Chapter 3122

When the twenty-seven shadows arrived quickly, they even knelt on their knees before they had time to take their figure. After sliding out a few meters, they barely stopped, one by one. With his head down, his posture is extremely humble.

“How’s the investigation?” A very strong man in black asked coldly beside the terrifying man in black.

Although this person was black and masked, the light in his eyes was more fierce than the tiger and leopard, and more fierce than the jackal.

“Master Qixi, I have checked everything in the vicinity, but...but I didn’t find the traces of those people.” One of the twenty-seven shadows whispered. After speaking, he looked at that timidly. Strong man in black.

That’s right, this strong man in black is no one else, but the eleventh master Pei Shiyuan.

Hearing this, the eleventh master Pei Shiyuan’s eyes were full of anger. With a movement of his hand, a burst of energy was directly shot out, knocking down all the eyes of the twelve black shadows on the spot: “The rice bucket, all the fucking rice buckets. , Return the twenty-seven of his mother, what use do I want you to do?”

“They are rice buckets, aren’t you?” As soon as the words fell, the man in black who looked scary next to Pei Shiyuan said Screamed.

Besides the envoy, who else can it be?

Pei Shiyuan really couldn’t answer, so he could only lower his head and said: “It’s Shiyuan incompetent.”

“If I know it, it’s right.” The envoy snorted coldly, glanced at the twenty-seven envoy lying on the ground, and said: “Are you sure that they have been searched?”

Upon hearing this, the twenty-seven people hurriedly got up from the ground on the spot, then knelt down, and said: “The subordinates and others were divided into several waves of men and horses in a carpet-like manner, and the front was chasing. , Later for the search, if there is someone, it must be checked, but...”

“Huh, is it possible that the goods can fly into the sky and escape?” Pei Shiyuan was dissatisfied with the prestige, and did not dare to show up in front of the envoy, but under his own hands In front of him, he was naturally nothing terrible.

Moreover, the incompetence of this group of men caused himself to be scolded, of course he was dissatisfied with this group of men.

“What did you say?” The envoy asked coldly without turning his head.

Pei Shiyuan immediately lowered his head: “Shiyuan didn’t say anything.” The

envoy turned his head fiercely. After a while, Pei Shiyuan flew several meters across, and only after staggering a few steps, did he reluctantly stop, and the envoy said coldly and dissatisfied: “No Before I asked you to tell you, you just said it, if you tell me you don’t say it, sincere and honest?”

Pei Shiyuan suddenly stooped in fright and said: “Shiyuan dare not.”

“That’s it.”

Pei Shiyuan helplessly. Anxiously, his forehead was sweating, but he gritted his teeth and said: “Shane Yuan is saying, can the goods fly into the sky and escape?”

After finishing, he looked at the special envoy with some worry, for fear of angering him. he.

However, the special envoy was not angry when he heard the sound, but he smiled coldly and said: “A good person, even if he can use some method to disappear for a while, but he can’t disappear for a

lifetime! If this is the case, how can you live without seeing people or dead? You are right, Feitian Escape.”

“Is it possible……” Pei Shiyuan suddenly wanted to understand what “Flying is

impossible, could it be …… Escape?” There are so many strange people and strangers in the world, although this ability to escape is a small class. , But not no one can reach.

The envoy nodded: “With such intensive search, coupled with your subordinates, Pei Shiyuan, I believe in their abilities. But humans themselves are more cunning and use conspiracy, he knows that we will inevitably pursue them quickly, and ignore some. Details.”

“The details are underground.” Pei Shiyuan’s eyes were also a bit sinister.

Good bitch, you can come up with such a method, but he has ignored it.

The special envoy’s eyes narrowed slightly: “I have searched this way, and you know where the front is. They can’t rush over, so…”
Speaking of this, the special envoy looked behind him and said coldly: “They must Still in this great mountain.”

“However, the subordinates and others have scored waves. The slowest one is even searching in the rear until now, and indeed no humans have been found.” The man in the twenty-seven shadows also asked in confusion.

The envoy did not speak, looking at the barren mountain ridge behind him from a distance, and seemed to be investigating the possible habitat of George Han and others.

Suddenly, just at this moment, a loud noise hit, and the brilliant light instantly ignited the entire dark sky…

Chapter 3123

Everyone looked for their voices, and saw an explosion suddenly hit a certain distance far away. Although nothing else, the light produced

by the explosion was still formed in the sky above the black cloud. A distinct point.

A group of people in black quickly set up a defensive formation on the spot, staring at the surroundings.

The envoy waved his hand slightly, and said disdainfully: "Are you afraid of hurting me from such a far explosion?"

Hearing this, the people in black immediately withdrew from the battlefield and bowed their heads obediently.

Pei Shiyuan frowned and looked at the distant sky. Where did the explosion come from? !

However, as the envoy said, the distance is so far, there is really no need to worry about it.

It's just that he didn't quite understand, and he said to himself: "How could there be an explosion there?" The

envoy looked back slightly and looked at Pei Shiyuan.

Seeing the special envoy looking at him, Pei Shiyuan suddenly woke up and smiled.

However, he suddenly remembered what the special envoy had just said, knowing that if he had nothing to say, he might not have good fruit, so he could only quickly answer: "Shane Yuan is just curious, how can an explosion happen

there ." "Why not there? "The envoy said coldly.

"Because there is no man's land." Pei Shiyuan said.

Old words, a man in black also came over, it was Pei Lan, he hurriedly whispered: "Report to the special envoy, that place is called Extreme Snow Land, which is quite strange."

"Every six hours. It will fall for three full days of extreme snow and the temperature is extremely low. Not to mention people, even trees and bitches can hardly live there. Therefore, gradually no one will pass by. It is a land of no one.

” No man’s land?” The envoy turned his head slightly and looked over there, as if thoughtful.

Pei Shiyuan and Pei Lan looked at each other. Suddenly, their eyes were shocked. Shouldn’t they...

Pei Shiyuan walked to the special envoy in a few steps and said with a sharp eyebrow: “The envoy will not doubt that George Han’s group of people have entered the extremely snowy land?” The

special envoy did not speak, but Pei Lan had already got together: “This is unlikely. The temperature in the extremely snowy land is extremely low, and ordinary people are in it, as if

looking for death.” “Unless you are a very strong master, you can use real body protection.”

“But such a master is really rare. There are few.” Pei Lan said in disbelief.

The envoy turned his eyes slightly and looked at Pei Lan.

Pei Shiyuan hurriedly said: “The temperature of the extremely snowy land requires at least a top expert like you to be able to resist it with incomparable purity. In addition, even if a master like me and Eleventh enters, it will be broken by the ice and snow. . “

Pei Lan also quickly nodded:” emissary, I waited every word is true. “

envoy nodded his head gently back over the eye, once again look to the direction of the very land of snow, after a moment, he muttered and said: “Don’t forget, that guy is a weird person.”

Hearing this, Pei Shiyuan and Pei Lan looked at each other immediately.

Although they really don’t believe that someone can survive the extreme snow temperature in the extreme snowy land, the special envoy’s words are not unreasonable. The kid is a weird person. Yes.

Although this possibility was still too low in the hearts of the two of them to criticize, but the envoy was in front of them, the two did not dare to say much.

“Pei Jin, has the twenty-seven envoy checked there?” Thinking of this, Pei Shiyuan hurriedly turned around and looked at the person in the twenty-seven dark shadows.

Pei Jin hurriedly lowered his head and was also embarrassed at this time: “Eleventh Lord, there...there is no man’s land, and the temperature is extremely low, so...”

Hearing this, Pei Shiyuan suddenly felt a little in his heart, although this must be Within his understanding, but in this case, the possibility of George Han hiding in the Extreme Snow Land has become even greater.

Thinking of this, Pei Shiyuan hurriedly looked at the envoy.

The special envoy snorted coldly: “Why are you still stunned? Let’s go.” After the

words fell, the huge black shadow marched towards the extremely snowy land.

At this time, on the extremely snowy land, when the pangolin and Xia Wei were looking at the giant fish anxiously on the ice, an explosion suddenly sounded in the sky, and the three of them also looked at the huge light burning above their heads in fear. Dumbfounded for a while...
