her hand to move George Han's head slightly to her side.

Suddenly, Xia Wei sat on the ground with a soft butt...

At this moment, outside Youming City, a team of people was climbing higher than the peak to get a bird's eye view of Youming City. With a few sharp wolves piercing the night sky, a gang of birds quickly scattered and fled.

Originally Nuo was so great and spectacular that Youming City was no more than a piece of floating worms, thousands of miles in ruins.

The huge body of the King of Youming is now only a pool of rotten corpses that have been eaten by monsters.

“Eleventh Lord, it seems that Pei Yuan said nothing.” A person looked at the desolation of Youming City under his feet, his eyes were full of indifference, and he said coldly.

The leader nodded slightly, and asked, “How is the investigation?”

“All the clansmen and the sentinel pioneers have been dispatched, but...”

“What’s the matter?” He turned his eyes slightly, a little surprised and a little angry.

The Sentinel Vanguard is his most elite unit, and also the most sensitive unit. Not to mention the desolate land of this demons, even in the abyss of hell, this Sentinel Vanguard is all-pervasive “The caravan from the Su family seems to have evaporated from the world. It is impossible to find out.” When the subordinates said this, there was finally a trace of guilt in their eyes.

“The ancestor of this matter is already on the way, are you planning to tell him the same way?” He drank dissatisfied.

“The subordinate dare not. The subordinate has ordered two troops to step up patrols. Although they have not been able to find the whereabouts of the Su family caravan, they have checked some clues.” The man hurriedly bowed his head with a humble attitude.

“Say.”

“Seven hundred miles ahead, among the mountains, the sentinel pioneers detected that someone’s voice had passed.” The subordinate said.

He smiled coldly: “What’s so strange about the human voice? The land of the demons, the land of all souls, weird, and the number of people of all kinds is countless. What kind of discovery is this?”

” Human voices are not uncommon, but the sentinel pioneers found it?” The human voice was deliberately suppressed.” The subordinate said.

“Deliberately suppressed?” His brow furrowed slightly. Obviously, his voice would be deliberately suppressed, so there must be only one reason for it.

What kind of situation will be unsightly? !

Connecting to the disappearing caravan, this is not difficult to imagine.

“It’s well done, this is the real purpose of you showing me to see Youming City?” He sneered.

After being seen through his mind, his subordinates did not dare to say anything. Guan Youming was false, but the arrest of the suspect’s nest shop was indeed true.

The King of Youming was also killed by the human race. How could he dare to be big enough to lead people alone? !

However, seeing that Lord Eleven was not angry, his subordinates breathed a sigh of relief, and said: "The troops have passed, Lord Eleven, shall we...?"

Lord Eleven nodded, raised the whip in his hand, but smiled indifferently: "Okay, but go to the meeting and see who can kill the underground insects, who is it."

"To be honest, Quite expectant." As

soon as the voice fell, he immediately raised his voice, stepped down the monster and rushed towards the distant mountains. Behind him, a group of entourage followed closely...

Chapter 3001

"Kill!"

With a roar, a number of tall monsters armed with large swords and heavy armor in the entrance of the cave suddenly attacked.

The pangolin and the evil glutton wanted to help, but they were stubbornly resisted by these heavy armors. After only a few rounds, the two of them had been bloodied and suffered heavy injuries.

And George Han still fell to the ground. He wanted to get up and resist, but he didn't have any strength in his body. He tried to use a little energy to help himself, but just as soon as he moved, the seal in the whole body was timely. Suddenly, before he could reflect, his body was completely stiff in place.

He could only watch these heavy armors come menacingly towards him step by step.

Behind him, Xia Wei's screams and struggles continued to sound. He glanced back, and several heavy armors were smiling and preparing to humiliate her.

He was helpless. At this moment, he suddenly felt a murderous intent. After looking back, he saw that a heavy armor had arrived in front of him. The huge knife in his hand was rounded, and he slashed towards his neck. Come.

Pouch!

Blood spray!

"Ah!"

George Han screamed suddenly, then opened his eyes in horror.

However, it is not an imaginary hell in front of me. Instead, it is here with beautiful scenery, butterfly waste, fairy air, and peach forests.

“Am I going to heaven?” George Han subconsciously came up with this idea. This is not hell, but it is definitely not the land of the demons, because obviously the environment here is incompatible with those.

As if suddenly remembering something, George Han subconsciously touched his neck, but there was no wound, but he was sweating profusely.

“Have you had a nightmare?”

At this moment, a pleasant voice came, and George Han followed the sound, and a stunning woman walked slowly in the celestial spirit.

She is dressed in light clothes, with fair skin and a mysterious figure. Although there are traces of time on her stunning face, it adds a bit of mature charm and steady dignity to her.

Feng Yun’s posture is another kind of extreme beauty.

George Han stared at her blankly, unable to reflect for a while.

“After the poison of Wuhuan is eaten, it will indeed have the effect of enhancing hallucinations, so it is inevitable that if you think more, you naturally dream more.” After that, she had already paced to George Han’s side.

jade-like hand was gently placed on George Han’s forehead, and then she sat down slightly next to George Han. She held a box in her other hand and opened it at this time. There were all kinds of silver needles in it, and when she took one off, she was going to pierce George Han’s side.

George Han hid subconsciously, looking at her with some caution.

“Impermanence powder and Wuhuan powder are not much different in their true colors, but they are completely different in efficacy. It is difficult for ordinary laymen to distinguish.”

“Only we can understand the difference between the two, but it’s a pity that Weier’s girl has made trouble. A joke.”

Wei Er? Xia Wei? !

“Forgot to introduce, my name is Xia Ran, I am Weier’s sister, or her master.” The woman smiled softly, her smile was beautiful, beautiful and stunning.

“Xia Wei’s sister? Then this is...”

“This is the source of Taoyuan.”

“The source of Taoism?” George Han frowned. He clearly remembered that after eating the meat that Xia Wei’s girl gave him, he soon, the poisonous fire attacked the heart, and then fell into a coma in the cave. How did you get to this so-called source of peach in the blink of an eye? !

One more thing, as the king of all poisons, it is impossible for him to be poisoned at all. Why was he poisoned this time? !

Seeing George Han’s doubts, Xia Ran just smiled, and then, the silver needle in his hand lightly touched the back of George Han’s hand: “I know that Young Xia has many questions, but can Young Xia wait. After Xia Ran put the needle on, Xia Ran came to answer again.” When

George Han was hesitating, Xia Ran smiled and said, “After all, the seal in Young Xia’s body can I can’t wait, even if you are a young man, you are not invading.”

George Han stared at her strangely. How did she know her situation? !

However, because of such doubts, George Han obediently asked her to administer the needle to herself in order to solve the confusion as soon as possible.

She sent her hands quickly, and after a while, there were eighteen silver needles on George Han’s body. Then, she smiled and looked at George Han: “I know how many questions the young man has at this time. Now, I am one by one. answer.”
