

His True Colors Novel Chapter 3190 - 3191

Chapter 3, 190

When the pair of jade backs were directly exposed in front of George Han, he must admit that he was dumbfounded at the time.

How could he imagine that Xiaochunhua would suddenly do such a thing?

George Han's face turned red, and when he was about to turn his head away, he was stunned when he saw that between her neck and left shoulder, there was a string of red numbers that was particularly eye-catching.

"Eight Seven Nine One Four."

George Han read the series of numbers gently.

"This is my code." Xiaochunhua said, putting on her torn clothes again, regardless of the gaps in the back.

"Code?" George Han said.

"Yes, everyone has a code after they are born, and this code will take effect completely after they reach adulthood." Xiaochunhua smiled bitterly.

George Han frowned, "You mean that there are trumpets here almost every day, and the people who are drawn are food, right?"

Xiao Chunhua nodded.

"It's a beast." Xia Wei said angrily.

"If you haven't been selected? Are you responsible for the work?" George Han said.

"This is men's business." Xiaochunhua said.

“What about the women?” Xia Wei asked strangely.

In fact, it is really strange. Although there are indeed many people in the underground of the East District, most of them are men. Although there are women and children, they are indeed very few.

“Women naturally need to be busy.” Xiaochunhua said bitterly.

“Any woman here is basically a tool from birth to death.”

“Beauty and ugliness are just a tool for fertility. If you look good, there will be an extra plaything. There is no resistance, anyway, the ultimate goal is to get pregnant, have children, year after year. If you can have a baby, your number is less likely to be shaken, and vice versa.”
When

George Han gritted his teeth when hearing the words of Xiaochunhua, Xia Wei was also full of anger.

How can human beings do it like this?

This is clearly no different from an animal.

“Those who are shaken to the number will be killed. After bleeding, they will be put into bags, and then scattered along the iron chain in each area, and then cooked through the large furnaces in each area before being sent to the upper level.”

“As for us, we will eat it.” The remaining or discarded internal organs.”
At this point, Xiaochunhua lowered her head deeply in addition to her bitterness.

For her, she is a monster that sucks and drinks blood. Naturally, she is inferior to George Han and Xia Wei.

“Your seven other elder sisters and two younger sisters are just because they were shaken to the number... so...” George Han didn't say any more.

“Yes, including my parents.” Speaking of this, Xiaochunhua gave a wry smile: “Or, mother and many fathers.”

“Many fathers?”

“As long as the women here can get pregnant, who cares? Who is the child’s father?” Xiaochunhua smiled bitterly.

George Han and Xia Wei were silent for a while. Obviously, Xiaochunhua’s experience was infuriated between people and gods.

“Then have you ever thought of escaping here? You are both their slaves and their food. Even pigs have not been treated like this.” Xia Wei said distressedly.

Xiaochunhua smiled bitterly: “Of course I thought about it.”

“That...”

Xia Wei wanted to say something, but at this time she was stopped by George Han. Of course she thought about fleeing here.

Otherwise, she would not show up outside the city gate with those dog people, let alone be said by the bear people like that.

Obviously, she not only thought, but also did it.

For such a thin and weak woman, to face the rough guys of the bear people, I am afraid it is a nightmare for anyone.

Therefore, George Han didn’t want Xia Wei’s questioning to make her recall those painful past events.

He raised his hand and patted Xiaochunhua’s shoulder gently: “No matter what I did before, I promise you that you will never suffer these sins again in the future. I will take you out of here.”

“Yes, Brother George Han promised you. Yes, it can be done.”

“Thank you.” Xiao Chunhua nodded.

George Han smiled lightly with a comforting look. Just as he was about to say something, the energy mask suddenly trembled crazily.

The three of them looked at each other nervously...

Chapter 3191

Not much to say, Xia Wei hurriedly removed the energy shield, and immediately challenged.

After all, knowing the identities of George Han and others, those who dare to move their energy are obviously not small.

But just when George Han was about to do it, the brows of the three people wrinkled tightly.

“Are you sick?” George Han glared at the pangolin.

Obviously, this is the culprit.

“Damn, you’ve been tossing inside for so long, I can’t stand the wait outside, what’s the matter with a rush? Can’t it?” The pangolin naturally wanted to know what was going on, so after waiting for a while, this stuff Hand is cheap.

However, before George Han could speak, the thief eyes of the pangolin had already searched the three of them from beginning to end. When he noticed the tears in Xiaochunhua’s eyes, he even more brazenly on her. Sweep frantically.

Xiaochunhua just got numb on the scalp she was looking at, she turned a little sideways, she didn’t want to stare at him.

However, even with Xiaochunhua’s side, the torn clothes on her back instantly caused the pangolins to fight against the Buddha.

“Damn, I said, why are you still too short after such a long time, you guys are so special for a long time...” The pangolin pointed to Han Sanqianyi as he discovered the new world.

Immediately afterwards, he smiled: “Young man, yes, play a dragon in this kind of stuff...”

“Shut up.” George Han stared at him speechlessly. They are all good friends. It’s okay for him to make fun of himself. , But it’s definitely not possible to drive someone else’s.

This is not only disrespect for them, but also disrespect for Amelia Su.

Seeing the look in George Han's eyes, he was obviously really angry, and the pangolin chirped his mouth, knowing he was boring, and shut his mouth.

George Han glanced at everyone around him, but the busy figures looked so pitiful under the truth.

With a long sigh, George Han glanced at the big stove next to him, silently mourning for how many corpses were boiling in the blood in the stove. After a moment of silence in his heart, George Han raised his eyes and looked at the four people: "Go back. Right."

"It's almost the same when I go back to take a rest, and I have to go to a banquet later." The

four nodded, and followed George Han's pace, walking all the way back on the way.

If we just set off, how curious the few people are, then when we come back now, how dull the few people are, and the pangolins are also dull. However, he is not because he knows the tragedies in the world, but because George Han is really angry. Scolded and dull.

After returning to the house and closing the door, Xia Wei helped George Han sit down on the temporary simple "bed", and then hesitated for a long time, grew courageous, blushed, and used her Qianqianyu hand to replace Han. Three thousand pinched his shoulders.

"You must not refuse." Seeing George Han stretch out her hand to stop herself, Xia Wei felt very disappointed, but she still wanted to fight hard and scolded George Han with a smile: "Either I have any thoughts about you, or just rubbed it for you. , After all, we have to rely on you to take us out."

"Don't get me wrong."

Hearing Xia Wei's words, George Han nodded and didn't refuse.

"By the way, Brother George Han, since we already know about the situation here, what about the banquet for a while?" Seeing that George Han stopped stopping, Xia Wei was just happy in her heart, but after thinking of the banquet, she became worried again.

George Han did not speak, closed his eyes and rested.

He doesn't know the future, so naturally he doesn't want to think about it. The time has come, and naturally everything will come. Thinking so much now is nothing but groundless worries and a waste of time.

Seeing that George Han closed his eyes and fell asleep, Xia Wei didn't want an answer anymore, silently closed her voice and turned her intensity down.

Others also do their own things, take a short break, and think about it.

Time to fight around.

When it is rare for a few people to enjoy the tranquility, at this moment, a few breeze sounded outside the house.

Although the voice was very small, all the people present opened their eyes almost at the same time.

"Brother George Han, it seems that you have arrived." Xia Wei whispered softly.

George Han nodded, got up and walked quickly to the front of the room, then he opened the door directly, and as expected, a bench was already standing there...
