

His True Colors Novel Chapter 3036 - 3037

Chapter 3036

As the color of the water flows, a faint buoyancy also lifts the two slowly, slowly rising all the way.

In just a moment, the two of them have floated to the surface of the water, and the surrounding area is full of peach blossoms. When they look back again, the pool under their feet is still the same, but it is clear and visible with a thin bottom, fine water and shallow currents can be seen, and there is a bright moon above their heads. It remains the same, but the bright moon is no longer a full circle, but lightly illuminates the entire "world." In the

temple, the candlelight is already bright, much more transparent than before entering the water.

In front of the house, there are two more high-hanging red lanterns, adding a different atmosphere.

"What's this for?" George Han frowned and said strangely.

The pangolin shook his head: "Could it be that there are new guests in this source of peach?" There are

less than four people in total. The light in the temple has been enough before, and it is true that this kind of possibility is very high.

Just when the two of them were in a daze, at this moment, the sound of footsteps rang, and the two raised their eyes to see that Xia Ran, dressed in golden crowns, walked out slowly: "The moon is cold and the sky is cool. How long are you two going to stay on the water?" The

two of them reflected, and looked at each other, hurriedly stepped up, and walked towards the hall.

"Wow, what is this?" As

soon as they entered the hall, the two were dumbfounded, as if the villagers entered the city, the pangolin exclaimed from the bottom of the heart.

In the hall, the shimmering gold is bright, and the beautiful decorations are all around at this time. The original benches in the house have also been replaced with blue and white jade chairs. Above the central hall, the two golden chairs are particularly eye-catching. The shrine behind the chairs There is also a phoenix statue on it.

Xia Ran stood in front of the phoenix statue, in the golden chair, with her back to George Han and others, not knowing what she was thinking about the statue.

The two looked at each other, did not dare to step forward to disturb, and stood quietly in the hall waiting for Xia Ran to finish.

Xia Ran seemed to be praying something, whispering constantly, and could not hear clearly.

After a while, she turned around, looked at George Han and the pangolin, and smiled: "You

guys, it's hard work." Before the two of them could speak, she lifted her hand slightly, and then, a golden light flashed. The blue and white jade chair on both sides of the second trembles slightly, and slowly moves backward.

When the jade chair is removed, it can be seen that there is a pothole under the original position of the jade chair. With a buzzing sound in the cave, boxes gradually rose from the bottom of the cave.

The box is made of pure peach wood with a gold edge inlaid on the outside. It is large and delicate, and you can see it at a glance.

George Han roughly counted, twelve boxes in total.

As Xia Ran raised his hand again, with a bang, the twelve boxes were opened simultaneously, and the whole hall suddenly became brighter.

However, it is not bright, but golden light flashes and silver light shines.

After the twelve boxes were opened, they were filled with all kinds of rare treasures. Although they hadn't seen many things at all, they could already know from the color and luster that these things were extraordinary.

The pangolin's eyes are straight, and the saliva drills out along the seam of the mouth.

George Han was also a little stupid, looking at Xia Ran incomprehensibly, what is this going to do? !

"The first box is the treasure of the Phoenix. It is a treasure of various treasures that my Phoenix family has collected for thousands of years. There are 28 pieces in total, each of which is invaluable."

"The second box is the secret treasure of the peach. It is the essence of peaches collected in the source of peach for many years. The essence of wood can be used as a material for tasting and refining medicine. The essence of wood can be used as a solid material and a material for making utensils. "

The third box and the fourth box are wonderful books and magical methods. They are all learned by my Phoenix tribe or natal people, or foreign son-in-law.”

“The fifth and sixth are all kinds of elixir, or the effect of saving the dead and healing the wounded.” , Or increase the merits of cultivation.”

“The seventh and eighth are the Immortal Warriors, and they are also treasures of the Phoenix family for thousands of years.”

“As for the other four boxes, they have everything in them, although they are a little messy. There is no shortage of some rare products, here is a temporary sale, waiting for your own taste.” Xia Ran laughed softly.

Hearing this, the pangolin was visibly taken aback, and then looked at Xia Ran strangely: “Wait...Wait a minute, what did you just say? You mean...”

“These things are... for us? “

Xia Ran smiled softly and replied: “Exactly.” The

pangolin staggered back, panicked and said to George Han: “Help...help me.”

Then the whole person’s eyes were incredibly wide-eyed...

Chapter 3037

“I’m getting rich... I’m... I rely on.” The pangolin couldn’t help trembling because of excitement, holding George Han’s clothes in his hand, and said softly.

Speaking of shock, how could George Han not be shocked?

You must know that in these twelve boxes, any one of them is probably something that many people cannot afford for their lives. It can even be said that the treasure that George Han searched from Silong at the beginning is compared with these twelve boxes. It’s just a little insignificant.

These things, four words may be the best interpretation, rich in enemy countries.

However, astonished to surprise, George Han calmed down slightly and looked at Xia Ran: “The so-called no merit is not rewarded, these things...”

“It’s Xia Wei’s dowry.” Xia Ran laughed softly: ” You have passed the trial of Shuiyue Dongtian, which means that you have been recognized by the ancestors of the Phoenix.”

“Plus, Xia Wei also loves you, so...”

"Damn, you are awesome ." I heard Xia Ran's words. , The pangolin immediately pulled George Han with excitement and said anxiously: "The power of the phoenix is so strong, the daughter of the best phoenix, not only has a good figure and looks good, but also a good one..."

"Moreover, there is also There are so many inexhaustible treasures, his grandmother's, you say invincible from now on, who would dare to say no?"

"Damn, the pinnacle of life, but his mother is like that."

Indeed, as a man, Being able to marry a daughter of the best in the world, while also sitting on strength and wealth, can really be said to fly onto a branch and become a phoenix.

For anyone who has gone through life and death, is this not the picture? !

But as far as George Han is concerned, he can only gently shake his head helplessly: "If this is a dowry, then, forgive George Han for no blessing."

When these words came out, the pangolin was dumbfounded, and Xia Ran stared at George Han with his eyes widened. "What did you say?"

"George Han has a heart for a long time. Although his career has not been completed, his home is already here. "George Han replied.

Xia Ran frowned: "Are you married?"

"Exactly."

Xia Ran was silent. After a while, she raised her head slightly and looked at George Han: "Although it is a pity, it is normal for a man to have three wives and four concubines, especially It's a talent like you, Xia Wei has no problem, I will talk to her in detail." pangolin hurriedly pulled George Han's clothes and whispered: "Damn, I don't mind."

"But I do." George Han suddenly said righteously, and then he looked at Xia Wei said: "Maybe others will have three wives and four concubines, but in George Han's heart, there will always be Amelia Su, and will never get entangled with any other woman again."

"George Han!" Xia Ran sipped coldly. The beautiful face is already getting angry: "Don't be too much."

"When did my Phoenix clan take the initiative to propose marriage? When did I take the wealth of my family as a dowry? When did you make an exception to allow men to be married? Three wives and four concubines?" Xia Ran asked angrily.

Obviously, she has made enough concessions, but George Han still bites to death, making her quite annoyed.

The pangolin also hurriedly pulled George Han's clothes so that he almost got it. This kind of good thing is profitable to Han Zhengqian without any harm. Why is it so rigid and ruthless?

"Sorry, Sister Xia Ran, I have no idea." George Han was still firm, neither humble nor utterly speaking.

"You!!!" Xia Ran became angry, raised his hand and pointed at George Han: "You say it again!"

"Even thousands of times, George Han has the same attitude. He is only my wife in this life. There will be any other women's possibility." George Han finished speaking, saluting slightly, and said: "Ms Xia Wei looks beautiful. With her look, even if no dowry is allowed, there are still a lot of outstanding talents here. I also ask Sister Xia Ran not to waste energy on George Han in this way." When the

words fell, George Han turned around and was about to leave.

After just two steps, Xia Ran sipped coldly behind him: "George Han, you stop for me."

George Han stood slightly.

Xia Ran snorted coldly: "Do you really treat my Phoenix clan as wild cats and wild dogs? If you don't want it, you don't want it?"

"George Han, don't blame me for not telling me the ugly thing. If you dare to take a step forward, you will regret it later."

The cold voice and the harsh words made people feel full of gunpowder.

However, George Han at this time still took another step of his own steadily...
