## Chapter 3074

The screams inside the house, the sleeping pangolin and the old man were awakened almost at the same time, and the two of them sat up directly. Seeing Xia Wei lying on the doorway crying, there was no shadow of George Han in the house. Hastily rushed to Xia Wei's side.

"Xia Wei, what happened?" The pangolin said anxiously while supporting Xia Wei.

But Xia Wei shook off the pangolin's hand, but grabbed the pangolin's arm backhand, and said anxiously: "Don't worry about me, don't worry about me, save three thousand brothers, save three thousand brothers."

Although she is a woman, but The pangolin at this time still felt the pain of his hand being caught by her, but at this time he had no thoughts to take care of these, because Xia Wei's words had already shocked the pangolin.

Save three thousand brothers?

Could it be that something happened to George Han?

Seeing her looking out the door, the pangolin immediately reflected, and immediately got up and rushed towards the door.

It's just that, when it's too late, the old man next to him rushed to the door ahead of his time, turned his back and blocked the door with his body, sweating profusely on his face: "No...no one is allowed to go out."

"Old man, you are crazy," Get out of the way." The pangolin screamed and moved forward.

The old man immediately took out the knife he used to kill the fish from his waist: "If anyone dared to go for a half step, don't blame me for being ruthless with the knife." The

pangolin bit his teeth and said coldly at this time: "Who dares to dare? Stop me from going out, then I can't blame me for turning my face and ruthlessly." When the

words fell, the pangolin walked directly towards the door, and the old man was almost unceremonious. He bit his teeth and drew his knife and rushed towards the pangolin.

Just with his power, how could he be a pangolin's opponent, almost one face to face, the old man staggered to the ground, and the pangolin simply didn't attack him, so he just fell to the ground without any damage.

The pangolin bent over and was about to open the door, but at this time the old man still rushed over and hugged the pangolin's thigh: "Young man, can't open, can't open, if it opens, we...we all have to die Ah."

"Get out of the way!" The pangolin shouted angrily.

"Young man, I really can't open it, you know, what kind of monster is outside?" The old man looked at the pangolin, his eyes full of fear and sincerity the pangolin was taken aback for a moment, and Xia Wei also looked at the old man's body.

"That's the king of bloodworms." The old man said with difficulty, leaving his head alone.

"That son saves the old man's life, in terms of the old man, it is to recreate the benefactor, do you really think the old man is in no hurry when something happens to him? But... But the king of bloodworms is a thousand-year-old insect, it... it's powerful It's so tight." At

this point, the old man sighed, his face couldn't hide his sadness for George Han, but it was more of a kind of helplessness.

"That thing is the old mother of those bloodworms, and the strongest king under the surface of this extremely snowy land. Let's not say if you can go out to fight, even if you do, how can you?"

"As those bloodworms ? The worm's mother, once she suffers a fatal crisis or dies, what awaits you will be the revenge of all the blood worms."

“Don’t look at the blood worms, which are just a little bit bigger. Those are just the worms in the blood worms. Sun, it’s only because you need to grow your body to look for food everywhere, and the really big ones are hidden in this thick soil.”

“Although my hut is located in the ground, it is surrounded by stubborn rocks. If so do not offend the insect mother, at least three of us can be safe, or else ..... “

” otherwise, if the other party rage, Sike to us, not only that heroes killed in vain, it will probably hurt to us ah. “

hey , There was another long sigh and helpless shook his head.

The pangolin bit his teeth slightly, and glanced at the old man on the ground holding his feet: “He is my brother, but also my elder brother, not to mention an old worm mother, that is, the old mother of all the Zerg tribes. Lao Tzu pangolins must also be raised by his bitch. “After the

words fell, the pangolin’s feet pressed slightly, and after kicking the old man away, he opened the door directly in the old man’s silence.

The old man closed his eyes immediately, and Xia Wei also held his breath at this time, and slowly stood up, even if she was afraid, she still made up her mind to fight the nasty guy.

She wants to save her three thousand brothers, because her three thousand brothers are protecting her until they die.

“Gah!” The

door opened slowly, and the breathing of several people stopped, because the scene outside the door...

three are dumbfounded at each other.

With the faint light in the room, the three of them could vaguely see that there was no fierce fighting outside the door, on the contrary, it was extremely quiet and terrifying.

The pangolin frowned slightly, and walked over slowly.

When he came to the door, he poked his head out gently.

This probe, the pangolin is dumbfounded!

On the thick soil wall, there are all kinds of holes, densely packed, making people look scalp numb, not to mention how uncomfortable George Han was at that time.

There is still disgusting liquid remaining above the hole, and on the ground below, the extremely viscous liquid has even accumulated to a depth of several centimeters.

The mess on its surface at this time has already explained how intense the fighting here was before.

“Where is Brother

George Han ?” At this time, Xia Wei also followed, looking at the entire pothole, completely stunned for a while.

“Obviously just...”

Xia Wei’s anxious tears rolled again, because the disappearance of George Han at this time already meant too much.

“I was caught.” The

pangolin frowned, and the earth wall opposite his finger. There, among dozens of small holes, there was a large hole about one person wide and narrow hidden there, which was not easy to be noticed.

“I’ll save him.” The pangolin glanced at Xia Wei.

“I want to go together too.” Xia Wei resolutely said.

The pangolin shook his head and signaled Xia Wei to stay in the house: “Your sister will hand you over to us. We have a responsibility to protect your safety. Besides, George Han also has a promise.”

“But Brother Three Thousand also has a promise. I am his younger sister. Since I am a younger sister, why should I not help if my brother is in trouble? Besides, the older sister asked me to come out, not to let me come out to be protected by you, but to let me be Helping three thousand brothers.” Xia Wei was determined, and after speaking, she put her hand on the shoulder of the pangolin, waiting for him to take herself to the ground.

The pangolin looked at the determined Xia Wei and nodded. If George Han is in danger, Xia Wei with the blood of the phoenix can indeed help a lot, even more than himself.”Let’s go, if Brother Three Thousand is gone, what is the use of those fart promises.” Xia Wei urged.

“Xia Wei, just rely on your words. Don’t worry, if there is any danger, Lao Tzu will have to let it step on Lao Tzu’s body.”

“Don’t talk nonsense, no one will die, we must come back safely.” Xia Wei Nod lightly.

“Okay, let’s go!” At the end of the word, the pangolin took Xia Wei and flew towards the big hole with an acceleration.

However, just as the two were about to get into the hole, Xia Wei suddenly patted the pangolin on the shoulder and motioned him to look behind.

The pangolin turned his head subconsciously, and saw that there was an almost same big hole on the wall behind him. More than that, on the other sides of the wall, there are almost the same big holes at the same time.

The pangolin frowned suddenly: “Fuck, there are four holes?”

“Where shall we go?” Xia Wei asked anxiously.

The pangolin is also completely at a loss. If it is a hole, it will be easy to chase, but if there are four holes, it is very likely to lead to four directions.

This will undoubtedly directly consume huge rescue time...

what should I do?

And at this moment, somewhere deep in the ground, there is a huge hole in the ground. In the center of the hole, a huge white silkworm pupa is standing there. The silkworm pupa is surrounded by various tentacles. , Zhang Yiwu between claws, both evil and weird.

On the ground around the silkworm chrysalis, there are python-sized scarlet worms everywhere, curled up and moving, or a few intertwined, densely packed, there are tens of thousands of them, and the scalp of the person watching it is tingling.

Suddenly, the tentacles on a silkworm chrysalis lifted up, and then suddenly sprayed on the ground. The opening on the tentacles, which was not the size of a knife slit, suddenly became quite huge. The next second, a thing wrapped in mucus dipped. It sprayed out along the gap and landed on the ground.

And it was George Han who was wrapped in the slime...
