

His True Colors Novel Chapter 3182 - 3183

Chapter 3182

Logically speaking, George Han came here for the first time and didn't dare to say that he had any blood and deep hatred with this person, but as the dogman and the bearman were killed by himself, so the least hatred is absolutely there. of.

The two groups of people should at least be in the same situation, but now this ghost...

really makes George Han a little bit unable to understand.

It was basically something George Han could not even think about peacefully offsetting each other, and as a result, he directly regarded himself as a guest of honor.

He didn't seem to care about George Han's doubts at all, looked back at George Han, smiled softly, and said his weird male voice again: "As a distinguished guest, I dare not say anything above, but at least he can be in the city. Rampant and no one dares to stop."

"If someone is disrespectful to you, it is disrespectful to the deity."

He said his, George Han did not answer the conversation in time, let alone relax the slightest vigilance.

The so-called innocent courtesy, non-rape is theft, this guy must have his premeditated.

"My little friend, can I go to have a drink when I am free?" He chuckled softly.

Hearing this, she watched George Han think again, Xiao Chunhua hurriedly wanted to remind George Han, but saw George Han waved her hand slightly, looked back at Gui Zun, and smiled: "Yes. "

Okay, okay, okay, refreshing.” It seems that even he himself hadn’t expected George Han to be so happy, and at the same time he was surprised at the same time, more of it was overjoyed.

“I’ll go back and take care of it first. Three hours later, I will send someone to greet you.” After speaking, Ghost Zun smiled lightly, turned to look at everyone present, and said coldly: “If anyone else is negligent This distinguished guest, I promise, the end will be far worse than that of Gu Hai. As for whether you have this chance in the future, let my distinguished guest forgive me first, otherwise, all are ready to enter the stove.”

“Yes!”

shouted in unison. Very respectful.

However, when the group of people finished shouting and raised their eyes, there was no ghost in front of them, but there was only one George Han left, with his brows slightly frowned.

The god of hell was gone, and then the group of people swept their heads again.

“Prince, the little one just didn’t know Taishan. I ignored you. Please spare your life.”

“Yeah, yeah, it’s all that damn lonely sea, he used some despicable means, and even me. After being deceived, this...this has caused a big

mistake for a while.” “Yes, it’s all the damn Gu Hai, who will whip his corpse if we stay.” A

group of people begged George Han and cursed. The curse of Gu Hai was very lively for a while, but one thing is certain is that no matter which method they use, there is only one ultimate goal.

That was what caused the depression in George Han’s heart to at least dissipate.

“Okay, all get up.” George Han said indifferently.

In fact, they were all innocent beings. From the beginning, George Han had no interest in hurting them. Otherwise, he would sacrifice a small black stick at the time. Why bother to fist again? !

Hearing George Han's words, a large group of people kneeling down suddenly let out a sigh of relief, and gradually smiles appeared on their worried faces.

"VIP forgive us? That means we do not die, not under the stove?"

"Ha ha ha ha, good, great, mighty ah VIP, VIP atmosphere ah."

Gang grew more and more music , There are even many people dancing and dancing.

"I understand why our big beauty Xiao Chunhua would like such a man. It's me, I am willing to fucking."

"That's not it, the distinguished guest is not only handsome, but also so strong and strong. The important thing is that even our ghosts respect him as a guest. The ghosts are our supreme. We know how he is and can make him a distinguished guest, that's rare."

"This is the point. People who are not killed by the ghost are already very hard to come by, and those who can be treated like this by the ghost can be counted with one hand."

"Lang, talented and female, they are born to be a pair. Almost let the damn Gu Hai deceive us."

Seeing everyone at this time not only calmed down the anger, but also praised George Han well, and Xiao Chunhua's beautiful face finally showed a smile again.

At this time, seeing George Han turning around and walking towards her, Xiao Chunhua smiled subconsciously, but then suddenly thought of something, her brows became extremely tight...

Chapter 3183

"Han...Young Master Han, although..." Xiaochunhua hurriedly asked.

George Han nodded, he naturally knew what Xiaochunhua was going to say.

“What they said is not wrong. The reason why Gui Zun can be so scary in Devil Cloud Ghost City is because he is very cruel and cruel.”

“It is a blessing to be able to not be killed by him, but he... ..” Even though George Han meant that he understood that Xiaochunhua shouldn't be too wordy, but at this time she had to speak for George Han's safety.

“In fact, I don't need you to say this. I understand it.” George Han nodded, “Even if it is not an enemy, it will never become a friend.”

“Since you know this, then you promise him to go? I am worried that this is a Hongmen Banquet.” Xiaochunhua said worriedly.

The person Gui Zun is cruel, if he is ambushing and designing, the consequences will not be considered.

“Even if it's a Hongmen Banquet, so what?” George Han didn't take it lightly.

Since this is the Devil Cloud Ghost City, it also means that this is his territory.

Since it is his site, does it actually matter whether it is a banquet or not? In other words, if this toast is not eaten, he still has fine wine waiting for him.

If you have to drink a glass of wine all the time, a fool knows what to choose.

. “Even death, doing Bon appetit devil also at least stronger than Sigui thing,” Han three thousand smiled, then patted the shoulder of small flowers: “This is thanks to help you stand out, thanks.”

Words After falling, George Han got up and walked towards Xiaochunhua's back room.

Xiaochunhua was obviously taken aback when she heard George Han's words, thank you?

She doesn't know how long it has been since she heard the word.

After the reflection, she smiled slightly, then glanced at everyone present, and said: "You all go back soon. lest he doesn't hold you accountable for your negligence, and you will be punished by the people above for sabotage. "

After such a reminder, a group of people nodded in a hurry. Some people followed their promise and dragged the body of Guhai away like a dead pig. Some people stood in place, heading in the direction of George Han and Xiaochunhua. Take a deep bow.

"I won't disturb the distinguished guests. I wish the distinguished guests and the distinguished guests a good rest."

They gathered in unison, quite shocked, not to mention that Xiaochunhua was taken aback on the spot, she had already walked ahead and was about to reach the door. George Han, who heard such shocking shouts and content, almost fell to the door with his head.

As soon as they entered the room, the pangolins and others were obviously similar to Xiaochunhua. When asked why George Han had to agree, George Han was unwilling to answer, but someone answered for George Han.

The old man smiled: "It is a blessing, not a curse, and a misfortune cannot be avoided. In other people's turf, it is best to have a priority."

"What's more, Han Gongzi needs a certain period of rest, three hours, for Han Gongzi. , It just happens to be a space for adequate preparation, so I can't ask for it."

George Han nodded, the old man's words were indeed what he thought in his heart.

Almost at this time, Xiao Chunhua, who had sent everyone away, also walked in. After closing the door, she finally couldn't help but let out a long sigh.

The matter of talents just turned around, but fortunately, there are surprises and no dangers.

"Yo, Mrs. VIP is back." This bitch pangolin, who almost sees a woman, loves to joke nonsense.

George Han glared at him deadly. Which pot was not opened and which pot was lifted? He didn't think he had enough trouble?

Then, he glanced at everyone present, coughed dryly without saying much, and forcibly reversed the topic. Of course, this was actually a question he had been thinking about.

"There is something, I want to ask."

"Actually, I also have something to ask." George Han almost spoke, and the old man also hurriedly said.

At the same time, Pangolin and Xia Wei also spoke at the same time: "We want to ask too."

Xiaochunhua glanced at the four of them and said, "You want to ask... which stove?"
